(b) Notice of the hearing for revocation of a permit shall be given in writing, setting forth specifically the grounds of complaint and the time and place of hearing. Such notice shall be mailed by registered or certified mail return receipt requested, postage prepaid, to the permit holder at his last known address at least five (5) days prior to the date set for hearing.

Sec. 24-47. Appeal.

Any person aggrieved by the action of the Lansing City Council in denying a permit as provided in section 24-33 of this ordinance, shall have the right of appeal to the Council of the City of Lansing. Such appeal shall be taken by filing with the Council, within fourteen (14) days after notice of the action complained of has been mailed to such person's last known address, a written statement setting forth fully the grounds for the appeal. The Council shall set a time and place for a hearing on such appeal and notice of such hearing shall be given to the appellant in the same manner as provided in section 24-46 of this ordinance for notice of hearing on revocation. The decision and order of the Council on such appeal shall be final and conclusive.

Sec. 24-48. Notice to Chief of Police of Revocation of Permit.

The Chief of Police shall be notified forthwith by the City Clerk of the revocation of any permit issued under this ordinance.

Sec. 24-49. Religious Solicitation—Registration and Certified Credentials Required for Solicitors.

No person shall solicit contributions for any religious purpose within the City of Lansing without a permit from the City Clerk. Application for a permit may be made to the City Clerk upon forms provided by the City of Lansing. Such application shall be sworn to, or affirmed, and shall contain the following information, or in lieu thereof, a statement of the reason or reasons why such information cannot be furnished: (1) The name and address of the person applying for the permit.

(2) If the individual is not an individual, the names and addresses of the applicant's principal officers and managers and a copy of the resolution, if any, authorizing such solicitation, certified to as a correct and true copy of the original by the officer in charge of applicant's records.

(3) The purpose for which such solicitation is to be made, the total amount of the funds proposed to be raised thereby, and the disposition to be made of any receipts therefrom.

(4) A specific statement, supported by reasons and figures, showing the need for the contributions to be solicited.

(5) The names and addresses of the person or persons by whom the receipts of such solicitation shall be disbursed.

(6) The name and addresses of the person or persons who will be in direct charge of conducting the solicitation and the names of all promoters connected or to be connected with the proposed solicitation.

(7) An outline of the method or methods to be used in conducting the solicitation.

(8) The time when such solicitation shall be made, giving the probable dates for the beginning and the ending of such solicitation.

(9) The estimated cost of the solicitation.

(10) The amount of any wages, fees, commissions, expenses or emoluments to be expended or paid to any person in connection with such solicitation, and the names and addresses of all such persons.

(11) A financial statement for the last preceding fiscal year of any funds collected for charitable purposes by the applicant showing the amount of money so raised together with the cost of raising it, and final distribution thereof.

(12) A full statement of the character and extent of the religious work being done by the applicant within the City of Lansing.

(13) A statement to the effect that if the permit is granted, it will not be used or represented in any way as an endorsement by the City of Lansing or by any department or officer thereof, of such solicitation.

(14) Such other information as may be

reasonably required by the City Clerk in order for him to determine the kind and character of the proposed solicitation.

If, while any application is pending, or during the term of any permit granted thereon, there is any change in facts, policy or method that would alter the information given in the application, the applicant shall notify the City Clerk in writing thereof within twenty-four (24) hours after such change.

Permits shall bear the name and address of the person by whom the solicitation is to be made, the number of the permit, the date issued, and a statement that the permit does not constitute an endorsement by the City of Lansing, or by any of its departments or officers, of the purpose or of the person conducting the solicitation. All persons to whom permits have been issued shall furnish credentials to their agents and solicitors and such credentials shall conform to the requirements specified for credentials in section 24-37 of this ordinance, and a copy of such credentials shall be filed with the City Clerk at the time of filing the application for a certificate. No person shall solicit for any religious cause without having such credentials in his possession, and such person, shall upon demand, present these credentials to any person solicited or to any police officer of the City of Lansing; Provided, however, that the provisions of this section shall not apply to any established person organized and operated exclusively for religious purposes and not operated for the pecuniary profit of any person if the solicitations by such established person are conducted among the members thereof by other members or officers thereof, voluntarily without remuneration for making such solicitation, or if the solicitations are in the form of collections or contributions at the regular assemblies or services of any such established person.

Sec. 24-50. Investigation and Issuance

Upon receipt of an application for a permit to conduct a solicitation for a religious purpose as defined in this article, the Lansing City Council shall either approve or disapprove said application after the conducting of an investigation and report to the Lansing City Council as provided for in section 24-33. In the course of such investigation, the Chief of Police shall consider those factors set forth in section 24-33 in recommending approval or disapproval to the Lansing City Clerk for forwarding to the Lansing City Council. In the event that the application is disapproved by the Lansing City Council, notice of such action shall be sent to the applicant, along with the reasons therefor, in conformance with section 24-33 (e).

Sec. 24-51. Fee for Religious Solicitation Permit.

No fee shall be charged for the issuance of a permit for solicitations for religious purposes.

Sec. 24-52. Right of Appeal to Lansing City Council.

Any person aggrieved by the action of the Lansing City Council in denying a permit to solicit for religious purposes under the provisions of this article shall have a right to appeal to the Lansing City Council under the same procedure as set forth in section 24-42.

Sec. 24-53. Revocation of Religious Solicitations Permit.

Permits issued for religious solicitations may be revoked by the Lansing City Council for the reasons set forth and after proper hearing in accordance with section 24-46.

Sec. 24-54. Waiver of Requirements in Extraordinary Emergency.

The City Council may waive the requirements of this article in whole or in part when he determines that such waiver is necessary in order that the charitable (or religious) association applying therefor may meet an extraordinary emergency or great public calamity requiring immediate aid.

Sec. 24-55. Penalty.

Any person violating any of the provisions of this article or filing, or causing to be filed, an application for a permit or certificate under this ordinance containing false or fraudulent misstatements, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in an amount not exceeding \$500.00 or imprisoned for a period not exceeding 90 days, or both.

Sec. 24-56. Severability.

It is the intention of the City Council of the City of Lansing that each separate provision of this ordinance shall be deemed independent of all other provisions herein, and it is further the intention of the City Council that if any provision of this ordinance is declared invalid, all other provisions thereof shall remain valid and enforceable.

ORDINANCE NO. 329 (Traffic Code)

By Councilman Belen—

Resolved by the City Council of the City of Lansing, that the Ordinance providing that the Code of Ordinances, City of Lansing, Michigan, be amended by adding a new section to be numbered 31-77.3 of Chapter 31 of code (Parking in Fire Lanes—Violation, Impounding), be placed on order of immediate passage.

Carried.

By Councilman Belen—

Resolved by the City Council of the City of Lansing, that the Ordinance providing, that the Code of Ordinances, City of Lansing, Michigan, be amended by adding a new section to be numbered 31-77.3 to Chap-

ter 31 of code (Parking in Fire Lanes—Violation, Impounding), be now passed.

Adopted by the following vote:

Unanimously.

ORDINANCE NO. 329

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY ADDING A NEW SECTION TO BE NUMBERED 31-77.3 TO CHAPTER 31 OF SAID CODE.

The City of Lansing Ordains:

Section 1. That the Code of Ordinances of the City of Lansing, Michigan, be amended by adding a new section to be numbered 31-77.3 to read as follows:

Sec. 31-77.3. **Parking in Fire Lanes—Violation, Impounding.**

It shall be unlawful for any person to stop, stand or park a vehicle, whether occupied or not, in an area designated as a fire lane, whether upon public or private property, except when necessary to avoid conflict with other traffic or in compliance with the law or the directions of a police officer or traffic control device.

Members of the Police Department are hereby authorized to remove or cause to be removed any vehicle, trailer or other object to a garage or other place designated or maintained by the Police Department or otherwise maintained by the city when such vehicle is illegally left unattended in any fire lane in violation of this section; provided, that such fire lane must be indicated by signs so placed as to be clearly discernable to any reasonable person in the fire lane, as set forth in Chapter 14, Sec. 14-313. Such vehicle may be held by the police or the garage designated by the Police Department until the towing and storage charges have been paid in full.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

By Councilman Brenke and McKane—

Resolved by the City Council of the City of Lansing:

That the rule prescribed in Sec. 5.5 (g) of the Charter, relative to considering business not on the agenda, be waived.

Carried.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, rapidly increasing needs for Outdoor Recreation facilities are developing in the Lansing area; and

Whereas, it is desirable to develop addi-

tional park areas for more intensive recreation use; and

Whereas, further acquisition of parcels within the area known as the Red Cedar Basin project does not seem feasible at this time; and

Whereas, matching federal funds for development in the Red Cedar Basin Project area are available for this purpose;

Now, Therefore, Be It Resolved, that the City of Lansing request the Department of Housing and Urban Development that MICH-OSA-69 be further amended so that \$100,000 be reallocated for development—this to be \$50,000 federal funds and \$50,000 City of Lansing funds; the City of Lansing's share to be transferred from the emergency funds; and

Be It Further Resolved that the Director of Parks and Recreation be directed to prepare the amended application and that the Mayor and City Clerk are hereby authorized and directed to sign the amended contract when approved by the Office of Housing and Urban Development.

Adopted by the following vote:

Unanimously.

By Committee on Public Safety—

Resolved by the City Council of the City of Lansing:

That the firm of Hartwick and Associates be retained as architects for Phase II of the Fire Department Training Academy, and further

That the Mayor and City Clerk be directed to execute the necessary agreement on behalf of the City of Lansing.

Adopted by the following vote:

Unanimously.

Re: Xerox Reproducing Costs
Assessor's Office

Gentlemen:

During both the mayor and the council budget hearings cost of copying appraisal record information for the public was discussed. Suggested increases from the current 20 cents per copy ranged to as much as \$1 per copy.

Checks of numerous other governmental agencies providing copies of documents and records shows a range of from 50 cents per page to \$2.00 per page.

Because our appraisal records are frequently revised pencil is used to record data. This does not lend itself to the best copy. Also the field record sheets are larger than the copy pages and in some instances some of the copy has to be omitted. Newer record sheets do correspond in size with the Xerox paper however. Therefore the copy charge has been considered realistic at 20 cents.

Actual costs for April and May 1973 are 37¢ per copy and show that copies sold are not offsetting rental and materials costs for all copy produced for the public, our department and other city departments. No estimate is made nor included as to clerical cost in locating the proper field record and running it.

It is requested that you consider increasing copy cost to 40 cents per page.

Sincerely,

GERALD E. ERNST,
City Assessor.

Referred to Committee on Finance.

Re: Roll-back of 1973 Rates

Gentlemen:

The Parks and Recreation Department has been advised by the Mayor and the City Attorney's office that the I.R.S. ruled that the increase in fees in the month of June does not comply with the Presidential price freeze. I understand that the I.R.S. will be confirming this ruling in writing in the near future. Accordingly, on June 27, 1973, I directed the staff to restore pool admissions to the 1972 level of 25¢ for children and 50¢ for adults during the hours when an admission fee is charged at our pools. The pools are free to children every morning and on Mondays and Fridays, until 6:00 P.M.

Following requests of the Mayor and the City Attorney, we prepared a study on the number of fees inadvertently charged during the seven days the pools were open. (Two of these were free days.) We determined that the excess amount thus collected was \$260.05. Since individual refunds are

impractical due to the method of collecting fees, I have recommended and the President of the Park Board has concurred, that we have two free days on July 3 and July 4. I anticipate that attendance, based on averages at Moores and Hunter pools, will be sufficient to cover the amount of money represented by the over-charge.

The only other activity affected by this fee increase ruling is the Oz Hartley Junior Baseball League. In this case, the \$8.00 extra charge will be refunded to each of the five teams involved.

I have asked the City Attorney to check these proposed actions with the I.R.S. to see if this is satisfactory with their office.

Sincerely,

THEODORE J. HASKELL,
Director,
Parks and Recreation.

Gentlemen:

I attach copy of the Michigan Civil Rights Commission Notice of Disposition, Complaint Number 10916 alleging unequal discipline by the City of Lansing.

I am pleased to report that the Commission, after lengthy investigation, has informed the City of Lansing that the complaint against the City has now been dropped.

Respectfully,

D. J. BODWIN,
Personnel Director.

The Honorable Mayor and

Members of the City Council

City Hall

Gentlemen:

In letters from Dan E. Hankins, General Counsel for Fraternal Order of Police, Capitol Lodge No. 141, we were advised that the deputy chiefs and assistant chief of the Lansing Police filed Petition for Election to be represented as a unit for collective bargaining; also that the clerks of the Lansing Police Department filed Petition for Election to be represented in a separate unit for collective bargaining.

The State of Michigan Employment Relations Commission, Labor Relations Division scheduled a public hearing of these two requests for June 25, 1973 with Joseph B. Bixler, Administrative Law Judge presiding.

The public hearing took place as scheduled. It was concluded when the Fraternal Order of Police, through counsel Dan E. Hankins, formally withdrew both requests for Petition of Election.

Respectfully,

D. J. BODWIN,
Personnel Director.

Subject: B-73-951 Multi-Channel Logging Recorder System

Gentlemen:

Two bids for the purchase of one (1) new multi-channel logging recorder system for the Police Department were opened at 3:00 P.M., EDT on Tuesday, June 26, 1973.

Stancil-Hoffman Corporation\$13,644.74

Dictaphone Corporation\$14,492.24

We recommend acceptance of the second low bid submitted by the Dictaphone Corp. for a total installed price of \$14,492.24. We do not recommend the purchase of the system offered by Stancil-Hoffman Corporation for the following reasons:

1. Cost of maintenance after the first year is \$600.00; Dictaphone is \$392.50. The initial difference in the bid is \$347.50, which will be made up in four years by the difference in the maintenance contract. The useful life of the unit is ten years.
2. Unit would be serviced from Hollywood, California; Dictaphone has local service. Since this is emergency equipment, time is of the essence.

This is filed in accordance with the City of Lansing Code, Purchasing Ordinance

Section 2-32, Paragraph 5, Sub-section A. through B-9.

Respectfully submitted,

VAUGHAN L. McKINCH,
Purchasing Agent,

THOMAS W. O'TOOLE,
Chief of Police.

The Honorable Mayor Gerald W. Graves
and The Lansing City Council

Lansing City Hall

Lansing, MI 48933

Dear Sir:

Please approve the enclosed two year lease between Lancen Homes Incorporated (the lessor) and the City of Lansing, acting by and through the Lansing Housing Commission for a rental of \$149.00 per month or a total of \$3,576.00 for a lease

period of two years. The aforementioned lease would be a new lease.

The Lansing Housing Commission, by resolution, has approved the renting of 609 West Howe Street from Lancen Homes Incorporated under the Leasing Program, Michigan 58-1, which allows the Housing Commission to lease older units that have been brought into compliance with the local safety codes.

Your consideration of this matter would be greatly appreciated.

Most cordially yours,

MARCEL B. ELLIOTT,
Executive Director,
Lansing Housing Commission.

Referred to Committee of the Whole.

City of Lansing

Lansing, Michigan 48933

Gentlemen:

Enclosed is a copy of the letter sent to the Lansing School District from the Lansing Human Relations Committee.

Recognizing the tremendous effort involved in coordinating financial responsibilities, shared with other agencies by the City Council; the Human Relations Committee is, again, notifying the Lansing School Board of the additional expenses, for services, requested of the Human Relations Committee.

We hope that this information will provide you with background facts to substantiate any future action with the Lansing School Board.

Sincerely,

THE HUMAN RELATIONS

Gentlemen:

The Michigan Place Committee at its June 21, 1973 meeting unanimously approved the following resolutions:

1. That the Michigan Place Committee go on record as being in favor of the continuation of the Committee office and its liaison services for a period to be determined by the City Council.
2. That the economic study of the proposed convention/community arts center be completed as soon as possible within the funds budgeted under the existing contract.
3. That City Council defer action on further architectural services for the Michigan Place project until the economic study reports are in.
4. That the Committee begin work on a promotional campaign, based on satisfactory economic study findings, to educate the voters on the need for a new convention/community arts center.

Respectfully yours,

June 27, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

This Board has recently learned that two parcels of waterfront property are presently for sale.

Parcel No. 1: (\$95,000) The Lansing Ice and Fuel property located north of Oak-

land Avenue, east of the Grand River, west of the Penn Central railroad tracks, and abutting the Board of Water and Light property at the North Lansing dam.

On April 26, 1973, this Board sent a letter to Mr. Alan Tubbs, the chairman of the City Market Study Committee, recommending that this parcel be purchased for the site of the new market.

To our knowledge, no action has yet been taken regarding that recommendation.

Parcel No. 2: (\$75,000) The Carrier-Stephens Property located north of Saginaw Street, east of the Grand River, west of the Penn Central railroad tracks, and abutting the Silver Lead and Paint Company property on the north.

Regarding the Silver Lead and Paint Company property, this Board as well as the Planning Board were instrumental in preserving approximately eighty (80) feet of that property immediately adjacent to the river, for future waterfront development and pedestrian circulation.

Since both of these parcels are on the waterfront, this Board recommends that the City purchase them. Some of the reasons are as follows:

1. To promote the Board's policy of "opening" the waterfront to the citizens of Lansing.
2. To Promote a continuous pedestrian circulation system along the entire waterfront which is part of the Bicycle Route Master Plan proposed by the Planning and Parks Departments.
3. To have maximum control of the waterfront environment. (this includes visual impact from the river)
4. To continue the link of waterfront open space that is forming between the proposed open space in Urban Renewal Project No. 2, the preserved land of Silver Lead and Paint Company, the land around the north Lansing dam, and the proposed development of the Bible College property.
5. The existing coal silos on the Lansing Ice and Fuel property are waterfront landmarks. These can be preserved and possibly utilized as waterfront features.

Again, the Board recommends the purchase of the above mentioned parcels, as it will certainly promote the City's waterfront development efforts.

Respectfully submitted,

RAMONA BRETZ,
Chairman,
Waterfront Development
Board.

The Honorable Mayor and

Members of City Council

Gentlemen:

Subject: Carrier-Stephens Company, Offer to Sell to the City River Frontage located at Saginaw and Center Streets

Attached herewith is a letter that I received from the Carrier-Stephens Company offering to sell to the City some 400 feet of river frontage adjacent to the intersection of Saginaw and Center Streets.

The Carrier-Stephens Company submitted this letter to me, feeling that I could assist them in this matter as we have previously negotiated and acquired their property located within the boundaries of Urban Renewal Project No. 2. However, the river frontage that they are now offering to the City is outside of the Project No. 2 boundaries and, therefore, cannot be purchased with Urban Renewal Project No. 2 funds.

I trust that you will seriously consider the acquisition of this property; and, I am offering my assistance in any manner you feel appropriate.

Respectfully submitted,

RICHARD L. ZIMMERMAN,
Redevelopment Director.

June 28, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board at their meeting of June 26, 1973, recommended to you that the following action be taken in accordance with a Council resolution of August 28, 1972, which stipulates that the Planning Department coordinate inner city renewal activities. It is the recommendation of the Board that Lansing City Council consider and initiate a rezoning petition for the 6-block area bounded by Kalamazoo, Pine, St. Joseph, and Butler Streets. The Planning Board believes that the development concept for this area as envisioned by B.I.L.D. Corporation (A Model Cities non-profit housing agency) is in keeping with the general policy for residential renewal as recommended in the various Lansing Community Renewal Program studies.

Since October of 1972, B.I.L.D. Corporation has been formulating a development plan for this inner city 6-block area. It has been determined by the staff of the Planning Department, that the proposed development, known as Capitol Commons, must go through the normal channels of the

zoning and platting procedures. Because B.I.L.D. Corporation does not presently control all of the property within the 6-blocks under consideration, the City Council could, under authority of Section 36-15 of the Zoning Ordinance, initiate a rezoning petition for that above described area.

The Community Unit Plan zone would seem to be the best applicable district in this case, since the project will require that a specific site plan be adhered to throughout the development process. The Planning staff is currently working out an integrated zoning and platting procedure, so that the legal requirements of the development process can be efficiently and effectively met.

This recommendation is made to you by unanimous vote of the Planning Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

June 28, 1973

Honorable Mayor and

Members of City Council

City Hall

Lansing, Michigan

Gentlemen:

The Planning Board, at their meeting on June 26, 1973, took under consideration the sewer extension policy adopted by Council on April 30, 1973 and made the following recommendations:

RECOMMENDATIONS:

1. That the Lansing Planning Board in cooperation with the affected units of government jointly develop and concurrently adopt a land use plan for the proposed sewer service area.
 - a. That the plan be registered with the respective county clerks, and Tri-County Regional Planning Commission, where applicable.
2. That areas proposed to be serviced, be zoned in conformance with the Land Use Plan.
3. That all land proposed to be served including commercial, industrial and condominium type development be platted.
 - a. Subdivision and development standards must be at least equal to the City of Lansing subdivision regulations.
4. That all amendments to the Land Use Plan, the zoning and the platting, once

adopted, be subject to Lansing Planning Board's recommendations and Council concurrence.

5. Applications for sewer extension filed with Council shall be referred to Public Service Board, Planning Board, the City Attorney and City Assessor who shall examine the application for compliance and jointly report their findings and recommendations to Council.
6. Concurrent with the development of this limited sewer service plan, it is recommended that City Council take the necessary steps to begin development of a regional growth policy to encompass the tri-county region.

The Planning Board is concerned about the increasing number of laws, rules and regulations that act to strangle city growth and deteriorate its sources of revenues. These recommendations were developed with the express purpose of guiding growth and development in accordance with good principles of resource management.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

P-1-73 Final Plat

June 28, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their June 26, 1973, meeting, recommended to city Council, that the final plat of Bancroft Hills No. 3 Subdivision be approved subject to the following conditions:

1. That either an abstract of title accompanied by an attorney's opinion as to the marketability of the land or a certificate of title insurance be submitted to the City Clerk prior to the signing of the plat and the affixing of the municipal seal.
2. That financial security be posted in the amount specified by the Public Service Department prior to the signing of the plat and the affixing of the municipal seal.
3. Final clearance from the Board of Water and Light.

The final plat as submitted is in substantial conformance with the approved preliminary plat and condition upon which approval was granted, and is in accord with the Michigan State Plat Act, and the Lansing Subdivision Ordinance.

The proposed plat consists of (40) lots with an average size being 10,800 square feet. The total area of this property is approximately 13 acres. The intended use of these lots is for single family residential with a net density of 3 units per acre.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committee on Planning.

R.O.W.-7-73

June 28, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their June 26, 1973 meeting, recommended to City Council that the request by Lansing City Council to accept the private street known as Lawler Court for a public street be approved.

There are several houses that do not have access to any other street but Lawler Court. These property owners must depend on an easement to gain access to their houses. There have been problems with this in the past, relating to public access. There is also problems relating to clear land title when individuals attempt to sell their property, without frontage on a public street. A problem also exists for emergency vehicles, because cars can park on Lawler Court and block their entry. The City can also have the street completely improved.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committees on Planning and Public Service and Highways.

R.O.W. 5-73

June 28, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their June 26, 1973 meeting, recommended to City Council that the request by Lansing Community College to vacate Lapeer Street between the East line of Capitol Avenue and the West line of Washington Avenue and between the East line of Washington Avenue and

the West line of Grand Avenue; and Genesee Street between the East line of Capitol Avenue and the West line of Washington Avenue; and to close North Washington Avenue between the South line of Saginaw Street and the North line of Shiawassee Street be approved.

These street vacations and closings have been planned for some time as part of Lansing Community College's campus expansion. The central city development plan states:

"The proposed expansion north along Washington Avenue is related to the CBD and provides a desirable transition to adjacent residential development. River front improvement, with its park development eliminates existing development and flood problems and links the site to accessory land areas across the river."

The Plan also notes that 50% of the traffic entering the CBD comes from the Southwest quadrant of the City, and is destined either for the State government complex or the business district. This traffic does not pass through the campus area so the closing of Washington Avenue will have little effect. This is accentuated by the fact that the section of Washington ends at the Washington Square Mall.

Since these vacations and closings have been properly planned for they should be granted. It should be noted however, that before any buildings can be erected on the vacated property, Lansing Community College will have to pay for the relocation of the existing utilities on that property.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committees on Planning and Public Service and Highways.

June 27, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board at their meeting on June 26, 1973 approved the following resolution and recommends the concurrence of the Mayor and City Council in this matter.

Whereas, inter-city rail passenger service to Lansing was terminated on April 30, 1971 by Amtrack; and

Whereas, rail passenger service is essential to the development of a balanced transportation system and presents an excellent method of conserving energy and,

Whereas, an excellent railroad bed is maintained on the new projected routes and

would pass through Lansing with minimal obstruction of vehicular traffic; and

Whereas, the Governor has expressed concern about the energy crisis and has proposed a shuttle service between Lansing and Detroit for State employees and others in order to conserve energy, and

Whereas, the Michigan Department of State Highway has identified a substantial demand for commuter service between Lansing and Detroit and substantial MSU student demand exists for commuter service between MSU to Detroit and Chicago on the weekends, and

Whereas, the present inter-city rail passenger service route between Detroit and Chicago is under critical evaluation—perhaps abandonment; and

Whereas, the Governor has created a State level committee to study Michigan's rail system and develop a State rail system policy;

Now Therefore Be It Resolved That The Lansing Planning Board recommends that the Lansing City Council and the Mayor resolve to support the reintroduction of inter-city rail passenger service for Lansing and that the resolution be transmitted to appropriate Federal and State agencies.

This resolution was approved unanimously.

Respectfully submitted,

ALAN E. TUBBS,
Secretary,
Planning Board.

Referred to Committee of the Whole.

June 28, 1973

Honorable Mayor and
Members of City Council
9th Floor, City Hall
Lansing, Michigan
Gentlemen:

At their meeting on June 26, 1973, the Planning Board considered two riverfront parcels that have recently been placed on the "open" real estate market.

One parcel, the Lansing Ice and Fuel property directly north of Oakland Avenue and immediately east of the Grand River, was recommended for purchase as a potential City Market site by the Planning Board at its May 15, 1973, meeting. It is the Planning Board's understanding that the City Market Study Committee has not yet decided upon that recommendation. The parcel recommended for purchase, at this time, is the parcel lying west of the railroad and contains one half of the Market Site. (The price is \$95,000.) In addition to retaining the property as a potential site

for a market, there is a sixty-six (66) inch main interceptor sewer running the entire north-south length of this parcel. According to the easement agreement for this sewer, the City could be obligated to pay for the relocation of the sewer if the parcel was sold to a private concern and a structure was built over the easement or said construction included a basement. Relocation costs would be approximately sixty (60) dollars per running foot, depending upon the new location. The site also has the potential of being used for treatment of storm water in the future as a part of the City's Pollution Control Program.

The other parcel is the Carrier-Stephens property located directly north of Saginaw Avenue and immediately east of the Grand River. (The purchase price is \$75,000.00.)

City ownership of these parcels, since they are within the central city area, would certainly promote the Central City Development Plan of 1966, adopted by this Board and City Council.

In addition, the City's ongoing desire to develop the waterfront would certainly be promoted through the ownership, and therefore, control of these parcels.

The Planning Board unanimously recommends that the City of Lansing purchase the above described parcels.

Enclosed are the Assessor's description of said parcels.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning and Committee on Buildings and Properties.

June 28, 1973

Honorable Mayor and Members

of City Council

9th Floor, City Hall

Lansing, Michigan

Gentlemen:

The Planning Board at their meeting of June 26, 1973, approved and recommended to City Council the enclosed proposal for the establishment of a Human Resources Division in the Planning Department.

Federal funding for implementation of the Human Resources Integration Project (1115) is not available due to a combination of a freeze on Federal funds, conflicting directions between the regional and national offices of HEW and their interpretation of Section IVA of the Social Security Act which our Project has been funded under between April 1, to June 30, 1973.

In order to retain some of our capability to promote service integration and maintain our leadership role in the region, we are requesting an additional \$38,000.00 in funds to supplement the positions already in our budget for the purpose of establishing a human resources division.

This proposal was approved by a unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee of the Whole.

LS-6-73

June 28, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their June 26, 1973 meeting, recommended to City Council that the request by Roy Markey to split a parcel of land on Sidney Street approximately 300-feet north of Jolly Road into two 52 ft x 300 ft. parcels (15,600 square feet) be denied as filed and further that the lot be split as follows:

Parcel A—the west 140 ft. of the south $\frac{1}{2}$ of Lot 89, Eco Farms Subdivision, City of Lansing, Ingham County, Michigan.

Parcel B—The north $\frac{1}{2}$ and the east 160 ft. of the south $\frac{1}{2}$ of Lot 89, Eco Farms Subdivision, City of Lansing, Ingham County, Michigan.

This is contrary to Section 37-23 A and D of the Subdivision Regulations Ordinance

which specify that the minimum width of a lot shall be 60 ft., and the general width to depth ratio of a lot shall be 1 to 2.5.

The proposed lot split is similar to many other lot splits in the area. The proposed use is for single family residential. Although the width of the lot is 8 ft. smaller than the minimum required by the Subdivision Regulations, the lots are of sufficient depth to create an adequate living environment.

Because the lots are 300 ft. deep, there is a possibility that another street could be placed along the rear lot line and another tier of lots could be created off of the lot in question. If this were to occur, it would be much better to deal with a minimum number of people when the property is assembled. For this reason, it would be better to leave the back $\frac{1}{2}$ of the lot in one ownership.

The lot is in Study Area 33 of the CRP Neighborhood Analysis Study and is in Treatment Unit 33b. Treatment 33b is a redevelopment area.

The proposed lot split will provide some new development in the area, and could quite conceivably encourage some redevelopment in the area.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committee on Planning.

Z-30-73

June 28, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their June 26, 1973, meeting, recommended to City Council that the petition by Chrysler Realty Corporation to rezone a parcel of land located on the southeast corner of Miller Road and South Pennsylvania Avenue from "J" parking district to "T" commercial district be approved.

The site in question is presently zoned "J" parking district and is part of a larger site that is presently zoned "T" commercial district. The proposed use for the site is a Chrysler-Plymouth dealership.

The petitioner can presently locate the dealership where he wants to on the site and park the cars in the area now up for rezoning. The Building Department has made the interpretation that, showing cars to prospective buyers in this area would be considered selling, and selling of merchandise is illegal in the "J" parking zone.

The site is shown as "ES" Expressway Service District on the proposed zoning map. The Master Plan shows the area as low density residential district.

Zoning and land use development in this vicinity is commercial in nature and no longer is representative of the initial master plan.

The proposed rezoning will have no adverse impact on the surrounding property.

There was no one present at the June 26, 1973, public hearing in opposition to the request.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committee on Planning.

Z-31-73

June 28, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their June 26, 1973 meeting, recommended to City Council that the request by Benjamin Surmace to rezone a parcel of land located in the 1100 block of Alsdorf Street from "B-1" Family Residential district to "C" Two Family Residential district be denied.

The site in question is shown as "R-1C" One Family Residential district on the proposed zoning map. The master plan shows the site as medium density residential (4-10 D.U.'s/acre).

The site in question is on the south side of Alsdorf just west on South Logan Street, which lies in Study Area 21 of the CRP Community Description and Neighborhood Analysis. It is part of a larger residential neighborhood, containing 660-acres, south of the city core. Although predominantly residential, the neighborhood has scatterings of small business and commercial establishments along South Logan.

The widening and re-construction of Logan Street is proposed in the very near future. This widening will include the taking of properties off the west side of existing Logan Street and will leave 2-properties between Logan and this site under consideration.

The site is located in treatment unit 21A of Study Area 21, which is a rehabilitation area. This petitioner proposes to construct a duplex on the site. The site is in a rehabilitation area, and new construction in the area could promote more reconstruction and rehabilitation in the area. On the other

hand, the rezoning of the property in question could encourage further rezoning changes in the area which could change the character of the area in terms of unit type, i.e., single family to multi-family.

There are no substantial reasons why the site cannot be developed with a single family home. In keeping with the character of the area.

There was one person present at the June 26, 1973, public hearing that felt the 1100 and 1200 blocks of Alsdorf should be zoned "C-2" Family Residential district. The person also stated that there have been several illegal conversions to Two Family Residential in the area.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committee on Planning.

June 28, 1973

Honorable Mayor and Members

of City Council

9th Floor, City Hall

Lansing, Michigan

Gentlemen:

The Planning Board, at their June 26, 1973 meeting, recommended to City Council that the zoning petition initiated by City Council to rezone three blocks in Urban Renewal No. 2 from "E" Apartment Shop District, "H" Light Industrial District, and "G" Business District to "G" Business District and "A" Residential District be approved. This recommended change of zoning includes the block bounded by Saginaw Street, Grand Avenue, Lapeer Street, and Washington Avenue to be zoned "G" Business District.

Also, the north $\frac{1}{2}$ of block bounded by Lapeer Street, Grand Avenue, Shiawasee and N. Washington Avenue to be zoned "G" Business District. This recommendation also includes zoning the block bounded by Saginaw Street, the Grand River, Shiawasee Street, N. Grand Avenue to "A-1" Family Residential District for a public park.

The proposed zoning ordinance shows the site as "O-1" Professional Office District. The "O-1" Professional Office District in the proposed ordinance would allow the expansion of Lansing Community College.

The proposed use, for the expansion of the Lansing Community College and a public park along the river is in conformance with the Urban Renewal Plan which was

approved by the Planning Board. This change of zoning will allow the expansion of the Community College with the necessary flexibility for on site planning.

The proposed rezoning is also in conformance with the Central City Plan.

There was no one present at the June 26, 1973 public hearing in opposition to the request.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached please find the most recent communication received by my office from Mr. John E. Kane, Acting Director of the Department of Housing and Urban Development. Mr. Kane's letter is informing the

City of Lansing that the Model Cities Fourth Year Action Plan has been approved by the Department of Housing and Urban Development with the funding level at the original, tentatively approved amount of \$1,416,000. Also enclosed were instruction sheets and other documents that set forth the procedure for the execution of the revised grant budget.

The four conditions upon which this approval was predicated require that: "The City must resolve in a timely manner all unclear findings related to the recent HUD audit of the Model City program; Second, The City must submit a final amendment to the Second Planned/Variation Third Action Year Plan which reflects the amount and usage of funds carried over into the Fourth Action Year"; Third, submit assurance compliance with Section 210 of the Uniform Relocation Assistance In Real Property Acquisition Policies Act of 1970; Lastly, a revision and rewriting of the CDA Ordinance must be completed because the present one is too vague.

I would hasten to point out that some of these requirements were specifically outlined earlier in my CERC comments on the Fourth Year Action Plan transmitted to you on May 29. Further, I have frequently stated my objections to the fact that the CDA Ordinance was too vague and poorly written, as well as, out of line with other City Departments. It is my hope that the City Council will study this problem and attempt to clarify the responsibility and status of Model Cities under the CDA Ordinance. The logical vehicle for such an undertaking would be the Council Task Force that was set up to study the relationship between the Model City program and the various departments of the City.

I hope that the Council will address these problems in a forthright manner and seek an expeditious solution to them.

Respectfully submitted,

GERALD W. GRAVES,
Mayor.

Honorable Mayor and Members

of the Lansing City Council

Lansing, Michigan

Gentlemen:

I have received a copy of a communication sent to the Mayor from Mr. Phil Doyle in behalf of John E. Kane (Acting Area Director) of the Department of Housing and Urban Development notifying Lansing of the approval of the Fourth Year Plan.

Approval was subject to some conditions:

- 1) Resolving the audit. This we are continuing to do cooperatively with the City Controller.
- 2) Amendments to the Third Year Plan reflecting the use of carry over funds. The City Controller and I are preparing a budget status report to be presented to the City Council for establishing a resolution which in turn will be forwarded to HUD.
- 3) Assurances of Compliance with Section 210 of the Uniform Relocation Act. This condition must be resolved with the Redevelopment & Relocation Directors.
- 4) Revision of the Model Cities Ordinance on the general powers and duties of the Policy Board. The CDA Director will assist the City Attorney in developing this ordinance revision.

I am also providing for the official record to be filed with the City Clerk, a complete copy of the audit response with the attachments.

The Mayor has received the complete copy as did the City Council Secretary. The Council has received the narrative without the attachments. The copy provided to the Council Secretary has now been filed with the City Clerk.

Sincerely,

JACQUELINE WARR,
CDA Director.

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

Resolution approving and providing for the execution of a proposed amendment No. 1 to the Neighborhood Development Program Funding Agreement numbered Contract No. Mich. A-6 (LG) and a proposed amendment No. 1 to the Neighborhood Development Program Master Agreement between the City of Lansing, Michigan and the United States of America, pertaining to a certain Neighborhood Development Program designated Program No. Mich. A-6, Second Annual Increment and establishing a Neighborhood Development Program Expenditures Account with respect to said program, and for other purposes.

Whereas, Under Title I of the Housing Act of 1949, as amended, the United States of America (herein called the "Government") has tendered to the City of Lansing, Michigan (herein called the "Local Public Agency") a proposed Amendment No. 1 to the Neighborhood Development Program Funding Agreement, and a Neighborhood Development Program Master Agreement under which the Government agrees to make a Temporary Loan, a Definitive Loan, and a Capital Grant to the Local Public Agency to aid in financing a Neighborhood Development Program, designated Program No. Mich. A-6, Second Annual Increment, in the urban renewal area described therein; and

Whereas, the Local Public Agency has given due consideration to said proposed Agreements; and

Whereas, the Local Public Agency is duly authorized, under and pursuant to the Constitution and laws of the State of Michigan, to undertake and carry out said Program and to execute such proposed Agreements; and

Whereas, under said proposed Agreements it is required, among other things, that, with respect to said Program, the Local Public Agency shall promptly set up, and maintain in a bank or banks which are members of the Federal Deposit Insurance Corporation, a separate and special account designated "Neighborhood Development Program Expenditures Account; Program No. Mich. A-6," into which shall be deposited certain funds described in said proposed Agreements:

Be It Resolved By The City Council Of The City Of Lansing, As Follows:

Section 1. The proposed amendment No. 1 to the Neighborhood Development Program Funding Agreement, designated contract No. Mich. A-6 (LG), Second Annual Increment, and the proposed amendment No. 1 to the Neighborhood Development Program Master Agreement, under and subject to the provisions, terms and conditions of which the Government will make a Temporary Loan, a Definitive Loan, and a Capital Grant under Title I of the Housing Act of 1949, as amended, to the Local Public Agency to aid in financing the Program designated Program No. Mich. A-6, Second Annual Increment, situated in the City of Lansing, Michigan, is hereby in all respects approved.

Section 2. The Mayor is hereby authorized and directed to execute each of said proposed Agreements in two counterparts on behalf of the Local Public Agency, and the City Clerk is hereby authorized and directed to impress and attest the official seal of the Local Public Agency on each such counterpart and to forward such counterparts to the Department of Housing and Urban Development, together with such other documents relative to the approval and execution thereof as may be required by the Government.

Section 3. The Local Public Agency agrees to abide by all of the provisions, terms and conditions of said Agreements.

Section 4. With respect to this Program of the Local Public Agency, designated Program No. Mich. A-6 Second Annual Increment, there is hereby established a separate and special fund, designated "Neighborhood Development Program Expenditures Account; Program No. Mich. A-6," which shall be maintained in a bank or banks which are members of the Federal Deposit Insurance Corporation. All funds which, by the terms of the Agreements, are required to be deposited in said Account shall be promptly deposited therein.

Section 5. This Resolution shall take effect immediately.

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

**RESOLUTION AUTHORIZING THE
ISSUANCE OF PROJECT LOAN NOTES
IN CONNECTION WITH URBAN
RENEWAL PROJECT NO. 2, MICH. A-6
SECOND ANNUAL INCREMENT,
AS AMENDED**

Whereas, the City of Lansing, Michigan (herein called the "Local Public Agency") is duly authorized and proposes to undertake and carry out a certain urban renewal or redevelopment project (designated Project No. Mich. A-6) of the character authorized by law with financial aid by the United States of America (herein called the "Government") in the form of a Project Temporary Loan under Title I of the Housing Act of 1949, as amended (42 U.S.C. 1450 et seq.), which may be made by the Government to the Local Public Agency with respect to said Project in accordance with a certain Loan and Grant Contract (herein called the "Contract"), by and between the Local Public Agency and the Government; and

Whereas, in order to enable the Local Public Agency to obtain such financial aid, it is necessary for the Local Public Agency to authorize and, from time to time, issue certain obligations in the form of Project Loan Notes, as hereinafter provided:

Now, Therefore, Be It Resolved by the Local Public Agency as follows:

Section 1. Whenever the following terms, or any of them, are used in this Resolution the same, unless the context shall indicate another or different meaning or intent, shall be construed, are used, and are intended to have meanings as follows:

- (1) The term "Resolution" shall mean this Resolution.
- (2) All other terms used in this Resolution and which are defined in the Contract shall have the respective meanings ascribed thereto in the Contract.

Section 2. The Contracts entered into between the Local Public Agency and the Government for the above identified Project is hereby declared to be a part of this Resolution and all applicable provisions thereof shall be deemed incorporated herein to the same extent as if the provisions thereof were expressly set forth in full herein.

Section 3. In order to evidence payments made by the Government on account of the Project Temporary Loan pursuant to the Contract with respect to the Project and to refund, renew, extend or substitute for any Note by this Resolution authorized to be issued (or any such Note by any other resolution authorized to be issued and which is outstanding, or on deposit for delivery pending payment therefor, as of the date of this Resolution becomes effective), there are hereby authorized to be issued, from time to time, Project Loan Notes of the Local Public Agency in an aggregate principal amount outstanding at any one time (whether authorized by this Resolution or any other resolution authorizing the issuance of Project Loan Notes) not in excess of the amount of the Project Temporary Loan available under the Contract.

Section 4. The Redevelopment Director is hereby authorized to file with the Government from time to time as funds are required, requisitions, together with the necessary supporting documents, requesting payments to be made on account of the Project Temporary Loan available under the Contract, and the proper officers of the Local Public Agency shall prepare, execute and deliver to the Government, Notes hereinafter authorized and shall accept payment therefor from the Government in the form of cash or other Notes issued by the Local Public Agency, and such officers are authorized to do and perform all other things and acts required to be done or performed in order to obtain such payments. Cash proceeds from the issuance of all Project Loan Notes shall be deposited and disbursed only in accordance with the provisions of the Contract.

Section 5. Each Project Loan Note shall bear interest and be payable in the form and manner prescribed by the Contract and this Resolution; shall be signed in the name of the Local Public Agency by the Mayor; and shall have the official seal of the Local Public Agency impressed thereon

and attested by the City Clerk; and shall otherwise be in substantially the form of HUD-9107 which is incorporated herein by reference.

Section 6. This Resolution shall supersede all previous resolutions authorizing Project Temporary Loan Notes, and the Project Loan Notes authorized by this Resolution shall be exchanged for any Project Temporary Loan Notes heretofore issued pursuant to any previous resolution.

Section 7. This Resolution shall take effect immediately.

Adopted by the following vote:

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, Bicentennial Community designation for the City of Lansing is anticipated as the result of the city's plans for the Michigan Place waterfront development project; and

Whereas, the City Council desires to strengthen these plans and implement the Michigan Place project; and

Whereas, the Michigan project entails economic and architectural/engineering consulting services; and

Whereas, these services are essential to planning and implementing the development in a logical manner; and

Whereas, it is also the desire of the City Council that the Bicentennial observance in the state capital include both a physical development project and other community-originated activities and programs; and

Whereas, broad community participation and liaison with federal, state and local officials and agencies is desirable and essential to achieve these objectives;

Now, Therefore, Be It Resolved that:

The Michigan Place Committee authorization to continue operations is extended to December 31, 1973, and the Committee directed to carry out the following activities:

- a. Develop and implement a public service promotional campaign.
- b. Restructure its organization to include broader community representation.
- c. Expedite completion of the convention/community arts center economic study.
- d. Solicit funds and grants from public and private sources.
- e. Encourage state involvement in the Michigan Place project.

- f. Encourage individuals and organizations to develop programs and activities for the Bicentennial Year celebration and commemoration.

And Be It Further Resolved that \$20,000 shall be allocated to the Michigan Place Committee account to continue operation of the American Revolution Bicentennial program and that all city departments are authorized and directed to provide assistance to this project.

By Councilman May—

That the resolution be amended by deleting "anticipated" in paragraph one and add the following wording "is presently designated as a Bicentennial City" as the result . . .

Carried.

The resolution as amended was adopted by the following vote:

Yeas: Councilmen Anas, Belen, Brenke, Ferguson, Gunther, May, McKane—7.

Nays: Councilman Moore—1.

Whereas, pursuant to Chapter 34A of the City of Lansing Code of Ordinances entitled Waterfront Development, the Waterfront Development Board recommended approval of this request, and

Whereas the Planning Committee of City Council to whom the reports of the above named Boards were referred, concurs therein.

Therefore be it resolved that the Council of the City of Lansing ordains that the special use permit and the building permit be granted subject to the concerns of the City Engineer as expressed above.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Resolved by the City Council of the City of Lansing:

LS-6-73—4900 block of Sidney Street

Whereas, a request has been made to divide property located in the 4900 block of Sidney Street (east side) more particularly described as:

Lot 89, Eco Farms Subdivision, City of Lansing, Ingham County, Michigan,

Whereas, the proposed division will create two residential lots which do not conform to the minimum requirements of the Subdivision Ordinance; and

Whereas, the Planning Board has recommended that the result be denied as filed and further that the property be divided as follows:

Parcel A—the west 140 ft. of the south $\frac{1}{2}$ of lot 89, Eco Farms Subdivision, City of Lansing, Ingham County, Michigan.

Parcel B—the north $\frac{1}{2}$ and the east 160 ft. of the south $\frac{1}{2}$ of lot 89, Eco Farms Subdivision, City of Lansing, Ingham County, Michigan.

Whereas, the Planning Committee of the City Council has reviewed the report of the Planning Board, and concurs therewith:

Now, therefore, be it resolved that, in accordance with Section 37-27 of the Subdivision Control Ordinance the above described parcel be divided as follows:

Parcel A—the west 140 ft. of the south $\frac{1}{2}$ of Lot 89, Eco Farms Subdivision, City of Lansing, Ingham County, Michigan.

Parcel B—the north $\frac{1}{2}$ of the east 160 ft. of the south $\frac{1}{2}$ of Lot 89, Eco Farms Subdivision, City of Lansing, Ingham County, Michigan.

Subject to utility easements as may be required by the Board of Water and Light, and Public Service Department.

The applicant, however, stipulates and understands that the lot split as granted by the City of Lansing does not necessarily mean that the applicant may proceed with the division of property. The applicant further understands there may be some private restrictions contained in his deed, or plat restrictions, which may or may not be recorded with the register of deeds, which run with the land. The applicant further understands that the City does not have any power or authority over these restrictions.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Resolved by the City Council of the City of Lansing:

SJ-3-1973

3221 E. Grand River Ave.

more particularly described as:

That part of the East $\frac{1}{4}$ of the Southeast $\frac{1}{4}$ of Section 11, T4N, R2W, City of Lansing, Ingham County, Michigan, commencing at the East $\frac{1}{4}$ corner of said Section 11, thence S01° 24'50"W 2132.5 feet on the East Section line, thence N88°35'10"W 333.0 feet to the point of beginning of the following described parcel; running thence on the Westerly line of the Elias Brothers Restaurant property S01°24' 50"W 71.65 feet and S26°22'55"E 219.90 feet to the Northerly right of way line of Saginaw Street (M-78), thence along said right of way line Westerly 428.80 feet on the arc of a 563.88 feet radius curve to the right whose chord bears N89°50'37"W 418.54 feet to a point of tangency, thence N68°08'30"W 59.14 feet, thence N21°56'30"E 271.88 feet on the Easterly line of Knapps Restaurant property, thence S88°36'10"E 275.94 feet to the point of beginning, containing 2.588 acres more or less, Subject to any easements or rights of way of record.

Whereas pursuant to chapter 36 of the Code of Ordinances of the City of Lansing, Section 36-41(9). The Planning Department has reviewed the request and recommends that a free standing sign be allowed on the site. The location to be at the rear of the entry way off M-78, approximately 20 ft. back from the front property line. (See site plan.)

Whereas the Planning Committee of the City Council to whom was referred the report of the Planning Department, and concurs therewith

Now therefore be it resolved, that the Council of the City of Lansing ordains that, the erection of a free standing sign be permitted on the site. The location to be at the rear of the entryway of M-78 ap-

proximately 20 ft. back from the front property line, (see site plan).

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Whereas, by petition duly filed on the 26th day of December, 1972, this council was petitioned to change the following described property from "A" One Family Residence District to "Community Unit Plan District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 2nd day of July, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-73-72—Southwest corner of Jolly and Waverly Roads,

more particularly described as:

That part of the North 100 acres of the Northeast $\frac{1}{4}$ of Section 1, T3N, R3W, Windsor township, Eaton County, Michigan, beginning on the North line of said Section 1 at a point N89° 38'W 363.0 feet from the Northeast corner of said Section 1, running thence N89°38'W 825.0 feet on the section line, thence S0°22'W 247.5 feet at right angles to said section line, thence N89° 38'W 132.0 feet parallel with said section line, thence N0°22'E 247.5 feet to said section line, thence N89°38'W 1325.69 feet on said section line to the North $\frac{1}{4}$ corner of Section 1, thence S0°13'30"E 1648.56 feet on the $\frac{1}{4}$ line to the South line of said North 100 acres, thence on said South line of the North 100 acres S89°38'E 2023.18 feet parallel with the North line of Section 1, to the Southeasterly line of abandoned New York Central Railroad property, thence, along said Southeasterly line N40°57'E 562.29 feet to a point 247.5 feet West of the East line of Section 1, thence, North 247.19 feet parallel with said East section line, thence, East 214.5 feet to a point on the Southeasterly line of said abandoned railroad property, said point also being 33 feet West of the East line of Section 1, thence N40°57'E 50.35 feet on said southeasterly railroad line to the East line of Section 1, thence, North 27.97 feet on the section line, thence, West 247.5 feet at right angles to said East section line, thence, North 743.26 feet parallel with said East section line to a point 165.0 feet South of the North line of Section 1, thence, N89°38'W 115.5 feet parallel with said North section line, thence, North 165.0 feet to the point of beginning City of Lansing, Ingham County, Michigan,

from "A" one family residential district to "CUP" Community Unit Plan District.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to deny the petition as filed and further that the property be rezoned as follows:

—The garden apartment portion of the plan on file with the Planning Department be approved subject to the following conditions.

1. That the site be platted.
2. That the parking rate be 2 spaces per dwelling unit.
3. That a landscape, screening, fencing, and sidewalk plan be approved by the Planning Board and installed before occupancy permits are issued.
4. That all conditions by the reporting agencies be complied with.

—The townhouse portion of the site plan (on file in the Planning Department) be denied and that this area remain as "A-1" Family Residential.

Whereas, the Planning Committee of City Council, to whom the report of the Planning Board was referred and did concur therein,

Now therefore be it resolved that the Council of the City of Lansing ordains that the petition be denied as filed and that the property be rezoned as follows:

—The garden apartment portion of the plan on file with the Planning Department be approved subject to the following conditions:

1. That the site be platted.
2. That the parking rate be 2 spaces per dwelling unit.

ORDINANCE NO. 330

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY ADDING AN ARTICLE TO CHAPTER 2 TO BE NUMBERED XI AND ADDING SECTION NUMBERS 2-96 TO 2-99, INCLUSIVE, TO SAID CODE.

The City of Lansing Ordains:

Section 1. That the Code of Ordinances of the City of Lansing, Michigan, be amended by adding a new article to be numbered XI to Chapter 2 and by adding sections numbered 2-96 to 2-99, inclusive, to read as follows:

ARTICLE XI SENIOR CITIZENS COORDINATING AND INFORMATION DEPARTMENT

Sec. 2-96. Senior Citizens Coordinating and Information Department, Creation, Director Appointed, Director Responsibilities.

There is hereby established a Senior Citizens Coordinating and Information Department to be headed by a director appointed by the mayor with the consent of the city council. The director shall be the administrative head of the department and shall staff said department according to council directions. He shall further be responsible for carrying out the functions of the department as herein described.

Sec. 2-97. Department; Duties, Powers.

The Senior Citizens Coordinating and Information Department shall coordinate all agencies within city government providing senior citizen services and should encourage the coordinating of activities of private agencies dealing with senior citizen needs and activities within the city. The department shall provide information and direction to senior citizens of services available to them. The department shall investigate and attempt to secure grants of funds from governmental and private sources to aid existing agencies in establishing needed programs for senior citizen's needs. All requests for such funds shall be made through city council.

Sec. 2-98. Advisory Committee, Creation, Membership, Term, Powers, Duties, Rules of Procedure.

There is hereby established an Advisory Committee consisting of eight (8) senior citizens (persons over fifty-five (55) years of age) who shall be residents of the City. Members of this committee shall be appointed by the mayor with the consent of the council.

In the first instance, the mayor shall so arrange the terms of members of the committee so that the terms of two (2) members shall expire in each year for the first four (4) years. After this first instance, all appointments for complete terms shall be for four (4) years. Anyone appointed to fill a vacancy occurring during a term,

shall serve until the completion of that term.

Members of this committee shall vary in age. Members should be appointed from a wide variety of backgrounds. Membership should be divided between those living in private dwellings, private apartments and public housing.

The committee shall investigate problem areas that the director, or the members themselves, feel to be of importance.

The committee shall report its findings to the director for his consideration. Any and all reports, requests, or other communication to the director shall be advisory in nature and in no way shall be binding upon the director.

The committee shall establish its own rules of procedure.

Sec. 2-99. Technical Assistance.

The directors of each of the following departments shall designate one employee from his department to be a resource person that the director and advisory committee of the Senior Citizens Coordinating and Information Department may call upon for information regarding specific problems affecting each such department and senior citizens.

Resolved by the City Council of the City
of Lansing:

Whereas, the Lansing Building Commission determined that the buildings located at 318-318½ Beaver Street was an unsafe or dangerous building as defined in Section 203 of the Uniform Building Code and the housing law of Michigan, and

Whereas, a hearing was held by the Hearing Board on June 1, 1972, at which the Hearing Officers determined that said buildings were unsafe or dangerous buildings and ordered the buildings demolished or otherwise made safe; and

Whereas, said Hearing Officers filed a report of their findings and order with the Lansing City Council, and have requested the City Council to take appropriate action under the Building Code and housing law of Michigan; and

Whereas, the City Council scheduled a hearing to review the findings and order of the Hearing Officers, and the owners were notified in writing of said hearing said hearing held on January 29, 1973, and had an opportunity to appear and show cause why said buildings should not be demolished or otherwise made safe; now, therefore be it

Resolved, that the City Council of the City of Lansing hereby approves the order of the Hearing Officers requiring the demolition or making safe of said buildings; and be it further

Resolved, that the owners are hereby directed to comply with the order of the Hearing Officers to demolish or otherwise make safe the said buildings within fifteen (15) days from the date of this resolution; and be it further

Resolved, that, should the owner fail to substantially comply with the Hearing Officers' order for demolition or otherwise make safe, the Building Commissioner is hereby directed to proceed with demolition of said building; and be it further

Resolved, that the cost of such demolition shall be a lien against the real property and shall be reported to the City Assessor who shall assess the same against the property upon which the building is presently located; and be it further

Resolved, that the owner in whose name the property appears upon the last local tax assessment record shall be notified of the amount of such cost by first class mail at the address shown on the records. Upon his failure to pay the same within thirty (30) days after mailing by the City Assessor of the notice of the amount thereof, the Assessor shall add the same to the next tax roll of the City of Lansing and the same shall be collected in the same manner in all respects as provided by law for the collection of taxes by the City of Lansing.

REPORTS OF CITY OFFICERS AND BOARDS

July 5, 1973

Honorable Mayor and Members

of the Lansing City Council

Lansing, Michigan

Re: McNamara v. City; Eureka Street
Sewer Arbitration Award

Gentlemen:

By order, dated June 19, 1973, the arbitration panel in the above captioned matter awarded McNamara Construction Company \$45,215.00 less any sums already paid on contested claims. The original claim by McNamara Construction Company in this matter totaled in excess of \$132,000.00.

It is my opinion that the award should be honored. A substantial portion of the award consists of work which the city agrees was performed and questions only the amount billed. If the city were to litigate this matter further the amount likely to be saved would not significantly exceed the cost of the effort involved and would expose the city to an unnecessary liability.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney.

Carried.

Re: Alta Brown—Workmen's Compensation Claim

Gentlemen:

On December 27, 1971, Mrs. Alta Brown, while employed as a meter maid for the City of Lansing, was involved in an accident at the corner of Vine and Pennsylvania Avenue. It appears that the liability for the accident rests with Donald Riley who is insured by U S Fidelity and Guaranty Co. The City of Lansing, as of this date, has paid \$780.19 in compensation and medicals to Mrs. Brown. U S Fidelity and Guaranty Co. has agreed to settle Mrs. Brown's outstanding claim against their insured. The City of Lansing is entitled to recover out of that settlement, under the Workmen's Compensation law of this state, \$780.19 less Mrs. Brown's attorney's fees. The attorney fees in this regard could reasonably be expected to reduce our recovery to \$500.00 or less.

It is my considered opinion that the city should waive its rights to the \$780.19 in return for a waiver of Mrs. Brown's rights to future compensation arising from this incident. The scooter vehicle which she was operating at the time of the accident was hit with sufficient force to flip it into the air. The scooter landed on its top with Mrs. Brown still inside. Our potential liability in this situation could far exceed the modest sums already expended.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney.

Honorable Mayor and Members

Re: Elnora Smith v. City of Lansing, et al
Gentlemen:

On September 20, 1971, Theodore P. Ryan, Hearing Referee for the Workmen's Compensation Bureau, awarded the above named claimant compensation in the amount of \$29.87 per week for the period of November 26, 1969 to September 17, 1971 and medical expenses totaling \$397.00. Subsequent to the award by Referee Ryan, this office appealed the decision to the Workmen's Compensation Appeal Board. By order, dated June 29, 1973, the Workmen's Compensation Appeal Board affirmed the ruling of Referee Ryan.

It is my recommendation that the Personnel Department and City Controller be authorized to comply with the terms of Referee Ryan's order. The final demand for settlement, prior to trial in this matter, was in excess of \$8,000. The amount awarded by the Referee is approximately \$2,000.

The probability of reversing the decision of the Workmen's Compensation Appeal Board, by way of an appeal to the Court of Appeals of the State of Michigan is in my opinion very small.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman Moore—

Re: Topps-Toeller, Inc. v. City of Lansing, et al

Please be advised that the Michigan Court of Appeals has reversed the Circuit Court ruling in the above captioned matter, which called for the return of protested taxes to the plaintiff corporation. Originally at least seven cities were involved in litigation contesting personal property tax payments by Topps-Toeller. To my knowledge the City of Lansing is the only jurisdiction which still maintains a viable claim in this regard.

Respectfully submitted,

PETER HOUK,

I intend to do work for the City of Lansing Parks & Recreation, painting three shuffle board courts at Frances Park for \$15.00.

JOHN WATROS.

July 2, 1973

Honorable Mayor Gerald W. Graves

and Members of City Council

City of Lansing

Lansing, Michigan 48933

Gentlemen:

This memorandum is submitted for your consideration to request funding of the

three contract compliance positions now funded by The Emergency Employment Act.

The City of Lansing has initiated an Affirmative Action Plan and designated the Human Relations Director as The Equal Opportunity Officer. It is contained in the Human Relations Ordinance, Section 17B-7, the clause, obligating all contracting agencies of The City or any department to be an equal opportunity employer. The Affirmative Action Plan stipulates the implementation of the City ordinance.

These three positions have proved to be essential in assisting The Human Relations Committee in performing the mandate of Council in implementing The Affirmative Action Plan and that provision of the Human Relations ordinance.

These three positions being: one clerk IB and two Field Assistants IIB. The Field Assistants have served as City liaison at pre-construction conferences of Urban Renewal, Housing and Bild Corporation. They make contact with all contractors, subcontractors, vendors or all contracting agencies of the City of Lansing, to review their equal opportunity policy or affirmative action plan and assist the employer in developing these forms if they fail to have one.

They make site inspection reports to assure the employer of assistance along with referrals should the employer need additional manpower to comply with the Affirmative Action Plan.

The Cost of these present positions including fringe benefits would approximate \$22,442.68 per year.

THE HUMAN RELATIONS COMMITTEE,

Patrick Kelley, Chairman,
Harold K. Cutler, Chairman,
Employment Sub-Committee,
John W. McManus,
William Simpson.

Referred to Committee on Finance and Committee on Personnel.

July 5, 1973

Honorable Mayor and

Members of City Council

City of Lansing

Gentlemen:

At their meeting of July 3, 1973 the Washington Square Mall Advisory Board

approved the request of the American Red Cross for a display on the Mall July 12, 13 and 14.

Details to be worked out with Director of Parks & Recreation.

THEODORE J. HASKELL,
Chairman,
Mall Advisory Board.

Received and placed on file.

July 5, 1973

Honorable Mayor and

Members of City Council

City of Lansing

Gentlemen:

At their meeting on July 3, 1973 the Washington Square Mall Advisory Board approved the request of Dr. William Peterson of Lansing Community College to use a portion of the 200 block of the Mall for a series of outdoor children's theatre this summer.

The performances would be held on five successive weeks beginning weekend of July 14 and concluding weekend of August 11, 1973 (See his letter attached).

The Board recommends that he be given space on the Mall, access to power if it can be worked out that contractor has this work done by them, and the merchants will co-operate as may be feasible in providing advertising and publicity. He will have to make his own arrangements for the additional funding he requests in the letter of June 12.

While this will be a new type of activity for the downtown area the Board felt that we should make the offer to him and see how much response there is to the programs. This is a summer for innovation and creative activity on the Mall. Dr. Peterson's offer looks promising.

Please ask if you have further questions.

Sincerely,

THEODORE J. HASKELL,
Director,
Parks and Recreation.

Referred to Committee on City Affairs.

REPORT OF COMMITTEE

The Committee on CITY AFFAIRS, to whom was referred the Washington Square Mall Advisory Board's recommendation to approve the request of Dr. William Peterson of Lansing Community College to use a portion of the 200 block of the Mall from July 14 through August 11 week-end for a series of outdoor children's theatre, reports as follows:

The Committee concurs in the recommendation of the Washington Square Mall Advisory Board.

Signed:

HAROLD A. MOORE,
JACK D. GUNTHER,
JOHN T. ANAS,
Committee on City Affairs.

By Councilman Moore—

That the report of the Committee be adopted.

REPORTS OF CITY OFFICERS AND BOARDS

City Treasurer submits report on condition of funds for month of June 1973 and the standing of several city funds on the 30th day of June, 1973.

Received and placed on file.

July 9, 1973

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan
Gentlemen:

At the June 25, 1973 council meeting it was revealed that the Park Board for the City of Lansing had increased the fees charged for participating in city sponsored recreation programs and for the use of city recreation facilities. It was noted at that time that the City Council had not been advised of this increase prior to its implementation. The propriety of increasing these rates without Council approval was questioned and an opinion of this office was requested.

It is my opinion that the Park Board may establish a rate schedule and modify it only pursuant to guidelines set by the Lansing City Council. Absent such guidelines, the City Council must approve individual rate increases. My research has failed to reveal any such guidelines.

The only Council direction which my research disclosed was the resolution of Council submitted by the Committee of the Whole on April 15, 1963. That resolution directed the Board to:

"establish the policy of charging additional fees to non-residents of Lansing and recommended for Council approval a schedule of rates, fees, and reservations." Proceedings of the City Council (1963) P. 266.

Pursuant to that direction the Park Board submitted a fee schedule on May 20, 1963. The matter was referred to the Committee of the Whole and no record appears of its being reported out. Proceedings of the City Council (1963) PP. 414-416. Thereafter, from time to time, the Park Board has made adjustments in the rates and so advised the Council. The Council has, on these various occasions, responded by receiving the information and placing it on file; for example Proceedings (1966) P. 3 (1967) P. 583, or referring it to committee (1971) P. 184. On other occasions it appears that the Park Board has not formally notified the Council of rate changes though the same appear in their published minutes and presumably are reflected in their budget estimate. See, for example, City Council Proceedings (1970) P. 85 (1965) P. 554. It thus appears that for a significant period of time there has been no clear direction to the Park Board in the establishment of rates and fees.

Council approval of such rates or specific guidelines is necessary because of the discretion involved in determining whether a fee should be charged, and if so what amount. A determination of this nature is essentially legislative, and not administrative. The Lansing City Council is the sole repository of legislative power in our city government. Charter of City of Lansing Sec. 6.1. The Park Board is the administra-

tive head of the Department of Parks and Recreation. Charter of the City of Lansing Sec. 7.22.

The determination as to whether the legislative body or the administrative head should make a decision is made by the application of the following test set forth in American Jurisprudence 2d §107.

"... the true distinction is between the delegation to make the law, which necessarily involves a discretion as to what it shall be, and the conferring of authority or discretion as to its execution, to be exercised under and pursuant of the law."

The discretion as to whether a rate will be charged, and if so what formula applied to determine the rate must rest with Council.

In an analogous situation the Supreme Court of the State of Michigan ruled that an ordinance of the City of Dearborn, which created a board of trustees of the retirement system and directed it to establish the city's annual contribution to the fund based upon "such mortality service and other tables as shall be deemed necessary for the proper administration of this ordinance" was an improper delegation of authority. The court said:

"It thus passes to the board the power to determine which tables shall be adopted, and, of course, the amount of the city's contribution depends on which tables are selected. If the board of trustees has this power, then the making of appropriations and, indirectly, the power to impose taxes has been partly delegated to an administrative board which is not responsible to or subject to the control of the people of the municipality. This would be contrary to the fundamental law as embodied in the home-rule act. The recommendation of the board of trustees is very valuable and ordinarily it would be followed. However, it is directory and not mandatory. Theisen v. City of Dearborn 320 Mich 446, 451 (1948).

Similarly in the situation at hand, if the Park Board were allowed to set fees without specific direction from Council, or Council's approval of the fee it would work a delegation to an administrative board which is not responsible to or subject to the control of the people of the municipality.

The application of this rule does not preclude the Council from conferring the power upon the Park Board to set rates for recreational programs within certain well-defined limits. Am. Jur. 2d §§110 and 111. For example, Council could direct the Board to establish fees that would generate a revenue sufficient to pay all or a specific part of the salaries of park's department personnel engaged in supervising an activity. Additionally or singularly the Council could direct that the fee cover only equipment replacement costs. There are obviously many standards that Council could establish if it elects to delegate this authority to the Board; the final determination as to which one should be used is properly a matter for

Council's decision after consultation with the Park Board.

Respectfully submitted,

PETER HOUK,
City Attorney.

Referred to Committee of the Whole.

Re: Michael A. Gurecki—tires slashed while parked in parking ramp

Gentlemen:

Your City Attorney, to whom was referred the above claim, has made an investigation thereof and is of the opinion that the city is not liable from a legal point of view. There appears to be no negligence shown on the part of the city.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman May—

That we concur in the recommendation of the City Attorney and said claim be denied.

Re: Lands sale—City interest

Gentlemen:

The Michigan Department of Natural Resources Lands Division is conducting a public land auction Friday, July 20, 1973 in the Jackson County Court House, Commissioners Chambers, Jackson, Michigan at 10 A.M. EDST.

Two parcels formerly owned by Francis Fine (outlot D) and David Developers (outlot A) at the southwest corner of Cavanaugh Road and Lowcroft Street (see map) are listed for sale with \$800 minimum bids.

The city has a substantial interest in these lots in the form of delinquent special assessment that were cancelled when ownership transferred to the State of Michigan:

Outlot A—Roll 219

(Curb and Gutter)\$ 452.50

Outlot D—Roll 160

(Storm and Sanitary)\$2,070.62

Outlot D was part of a plat of record at the time of annexation in 1958. Outlot A is part of a plat recorded after annexation. Because Cavanaugh Road was undeveloped for a considerable period the developer was not required to put in the improvements. The lots are currently unbuildable because of a muck condition.

The Public Use Deed Act provides for acquisition by a local unit for a \$1 fee providing the parcels are not sold. The D.N.R. advises they will contact us in that event.

Sincerely,

GERALD E. ERNST,
City Assessor.

Received and placed on file.

July 11, 1973

Honorable Mayor

and City Council

City Hall

Lansing, MI

Gentlemen:

The one family residence located at 612 S. Fairview, Lansing, MI, was condemned by the Building Division on November 26, 1969, as unfit for human habitation.

The owner, Mr. Lawrence A. Powell, has submitted a written request expressing his desire to have this structure demolished by the City of Lansing, and all cost to be applied to the property tax roll.

Therefore, I am submitting this request for the City Council to authorize the Building Commissioner to demolish this structure and also to authorize the Purchasing Agent to accept quotes for same.

Very truly yours,

STEVEN J. ZELSKI,
Acting Building Commissioner,
City of Lansing.

Referred to Committee on Buildings and Properties.

July 6, 1973

The Honorable Gerald W. Graves

Mayor, City of Lansing

The Honorable City Council

Dear Mayor and Council:

Please be advised that I have, this date, accepted invoice-voucher number 9251 and

State Warrant number FL37450 in the amount of \$62,738.96, as final payment for damages caused by the ice storm of March, 1972 (OEP-330-DR-43).

Be further advised that \$41,341.49, of the foregoing amount of \$62,738.96, is due the Board of Water and Light.

The following is a breakdown of funds received for ice storm damages.

General Fund

1972 advance payment	\$ 75,000.00
Final payment 7-6-73	21,397.47
	<u>\$ 96,397.47</u>

Board of Water and Light

1972 advance payment	\$100,000.00
Final payment 7-6-73	41,341.49
	<u>\$141,341.49</u>

Total funds reimbursed\$237,738.96

All accounts have been audited by the State of Michigan Auditor General's Office and the Executive Office of the President—Office of Emergency Preparedness.

In conclusion, may I take this opportunity to express my gratitude to our city departments, the Board of Water and Light, the Mayor and Council for their patience and assistance during the emergency and subsequent Presidential Disaster Declaration.

Thousands of man hours were expended during the ice storm emergency.

May I express a special note of gratitude to the City of Lansing Finance Department and the Board of Water and Light Finance Department for their devotion to duty, in the preparation of necessary financial reports, making us eligible to recover \$237,738.96 for our city.

Very respectfully submitted,

JAMES A. HOLCOMB,
Executive Director,
Department of Emergency
Operations.

Received and placed on file.

Honorable Mayor and

Members of City Council

Re: Project Proposal for a Common
Emergency Telephone Number (911)

Gentlemen:

It has come to my attention that a project for improvement of emergency services is now before you. I feel that it would be

helpful for you to know that during the 1115 Project, carried on between July, 1972, and March, 1973, one of the priority projects identified was for a common emergency telephone number e.g. 911. This recommendation came from Criminal Justice and Social Services people including members of the Lansing Police, Michigan State Police, Ingham County Sheriff's Department, Eaton County Sheriff's Department, the City of East Lansing, the Lansing Human Relations Department, and the City Demonstration Agency.

As expressed in the final recommendations of the Crime and Delinquency portion of the 1115:

"The advantages of such a project would be the provision of equal services to all region 6 citizens, and at the same time providing better services through management improvements, the common emergency telephone number would insure citizens accelerated response to all emergencies regardless of their location in the Tri-County area."

Let me also add that by pooling emergency resources in the Tri-County area, the cost for such services would probably be reduced over the long run, since there would be one common dispatcher. In addition, such cooperation between governments in this area could help in solving many of our mutual problems. The City of Lansing can therefore be a leading force in providing service to its citizens as well as citizens in the entire area at reduced cost to the taxpayers.

Respectfully,

ALAN E. TUBBS,
Director,
Planning Department.

Referred to Committee on Public Safety.

By Councilman McKane—

Resolved by the City Council of the City of Lansing:

Whereas, the Capital Area Council of Governments (CAPACOG) is attempting to initiate a metropolitan-wide "911 Program"; and

Whereas, several other governmental units in the area have indicated their desire to be included in the planning of such a system; and

Whereas, CAPACOG is interested in knowing Lansing's intent in the matter;

Now, Therefore, Be It Resolved that the Lansing City Council makes known its official interest in the "911 Program" and expresses its willingness to discuss the matter fully at any time in the future with special emphasis on financing.

Adopted by the following vote:

Unanimously.

July 13, 1973

Honorable Mayor and

Council Members

Gentlemen:

The Tri-County Region is in the process of reorganizing the Regional Transportation Study Technical Coordinating Committee, (Technical Committee). This Committee is currently composed of representatives of local government units and other agencies involved in transportation planning and related activities. The Technical Committee is responsible for providing advice and direction on technical procedures and analysis related to on going transportation planning activities. The Technical Committee also serves as a coordinating body for agencies involved in the continuing transportation planning process and is responsible to the Transportation Policy Committee for the Tri-County Region.

At the Federal level, changes are occurring in the manner by which transportation facilities are funded. As a result local governmental units will have increased responsibility for the allocation and utilization of the funds. Federal legislation, rules and regulations require that money from the Federal Highway Administration and the Urban Mass Transportation Administration can only be expended in accordance with plans developed through the established regional transportation planning process. This means that the decisions and recommendations of the Technical Committee have a major impact upon the type of transportation facilities to be constructed in the future, and that the decisions and recommendations of the Technical Committee directly affect the City of Lansing.

Due to the importance of the function of the Tri-County Capital Area Transportation Study Technical Coordinating Committee and the major impact its efforts will have upon the City of Lansing it is recommended that the City Council take the following policy position prior to the July 17, 1973 meeting of the Committee.

1. The currently proposed committee by laws, including committee membership and voting process, are not acceptable to the City of Lansing.
2. In order for the by laws, committee membership and voting process to be acceptable, the following must all be incorporated:
 - a. All local units of government shall have voting representation which proportionally reflects its population base.
 - b. All non-local governmental unit agencies which are members of the committee shall have no more than one vote per agency.
 - c. Formal adoption of a motion or resolution shall require only a majority of those committee members present who are eligible to vote.

3. It is recommended that Tri-County Regional Planning Commission be informed of the decisions the City Council makes on this matter.

These actions, if taken by the City Council, will assure that the City is adequately represented on the committee, has voting power in accordance with its population and will substantially increase local government control over transportation planning and implementation.

Sincerely,

ALAN E. TUBBS,
Planning Director.

By Councilman McKane and Belen—

That we concur in the recommendation of the Planning Director and his views be the further views of the City Council.

Carried.

Councilman Ferguson returned to session.

Subject: B-73-958 Squirt Apparatus

Gentlemen:

Three bids for the purchase of one (1) squirt articulating water tower to be installed on a 1969 Seagrave fire truck were opened at 3:00 P.M., E.D.T. on Tuesday, July 10, 1973.

Joyce Fire Equipment & Mfg. Co.	\$23,800.00
Peter F. Payette Company	\$24,000.00
Youngs Equipment Co., Inc.	\$24,000.00

We recommend acceptance of the low bid submitted by the Joyce Fire Equipment and Manufacturing Company for a total delivered price of \$23,800.00.

Respectfully submitted,

VAUGHAN L. McKINCH,
Purchasing Agent,

CARL W. BARRATT,
Fire Chief.

Subject: Q-73-963 SWEEPERS

Gentlemen:

Four bids for the purchase of two (2) sweepers, one for use on the mall and the other for use in the parking ramps, were opened at 3:00 P.M., EDST on Thursday, July 5, 1973.

Don F. Nickel Equipment Co.	\$7,600.00
Van's Industrial Equipment	\$8,200.00
Tennant Company	\$8,900.00
Michigan Products	\$9,206.00

We recommend acceptance of the second low bid submitted by the Van's Industrial Equipment Company for Wayne sweepers for a total delivered price of \$8,200.00. We do not feel the low bidder's units would be acceptable for our requirements for the following reasons:

1. The dust filtering system has to be kept dry to function properly, our areas of use are subject to moisture. The Wayne system can be washed down.
2. The unit is less maneuverable than the Wayne and this is critical, especially in the mall.

3. We already have three Wayne units in operation and this would be contrary to our desire to standardize.

This is filed in accordance with the City of Lansing Code, Purchasing Ordinance Section 2-32, Paragraph 5, Sub-Section A. through B-9.

Respectfully submitted,

VAUGHAN L. McKINCH,
Purchasing Agent,

THEODORE J. HASKELL,

City Council Members:

I am pleased to inform you that H.U.D. audit response has been received by us from the H.U.D. regional office. I have enclosed a copy of the U. S. Department of Housing and Urban Development Report on Audit—Model Cities. As you will notice, there are a number of actions that the City must take concerning Model Cities. I hope that this document will be helpful to you.

Sincerely yours,

JACQUELINE WARR,
Executive Director,
Lansing Model Cities.

Referred to Committee of the Whole.

Washington Sq. Mall Advisory Board

424 City Hall

Lansing, MI 48933

Members of the City Council

Honorable Mayor Gerald Graves

City Hall

Lansing, MI 48933

Gentlemen:

At their meeting of July 10, 1973, the Washington Square Mall Advisory Board discussed the problem of political advertising on the Mall. It had been reported that some political advertising had been placed on a structure on the Mall. Discussion with the City Clerk and City Attorney confirmed the Board's feelings that posting of such political advertising on the Mall without permission is not permitted (City Code 3-2 & others).

I have been directed by the Board to inform you of their awareness of the problem and their concern.

Sincerely,

THEODORE J. HASKELL,
Chairman,
Washington Sq. Mall
Advisory Board.

Referred to Committee of the Whole.

Honorable Mayor and
Members of City Council

Re: N. F. Architect

Gentlemen:

At their meeting on July 11, 1973, the Park Board recommended the selection of the architectural firm of Mayotte, Crouse, and DeHaene to prepare design, plans, and specifications for construction of the Neighborhood Facilities Building at Kingsley Place Project. Inasmuch as Mayotte, Crouse and DeHaene have been approved by the City Council for design of the Recreation Center Building in the same complex, and inasmuch as the two buildings are so closely related, the Park Board recommends that the same firm handle both structures.

"By Mr. Powers—

That the architectural firm of Mayotte, Crouse, and DeHaene be selected to recommend to City Council for the construction of the Neighborhood Facilities Building at the Kingsley Place Project.

Carried."

Sincerely,

THEODORE J. HASKELL,
Director,
Parks and Recreation.

Referred to Committee on Parks and Recreation.

July 12, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

During the past months the Parks Department has been working with Laitala, Freeman, Smith and Fowler, Architects, Inc., on a design of the building at Gier Park. Reports from the architects indicate

that rising costs make it impossible to construct the building as originally conceived for the available funds in the budget. (See attached information sheet.)

The Park Board was informed of this situation at their meeting of July 11, 1973, and after discussing the alternatives, took the following action:

"By Mr. McFall—

That the Park Board reaffirm its original decision to offer a proper facility for the Gier Park development, which is Proposal "A."

Carried."

To proceed on this basis will require assurance of an additional appropriation of funds to complete the building as planned. I am requesting your prompt consideration of this matter so that the architects may continue to plan the building according to your wishes. Please call if you have questions.

Sincerely,

THEODORE J. HASKELL,
Director,
Parks and Recreation.

Honorable Mayor Pro-Tem and Members of
the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

At the June 12, 1973, meeting of the Citizens District Council of Urban Renewal District No. 1, the following resignations were accepted from two members:

Mr. Gordon Pritchard, formerly a partner in Lansing Material Handling Company. His term would have expired on September 22, 1974

Major Oliver S. Poling, Salvation Army Director, who has been transferred to Flint, Michigan. His membership term would have expired on September 22, 1974.

In accordance with the City of Lansing Code, Section 36075, I am nominating the following two replacements to fill their vacancies for the terms expiring September 22, 1974. These individuals are:

Donald W. Neal
Branch Manager
McDonald Dairy Company
500 N. Cedar Street
Businessman in District Area

Reinhart Hasselbring
President
Hasselbring Company
809 Center Street
Businessman in District Area.

Respectfully submitted,

GERALD W. GRAVES,
Mayor.

By Councilman Belen—

That we concur in the recommendation of the Mayor and said resignations be accepted and appointments be confirmed..

Carried.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

Attached please find a recent letter received by my office from Mr. Richard J. Ferris, Assistant Circulation Manager for the State Journal, containing his request that the present newsstand "racks" be replaced with new City Modular Units. These units would allow a consolidation of four different papers into the same newsstand, thereby eliminating the need for individual dispensing machines for each newspaper. The locations are tentatively discussed in his letter and I am submitting it to you for your consideration.

The Council may also want to give consideration to the idea of adopting an ordinance that would regulate the placement of newsstand machines and trash receptacles which have proliferated through the downtown area. For instance, I am advised that the original Council resolution allowing trash bins on the downtown streets stipulated that six be placed there. At the present time, there are over 25 of these units.

Respectfully submitted,

GERALD W. GRAVES,
Mayor.

Referred to Committee on Ordinance and Contracts.

Dear Mr. Mayor Pro-Tem and
Council Members:

Attached please find a letter received by my office from Mr. Stephen V. Moulton, Counselor At Law, representing Mr. DeLaCruz, Sr., of the Famous Taco Restaurant concerning his request for a one year tavern license. I believe that his letter is self-explanatory and he is seeking an expeditious decision on this matter from the City Council. Your attention to this matter would be greatly appreciated.

Respectfully,

GERALD W. GRAVES,

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

Tenth Floor

City Hall

Lansing, Michigan 48933

Dear Mr. Mayor Pro-Tem and
Council Members:

Please be advised that the Greater Lansing Area Chamber of Commerce has volunteered to sponsor a public subscription drive to purchase the oldest known, privately owned 1901, Serial No. 20, Curved Dash Oldsmobile for subsequent donation to the City of Lansing.

In addition to the obligation free gift of this historically significant car to the City, they will also provide the necessary funds to purchase a glass case to protect the unit for display in the lobby of City Hall or the Civic Center.

It is the feeling of the Chamber Board of Directors that the subscription drive would be most successful if the City could lend its assistance by passing a resolution establishing a Trust Fund Account to receive individual contributions.

To this end, I am recommending and requesting the following:

- a) That the Lansing City Council adopt the attached resolution authorizing the City Treasurer to establish a "Historic Car Trust Fund Account" and;
- b) Grant permission for this car to be displayed either in the lobby of City Hall or the Civic Center.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

That the City Clerk be directed to have said Easement recorded with the Registrar of Deeds upon the approval as to form by the City Attorney.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Whereas, the City of Lansing by and through the Lansing Housing Commission has been allocated funds to subsidize the leasing of existing housing units which

have been brought into compliance with local safety codes, and

Whereas, a unit of housing located at 609 West Howe Street has complied with all of the local safety codes and requirements of the Department of Housing and Urban Development, and

Whereas, Lancen Homes Incorporated has submitted the above mentioned unit as the lessor, and

Whereas, the above mentioned unit is needed to take care of low-income families presently on the application lists of the Lansing Housing Commission,

Therefore Let It Be Resolved that the attached lease between Lancen Homes Incorporated and the City of Lansing by and through the Lansing Housing Commission for the property located at 609 West Howe Street hereby be approved and accepted, and that the President or Vice-President and Director of the Lansing Housing Commission are authorized to execute said lease on behalf of the Lansing Housing Commission.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, The City of Lansing has the opportunity to acquire the oldest known Curved Dash Oldsmobile (1901, Serial No. 20), and;

Whereas, Said car is of great historical significance and would be an asset to the City of Lansing and its citizens, and;

Whereas, the Lansing Chamber of Commerce is willing to sponsor a popular subscription drive with the desire that contributions be made directly to the City of Lansing and be specifically earmarked for the above purpose.

Now, Therefore, Be It Resolved that the City Council endorse the above plan and agrees to purchase and display said historic car in a suitable place when sufficient donations have been received, and;

Be It Further Resolved that a special account fund number be established with the City Treasurer to be known as the "Historic car trust fund account" to receive such contributions.

Adopted by the following vote:

Unanimously.

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has received a Redevelopment Proposal for Parcels 1 and 2 of Urban Renewal Project No. 2, Mich. A-6, from Lansing Community College, and

Whereas, a Contract for Sale of Land for Redevelopment by a Public Body by and between the City of Lansing and Lansing Community College has been prepared and said agreement is determined to be satisfactory, and

Whereas, disposal of the land is on a basis of negotiation without competition, which has been determined to be the appropriate method of making land available for this redevelopment, and

Whereas, it has been determined that Lansing Community College possesses the qualifications and financial resources necessary to acquire and develop the land in accordance with the Development Plan for Urban Renewal Project No. 2, Mich A-6, and

Whereas, the sale price of the land is not less than the fair market value for uses in accordance with the Urban Renewal Plan, and

Whereas, the Redevelopment Proposal submitted by Lansing Community College and the proposed Contract for Sale of Land for Redevelopment, by a Public Body, by and between the City of Lansing and Lansing Community College were placed on file for public examination for a period of thirty (30) days prior to the Public Hearing held by the City Council of the City of Lansing on July 9, 1973.

Now, Therefore, Be It Resolved by the City Council of the City of Lansing that the Mayor and City Clerk are hereby authorized and directed to execute the Contract for Sale of Land for Redevelopment, by a Public Body, by and between the City of Lansing and Lansing Community College.

Adopted by the following vote:

By Councilman McKane—

Resolved by the City Council of the City of Lansing:

Resolution authorizing the filing of an application with the Department of Transportation, United States of America, for a grant under the Urban Mass Transportation Act of 1964, as Amended.

Whereas, the Secretary of Transportation is authorized to make grants for mass transportation projects;

Whereas, the contract for financial assistance will impose certain obligations upon the applicant, including the provision by it of the local share of project costs; and

Whereas, it is required by the U.S. Department of Transportation in accord with the provisions of Title VI of the Civil Rights Act of 1964 that in connection with the filing of an application for assistance under the Urban Mass Transportation Act of 1964, as Amended, the applicant give an assurance that it will comply with Title VI of the Civil Rights Act of 1964 and the U.S. Department of Transportation requirements thereunder:

Now, Therefore, Be It Resolved by the Lansing City Council

1. That the Mayor is authorized to execute and file an application on behalf of the City of Lansing, Michigan with the U.S. Department of Transportation, to aid in the financing of capital equipment for improving the provision of service, maintenance capabilities, and facilities of this Lansing public transportation system.
2. That the Mayor is authorized to execute and file with such application an assurance or any other document required by the U.S. Department of Transportation effectuating the purposes of Title VI of the Civil Rights Act of 1964.
3. That Mr. Raymond C. Guernsey, Program Coordinator, is authorized to furnish such additional information as the U.S. Department of Transportation may require in connection with the application or the project.

CERTIFICATE

The undersigned duly qualified and acting City Clerk of the City of Lansing, Michigan certifies that the foregoing is a true and correct copy of a resolution, adopted at a legally convened meeting of the Lansing City Council held on _____, 1973.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the parcel owned by the City of Lansing described as:

"That part of lots 21, 22 & 23 commencing at the southwest corner of lot 21, thence east 128 feet to the southeast corner of lot 23, north on the east line lot 23, 35 feet, northwesterly to a point on the west line of lot 23, 65 feet north of the southwest corner, northwesterly to a point on the west line lot 22, 84 feet north of the south-

west corner, northwesterly to a point on the west line of lot 21, 96 feet north of the southwest corner, south 96 feet to the beginning; Shields Subdivision, City of Lansing, Ingham County, Michigan." (Southwest corner of Regent and Main Streets), has been found to be excess property and of no further use to the City.

The city assessor has appraised the property and states the market value is \$1500.

The purchasing director is therefore authorized to advertise the parcel for sale with a minimum bid of \$1500.

Councilman Moore left the session.

By Committee on Buildings and Properties and Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, as the Council on Sept. 5, 1972 applied for Open Space funds from the Department of Housing and Urban Development with the local 50% match to be provided by City Demonstration Agency funds; and

Whereas, the Department of Housing and Urban Development has approved said grant and all terms and agreements have been signed;

Now, Therefore, Be It Resolved, that the Parks and Recreation Board be authorized and directed to proceed with the acquisition of property.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the Capital Area Transportation Authority is in need of operating funds to meet payrolls, insurance premiums and trade accounts due by July 31, 1973 for its line haul operation, and

Whereas, estimated funds in the amount of \$68,000 will be received by the Capital Area Transportation Authority from the State of Michigan Gasoline Tax Diversion Fund for the quarter ended June 30, 1973, and

Whereas, the Director of the Capital Area Transportation Authority on behalf of the Capital Area Transportation Authority Board has petitioned the City of Lansing for an advance of funds in the amount of \$25,000, now therefore be it

Resolved, that the City of Lansing advance funds to Capital Area Transportation Authority in the amount of \$24,000 representing the amount of funds that the City of Lansing has appropriated as bus subsidy for 1973-74, be it

Further Resolved, that the advance of funds be repaid upon receipt by the Capital Area Transportation Authority of the Michigan Gasoline Tax Diversion Fund payment for quarter ending June 30, 1973.

Adopted by the following vote:

Councilman Moore returned to session

By Councilman Belen—

Whereas, this Council created by Ordinance on July 26, 1971, a Waterfront Development Board to "... serve as a policy making citizen's board to the City Council in bringing about the orderly development of land fronting the rivers and streams within the corporate limits of the City of Lansing and the prevention, reduction and elimination of blight along the City's waterways," and

Whereas, the Waterfront Development Board, since its conception, has studied and analyzed the waterfront within the City of Lansing, and

Whereas, said Board has presented to this Council a "Policy Plan for Development of Lansing's Waterfront" which, in essence, is a set of guidelines to be followed, both present and future, by the City of Lansing in the development of its waterfront.

Now, Therefore, be it resolved, that the City of Lansing adopt the Policy Plan, with its Goals, Policies and Actions, as prepared by the Waterfront Development Board to be used as a guide in developing the Waterfront within the City.

By Committees on Planning and Public Service and Highways—

Resolved by the City Council of the City of Lansing:

P-1-73

Whereas the final plat of Bancroft Hills No. 3 has been submitted for approval, and,

Whereas the Planning Board pursuant to Act 285, P.A. 1931, has approved and recommended that the City Council approve the final plat subject to the following condition:

1. That financial security be posted in the amount specified by the Public Service Department prior to the signing of the plat and the affixing of the municipal seal.
2. That either an abstract of title accompanied by an Attorney's opinion as to the marketability of the land, or a certificate of title insurance be submitted to the City Clerk prior to the signing of the plat and the affixing of the municipal seal,

Whereas the Planning Committee of the City Council and the Public Service and Highways Committee of the City Council have reviewed the report of the Planning Board and concur therein, and

Whereas the proprietor of said plat is hereby advised that the required public improvement will require careful scheduling of the time of construction to insure the availability of funds for the City's share of any costs for the proposed improvements,

Now Therefore Be It Resolved that the final plat of Bancroft Hills No. 3 is hereby approved subject to conditions outlined above, and all conditions of previous approvals and,

Be It Further Resolved that the City Clerk is directed to transcribe the certificate of approval of the final plat of Bancroft Hills No. 3

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Resolved by the City Council of the City of Lansing:

LS-42-71

5100 Block of Wise Road

Whereas, a request has been made to divide property located in the 5100 Block of Wise Road,

more particularly described as:

the south 267.5 feet of Lot 54, Maple Grove Farms, No. 1, City of Lansing, Ingham County, Michigan.

Whereas, the proposed division will create three residential lots which do not conform to the minimum requirements of the Sub-division Ordinance; and,

Whereas, the Planning Board has recommended that the request be denied as filed; and,

Whereas, the Planning Committee of the City Council has reviewed the report of the Planning Board, and does not concur therewith,

Now, Therefore, Be It Resolved That, in accordance with Section 37-27 of the Sub-division Control Ordinance of the above described parcel be divided as follows:

Parcel A—The south 87.5 feet of Lot 54, Maple Grove Farms, Number 1, City of Lansing, Ingham County, Michigan.

Parcel B—The north 60 feet of the south 267.5 feet of Lot 54, Maple Grove Farms, Number 1, City of Lansing, Ingham County, Michigan.

Parcel C—The north 60 feet of the south 147.5 feet of Lot 54, Maple Grove Farms, Number 1, City of Lansing, Ingham County, Michigan, (for street purposes).

Parcel D—The north 227.5 feet of Lot

54, Maple Grove Farms, Number 1, City of Lansing, Ingham County, Michigan.

Subject to utility easements as may be required by the Board of Water and Light, and Public Service Department.

The applicant, however, stipulates and understands that the lot split as granted by the City of Lansing does not necessarily mean that the applicant may proceed with the division of property. The applicant further understands there may be some private restrictions contained in his deed, or plat restrictions, which may or may not be recorded with the register of deeds, which run with the land. The applicant further understands that the City does not have any power or authority over these restrictions.

Adopted by the following vote:

Unanimously.

ZONINGS

By Councilman Ferguson—

Whereas, it is deemed desirable to amend the Classification provided for in the Zoning Code of the City of Lansing, passed on the 13th day of November, 1958, in the following particulars, viz:

That property described as:

Z-34-73—2901-2905 North East Street and 621 Chilson St. and adjacent parking lot,

be re-zoned from "A" One Family Residence District to "F" Commercial District and the "Map" be changed to indicate such transfer;

Therefore, be it resolved, that the City Clerk shall give at least fifteen days notice of a Public Hearing when all persons interested may attend and make any objections they may have to such proposed changes in said Zoning Code

Resolved further, that such hearing shall be held at the Council Chamber in the City Hall on the 6th day of August, 1973, at 7:30 o'clock p.m., and that notice of such hearing be published in the official publication of said city, as required by law.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Whereas, by petition duly filed on the 24th day of April, 1972, this council was petitioned to change the following described property from "D" Apartment and "F" Commercial Districts to Community Unit Plan District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 2nd day of July, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-25-72—608-605 South Washington Avenue, 608, 616, 618-620 South Grand Avenue, 115, 117, 121, 129 East St. Joseph, 115, 118 East Hillsdale,

more particularly described as:

Lots 1, 2, 3, 4, 7, and 8, except the East 90 feet of Lot 1, Block 157, Original Plat, City of Lansing, Ingham County, Michigan,

from "D" Apartment district and "F-1" Commercial district to "G" Business district,

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to deny the petition as filed, and to leave lots 7 and 8 in the "F-1" Commercial District, and to rezone lots 1, 2, 3, and 4 except the East 90 feet of lot 1 from "D" Apartment district to "E" Apartment-Shop district, and

Whereas the Planning Committee of Council to whom was referred the report of the Planning Board concurred therein,

Now, Therefore, Be It Resolved, that the Council of the City of Lansing ordains that the petition to rezone Lots 1, 2, 3, 4, 7, and 8 except the East 90 feet of Block 157 Original Plat, City of Lansing, Ingham County, Michigan be denied, and

Be It Further Resolved that the Council of the City of Lansing ordains that the zoning on aforesaid Lots 7 and 8 shall remain "F-1" Commercial district and that aforesaid Lots 1, 2, 3, and 4, except the East 90 feet of Lot 1 shall be rezoned from "D" Apartment district to "E" Apartment Shop district.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Whereas, by petition duly filed on the 23rd day of April, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "F" Commercial District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 2nd day of July, 1973, all parties interested

Councilman Moore left the session.

By Councilman Ferguson—

Whereas, by petition duly filed on the 5th day of February, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "F" Commercial District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 2nd day of July, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-8-73—6200 South Logan Street,
more particularly described as:

The NE $\frac{1}{4}$ of the NE $\frac{1}{4}$ lying West of the M-99 R/W, except that portion beginning at the intersection of the westerly line of M-99 with the northerly line of I-96, thence South 89 Degrees, 24 min. 10 sec. West 32.41 feet along said northerly line of I-96 to the East $\frac{1}{4}$ line, then North 01 Deg. 09 min 50 sec. East 592 feet along said $\frac{1}{4}$ line, thence South 49 deg. 49 min. 36 sec. East 429.06 feet to the westerly line of M-99, thence South 44 deg. 19 min. 43 sec. West 440 feet along said westerly line of M-99 to point of beginning, Section 7, T3N, R2W,

from "A-1" single family residential district to "F" Commercial district,

Whereas the Planning Board has advised City Council to approve the petition excluding that portion of the property described as:

A parcel of land in Section 7, T3N, R2W, City of Lansing, Ingham County, Michigan; the boundary of said parcel being described as commencing at the NE corner of said Section 7; thence S89°56'12"W along the North line of Section 7, 1246.75 ft. to the point of beginning; thence S00°00'45"W, 64.14 ft.; thence on a curve to the left 425.20 ft., said curve having a radius of 532.96 ft.; a chord of 414.01 ft. bearing S 22°50'35"E; thence S45°41'56"E, 163.27 ft. to the Northwesterly Right of Way line of M-99 or Logan Street; thence S44°46'57"W along said right of way line 36.46 ft.; thence N49°28'52"W, 326.43 ft. to a point intersecting a curve; thence on said curve to the right 214.46 ft.; said curve having a radius of 612.96 ft.; a chord of 213.37 ft. bearing N20°16'39"W, to a point of intersection with the N-S $\frac{1}{2}$ line of the N-E $\frac{1}{4}$ of said Section 7; thence N01°35'09"E along said $\frac{1}{2}$ line 173.37 ft. to the N $\frac{1}{2}$ corner of the N-E $\frac{1}{4}$ of said Section 7, thence N89°56'12"E along the North line of said Section 7, 65.43 ft. to the point of beginning; said parcel containing more-or-less 0.998 Acres; said parcel subject to all easements and restrictions of record.

which will be required for the Pleasant Grove Road extension, and, this approval was recommended subject to the following:

—that specific site development plans should be reviewed and approved by the Planning Board as they relate to both automobile and pedestrian traffic, parking, landscaping, screening, and land use relationships.

—subdividing of this property.

Whereas the Planning Committee of City Council to whom was referred the report of the Planning Board concurred therein,

Now Therefore Be It Resolved That the Council of the City of Lansing ordains that the petition to rezone the above described property from "A-1" single family residential district to "F" commercial district be approved excluding that portion of property described as:

REPORTS OF CITY OFFICERS AND BOARDS

July 18, 1973

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Re: Claim of Thomas Regan—Sewer
Backed up into Basement

Gentlemen:

Your City Attorney, to whom was referred the above claim, has made an investigation thereof and, on that basis, recommends that the same be allowed in the amount of \$14.18. It appears that there may have been some negligence on the part of the city.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of \$14.18 payable to Thomas Regan.

Carried.

Re: Settlement of two claims—City of Lansing vs. Edward F. Solomon, Files Numbered 13211-C and 13107-C

Gentlemen:

An amicable agreement has been reached to resolve the litigation in the above two matters. Copies of the proposed stipulations are appended hereto.

I believe that these agreements are consistent with the city code and will insure the orderly transition of this property from its current use to a residential type use. Mr. Solomon and his attorney have agreed to the conditions imposed herein.

I request your permission to execute the stipulations on behalf of the city.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney and he is hereby directed to execute said stipulations on behalf of the City.

Carried.

July 18, 1973

Honorable Mayor and Members

of the Lansing City Council

Lansing, Michigan

Gentlemen:

The construction of the tertiary treatment plant will be funded in part by the sale of bonds issued by the City. The bonds must, prior to sale, be opinioned by bond counsel. In the past the City has retained the Lansing office of the lawfirm of Miller, Canfield, Paddock and Stone to provide this service.

The reputation that this firm enjoys facilitates the sale of municipal bonds. The fees charged by the firm are on file with the Michigan Municipal Finance Commission. They are competitive with other firms which are competent to render bonding opinions.

It is my recommendation that this office be authorized to retain the Lansing office of Miller, Canfield, Paddock and Stone to opinion the bonds which will be necessary for the construction of the tertiary treatment plant.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney.

Re: Hammond vs. City of Lansing

Gentlemen:

As you are aware, the city is presently involved in litigation with Lloyd Hammond, who is protesting the amount of special assessment attached to certain property located on Wise Road near its intersection with Jolly.

After extensive negotiations, this office feels that an amicable resolution of this dispute is possible based upon the following settlement. Mr. Hammond proposes to deed to the city a sixty foot strip of property lying in the middle of his land, more particularly described as:

"The north 60 feet of the south 147.5 feet of the Lot 54, Maple Grove Farms Subdivision No. 1, City of Lansing, Ingham County, Michigan."

Mr. Hammond also proposes to deed to the city a ten foot strip of property extending the full length of his parcel on Wise Road, this property more particularly described as:

"The east 10 feet of the south 267.5 feet of Lot 54, Maple Grove Farms Subdivision No. 1, City of Lansing, Ingham County, Michigan."

In return, the city would pay Mr. Hammond the sum of One Thousand and Thirteen Dollars and Twenty-One Cents (\$1,013.21). Mr. Hammond proposes to apply this sum on his outstanding special assessment, thus reducing the actual cost of the street improvements to him.

The sixty foot parcel will create a substantial benefit to the city since Mr. Hammond owns the only undeveloped lot fronting on Wise Road or Jolly Road. The parcel lies adjacent to Midwood Street and will allow the extension thereof and provide access to the undeveloped land to the west, a goal of the Planning Department. In addition, the ten foot strip will provide needed lands for the right of way on Wise Road which is presently being developed for more intensive traffic needs.

This office recommends that this settlement be approved and that the Council accept the deeds from Mr. Hammond and his wife and the Controller be authorized to draw a draft in the amount of \$1,013.21 to make the payment indicated.

Respectfully submitted,

PETER D. HOUK,
City Attorney.

Re: Sewer Rates

Gentlemen:

On Thursday, July 19, 1973, I was contacted by Mr. Kirk of the Freeze Division Cost of Living Council of Washington, D.C. He informed me that he was the Division Chief, and was reviewing the City's application for exemption from the price freeze as it relates to our sewer rate increase. He also informed me, based on his experience in prior cases similar to ours, that such exemption would not be granted. He inquired as to whether or not the city wished to pursue the matter beyond his staff level. I assured him that we did. He estimated that we should receive an answer to our application on or about Friday, July 20, 1973.

Respectfully submitted,

PETER HOUK,

Re: Police Commission
Site Committee

Councilman Roger May, Chairman
Buildings and Properties Committee
Lansing City Council

July 19, 1973

July 17, 1973

Dear Councilman May:

I have been a permanent member of our Police Board Building and Sites Committee for eighteen months. No doubt, my experience in the construction industry was the determining factor in my appointment to this Committee.

Presently, we are actively reviewing prospective sites and buildings, and expect to make some recommendations to your Committee in the near future.

Recently, Les Foote, Inc., offered a build-lease arrangement to our Building and Sites Committee for review and consideration. Over the past years, Foster, Schermerhorn, Barnes, Inc. (of which I am President) has had a close working relationship with Mr. Foote. Indeed, we have designed and built some three buildings for him which he presently leases to the State of Michigan. We do not have a contract with Les Foote with regard to the proposed police station but there would be every reason to believe that we would design and construct such a building if he were given a contract by the City.

I wish to advise you, and all others that receive a copy of this letter, of my close relationship with Mr. Foote. Further, I want to assure all concerned that I feel I can maintain my objectivity in this matter and render a valuable service to our Building and Sites Committee.

The Police Board Building and Sites Committee has been charged with the responsibility to make preliminary studies and recommend our findings to the City Council. It is well known that the City Council will be the ultimate determiner of the successful developer and the form of his contract. It is for this reason that I believe I can perform my function on the Police Board without danger of conflict of interest.

I will continue to serve in my appointed capacity unless you feel uncomfortable with this arrangement. In that event I would ask to be removed from the Building and Sites Committee, and abstain from voting on any issue regarding proposed building sites which might come before the Police Commission. May I have your response to this matter.

Respectfully yours,

CHARLES R. BARNES,
Member, Police Board,
Building and Sites Committee.

Referred to City Clerk.

Letter (a)

July 12, 1973

To the Honorable Mayor and
Members of the City Council

Honorable Members:

The Traffic Board at its meeting Wednes-

day, July 11, 1973, considered the request of the Department of State Highways relative to the moving of the Traffic Signal at Fairview & Saginaw (M-43E) to Foster & Saginaw (M-43E). Quoted below is a portion of a communication from James P. Neve, Jr., District 8 Traffic & Safety Engineer, Department of State Highways, relating to this proposal:

"As you are aware, the traffic signal at Fairview was installed several years ago to accommodate children attending the nearby Fairview school. It is really not required for vehicular traffic and therefore operates on a part-time basis. Some time ago, a pedestrian overpass was constructed, thus essentially negating the need for pedestrian control at this point. We believe that the existing traffic signal located a short distance west at Marshall Street provides adequate gaps for vehicular traffic at Fairview. However, we do believe that a gap producing traffic signal is desirable in this general area. We recommend, therefore, that this signal be relocated easterly to Foster Street. Foster Street has relatively good continuity and has traffic signals at M-43 (Grand River Avenue) and M-143 (Michigan Avenue). A traffic signal located at Foster Street would provide better gaps along Saginaw, east to Howard Street. To further improve traffic flow, we again recommend that both legs of Foster Street be flared."

The Traffic Board concurs in this proposal and recommends it for City Council's consideration and approval.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Referred to Committee on Public Safety.

REPORT OF COMMITTEE

The Committee on PUBLIC SAFETY, to whom was referred the recommendation of the Traffic Board that the traffic signal on East Saginaw Street be moved easterly from Fairview to Foster, reports as follows:

The Committee concurs in the recommendation of the Traffic Board.

Signed:

TERRY J. McKANE,
HAROLD A. MOORE,
JOHN T. ANAS,
JOEL I. FERGUSON,
Committee on Public Safety.

By Councilman Moore—

That the report of the Committee be adopted.

Letter (b)

July 12, 1973

To the Honorable Mayor and
Members of the City Council

Honorable Members:

The Traffic Board considered two items that it felt would help eliminate congestion and reduce hazards that now exist under present conditions. Both of these items involve State Trunklines. They are:

1. The construction of a Center Lane for Left Turns on Cedar Street (BL-96) between existing center lane north of Jolly Road and Fenton Street north of Cavanaugh Road.
2. A Turn Around—west to east—on Michigan Avenue (M-143) east of Homer Street and west of Clippert Street.

The Board recommends that the Department of State Highways be contacted concerning these two proposals.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Referred to Committee on Public Service and Highways.

REPORT OF COMMITTEE

The Committee on PUBLIC SERVICE AND HIGHWAYS, to whom was referred the recommendation of the Traffic Board that a center lane for left turns be constructed on Cedar Street between existing center lane north of Jolly Road and Fenton Street north of Cavanaugh Rd., and a turn around be constructed—west to east—on Michigan Avenue east of Homer Street and west of Clippert Street, subject to approval of Department of State Highways, reports as follows:

The Committee concurs in the recommendation of the Traffic Board.

Letter (d)

July 12, 1973

To the Honorable Mayor and
Members of the City Council

Honorable Members:

The Traffic Board recommends for City Council's consideration the following parking regulation:

NO PARKING SCHOOL DAYS—
7 A.M.-4 P.M.
KENDON SCHOOL

Kendon Street, north side from Lyncott to Woodlyn.

Respectfully submitted,

LANSING TRAFFIC BOARD,

July 5, 1973

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Pedestrian Overpass Committee met in the Traffic Department office on June 26, 1973, to determine where pedestrian overpasses for elementary school children should be located and constructed during the 1973-74 fiscal year. It was the unanimous decision of the Committee to recommend for City Council's consideration that pedestrian overpasses be erected in the order listed for the first four locations and, if funds are available, one or the other of the two alternates shown with a decision to be made as to which one is most needed at that time.

NO. 1 CROSSING LOGAN (M-99) AT WOODBINE

About 110 elementary Elmhurst School children cross Logan on the north side of Woodbine. A traffic signal is turned on stop and go by an adult crossing guard when on duty and returned to flashing operation when off duty. There is no need for a traffic signal at this intersection other than for school crossing protection.

Logan is a sub-standard 4-lane street with a 24-hour traffic volume of 24,497 vehicles (1971).

The speed limit is 30 MPH.

NO. 2 CROSSING PLEASANT GROVE AT PLEASANT VIEW SCHOOL

About 200 elementary Pleasant View School children cross Pleasant Grove at two locations to and from this school. The proposed pedestrian overpass would eliminate congestion and confusion that now occurs at these surface crossing points. Adult crossing guard has many problems.

Pleasant Grove is a standard 4-lane street with a relatively low volume of traffic—6,347 in a 24-hour period in 1969—which is expected to increase when Pleasant Grove is extended south of Jolly.

The speed limit is 35 MPH.

NO. 3 CROSSING PLEASANT GROVE (EXTENDED) AT NEWARK

About 90 elementary Harley Franks school children will cross Pleasant Grove at Newark when the extension of Pleasant Grove is completed in 1974 or early 1975.

As this will be a new standard 4-lane

street with a limited number of cross streets and no curb cuts, the speed limit could be set at 40 or 45 MPH.

NO. 4 CROSSING AT GENESEE

Approximately 58 elementary children now cross Logan at Shiawassee to and from Genesee School located at Butler and Genesee.

Logan is a standard 4-lane street with a 24-hour traffic volume of 19,108 vehicles (1971). School Safeties now supervise the crossing with the traffic signal at Logan and Shiawassee.

The speed limit is 30 MPH.

ADDITIONAL ALTERNATE LOCATIONS CROSSING MILLER AT WOODGATE

About 190 Maple Grove elementary school children cross Miller at Woodgate.

Miller at Woodgate is a two lane roadway without curb and gutter.

24-hour traffic volume on Miller 4,659 vehicles (1973).

Speed limit is 35 MPH.

Woodgate intersects with Miller on the north side only.

CROSSING WISE AT NEWARK

Approximately 100 elementary school children cross Wise at Newark to and from Harley Franks School. This number is expected to increase as development west of Wise takes place.

Wise is to be widened to 4-lanes with work to be completed by the time school opens this fall. Traffic conditions are aggravated by the location of Harry Hill High School to the north.

Members of the Pedestrian Overpass Committee are: Messrs. Pat Long, Dale Jones, William Webb and Al Hayes.

Respectfully submitted,

ALLEN T. HAYES,
Secretary.

Referred to Committee on Public Safety.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

It has become more obvious in the past several months that a serious problem exists

throughout the City of Lansing as a result of large commercial trucks using residential City streets for passage from destination to destination. These trucks are not simply delivery-type vehicles, but rather large multi-axle vehicles which are utilized in construction and shipping of large quantities of materials. As you are aware, the City does not have any authority to intercede when such traffic confines itself to traveling state trunk lines. However, the City does have a somewhat greater degree of authority in the regulation of the use of its residential streets.

While it is apparent that no perfect accommodation can be reached on this matter for all concerned, I believe it may be helpful for the City Council to set up an appropriate committee of interested parties toward the end of achieving the voluntary cooperation of unions, shipping firms and manufacturers to solve this problem. Sometimes the best solution can result from an exchange and interplay of ideas in which all parties are shown the problems from different perspectives. I hope that the City Council will give this matter its very serious consideration and move to the establishment of this machinery to facilitate an alleviation of this problem in a very short time.

Respectfully,

GERALD W. GRAVES,
Mayor.

By Councilman Belen—

That the Mayor appoint a Committee consisting of Traffic Engineer, Public Service Director, City Attorney and Chief of Police to look into this matter.

Subject: Holmes Road Extension—Waverly West

Dear Mr. Mayor Pro-Tem and
Council Members:

Since you have already adopted my 1973-74 recommended capital improvement budget expenditure of \$960,000 to complete the construction of "Relief Sewers" and "Sewer Separations" to substantially eliminate the home flooding problems in the Holmes Road area, this would appear like a logical time for you to provide the necessary funds to complete the subject project.

Inasmuch as you are now considering spending, on a priority basis, \$2,080,000

from the first two Revenue Sharing Entitlement periods, I am recommending herein that \$250,000 of these monies be allocated to complete the Holmes Road Extension from Waverly West.

This would be a particularly appropriate time to take this action, due to the construction of the 188 unit "Hunter's Ridge" project at Holmes and Waverly Roads currently underway, and lay the groundwork for the eventual development of the Waverly Road to Jolly Road Street improvement program.

I also note that the Holmes Road extension project has been carried in the City Capital Improvement Program for at least the last four years and was listed in the 1973-1978 recommendation under the heading of "Urgent Needs" with a No. 5 Priority.

I would further point out that completing this long overdue storm sewer project would benefit numerous citizens living in the relatively new River's Edge subdivision by eliminating a hazard to loss of life, limb and general health.

Respectfully,

GERALD W. GRAVES,
Mayor.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

This letter is in response to a referral made to this office by the City Council on July 2, 1973, of a letter from Mr. Thomas W. Repaskey relative to his not accepting a renewal of his appointment to the Waterfront Development Board. Therefore, I am nominating Mrs. Jacqueline Schraft of 1622 Victor Avenue in the City of Lansing, to this position for a term which expires June, 1977.

Jacqueline Schraft is a graduate of East Lansing High School and has been an active member in many civic and governmental organization including; serving on the Civil Defense Advisory Board, participating in both riverfront clean up campaigns, three years as Secretary to the Capitol City Water Ski Club, and one year as Secretary of the Michigan Water Ski Club. In addition, Mrs. Schraft has been Chairman of the Membership Committee of the Lansing PTA, a Brownie Troop Leader and a member of the Lansing Boat Club. Her husband is Sherman Schraft and they have two children.

Trusting this appointment meets with your approval, I remain

Respectfully,

GERALD W. GRAVES,
Mayor.

By Councilman Moore—

That we concur in the recommendation of the Mayor that said resignation be accepted and said appointment be approved.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

In order to achieve the establishment of the Senior Citizens Coordinating and Information Department of the City of Lansing by September 1, 1973, the following action must be taken by the City Council in the very near future. First, a request to the Personnel Committee must be made requesting the creation of three positions on the regular City payroll for the staff presently employed by the Lansing Area-Wide Model Project On The Aging under the auspices of a grant sponsored by the Department of Health, Education and Welfare. I would recommend that the directorship be established at an VIII level and that the two remaining positions be laterally transferred at their present levels of Community Liaison VA and Clerk-Steno IIB. Secondly, a study must be made by the Buildings and Properties Committee of the City Council to ascertain what office space can be made available for this department.

I have enclosed a preliminary recommended budget sheet for this office and the necessary accounting steps must also be undertaken to establish the line items for the department. These amounts are not yet completely finalized but they are very close to the operational figures. It is my hope that this department can be transferred and established by approximately September 1, of this year. This interim period will be necessary to complete the transitional requirements and to finish the final recommendations from the study due under the auspices of the Federal grant. I hope that the Council will expeditiously comply with its responsibilities in order to insure the smooth and prompt transition of this department.

Respectfully,

GERALD W. GRAVES,
Mayor.

- b. Revising section 31-107 of traffic code (Careless Driving—Penalty).
- c. Revising subsection (7) of Section 22-13 of code (Disorderly persons—acts constituting violation).

and recommend that the ordinances be passed.

Councilman Anas left the session.

ORDINANCE NO. 331 (Half-Way Houses)

By Councilman Belen—

Resolved by the City Council of the City of Lansing, that the Ordinance providing that the Code of Ordinances, City of Lansing, Michigan, be amended by adding a new subsection 12 to section 36-42 of said code (Nonconforming uses) be placed on order of immediate passage.

Carried.

By Councilman Belen—

Resolved by the City Council of the City of Lansing, that the Ordinance providing, that the Code of Ordinances, City of Lansing, Michigan, be amended by adding a

new subsection 12 to section 36-42 of said code (Nonconforming uses), be now passed.

Adopted by the following vote:

Unanimously.

ORDINANCE NO. 331

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY ADDING A NEW SUBSECTION 12 TO SECTION 36-42 OF SAID CODE.

The City of Lansing Ordains:

Section 1. That the Code of Ordinances of the City of Lansing, Michigan, be amended by adding a subsection 12 to Section 36-42 to read as follows:

Sec. 36-42. Nonconforming uses.

(12) Room and board facilities for rehabilitative, foster care, out-patient, or half-way houses licensed, sponsored or operated by the Michigan Department of Social Services, the Michigan Department of Public Health, the Michigan Department of Corrections, or any other governmental agency or private organization, which agency or organization will be responsible for supervision, placement and removal of individuals housed therein. All such facilities must provide adequate parking for residents thereof which is substantially screened from adjoining properties. All such facilities must meet all applicable code requirements. Such facilities may be approved only after consideration is given to location, character and extent of such usages and their impact upon the purposes of the applicable zoning of the neighborhood wherein such facilities are located. Such permit shall specify the maximum number of persons (including supervisory staff) allowed to reside on the premises. Twenty-four (24) hour supervision by the sponsoring agency is required. The permit shall further specify the type of rehabilitative use to which the premises may be put. The permit shall be so granted only upon satisfactory assurances by the sponsoring agency that all state and local laws can and will be met and such facility shall be maintained in accordance to all such laws and limitations of the permit. Violations of such laws or permit shall be deemed a nuisance as used in Section 36-16 of this Code and subject to action thereunder.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

ORDINANCE NO. 332 (Careless Driving)

Re: Burglar Alarms

Councilman Roger May, Chairman
Buildings and Properties Committee
Lansing City Council

Dear Councilman May:

At the present time, Burglar alarms terminating in the Police Building do so on the Third Floor. Police response to the alarm is delayed because the alarm must be transferred, by telephone, from the Third Floor to the Dispatch area located on the First Floor. Many times the telephones in Dispatch are busy and an officer must run down the stairway to deliver the message. All burglar alarms should terminate in the Dispatch room for more proper and efficient handling of the calls.

The Diebold Company has a 100-station Police Alarm Monitoring System that can be installed in our Dispatch console. The Mosler Company has a Consolidated Alarm Panel that can be hung from the wall or placed on top of our radio console. Both will install their systems at no charge to the department (there is an installation charge and an annual service charge to their subscribers, but there would be no additional charge to those who already use their alarm systems).

At the present time there are 20 Diebold Alarms that terminate on the Third Floor of the Police Building, and nine Mosler Alarms. Both systems are very good. The Diebold subscribers state their selection was based on faster response to maintenance by the Diebold Company.

Based on the need to improve our response to alarms, the design of the monitoring panel and the disparity in the number of alarms terminating in the Police Building, recommendation is made and authorization of Council requested to proceed with the Diebold Company for installation of their Police Alarm Monitoring System. Contact has been made with all subscribers who have alarms terminating in our building and they concur with our selection.

Respectfully yours,

THOMAS W. O'TOOLE,
Chief of Police.

Referred to Committee on Buildings and Properties.

REPORT OF COMMITTEE

The Committee on BUILDINGS AND PROPERTIES, to whom was referred the request of the Lansing Chief of Police that a 100-station Police Alarm Monitoring System be installed by The Diebold Company into the existing dispatch console at no charge to the city, reports as follows:

The Committee recommends that permission be granted for this installation.

Signed:

ROGER T. MAY,
LUCILE BELEN,
HAROLD A. MOORE,
JOEL I. FERGUSON,
Committee on Buildings and
Properties.

By Councilman May—

That the report of the Committee be adopted.

Adopted by the following vote:

Unanimously.

SUP-4-73

July 25, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their July 24, 1973, meeting, recommended to City Council that the request by the United States Post Office to obtain a Special Use Permit for a postal factory on the property located in the 4700 and 4800 blocks of Collins Road be granted subject to the following condition:

1. That the Special Use Permit be granted with the recommendation to City Council that Collins Road be widened to four lanes and improved at the time the postal facility is being constructed.
2. That the recommendations of the following department be complied with:

PUBLIC SERVICE

1. Storm and sanitary sewers are available in Collins Road to serve this site, however, due to the type of development some on-site storm water retention may be required after final engineering plans are completed.
2. Standard drive openings are to be constructed to City of Lansing standards.
3. With the curb and gutter construction by the developed along this site, the City should consider completing the C & G from Jolly Road to Dunkle.

BOARD OF WATER AND LIGHT

It is recommended the proposed Post Office on Collins Road north of Jolly Road be served with underground service from existing overhead lines on Collins Road. The proposed complex can be served water from the existing water main on Collins Road. The Water and Steam Division requests a 20 ft. easement along the north property line for a future water main. The existing water main on Collins Road is a dead end which may require looping in the near future for adequate fire protection for the

proposed Post Office complex and the Hospitality Motor Inn. We do not think the Highway Department will allow a water main to be installed across the expressway at Dunkle Drive and the requested easement would give us access across the expressway.

The Planning Board also approved the location, character, and extent of the proposed postal facility according to Act 285, P.A. 1931, as amended.

The site consists of approximately 22 acres of land between I-496 on the west; Collins Road on the east; the Hospitality Motor Inn on the north; and Jolly Road on the south. The site is predominantly zoned "D-1" professional office district, with a small portion to the south zoned "F" commercial district.

The proposed postal factory would employ approximately 673 people within the first ten year period. The employees would work shifts, with the largest shift having approximately 295 employees.

The proposed zoning ordinance states that a facility such as the new postal facility should provide 1 space for every 1½ employee plus 5 spaces. The needed parking for the proposed postal factory would be 201 parking spaces. The proposed site plan indicates a total of 450 parking spaces for the postal facility. There are, however, several parking spaces that are for special purposes and these are as follows:

116 covered spaces for 10 motorized carriers and 15 official cars

27 spaces for postal trucks

43 spaces for patrons

186 Total

Even after these are subtracted from the total number of parking spaces, there is adequate parking for the employees.

The proposed facility is located in such a manner that there will be minimum impact on the surrounding property. I-496 will serve as a buffer to the multiple to the west. Michigan State University owns the majority of the land to the east, and is expected to pick up the balance. The Hospitality Motor Inn is on the north. The southern parking lot is over 400 feet north of Jolly Road, which will minimize the impact of the proposal on any future development along Jolly Road.

The site plan also indicates extensive use of earth berms on the site, which will soften the building and parking mass.

Collins Road is presently a two lane road. The City has a fifty foot R.O.W. from the center line of Collins Road to the west which is adequate for widening. With as much activity as will be generated by the proposed facility, Collins Road should be widened to four lanes. The site has good access to all areas via the I-496/US 127 expressway system and Jolly Road.

According to Act 285, P.A. 1931, as amended, the Planning Board shall approve the location of public buildings in regards to location, character, and extent. Being that the proposed postal facility is a public building the Planning Board must address this issue.

There was no one present at the July 24, 1973, public hearing.

The recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committee on Planning.

July 26, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their July 24, 1973, meeting, recommended to City Council that the petition by Frank Castellani to rezone a parcel of land located on the Northwest corner of North East and Chilson Streets from "A" one family residential district to "F" commercial district be denied as filed and further that:

—The east 92 ft. of Lot 1, 2, and 3, Supervisors Plat of Dillenbeck's Subdivision from "A-1" family residential district to "F" commercial and the balance of the property be rezoned from "A-1" family residential district to "J" parking district.

Subject to the following conditions:

—That screening be provided along the west and north property lines and to consist of one of the following:

1. A 5 ft. high chain link fence with interwoven redwood slats.
2. A 3 ft. high chain link fence with dense evergreen plantings of a mature height of 5 ft. to 6 ft. 6 in. in height.
3. Any other type of screening that may be suggested by the applicant, with approval of the Planning Board. Fencing and screening shall comply to the fence ordinance.

The property under consideration exists as two parcels, one of which measures 44.75 ft. x 68 ft. and contains a single family home. The balance of the land measures 134 ft. x 160 ft. (excluding the above parcel) and contains a commercial building.

The intent is to use the entire site for an automobile parts and service center.

The proposed zoning map shows the site as "RM-1" multiple family residential district. The North East Street Study shows the site as medium density residential (7-12 D.4's/acre).

The North East Street Study attempts to discourage strip commercial development along North East Street. There are several uses along North East Street that are non-conforming commercial uses.

Approximately one year ago, the North East Street Citizen's Advisory Committee suggested that it would be in their best interest to rezone these non-conforming uses and request screening to minimize the impact of the commercial uses on surrounding residential properties. The site in question is a non-conforming commercial use on North East Street.

In conversation with Mr. Castellani, the Staff had discussed the removal of the residence to provide more parking for the commercial facilities.

Mr. Castellani stated that he did not feel it necessary to tear down the existing residence on the property at this time. Mr. Castellani is negotiating with an automotive parts store which would not use a large amount of parking. There is adequate parking now for the laundromat and possibly the automotive parts store. Mr. Castellani stated that if more parking were required he had more of his property to the west that he could develop into parking if more were needed. He does not feel that it is necessary to remove the house until such time as a more intense use than an automotive parts store occupies the commercial area. He did state that if there were a condition placed on the rezoning of the front portion of the site, he would reluctantly remove the home. Mr. Castellani believes that many other properties with residences have been zoned for commercial use without a stipulation about tearing the house down. One case he pointed out was on the northwest corner of North East Street and Community Street.

The residence in question fronts on Chilson Street and has residential uses on two sides. The property immediately behind the house is presently vacant, as the parking lot stops near the rear of the commercial building. The house is quite small and there is a garage on the lot. Mr. Castellani does not believe that the site's development is any worse than many of the apartments in the City, and it provides low cost housing for someone.

One person was present at the June 26, 1973, public hearing who was in favor of the petition.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committee on Planning.

July 26, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board, at their July 24, 1973, meeting, recommended to City Council that the petition initiated by City Council on a parcel of land known as a vacated portion of Elm Street right-of-way from unzoned to "I" heavy industrial district be approved.

The site in question has been before the Board previously as a buildings and properties referral. It is also currently before the Planning Board as a right-of-way vacation.

The previous referral was before the Board several months ago, at which time they recommended to City Council that the property in question be sold to the Oldsmobile Corporation. The recommendation stated that a portion of the previous request be retained for riverfront development. A part of the original site has been retained for such purposes.

As far as the proposed zoning is concerned, the "I" heavy industrial district will conform to the surrounding zoning and land use in the area.

The riverfront development depends on a stairway from the Elm Street bridge to the strip of property to be used for the riverfront development.

There was no one present at the June 26, 1973, public hearing.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committee on Planning.

Z-37-73

July 27, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board, at their July 24, 1973, meeting, recommended to City Council that the petition by Michigan National Bank to rezone a parcel of land located at 4404 and 4410 North Grand River Avenue from "A" one family residential district to "H" light industrial district, and "J" parking district, be approved subject to the following:

—That a screening plan be approved by the Planning Department and imple-

mented before occupancy permits are issued.

The front 150 feet of the property is zoned "A" one family residential district, while the remaining portion of the site is zoned "H" light industrial district.

The "buffer" zone along the north side of North Grand River Avenue varies from 50 ft. to 150 ft. depending upon the parcel, size and shape.

The north side of North Grand River Avenue is light industrial in character, therefore, the proposed rezoning is in conformance with the character of the area. The Master Land Use Plan indicates industrial expansion along the north side of Grand River Avenue.

The proposed rezoning change would rezone a 50 ft. strip of the existing "buffer" industrial district. The proposed change would have the effect of holding any building on the site at least 100 ft. from North Grand River Avenue. Parking, however, would be permitted to within 50 ft. of North Grand River Avenue. It is believed that the proposal would provide an adequate "buffer" area for the uses to the south, and be in conformance with the Master Plan and zoning criteria.

The site plan submitted indicates a logical development pattern showing building locations, parking, access, and service drives, and the necessary storage lanes for drive-in facilities.

One person was at the July 24, 1973, public hearing that was in opposition to the request.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committee on Planning.

Z-29-73

July 26, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board, at their July 24, 1973, meeting, recommended to City Council that the petition by David and Nelly Church to rezone a parcel of land located at 1522 West Holmes Road from "A" one family residential district to "C-2" family residential district be denied.

The site is shown as "RM-1" multiple family residential district. The master plan shows the site as medium density residential (4-10) dwelling units/acre).

The site to the west of the lot in question was rezoned to "C-2" family residential district in August, 1970. Since that

time, the Board has recommended the proposed zoning map to City Council which shows the site as "RM-1" multiple family residential district, however, multiple zoning of the area would not be recommended unless there was an assemblage of land.

The lot contains approximately 17,950 square feet in area with 66-feet of frontage on Holmes Road. In terms of density the proposal is in keeping with past considerations by the Planning Board.

Jim Church of the Building Department has been to the residence at 1522 West Holmes Road and has determined that there would be no problem in converting the structure into a two-family dwelling.

As stated previously, the lot is quite large (17,950 square feet in area) and there is "C-2" zoning immediately to the west. To deny the petition in question when the site immediately west has been rezoned under similar circumstance, would constitute a special privilege for the previous petitioner.

No one was present at the June 26, 1973 public hearing.

The motion for approval had a 5 yeas—1 nay vote, and, therefore, lacked the necessary 6 votes required for passage of a favorable recommendation on a zoning matter.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committee on Planning.

Z-27-73

July 26, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their July 24, 1973, meeting, recommended to the City Council that the petition by the Herriman Real Estate Company to rezone the property located in the 5300 block of Wexford Road from "A" one family residential district to "C-2" family residential district be denied.

The site in question is in Treatment Unit 32A of Study Area 32 of the CRP Community Description and Neighborhood Analysis Study. Treatment Unit 32A is a rehabilitation area.

The Master Plan shows the site as low density residential in nature. The proposed Zoning Ordinance shows the site as "R-1C" single family residential district.

The petitioner has stated in his petition that he intends to split the lot in question and place two duplexes on the site. If this were done, there would be a total lot area of 19,880 square feet per duplex. This far

exceeds the minimum lot area for even single family residential development.

As stated in the CRP Report, the housing in the area is in poor condition. New development in the area would improve the situation and could stimulate redevelopment in the area.

The foregoing analysis indicates the existing housing quality, and a positive approach to up grading the neighborhood.

The Board believes it is necessary to look beyond this immediate neighborhood situation, with emphasis placed on an overall development plan.

This immediate area has many of the ingredients for a residential neighborhood, i.e. schools, parks, shopping, etc.

Storm and sanitary sewers are available and valid petitions have been submitted for curb and gutter along Wexford Road.

The area includes large tracts of vacant land, which are sparsely developed and in several ownerships. This presents a major problem in attempting to promote full and efficient use of land.

The Planning Staff has established a conceptual land use plan for this area, with the thought of providing guide lines for growth and development.

This plan was submitted and explained to the Planning Board at their meeting of May 15, 1973.

The development of this plan includes land use relationships, public utilities and facilities, and very strongly indicates the need to encourage and direct the assemblage of land to insure complete development.

The site under consideration for zoning at this time lies within the Study Area and is projected for single family development.

It is felt that a zoning change as proposed could deter development of this area, and perpetuate un-coordinated land development.

There were no objections to the proposal at the June 5, 1973, public hearing.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary of Planning Board.

Referred to Committee on Planning.

July 26, 1973

Honorable Mayor and

Members of City Council

Gentlemen :

The Planning Board at their July 24, 1973, meeting, recommended to City Council that the petition by Richard Shaw to rezone a parcel of land located at 3238 Young Avenue from "A" one family residential district to "F" commercial district be denied.

Although the property in question lies near, (1 lot width) to a parking area, which serves one of the "F" commercial districts on Grand River, it is entirely within the "A-1" single family residential district. So far, the commercial zoning in this area has been restricted to the lots closely adjacent to Grand River Avenue. The area of single family residential in which this parcel is included is rather extensive. Zoning and land use policies have been directed toward discouraging this type of rezoning.

Also, it should be pointed out that there are several vacant buildings on land zoned commercial in the vicinity, which would accommodate the use proposed.

The proposed zoning ordinance would require seven off street parking spaces for a five chair beauty shop. The size and placement of the buildings on this parcel would make this number of off street parking spaces very difficult to develop on the site.

By rezoning the property in question to commercial, additional pressures would be created to rezone other property on Young Avenue for commercial purposes. The proposed rezoning would have a detrimental effect upon the adjacent property.

There were several people present at the July 24, 1973 public hearing that were in opposition to the request. Two petitions were presented at the hearing containing over sixty signatures in opposition to the request.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,

Secretary of Planning Board.

Referred to Committee on Planning.

July 25, 1973

Honorable Mayor and

Members of City Council

Gentlemen :

The Planning Board, at their July 24, 1973, meeting, recommended tentative approval of the preliminary plat of Span-Mar Subdivision subject to the following conditions:

1. That the final plat be developed with all public improvements as required by the Michigan State Plat Act and the Lansing Subdivision Regulations.
2. That all lots are graded so that surface water shall drain therefrom so as not to adversely effect adjacent property owners.
3. That the necessary easements be provided for the installation of utilities.
4. That underground electrical distribution be utilized in accordance with Section 37-31.1 of the Lansing Subdivision Regulations.
5. That the requirements of the Fire Marshal be complied with.
6. That all outstanding tax assessments on the property be paid prior to the approval of the final plat.
7. That an acceptable street name be given to the proposed street at the time of final preliminary approval.
8. That vehicular access be prohibited from Aurelius Road on those lots having frontage and that this condition be applied as a plat restriction appearing on the face of the final plat.
9. That a 60 ft. from center line right-of-way be provided on Aurelius Road.

Tentative approval of the preliminary plat is effective for a maximum period of twelve months.

There were no objections to this proposal.

This approval was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Planning Director.

Honorable Mayor and

Members of City Council

Gentlemen :

The Planning Board at their July 24, 1973, meeting, endorsed the request by the Assessor's Office for the subdividing of Assessor's Plat No. 58, in accordance with Act 285, P.A. 1931, as amended, subject to the condition that Northrup Street and Kay-north Road be labeled appropriately to provide regional street name coordination.

This final Plat is in conformance with the Preliminary Plat as approved by the Board on July 5, 1973. Since the Board acted on the Plat, interpretations by the

City Attorney and R. D'Amelio's office at the State have indicated that it was not necessary for the Planning Board to review an Assessor's Plat. Mr. Ernst, City Assessor, wants the Planning Board to endorse the Plat as an insurance measure, that all conditions of Act 285, P.A. 1931 are covered.

There was no one present at this meeting in opposition to this request.

This endorsement was by unanimous decision.

July 27, 1973

Honorable Mayor and

Members of City Council

9th Floor, City Hall

Lansing, Michigan

Gentlemen:

The Planning Board, at their July 24, 1973 meeting, recommended to City Council that the petition by William Porter, III, to split 3 ft. of Lot 12, Block 2 of Parks Height's Subdivision, City of Lansing, and attach the 3 ft. to Lot 11, Block 2 of Parks Height's Subdivision, City of Lansing be approved.

The applicant states the following as the reason for this request:

Driveway of Lot 11 encroaches 1.2 ft. upon Lot 12. The Lot Split would give 3 ft. to Lot 11 making it 44 ft. wide. The Towne property (Lots 12, 13, and 14) has a house on Lot 14 and Lots 12 and 13 are vacant. The Split would leave 120 ft. frontage with the Towne property, rather than its former 123 ft. of frontage.

In terms of the individual lot sizes remaining, the following dimensions would apply.

Lot 11, 44 ft. x 125 ft.
Contains a single family dwelling.

Lot 12, 38 ft. x 125 ft.

Lot 13, 41 ft. x 125 ft.
Combined Lots contain a single family dwelling.

Lot 14, 41 ft. x 125 ft.

The Board has reviewed this request in relation to existing development, and have determined that the change would be in the best interest of the community.

A buildable lot will remain if the property owner desires to develop. Therefore, this land division will not create a sub-standard lot situation.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Lansing Planning Board.

Referred to Committee of the Whole.

July 30, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
Tenth Floor
City Hall
Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

This office has previously received the resignation of Mr. Gordon Montgomery from the Capital Area Transportation Authority for the term ending upon his resignation. Mr. Montgomery cited the increase of additional business responsibilities, and the resulting demands upon his time, as the reason for his resignation. I believe a great debt of gratitude is owed by the City, and all concerned parties, to Mr. Montgomery for the past contribution of his valuable time and demonstration of civic concern.

To fill this term, which is at the pleasure of the Mayor, I am nominating Mr. H. Thompson Duff of 1740 Wellington Road of the City of Lansing. Mr. Duff is presently employed by Diamond Reo Truck, Incorporated, as Vice President of Finance, which includes responsibilities for all of the firm's fiscal matters. Mr. Duff received his B.S. in Industrial Engineering from the University of Pittsburgh and he has pursued graduate courses in law, accounting and business at the Mt. Vernon School of Law and the University of Pittsburgh. Mr. Duff has served in the United States Army Air Corps from 1944 to 1946, and since has been employed by a variety of industrial firms including: Commercial Shearing, Incorporated, Josten, Incorporated and the Western Electric Corporation. He is a member of the Financial Executives Institute and Sigma Tau, Honorary Engineering Fraternity. Mr. Duff has one child and his wife's name is Joanne.

Respectfully submitted,

GERALD W. GRAVES,
Mayor.

By Councilman Moore—

That we concur in the recommendation of the Mayor that said resignation be accepted and said appointment be approved.

Carried.

July 26, 1973

Honorable Mayor and Members
of the Lansing City Council
Gentlemen:

Attached we are transmitting three resolutions which our committee unanimously adopted at its meeting of July 26, 1973 as our first efforts to effectively perform in accordance with the direction provided to us by the Mayor Pro-Tem Roger T. May. We ask your expeditious concurrence and approval of the initial resolutions. They are not the final work but rather our first steps in establishing workable procedures to properly prepare the City for Special or Better Communities Revenue Sharing.

Your prompt attention in approving these resolutions would be appreciated. We stand to discuss this matter at your convenience.

Respectfully submitted,

LESTER D. HOPKINS,
Acting Chairman,
Better Communities Act
Council Task Force.

Referred to the Committee of the Whole.

Resolved by the City Council of the City of Lansing:

Lot Split No. 14-73—711 Britten Avenue

Whereas, a request is made to divide property located at:

711 Britten Avenue,

more particularly described as:

Lot 12, 13, and 14, Block 2 of Park Heights Subdivision, City of Lansing, Ingham County, Michigan.

This request consists of attaching the west 3 feet of Lot 12 to Lot 11 of Park Heights Subdivision,

Whereas, the Planning Board has recommended that the request be granted, and

Whereas, the Planning Committee of the City Council has reviewed the report of the Planning Board and concurs therewith,

Now, Therefore Be It Resolved That, in

accordance with Section 37-27 of the Subdivision Control Ordinance, the above described property be divided as follows:

Parcel A: The east 38 feet of Lot 12 and all of Lots 13, and 14, Block 2, Park Heights Subdivision, City of Lansing, Ingham County, Michigan

Parcel B: Lot 11 and the west 3 feet of Lot 12, Block 2, Park Heights Subdivision, City of Lansing, Ingham County, Michigan.

Subject to utility easements as may be required by the Board of Water and Light, and Public Service Department.

The applicant, however, stipulates and understands that the lot split as granted by the City of Lansing does not necessarily mean that the applicant may proceed with the division of the property. The applicant further understands there may be some private restrictions contained in his deed, or plat restrictions, which may or may not be recorded with the Register of Deeds, which run with the land. The applicant further understands that the City does not have any power or authority over these restrictions.

The City of Lansing Ordains:

Section 1. That Chapter 2 of the Code of Ordinances of the City of Lansing, Michigan, be amended by adding a new article to be numbered IX and by adding sections numbered 2-89 through 2-97, inclusive, to read as follows:

ARTICLE IX. City Demonstration Agency

Sec. 2-89. CDA; Creation.

Pursuant to the Demonstration Cities and Metropolitan Development Act (80 Stat 1255 et seq. [1966], 42 USC 3301 et seq.), MCLA 117.4(j); MSA 5.2083, and Chapter 7, Section 7.24 of the Charter of the City of Lansing, there is hereby created an agency which shall be known as the "Lansing City Demonstration Agency" and which shall hereinafter be referred to as the "City Demonstration Agency" or the "CDA."

Sec. 2-90. Director; Appointment and Confirmation; Powers and Duties.

(a) A Director of the City Demonstration Agency shall be appointed by the Mayor of the City of Lansing, hereinafter referred to as the "Mayor," and confirmed by the City Council of the City of Lansing, hereinafter referred to as the "City Council."

(b) The CDA Director shall have the following powers and duties:

- (1) Shall be the administrative head of the CDA.
- (2) Shall be administratively responsible to the Mayor.
- (3) Shall be responsible to the City Council for putting into effect the policies of City Council.
- (4) Shall assemble a CDA Staff: (i) which satisfies the requirements set forth in the Model Cities Application of April, 1968 (Part V-A, pages 1 and 2) and (ii) which shall be sub-

ject to the Personnel Rules of the City of Lansing.

- (5) Shall make suggestions and recommendations to the Policy Board concerning any plan, proposal, or project which is proper and necessary to accomplish the purposes and objectives of the Model Cities Program.
- (6) Shall act as the primary liaison between the Mayor, the City Council, the Policy Board, and the Model Neighborhood Area districts, with respect to any plan, proposal, or project concerning the Model Cities Program.
- (7) Shall provide assistance to and coordination among the Task Forces.
- (8) Shall ensure that citizen participation is effectively present within and during the creation, planning, development, operation, and evaluation of all Model Cities projects.
- (9) Shall be administratively responsible for the management, monitoring, and evaluation of all Model Cities projects.
- (10) Shall be responsible for the preparation of all Model Cities contracts.
- (11) Shall be responsible for ensuring compliance with all HUD guidelines, policies, procedures, requirements, and regulations which are applicable to the Model Cities Program.
- (12) Shall appoint one (1) "youth ad hoc representative" to the Policy Board.

Sec. 2-91. Policy Board; Creation; Membership; Terms; Vacancies; Reimbursement.

(a) There is hereby created a citizens' advisory council, which shall be known as the "Model Cities Policy Board" and which shall herein be referred to as the "Policy Board."

(b) The Policy Board shall be composed of the following members:

- (1) Eight (8) citizens appointed by the Mayor and confirmed by the City Council, representing the Lansing community as a whole and reflecting a diversity of professions and occupations;
- (2) Two (2) citizens appointed by and representing the City Council;
- (3) Two (2) youth ad hoc representatives who may not be less than fourteen (14) years of age nor more than eighteen (18) years of age, one of which shall be appointed by the Policy Board and one of which shall be appointed by the CDA Director; and
- (4) One (1) neighborhood chairman (citizens' participation chairman) from each of the Model Neighborhood Area districts established by the dis-

trict plan adopted by the City Council and filed with the City Clerk of the City of Lansing. All neighborhood chairmen shall either reside in or own a business or property in the districts which they respectively represent.

(c) Each Policy Board member shall serve for a term of three (3) years, except for the youth ad hoc representatives, who shall serve for a term of one (1) year, and except as provided below:

- (1) At the first meeting of the Policy Board, after the adoption of this section and after the appointment of ~~new Policy Board members pursuant to this section~~, the ten (10) appointed members (excluding the two youth ad hoc representatives) shall be divided by lot, as equally as possible, into three (3) classes, and so that approximately one-third (1/3) may be appointed each year: (i) the seats of the first class of appointees shall be vacated at the expiration of the first year; (ii) the seats of the second class of appointees shall be vacated at the expiration of the second year; and (iii) the seats of the third class of appointees shall be vacated at the expiration of the third year. If said ten (10) appointed members have already been so divided into said three (3) classes, said ten (10) appointed members shall retain their present and respective classifications.
- (2) At the first meeting of the Policy Board, after the adoption of this section and after the election of new Policy Board members pursuant to this section, the neighborhood chairmen shall be divided by lot, as equally as possible, into three (3) classes, and so that approximately one-third (1/3) may be elected each year: (i) the seats of the first class of electees shall be vacated at the expiration of the first year; (ii) the seats of the second class of electees shall be vacated at the expiration of the second year; and (iii) the seats of the third class of electees shall be vacated at the expiration of the third year. If said neighborhood chairmen have already been so divided into said three (3) classes, said neighborhood chairmen shall retain their present and respective classifications.

(d) Any appointee may be reappointed to a subsequent term or terms and any electee may be reelected to a subsequent term or terms.

(e) All vacancies shall be filled by the applicable method set forth in paragraph (b) of this section, except that when the seat of a neighborhood chairman is vacated, it shall be filled by the candidate who, in the last election preceding the vacancy, received the greatest number of votes of all the unsuccessful candidates for said seat, and if such successor does not fill such vacancy, or if such successor does fill such

vacancy and subsequently vacates said seat, the vacancy shall be filled by the candidate who, in the last election preceding the vacancy, received the next greatest number of votes of all the unsuccessful candidates for said seat. This method of filling vacancies shall be followed until the list of unsuccessful candidates has been exhausted, and if a vacancy occurs and the list of unsuccessful candidates has been exhausted, the CDA Director shall call a special meeting of all the residents of the district where the vacancy has occurred and that body shall meet and elect a neighborhood chairman to fill the vacancy.

(f) Any person filling a Policy Board vacancy shall serve for the duration of the unexpired term of the individual whose seat said person is filling.

(g) Any person filling a Policy Board vacancy may be reappointed or reelected to a subsequent term or terms.

(h) All Policy Board members shall serve without compensation when attending any regular or special Policy Board meeting. However, nothing herein shall prohibit reimbursement for actual expenses incurred or wages lost by any Policy Board member as a direct result of his participation in any other authorized Model Cities function, where such reimbursement is provided for.

Sec. 2-92. Policy Board; Powers and Duties.

(a) The Policy Board shall be an advisory council which shall advise the City Council concerning all Model Cities plans, proposals, and projects.

(b) The Policy Board shall review, consider, and act upon all Model Cities plans, proposals, and projects.

(c) The Policy Board shall create and establish those committees which the Policy Board deems necessary.

(d) The Policy Board shall create and establish all Task Forces.

(e) The Policy Board shall appoint one (1) "youth ad hoc representative" to the Policy Board.

Sec. 2-93. Task Forces; Creation; Powers and Duties.

(a) The Policy Board shall create and establish all Model Cities Task Forces, which shall herein be referred to as "Task Forces."

(1) The Policy Board shall determine and establish: (i) the number of Task Forces; (ii) the number of members on each Task Force; (iii) the method of electing Task Force members; and (iv) the frequency of electing Task Force members.

(2) The Policy Board shall direct the CDA Staff: (i) to incorporate the above required determinations into the Policy Board bylaws and (ii) to file said amended bylaws with the City Clerk of the City of Lansing.

(b) The Task Forces shall prepare specific and detailed proposals for the expenditure of Model Cities funds and shall submit such proposals to the Policy Board for review, consideration, and action.

(1) Such proposals may be conceived, developed, and prepared by the proper Task Force; or

(2) Such proposals may be conceived and/or developed by either the CDA Staff or the Policy Board, and then submitted to the proper Task Force for preparation; or

(3) Such proposals may be conceived and/or developed by or through the City Council, and then submitted to both the Policy Board and the proper Task Force. If this method is followed:

(i) The Task Force shall have sixty (60) days in which to prepare and submit the proposal to the Policy Board; and

(ii) The Policy Board shall have thirty (30) days in which to either approve the proposal; reject the proposal; or refer the proposal back to the Task Force for further preparation.

(iii) If the Task Force prepares and submits the proposals to the Policy Board within said sixty (60) day period and if the Policy Board approves the proposal within said thirty (30) day period, the CDA Staff shall incorporate the proposal into contract form and shall submit said contract to the City Attorney, who shall approve said contract as to proper legal form and shall submit said contract to the City Council for final approval.

(iv) If the Task Force fails to prepare and submit the proposal to the Policy Board within said sixty (60) day period or if the Policy Board either fails to approve the proposal within said thirty (30) day period; rejects the proposal; or refers the proposal back to the Task Force, the City Council may direct the CDA Director to prepare the proposal; to incorporate the proposal into contract form; and to refer said contract to the City Attorney, who shall approve said contract as to proper legal form and shall submit said contract to the City Council for final approval.

(c) The Policy Board: (1) shall review and consider each proposal that is submitted by a Task Force and (2) shall either: (i) approve the proposal; (ii) reject the proposal; or (iii) refer the proposal back to the Task Force.

(d) If the Policy Board approves the pro-

posals, the CDA Staff: (1) shall incorporate the proposal into contract form and (2) shall submit said contract to the City Attorney, who: (3) shall approve said contract as to proper legal form and (4) shall submit said contract to the City Council for final approval.

(e) If the Policy Board either: (1) fails to approve the proposal; (2) rejects the proposal; or (3) refers the proposal back to the Task Force, the City Council may direct the CDA Director to prepare the proposal; to incorporate the proposal into contract form; and to refer said contract to the City Attorney, who shall approve said contract as to proper legal form and shall submit said contract to the City Council for final approval.

Sec. 2-94. Non-expendable Property; Defined.

(a) Non-expendable property is any property which: (1) is acquired pursuant to a Model Cities Contract; (2) will neither be consumed during the existence of the contract nor lose its identity through incorporation into other property; (3) costs one hundred and 00/100 dollars (\$100.00) or more per unit; and (4) is expected to have a useful life of one year or more.

(b) Any grouping of like items which has an aggregate cost of one hundred and 00/100 dollars (\$100.00) or more shall be considered as non-expendable property, even though the cost of a single item is less than one hundred and 00/100 dollars (\$100.00), provided the expected useful life of a single item is one year or more.

Sec. 2-95. Non-expendable Property; Reversion.

(a) When, during the existence of a Model Cities Contract, the operating agency (contractor) releases (voluntarily relinquishes the control over and use of) non-expendable property, such property: (1) shall revert to the City of Lansing; (2) shall be inventoried and recorded by the City Controller's Office in the "C.D.A. Agency (Model City) Record of Non-consumable (Non-expendable) Property"; and (3) shall be placed under the control of the City Purchasing Agent as "surplus stock."

(1) Where non-expendable property will revert to the City of Lansing as a result of the release of such property by the operating agency (contractor) and where the CDA Director intends to transfer such property to another operating agency (contractor), the CDA Director shall send written notification of such intention to the City Purchasing Agent, the City Council, and the Policy Board prior to the release of such property.

(2) If the City Purchasing Agent does not receive such notification prior to the release of the non-expendable property, the disposition of such property shall be pursuant to the City Purchasing Ordinance. If the initial disposition of such property is a sale, any funds received from

such sale shall be deposited in such account as the City Council shall direct.

(3) If the City Purchasing Agent does receive such notification prior to the release of the non-expendable property, the City Purchasing Agent shall retain control over such property for a period of two (2) months.

(i) During this two (2) month period, the non-expendable property shall not be disposed of pursuant to the City Purchasing Ordinance.

(ii) Within this two (2) month period, the Policy Board, through the CDA Director, shall send written notification to the City Purchasing Agent indicating the operating agency (contractor) to whom the non-expendable property should be transferred.

(iii) If the City Purchasing Agent does not receive such notification within this two (2) month period, the disposition of the non-expendable property shall be pursuant to the City Purchasing Ordinance. If the initial disposition of such property is a sale, any funds received from such sale shall be deposited in such account as the City Council shall direct.

(iv) If the City Purchasing Agent does receive such notification from the Policy Board within this two (2) month period and if the City Council, by affirmative resolution, concurs in said recommendation of the Policy Board, the City Purchasing Agent shall transfer the non-expendable property to said operating agency (contractor) and said non-expendable property shall thereafter again be subject to the provisions of this section (Sec. 2-95).

(b) When a Model Cities Contract terminates and the Policy Board does not intend to approve a succeeding contract with the same operating agency (contractor), all non-expendable property which was acquired pursuant to said contract: (1) shall revert to the City of Lansing; (2) shall be inventoried and recorded by the City Controller's office in the "C.D.A. Agency (Model City) Record of Non-consumable (Non-expendable) Property"; and (3) shall be placed under the control of the City Purchasing Agent as "surplus stock."

(1) Where non-expendable property will revert to the City of Lansing as a result of the termination of a contract and where the CDA Director intends to negotiate a succeeding contract with a different operating agency (contractor), the CDA Director shall send written notification of such intention to the City Purchasing Agent, the City Council and the Pol-

icy Board prior to the termination of the contract.

- (2) If the City Purchasing Agent does not receive such notification prior to the termination of the contract, the disposition of such property shall be pursuant to the City Purchasing Ordinance. If the initial disposition of such property is a sale, any funds received from such sale shall be deposited in such account as the City Council shall direct.
- (3) If the City Purchasing Agent does receive such notification prior to the termination of the contract, the City Purchasing Agent shall retain control over such property for a period of two (2) months.
 - (i) During this two (2) month period, the non-expendable property shall not be disposed of pursuant to the City Purchasing Ordinance.
 - (ii) Within this two (2) month period, the Policy Board, through the CDA Director, shall send written notification to the City Purchasing Agent indicating the operating agency (contractor) to whom the non-expendable property should be released.
 - (iii) If the City Purchasing Agent does not receive such notification within this two (2) month period, the disposition of the non-expendable property shall be pursuant to the City Purchasing Ordinance. If the initial disposition of such property is a sale, any funds received from such sale shall be deposited in such account as the City Council shall direct.
 - (iv) If the City Purchasing Agent does receive such notification from the Policy Board within this two (2) month period and if the City Council, by affirmative resolution, concurs in said recommendation of the Policy Board, the City Purchasing Agent shall release the non-expendable property to said operating agency (contractor) and said non-expendable property shall thereafter again be subject to the provisions of this section (Sec. 2-95).
- (c) When a Model Cities Project concludes, all non-expendable property acquired pursuant to the contract or contracts which were written to accomplish said project: (1) shall revert to the City of Lansing; (2) shall be inventoried and recorded by the City Controller's Office in the "C.D.A. Agency (Model City) Record of Non-consumable (Non-expendable) Property"; and (3) shall be placed under the control of the City Purchasing Agent as "surplus stock."
- (1) Where non-expendable property will revert to the City of Lansing as a result of the conclusion of a project and where the CDA Director intends to give the terminating operating agency (contractor) the first opportunity to purchase such non-expendable property, the CDA Director shall send written notification of such intention to the City Purchasing Agent, the City Council, and the Policy Board prior to the conclusion of the project.
- (2) If the City Purchasing Agent does not receive such notification prior to the conclusion of the project, the disposition of such property shall be pursuant to the City Purchasing Ordinance. If the initial disposition of such property is a sale, any funds received from such sale shall be deposited in such account as the City Council shall direct.
- (3) If the City Purchasing Agent does receive such notification prior to the conclusion of the project and if the City Council, by affirmative resolution, concurs in the recommendation of the Policy Board, the terminating operating agency (contractor) shall have thirty (30) days in which to purchase the non-expendable property.
 - (i) The City Purchasing Agent shall negotiate the sale of the non-expendable property; and
 - (ii) The sale shall be a "cash transaction."
- (d) When a Model Cities Contract is about to terminate and: (1) the Policy Board does not intend to approve a succeeding contract with the terminating operating agency (contractor) and (2) the terminating operating agency (contractor) desires to continue using the non-expendable property acquired pursuant to said terminating contract, the terminating operating agency (contractor) shall send written notification of such desire to the City Demonstration Agency prior to the termination of said contract.
- (1) If the CDA does not receive such notification prior to the termination of the contract, all non-expendable property acquired pursuant to said terminating contract: (i) shall revert to the City of Lansing; (ii) shall be inventoried and recorded by the City Controller's Office in the "C.D.A. Agency (Model City) Record of Non-consumable (Non-expendable) Property"; (iii) shall be placed under the control of the City Purchasing Agent as "surplus stock"; and (iv) shall be subject to disposition pursuant to Section 2-95, above.
- (2) If the CDA does receive such notification prior to the termination of the contract, the CDA Director shall send to the City Council written notification of said terminating operating agency's (contractor's) desire to continue using said non-expendable property.

- (3) If the City Council determines that the terminating operating agency (contractor) shall not continue using said non-expendable property, the disposition of such property shall be pursuant to either the City Purchasing Ordinance or Section 2-95(c), above.
- (4) If the City Council determines that the terminating operating agency (contractor) may continue using said non-expendable property, the City of Lansing and the terminating operating agency (contractor) shall enter into a contract which shall provide, *inter alia*: (i) that the City of Lansing shall permit said operating agency (contractor) to continue using said non-expendable property; (ii) that the operating agency (contractor) shall continue performing the services and activities that are set forth in the Scope of Services section of the terminating contract; and (iii) that if, at any time, the operating agency (contractor) ceases to perform said services and activities, said non-expendable property shall revert to the City of Lansing.

Sec. 2-96. Revolving Funds; Reversion.

(a) When, during the existence of a Model Cities Contract, the operating agency (contractor) releases (voluntarily relinquishes the control over and use of) revolving funds, such funds: (1) shall revert to the City of Lansing and (2) shall be deposited to the credit of the Model Cities Grant.

(b) When a Model Cities Contract terminates and the Policy Board does not intend to approve a succeeding contract with the same operating agency (contractor), all revolving funds acquired or accumulated by, under, or pursuant to said contract: (1) shall revert to the City of Lansing and (2) shall be deposited to the credit of the Model Cities Grant.

(c) When a Model Cities Project concludes, all revolving funds acquired or accumulated by, under, or pursuant to the contract or contracts which were written to accomplish said project: (1) shall revert to the City of Lansing and (2) shall be deposited to the credit of the Model Cities Grant.

(d) When a Model Cities Contract is about to terminate and: (1) the Policy Board does not intend to approve a succeeding contract with the terminating operating agency (contractor) and (2) the terminating operating agency (contractor) desires to continue using the revolving funds acquired or accumulated by, under, or pursuant to said terminating contract, the terminating agency (contractor) shall send written notification of such desire to the City Demonstration Agency prior to the termination of said contract.

- (1) If the CDA does not receive such notification prior to the termination of the contract, all revolving funds acquired or accumulated by, under,

or pursuant to said terminating contract: (i) shall revert to the City of Lansing and (ii) shall be deposited to the credit of the Model Cities Grant.

- (2) If the CDA does receive such notification prior to the termination of the contract, the CDA Director shall send to the City Council written notification of said terminating operating agency's (contractor's) desire to continue using said revolving funds.
- (3) If the City Council determines that the terminating operating agency (contractor) shall not continue using said revolving funds, said funds: (i) shall revert to the City of Lansing and (ii) shall be deposited to the credit of the Model Cities Grant.
- (4) If the City Council determines that the terminating operating agency (contractor) may continue using said revolving funds, the City of Lansing and the terminating operating agency (contractor) shall enter into a contract which shall provide, *inter alia*: (i) that the City of Lansing shall permit said operating agency (contractor) to continue using said revolving funds; (ii) that the operating agency (contractor) shall continue performing the services and activities that are set forth in the Scope of Services section of the terminating contract; and (iii) that if, at any time, the operating agency (contractor) ceases to perform said services and activities, said revolving funds shall revert to the City of Lansing.

Sec. 2-97. Real Property; Reversion.

All real property and leasehold interests exceeding one (1) year shall, in all cases, be treated as non-expendable property, subject to the provisions of Section 2-95, above, except that the final disposition of such property and/or interests shall be pursuant to City Council resolution.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

REPORTS OF CITY OFFICERS AND BOARDS

August 7, 1973

August 3, 1973

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Re: Claim of Linda Kay Fulton—Muffler
torn from car when it hit protruding
manhole cover

Gentlemen:

Your City Attorney, to whom was referred the above claim, has made an investigation thereof and, on that basis, recommends that the same be allowed in the amount of \$52.69. It appears that there may have been some negligence on the part of the city.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman May—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of \$52.69 payable to Linda Kay Fulton.

Carried.

Re: People vs. George Tesseris

Gentlemen:

The 54th District Court in Lansing has upheld the procedure used by the Lansing Police Department in issuing its traffic complaints. In an opinion rendered by the Court's presiding judge, Terrance A. Clem, the Court found no violation of the separation of powers doctrine in the fact that a deputy clerk, who is also a police officer, administers the oath to the complaining witness. The Court held that this is merely an administrative function and involves no exercise of discretion on the part of the deputy clerk.

At the request of the Court, this office prepared extensive briefs in this matter. In a similar case, Judge Bell reached the opposite conclusion. Judge Bell's decision reportedly resulted in the voiding of 3,000 traffic tickets.

Respectfully submitted,

PETER HOUK,
City Attorney.

Received and placed on file.

Re: Kostrzewski vs. City of Lansing

Gentlemen:

The plaintiff in the above captioned matter has offered to settle this outstanding Workmen's Compensation case for \$1250.00. Mr. Kostrzewski, formerly a fireman for the City of Lansing, injured his knee while in the employment of the city. Further, a recent examination reveals that this man has a heart murmur. A statutory presumption exists which holds that heart and lung injuries suffered by police officers and firemen are presumed to be as a result of their employment. While this is contrary to the medical evidence adduced by this office, I believe that the two alleged injuries could result in exposure far in excess of this sum. Therefore, I recommend a settlement in this matter for the sum of \$1250.00.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney and said claim be settled as recommended.

Carried.

Subject: B-73-977 Solar Screens

Gentlemen:

One bid for the purchase and installation of 209 Solar Screens on the south elevation of the Lansing City Hall Building was opened at 3:00 P.M., E.D.T. on Tuesday, August 7, 1973.

We recommend acceptance of that bid submitted by the Harold R. Sobie Company of Grand Rapids in the amount of \$23,960.00 plus an additional \$1,650.00 for horizontal sliding units, making the grand total \$25,610.00.

Respectfully submitted,

VAUGHAN L. MCKINCH,
Purchasing Agent,

ROBERT R. BACKUS,
Public Service Director.

Referred to Committee on Buildings and Properties.

REPORT OF COMMITTEE

The Committee on BUILDINGS AND PROPERTIES, to whom was referred the recommendation of the Purchasing Agent and the Director of Public Service that the bid submitted by Harold R. Sobie for the purchase and installation of 209 Solar Screens on the south elevation of the Lansing City Hall Building in the amount of \$23,960.00 plus an additional \$1,650.00 for horizontal sliding units, making the grand total \$25,610.00, reports as follows:

The Committee concurs in the recommendation of the Purchasing Agent and the Director of Public Service.

Subject: B-73-978 Three-Wheel Motor-scooters

Gentlemen:

Three bids for the purchase of four (4) three-wheel motorscooters for the Traffic-Parking Division were opened at 3:00 P.M., EDT on Tuesday, August 7, 1973.

Keller Equipment Co., Inc. \$9,037.12

Lenz Cushman Sales \$9,340.00

Ray Ellis Cushman Sales, Inc. \$9,648.00

We recommend acceptance of the second low bid submitted by the Lenz Cushman Sales of Lansing, Michigan for the purchase of four (4) three wheel Cushman Police Vehicles for a total delivered price of \$9,340.00 less one percent for payment of invoice within ten days. We do not feel the low bidder, Keller Equipment Company of Grand Rapids representing the Westcoaster, would be acceptable for our requirements for the following reasons:

1. The closest service area for parts is Grand Rapids, which would entail long distance calls for repair parts.
2. The unit does not meet our specifications for turning radius; we require a 15 foot circle, the Westcoaster requires a 17.5 foot circle.
3. Since the majority of our three-wheeled vehicles are already Cushman this would fit in with our program of standardization and simplification of service and reduction in the number of parts that our service garage will have to keep on hand.

This is filed in accordance with the City of Lansing Code, Purchasing Ordinance Section 2-32, Paragraph 5, Sub-section A through B-9.

Respectfully submitted,

VAUGHAN L. MCKINCH,
Purchasing Agent,

ALLEN T. HAYES,
Traffic Engineer.

Referred to Committee on Public Safety.

REPORT OF COMMITTEE

The Committee on PUBLIC SAFETY, to whom was referred the recommendation of the Purchasing Agent and the Traffic Engineer that the second low bid submitted by the Lenz Cushman Sales of Lansing for the purchase of four three-wheel Cushman Police Vehicles for a total delivered price of \$9,340.00 less one percent for payment of invoice within ten days, reports as follows:

The Committee concurs in the recommendation of the Purchasing Agent and the Traffic Engineer.

The Honorable Mayor Gerald W. Graves
and Members of the Lansing City Council
Lansing City Hall
Lansing, MI 48933

Dear Sir:

The Lansing Housing Commission requests the Lansing City Council by resolution to allow the amendment of the Annual Contributions Contract, number C-3007, projects Michigan 58-1 through 12, to include the total cost of \$117,500.00 for the purpose of modernizing projects Michigan 58-2, 3, 6, 7, and 10.

Your cooperation in this matter would be most appreciated.

Most cordially yours,

MARCEL B. ELLIOTT,
Executive Director,
Lansing Housing Commission.

Referred to Committee of the Whole.

August 9, 1973

Honorable Mayor Gerald W. Graves and
Members of Lansing City Council
Tenth Floor, City Hall
Lansing, Michigan 48933

Dear Mayor and Council Members:

As you know the Model Cities Policy Board, during the preparation of the Fourth Year Plan, voted to discontinue contracting with the Ministerial Economic Development Corporation of Lansing and consequently discontinuing economic development for Lansing Model Cities program for the Fourth Year. As a result of that decision a number of meetings have been held and a Project Manager specifically assigned to MEDCOL to phase down the Industrial Laundry and the MEDCOL operations.

I have been working closely with the City Attorney and Controller to resolve all legal ramifications and fiscal problems related to the phase down operation. Many meetings have been held with the MEDCOL board of directors in insuring a smooth transition for the Corporation's responsibilities to the city of Lansing in this phase down period. The attached resolutions have been drafted by the City Attorney's office and the budget needed for the phase down developed with the City Controller. It is hoped that the City Council would concur with the resolutions and refer this communication to the Liaison Committee and back to the City Council for action.

The City Attorney, City Controller and I stand ready to provide any additional information requested by the City Council regarding this communication.

Sincerely,

(Mrs.) JACQUELINE WARR,
Director,
City Demonstration Agency.

Referred to Committee of the Whole.

To the Honorable Mayor and

Members of the City Council

Honorable Members:

REPORT OF TRUCK ROUTE COMMITTEE

The Truck Route Committee which was appointed by the Mayor at the request of Councilman Belen, met at 11:00 A.M., Tuesday, August 7, 1973, in the Traffic Department office.

After considerable discussion of past and present experience with Truck Routes it was decided that the present Official Truck Routes (the State Trunklines within the City) and the Truck Ordinance that have been in existence since November of 1959, ARTICLE XII, Sec. 31-155, 156, 157 & 158 Traffic Code, City of Lansing, which includes provisions for trucks whose origin and destination is off the Official Truck Routes, were adequate and reasonable.

However, to further supplement the effectiveness of off the Official Truck Route use of routes, the Committee suggests the following items for City Council's consideration:

1. When the City puts a project out for bid that involves a considerable amount of trucking to and from the project that each bidder indicate in the bid the route or routes that will be used.

That the Director of Public Service, the Traffic Engineer and the Police Traffic Commander review the proposed route or routes. Upon their determination of a route or routes that seem logi-

cal they will give this information to the Committee on Public Service & Highways for approval prior to notifying the contractor to proceed with the work.

This would apply to demolition, major sewer work, road building, excavating, etc., contracts.

2. That the present practice of handling of complaints be continued as follows thru the Traffic Department:

- a. If complainant names specific trucking companies whose trucks are using a certain street the complaint will be evaluated as to reason or necessity to determine if complaint is justified. If justified trucking company officials will be contacted to determine why their trucks are using certain streets and, if possible, work out other routes if practicable.

- b. If complainant does not know the name or names of trucks complained about he or she will be asked to try to determine thru observation the company names on the trucks and report same to the Traffic Department after which the same contact procedure will be followed as in (a) above.

- c. If, after contact and discussion has been carried out and the complaints continue, then the Police Department will be contacted with a request that they take whatever action is necessary to eliminate the problem.

3. The Truck Route Committee will be available to work out truck route problems with trucking companies. A map will be prepared showing Official Truck Routes along with "Frost Free Streets" which, when combined, will cover most routes to and from industries, businesses, and truck terminals throughout the City. These maps will be sent to all trucking companies, contractors, etc. The provisions of ARTICLE XII, Sec. 31-155, 156, 157 & 158, Traffic Code, City of Lansing, will be printed on the back of the map.

Respectfully submitted,

TRUCK ROUTE
COMMITTEE,
Peter Houk,
City Attorney,

Robert R. Backus,
Director of Public Service,

Allen T. Hayes,
Traffic Engineer,

Thomas W. O'Toole,
Chief, Police Traffic Division.

Referred to Mayor's Office.

Letter (a)

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Traffic Board discussed very thoroughly the petitioned request for a 4-Way stop at the intersection of Cavanaugh and Stabler. The Board was informed by staff that changes had been made by adding additional signs on Stabler to alert vehicle operators approaching Cavanaugh that they are required to stop.

The use of 4-way stops is not advocated

and there are none in the City. The Manual on Uniform Traffic Control Devices has warrants for "Multiway Stop" installations none of which would be met at this intersection.

The Board is of the opinion that the additional signing at this intersection will be effective.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Received and placed on file.

August 9, 1973

Letter (b)

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Traffic Board recommends for City Council's consideration that YIELD signs be erected at the following intersections:

ON AVERILL AT SANDHURST

ON PARKDALE AT SHUBEL

And, that the YIELD signs on SOUTH-GATE AT KENDON be changed to STOP signs.

REASONS: Averill & Sandhurst a pattern of right angle collisions developing.

Parkdale & Shubel petitioned requests by residents in the area providing for continuity of control in area.

Southgate & Kendon too many right angle collisions with yield signs and number of collisions indicating a need for more positive control as provided by Stop signs.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Referred to Committee on Public Safety.

REPORT OF COMMITTEE

The Committee on PUBLIC SAFETY, to whom was referred the recommendation of the Traffic Board that YIELD Signs be erected at the following intersections:

ON AVERILL AT SANDHURST

ON PARKDALE AT SHUBEL

And, that the YIELD signs on SOUTH-GATE AT KENDON be changed to STOP signs, reports as follows:

The Committee concurs in the recommendation of the Traffic Board.

Lansing, Michigan 48933

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached is a copy of a Brief from the United States Department of Justice which opposes an apparent request of Gross Telecasting, Inc., for a Waiver of Section 76.501, CATV Rules and Regulations of the Federal Communications Commission. The rule in question prohibits cross-ownership of co-located television broadcasting stations and cable television systems. My office has not received a copy of the Request for Waiver of Section 76.501, as apparently was submitted by Gross Telecasting, Inc.—if one has been received by the City Council, I

would request a copy so that our CATV File may be completed.

Respectfully,

By Committees on Planning and Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Whereas, a request by Lansing Community College has been submitted to the City Council of the City of Lansing to close a portion of Washington Avenue, more particularly described as:

"That portion of Washington Avenue lying between the north right of way of Shiawassee Street and the south right of way of Saginaw Street;"

and

Whereas, said request from Lansing Community College also desired the vacation of certain streets and portions of streets, more particularly described as:

"That portion of Lapeer Street lying between the west right of way of Grand Avenue and the east right of way of Washington Avenue; and those portions of Genesee and Lapeer Streets lying between the east right of way of Capitol Avenue and the west right of way of Washington Avenue;"

and

Whereas, these requests were referred to the Traffic Board, the Planning Board and the Public Service Board who have reviewed the request and recommended approval thereof subject to the construction of a service road parallel to Saginaw Street between Grand Avenue and Washington Avenue connecting with the existing service road lying between Washington Avenue and Capitol Avenue parallel to Saginaw Street; and

Whereas, the Planning Committee and the Public Service and Highways Committee of City Council to whom was referred the report of the Traffic Board, Planning Board and Public Service Board and did concur therein, now, therefore, be it

Resolved, by the City Council of the City of Lansing, that the City Clerk of the City of Lansing, within 30 days hereafter, shall forward a certified copy of this resolution to the State Treasurer's Office of the State of Michigan and a certified copy to the Register of Deeds of Ingham County for recording and, upon receipt of proof of recording by the City Clerk, that the above described portion of Washington Avenue be closed and the above portions of Lapeer and Genesee Streets be vacated, subject further, however, to the construction of the proposed and recommended service road parallel to Saginaw Street and between Grand Avenue and Washington Avenue and the dedicating thereof to the City of Lansing; in the event that said service road is not constructed and deeded to the City of Lan-

sing, all rights and title to property herein granted by application of law shall terminate and shall immediately cease and be of no effect, and title therein shall revert to the City of Lansing; subject further, however, to the rights of easements in all vacated lands for the following purposes:

1. The right and privilege in the Board of Water and Light, its successors or assigns to lay, construct, maintain, operate, alter or repair pipes and pole lines for the transmission of steam heat, water and electricity, and to carry telephone lines and other public and quasi public utilities and to use and occupy such lands above described as far as the same may be necessary.
2. The right of utilities, either public or private to construct gas mains, beneath the surface of said land or any part thereof.
3. The right to lay out, extend, repair, alter or enlarge sewers in, over, across or beneath the surface of said land.
4. The right to construct communication lines either in, over or below the surface of said land.
5. The right to locate and repair telephone poles above the surface, to carry telephone lines thereon or to locate and repair telephone cables and lines beneath the surface of said line.
6. To trim or remove trees which at any time interfere or thereafter interfere with the operation or maintenance of such pipes, pole lines, gas mains, sewer or communication lines.
7. For any or all said purposes the right of ingress and egress in the employees of the Board of Water and Light and the City of Lansing, the employees of utilities, either public or private, to use the land vacated or so much as may be necessary for the uses herein contemplated.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Authorizing execution of (1) assurance with respect to compliance with relocation requirements of Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and (2) assurance with real property acquisition requirements of Title III of said act in connection with the Department of Housing and Urban Development Grant ME21-006:

Whereas, the City of Lansing (herein called "Local Authority") proposes to enter and/or has entered into contracts or agreements with the United States of America (herein called the "Federal Government")

for the purpose of the Demonstration Cities Development Act of 1966, grant number ME 21-006, which may result, among other things, in the displacement of individuals, partnerships, corporations, or association and/or real property acquisition; and

Whereas, the Local Authority and the Federal Government desire to assure compliance with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970; Public Law 91-646, (herein called the "Act"):

Now, therefore, be it resolved by the Local Authority as follows:

The Local Authority is hereby authorized to execute and deliver to the Federal Government (1) An Assurance With Respect to Compliance With Relocation Requirements of Title II of the Act which shall be in substantially the form as attached hereto, and (2) An Assurance With Respect to Compliance With Real Property Acquisition Requirement of Title III of the Act, which shall be in substantially the form as attached hereto.

The Mayor of the Local Authority is hereby authorized and directed to execute each of said documents, in quadruplicate, and the City Clerk is authorized and directed to attest and impress the official Seal of the Local Authority on each counterpart of said documents. When executed and delivered to the Federal Government, said documents shall be binding upon the Local Authority in all respects.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing, that Curt Hanes, Bicentennial Coordinator, be designated Special Coordinator for the dedication of the Washington Square Mall September 20, 21 and 22; and

Be it further resolved that City Departments are directed to cooperate and provide whatever services are required to implement this three day special event.

Adopted by the following vote:

Unanimously.

By Committee on Personnel—

Resolved by the City Council of the City of Lansing:

Whereas, the Sixth District Women's Political Caucus has demonstrated their concern and interest in exploring with the City, possible methods and means whereby the involvement of women in all phases of City government may be enhanced and expanded, and

Whereas, at the direction of the Commit-

tee on Personnel, the City Personnel and Human Relations Directors, have submitted joint recommendations suggesting practical ways and means for study and analysis leading to such enhancement,

Now, Therefore Be It Resolved—an ad hoc, advisory committee on the status of women in City government shall be established effective seven days subsequent to the date of the adoption of this resolution, and

Be It Further Resolved, the membership of such ad hoc, advisory committee shall be as follows:

I—Two representatives of, and selected by, the Sixth District Womens Political Caucus.

II—One Councilman.

III—The Directors of the Public Service; Parks and Recreation; Human Relations; and Personnel Departments.

IV—The Chief of Police.

V—A representative of the Executive Office.

For Committee organizational purposes, the Councilman member shall serve as temporary chairperson of the Committee.

The Committee shall prescribe its own Rules of Procedure, shall meet at reasonable times and intervals, and shall report its recommendations to the City Council Committee on Personnel and the Executive Office upon the conclusion of its studies.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

ZONING

By Councilman Ferguson—

Whereas, by petition duly filed on the 12th day of June, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "F" Commercial District all as set forth in the Zoning Code of this City, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 6th day of August, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-34-73—2901-2905 North East Street,
621 Chilson St. and adjacent parking lot,

more particularly described as:

Lots 1, 2, and 3 of the Supervisor's Plat of Dillenberg's Subdivision, City of Lansing, Ingham County, Michigan,

from "A" one family residential district to "F" commercial district.

Whereas, pursuant to Act 207, P.A. 1921, as amended, the Planning Board advised City Council to deny the petition as filed and, further that the property be rezoned as follows:

—the east 92 ft. of Lot 1, 2, and 3, Supervisor's Plat of Dillenberg's Subdivision from "A-1" family residential district to "F" commercial and the balance of the property be rezoned from "A-1" family residential district to "J" parking district.

Subject to the following condition:

—that screening be provided along the west and north property lines and to consist of one of the following:

1) A 5 ft. high chain link fence with interwoven redwood slats.

2) A 3 ft. high chain link fence with dense evergreen plantings of a mature height of 5 ft. to 5 ft. 6 in. in height.

3) Any other type of screening that may be suggested by the applicant, with the approval of the Planning Board. Fencing and screening shall comply to the fence ordinance.

Whereas, the Planning Committee of City Council, to whom the report of the Planning Board was referred, and did concur therewith,

Now, therefore, be it resolved that the Council of the City of Lansing, ordains that the petition to rezone the above described property from "A" one family residential district to "F" commercial district be denied as filed and that the property be rezoned as follows:

—the east 92 ft. of Lot 1, 2, and 3, Supervisor's Plat of Dillenberg's Subdivision from "A-1" family residential district to "F" commercial and the balance of the property be rezoned from "A-1" family residential district to "J" parking district.

Subject to the following condition:

—that screening be provided along the west and north property lines and to consist of one of the following:

1) A 5 ft. high chain link fence with interwoven redwood slats.

2) A 3 ft. high chain link fence with dense evergreen planting of a mature height of 5 ft. to 5 ft. 6 in. in height.

3) Any other type of screening that may be suggested by the applicant, with approval of the Planning Board. Fencing and screening shall comply to the fence ordinance.

After extensive litigation we have received an adverse decision from Circuit Court for Ingham County in the above captioned matter. We have begun review of the opinion of the Court for purposes of appeal. This office feels that there are substantial reasons to believe a higher court review of this decision would be in the best interests of the City. We ask for permission to appeal this decision.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman May—

That we concur in the recommendation of the City Attorney.

Re: Reduction of security deposit — Glen Eden Estates Subdivision

Gentlemen:

As required by Section 37-35(1) of Chapter 37 of the Code of Ordinances of the City of Lansing, Michigan, I request permission to release American Bank and Trust Time Certificate No. 062909 in the amount of \$38,250.00 payable to B.I.L.D. Corporation and the City of Lansing posted as security deposit for improvements at Glen Eden Estates Subdivision.

A copy of the recommendation by the City Engineer for the release is attached for your review.

We still hold American Bank and Trust Time Certificate No. 062868 in the amount of \$100,000.00 for the completion of improvements at Glen Eden Estates Subdivision.

Respectfully yours,

A. LARRY LEDESMA,
Assistant Controller.

Referred to Committee on Finance.

Honorable Mayor and

Members of City Council

City of Lansing

Gentlemen:

As a result of the concerns expressed by a citizen at the Council Meeting of July 30, 1973, I have inspected the pool and have been in contact with the Ingham County Health Department concerning the facilities and operation of Hunter Pool. As a result of this contact and inspections, it has been determined that of eight items which were allegedly in violation of Departmental rules and procedures, only one item—the painting of depth markings on the pool deck—is actually a Health Department violation. Interestingly, this condition was not mentioned by the Health Department on two prior inspections this year.

Nevertheless, action has been taken to improve the equipment and facilities to which the complaints were directed and regular testing of the pool water continues as it has in the past.

It is to be hoped that citizens with questions concerning adequacy of services or facilities provided by this department will initially contact my office in order that any problems which arise might be taken care of in the most expeditious and efficient manner.

Please contact me if you have questions as to further details.

Respectfully submitted,

THEODORE J. HASKELL,
Director of Parks &
Recreation.

Honorable Mayor and

Members of City Council

9th Floor, City Hall

Lansing, Michigan

Gentlemen:

The Planning Board will be holding a Public Hearing on August 14, 1973, for the rezoning of property located in the blocks bounded by West Main Street, Logan Street, Williams Street and Birch Street, and the block bounded by Williams Street, Birch Street, Olds Avenue and Max Avenue.

This request, by General Motors, is for "I" Heavy Industrial Zoning and will allow the expansion of the Oldsmobile Division Corporation.

This request excludes several small parcels within the above described blocks that should be considered so as to provide for more complete zoning and development district.

The attached petition includes the properties which are excluded from the General Motors application. With your concurrence on this petition, the Planning Department will take the entire rezoning requests to the Planning Board for Public Hearing and consideration at their meeting of August 14, 1973.

Sincerely,

ALAN E. TUBBS,
Director,
City of Lansing.

August 2, 1973

The Honorable Mayor and

Members of City Council

Gentlemen:

Subject: The Redevelopment Board requests City Council Establish a Time Schedule for Relocation of the Public Service Garage and a Decision on the Plans for the City Market.

At the Redevelopment Board Meeting held on Tuesday, July 31, 1973, the progress of Urban Renewal Project No. 2 was discussed with regard to activities on the properties (acquisition, court condemnation action and relocation of existing occupants).

Relocation time schedules have been established for the majority of the businesses within Project No. 2; however, there are two properties, owned by the City, that do not have time schedules established. These two properties are: The Public Service Garage (Parcel 66-1) and the City Market (Parcel 245-1).

Therefore, the Redevelopment Board respectfully requests that City Council establish the time schedules for the relocation of these two City-owned properties in the near future. The delay in establishing time schedules for relocation of these two City-owned properties is resulting in a condition which is affecting the relationship between the businesses and the Board. This is due to the business owners feeling that it is unfair and inconsistent for the businesses to formulate their relocation plans and time schedules, while at the same time, relocation time schedules for the two City-owned properties remain unresolved.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,
Irving R. Shaw,
Chairman,

Richard L. Zimmerman,

TO: Mayor Graves and Members of the City Council

FROM: Curt Hanes, Bicentennial Coordinator

SUBJECT: Bicentennial Activities

The Michigan Place office is sending out invitations to more than 400 community organizations and groups in the Greater Lansing area to join the Bicentennial planning effort by originating and developing activities, programs and projects for the 1976 celebration.

The first mailing of 265 such invitations was sent to art groups, dance groups, garden clubs, hobby groups, music groups, sports clubs, political organizations and legislative action groups, social service agencies and church organizations.

Under the plan, organizations and groups that elect to participate in the Bicentennial by originating, financing and staging their own activity, program or project will have their own representative on the Michigan Place Committee's activities committee.

We are proceeding, in concert with the mayor's office, to reorganize the Michigan Place Committee along the lines outlined to the Mayor and City Council two weeks ago.

The reorganization plan and implementing resolution should be ready for Council consideration shortly following the primary election.

The promotion subcommittee is preparing a Bicentennial brochure for general distribution and working on the public service promotional campaign under the City Council's July 3 directive.

Sincerely,

CURT HANES,
Bicentennial Coordinator.

July 31, 1973

Mr. Peter Houk

City Attorney

Lansing, Michigan

Dear Pete:

I am greatly concerned with the language of Lansing City Ordinance No. 324 (Disorderly persons). This ordinance uses the words, "tending to hinder" in paragraph "a." I am worried that this wording may be far too broad for the purposes of the ordinance. The interpretation of these words could lead to the arrest of peaceful union pickets or orderly persons involved in legal demonstrations.

It is my understanding that a law enforcement officer would have a little question as to the conditions necessary to constitute actual obstruction or the impediment of flow, but I fear that the words "tending to hinder" escape a usable definition. I would also like to be assured that the words "impeding, interrupt, and hinder" cannot be construed to mean less than an obvious action. If this be so, I wish your counsel as to the advisability of inserting an extra paragraph defining these words.

Above all, I would suggest a re-examination of the wording of this ordinance so that it may neither conflict with individual freedom, nor be construed to be a vehicle for purposes contrary to the intent of the Lansing City Council.

Sincerely yours,

JOEL I. FERGUSON,
Councilman-at-Large.

Referred to Committee of the Whole.

RESOLUTIONS

By Committee on Public Service and Highways—

Resolved, that the Purchasing Director be and he is hereby directed to advertise, as provided by law, for sealed proposals for Construction Sidewalk Repair — Lansing—

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has received a grant from the federal government to establish the position of Legal Advisor to the Lansing Police Department; and

Whereas, an acceptable individual has been selected to provide said services on a contractual basis; now, therefore, be it

Resolved, by the Council of the City of Lansing that the contract, between Thomas A. Hendrickson and the City of Lansing to provide contractual services as a Legal Advisor to the Lansing Police Department under the terms and conditions specified in the grant as approved by the federal government, is approved and the Mayor and City Clerk are hereby directed to sign said agreement on behalf of the City of Lansing.

Adopted by the following vote:

Unanimously.

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

Whereas, pursuant to the Urban Renewal Plan and the Development Plan heretofore adopted by City Council, proposals for redevelopment have been solicited by the City of Lansing on an open competitive basis, and

Whereas, two proposals were received on November 1, 1972, to purchase and redevelop Parcel 15, Project No. 1, Mich. R-87, more commonly known as the 100 Block of Washington Square, with the construction of retail, office, and hotel uses, and

Whereas, the two proposals have been reviewed and evaluated by the Urban Redevelopment Board, its staff and consultants, and

Whereas, the Urban Redevelopment Board at its meeting of February 27, 1973, did recommend to the Lansing City Council, in a letter dated February 28, 1973, that

the proposal submitted by Spira-Mart of Lansing be accepted, and

Whereas, the Lansing City Council at its meeting of March 26, 1973, did adopt a resolution which concurred in the recommendation of the Urban Redevelopment Board and accepted the proposal submitted by Spira-Mart, Incorporated, and also authorized and directed the Redevelopment Director to negotiate the terms and conditions of a Contract for Sale of Land for Private Redevelopment with Spira-Mart, Incorporated, and

Whereas, subject to a Public Hearing, the Lansing City Council will consider a resolution authorizing and directing the Mayor and City Clerk to sign a Contract for Sale of Land for private Redevelopment by and between the City of Lansing and Spira-Mart, Incorporated, and

Whereas, Spira-Mart, Incorporated, has found it in the best interests of the development to modify its financial structure by establishing a Michigan Limited Partnership as the legal entity to develop the retail, office, and hotel uses proposed, and

Whereas, the Limited Partnership, known as Spira Mart of Lansing, has been established and the names of all general and Limited Partners have been properly disclosed to the City of Lansing, and these partners have contributed a total of \$710,000.00 as equity and venture capital, and

Whereas, Spira-Mart, Incorporated, has requested approval to assign its interest in this development and the Contract for Sale of Land for Private Redevelopment by and between the City of Lansing and Spira-Mart, Incorporated, to Spira Mart of Lansing, a Michigan Limited Partnership,

Now, Therefore, Be It Resolved, by the City Council of the City of Lansing that a Public Hearing be held September 10, 1973, at 7:30 p.m., in the Council Chambers, 10th Floor, City Hall, on this sale of land in Urban Renewal Project No. 1, Mich. R-87, and that notice of Public Hearing be properly published and that said notice of Public Hearing shall contain sufficient reference to the interest of Spira-Mart, Incorporated and its proposed assignment to Spira Mart of Lansing, a Michigan Limited Partnership, and

Be It Further Resolved, by the City Council of the City of Lansing that, subject to favorable evaluation by the Urban Redevelopment Board that Spira Mart of Lansing, a Michigan Limited Partnership, has the financial and technical capabilities to perform said Contract for Sale of Land for Private Redevelopment, it is the intent of the City Council to approve the proposed assignment of the Contract for Sale of Land for Private Redevelopment from Spira-Mart, Incorporated, to Spira Mart of Lansing, a Michigan Limited Partnership, on September 17, 1973.

Adopted by the following vote:

Unanimously.

REPORTS OF CITY OFFICERS AND BOARDS

August 3, 1973

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Re: Claim of Linda Kay Fulton—Muffler
torn from car when it hit protruding
manhole cover

Gentlemen:

Your City Attorney, to whom was referred the above claim, has made an investigation thereof and, on that basis, recommends that the same be allowed in the amount of \$52.69. It appears that there may have been some negligence on the part of the city.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman May—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of \$52.69 payable to Linda Kay Fulton.

Carried.

Re: People vs. George Tesseris

Gentlemen:

The 54th District Court in Lansing has upheld the procedure used by the Lansing Police Department in issuing its traffic complaints. In an opinion rendered by the Court's presiding judge, Terrance A. Clem, the Court found no violation of the separation of powers doctrine in the fact that a deputy clerk, who is also a police officer, administers the oath to the complaining witness. The Court held that this is merely an administrative function and involves no exercise of discretion on the part of the deputy clerk.

At the request of the Court, this office prepared extensive briefs in this matter. In a similar case, Judge Bell reached the opposite conclusion. Judge Bell's decision reportedly resulted in the voiding of 3,000 traffic tickets.

Respectfully submitted,

PETER HOUK,
City Attorney.

Re: Kostrzewski vs. City of Lansing

Gentlemen:

The plaintiff in the above captioned matter has offered to settle this outstanding Workmen's Compensation case for \$1250.00. Mr. Kostrzewski, formerly a fireman for the City of Lansing, injured his knee while in the employment of the city. Further, a recent examination reveals that this man has a heart murmur. A statutory presumption exists which holds that heart and lung injuries suffered by police officers and firemen are presumed to be as a result of their employment. While this is contrary to the medical evidence adduced by this office, I believe that the two alleged injuries could result in exposure far in excess of this sum. Therefore, I recommend a settlement in this matter for the sum of \$1250.00.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney and said claim be settled as recommended.

Subject: B-73-978 Three-Wheel Motor-scooters

Gentlemen:

Three bids for the purchase of four (4) three-wheel motorscooters for the Traffic-Parking Division were opened at 3:00 P.M., EDT on Tuesday, August 7, 1973.

Keller Equipment Co., Inc. \$9,037.12

Lenz Cushman Sales \$9,340.00

Ray Ellis Cushman Sales, Inc. \$9,648.00

We recommend acceptance of the second low bid submitted by the Lenz Cushman Sales of Lansing, Michigan for the purchase of four (4) three wheel Cushman Police Vehicles for a total delivered price of \$9,340.00 less one percent for payment of invoice within ten days. We do not feel the low bidder, Keller Equipment Company of Grand Rapids representing the Westcoaster, would be acceptable for our requirements for the following reasons:

1. The closest service area for parts is Grand Rapids, which would entail long distance calls for repair parts.
2. The unit does not meet our specifications for turning radius; we require a 15 foot circle, the Westcoaster requires a 17.5 foot circle.
3. Since the majority of our three-wheeled vehicles are already Cushman this would fit in with our program of standardization and simplification of service and reduction in the number of parts that our service garage will have to keep on hand.

This is filed in accordance with the City of Lansing Code, Purchasing Ordinance Section 2-32, Paragraph 5, Sub-section A through B-9.

Respectfully submitted,

VAUGHAN L. MCKINCH,
Purchasing Agent,

ALLEN T. HAYES,
Traffic Engineer.

Referred to Committee on Public Safety.

REPORT OF COMMITTEE

The Committee on PUBLIC SAFETY, to whom was referred the recommendation of the Purchasing Agent and the Traffic Engineer that the second low bid submitted by the Lenz Cushman Sales of Lansing for the purchase of four three-wheel Cushman Police Vehicles for a total delivered price of \$9,340.00 less one percent for payment of invoice within ten days, reports as follows:

Referred to Committee of the Whole.

August 9, 1973

Honorable Mayor Gerald W. Graves and
Members of Lansing City Council
Tenth Floor, City Hall
Lansing, Michigan 48933

Dear Mayor and Council Members:

As you know the Model Cities Policy Board, during the preparation of the Fourth Year Plan, voted to discontinue contracting with the Ministerial Economic Development Corporation of Lansing and consequently discontinuing economic development for Lansing Model Cities program for the Fourth Year. As a result of that decision a number of meetings have been held and a Project Manager specifically assigned to MEDCOL to phase down the Industrial Laundry and the MEDCOL operations.

I have been working closely with the City Attorney and Controller to resolve all legal ramifications and fiscal problems related to the phase down operation. Many meetings have been held with the MEDCOL board of directors in insuring a smooth transition for the Corporation's responsibilities to the city of Lansing in this phase down period. The attached resolutions have been drafted by the City Attorney's office and the budget needed for the phase down developed with the City Controller. It is hoped that the City Council would concur with the resolutions and refer this communication to the Liaison Committee and back to the City Council for action.

The City Attorney, City Controller and I stand ready to provide any additional information requested by the City Council regarding this communication.

Sincerely,

(Mrs.) JACQUELINE WARR,
Director,
City Demonstration Agency.

Referred to Committee of the Whole.

To the Honorable Mayor and
Members of the City Council

Honorable Members:

REPORT OF TRUCK ROUTE COMMITTEE

The Truck Route Committee which was appointed by the Mayor at the request of Councilman Belen, met at 11:00 A.M., Tuesday, August 7, 1973, in the Traffic Department office.

After considerable discussion of past and present experience with Truck Routes it was decided that the present Official Truck Routes (the State Trunklines within the City) and the Truck Ordinance that have been in existence since November of 1959, ARTICLE XII, Sec. 31-155, 156, 157 & 158 Traffic Code, City of Lansing, which includes provisions for trucks whose origin and destination is off the Official Truck Routes, were adequate and reasonable.

However, to further supplement the effectiveness of off the Official Truck Route use of routes, the Committee suggests the following items for City Council's consideration:

1. When the City puts a project out for bid that involves a considerable amount of trucking to and from the project that each bidder indicate in the bid the route or routes that will be used.

That the Director of Public Service, the Traffic Engineer and the Police Traffic Commander review the proposed route or routes. Upon their determination of a route or routes that seem logi-

cal they will give this information to the Committee on Public Service & Highways for approval prior to notifying the contractor to proceed with the work.

This would apply to demolition, major sewer work, road building, excavating, etc., contracts.

2. That the present practice of handling of complaints be continued as follows thru the Traffic Department:

- a. If complainant names specific trucking companies whose trucks are using a certain street the complaint will be evaluated as to reason or necessity to determine if complaint is justified. If justified trucking company officials will be contacted to determine why their trucks are using certain streets and, if possible, work out other routes if practicable.

- b. If complainant does not know the name or names of trucks complained about he or she will be asked to try to determine thru observation the company names on the trucks and report same to the Traffic Department after which the same contact procedure will be followed as in (a) above.

- c. If, after contact and discussion has been carried out and the complaints continue, then the Police Department will be contacted with a request that they take whatever action is necessary to eliminate the problem.

3. The Truck Route Committee will be available to work out truck route problems with trucking companies. A map will be prepared showing Official Truck Routes along with "Frost Free Streets" which, when combined, will cover most routes to and from industries, businesses, and truck terminals throughout the City. These maps will be sent to all trucking companies, contractors, etc. The provisions of ARTICLE XII, Sec. 31-155, 156, 157 & 158, Traffic Code, City of Lansing, will be printed on the back of the map.

Respectfully submitted,

TRUCK ROUTE
COMMITTEE,
Peter Houk,
City Attorney,

Robert R. Backus,
Director of Public Service,

Allen T. Hayes,
Traffic Engineer,

Thomas W. O'Toole,
Chief, Police Traffic Division.

Referred to Mayor's Office.

Letter (a)

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Traffic Board discussed very thoroughly the petitioned request for a 4-Way stop at the intersection of Cavanaugh and Stabler. The Board was informed by staff that changes had been made by adding additional signs on Stabler to alert vehicle operators approaching Cavanaugh that they are required to stop.

The use of 4-way stops is not advocated

and there are none in the City. The Manual on Uniform Traffic Control Devices has warrants for "Multiway Stop" installations none of which would be met at this intersection.

The Board is of the opinion that the additional signing at this intersection will be effective.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Received and placed on file.

August 9, 1973

Letter (b)

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Traffic Board recommends for City Council's consideration that YIELD signs be erected at the following intersections:

ON AVERILL AT SANDHURST

ON PARKDALE AT SHUBEL

And, that the YIELD signs on SOUTHGATE AT KENDON be changed to STOP signs.

REASONS: Averill & Sandhurst a pattern of right angle collisions developing.

Parkdale & Shubel petitioned requests by residents in the area providing for continuity of control in area.

Southgate & Kendon too many right angle collisions with yield signs and number of collisions indicating a need for more positive control as provided by Stop signs.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Referred to Committee on Public Safety.

REPORT OF COMMITTEE

The Committee on PUBLIC SAFETY, to whom was referred the recommendation of the Traffic Board that YIELD Signs be erected at the following intersections:

ON AVERILL AT SANDHURST

ON PARKDALE AT SHUBEL

And, that the YIELD signs on SOUTHGATE AT KENDON be changed to STOP signs, reports as follows:

The Committee concurs in the recommendation of the Traffic Board.

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached is a copy of a Brief from the United States Department of Justice which opposes an apparent request of Gross Telecasting, Inc., for a Waiver of Section 76.501, CATV Rules and Regulations of the Federal Communications Commission. The rule in question prohibits cross-ownership of co-located television broadcasting stations and cable television systems. My office has not received a copy of the Request for Waiver of Section 76.501, as apparently was submitted by Gross Telecasting, Inc.—if one has been received by the City Council, I

would request a copy so that our CATV File may be completed.

Respectfully,

By Committees on Planning and Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Whereas, a request by Lansing Community College has been submitted to the City Council of the City of Lansing to close a portion of Washington Avenue, more particularly described as:

"That portion of Washington Avenue lying between the north right of way of Shiawassee Street and the south right of way of Saginaw Street;"

and

Whereas, said request from Lansing Community College also desired the vacation of certain streets and portions of streets, more particularly described as:

"That portion of Lapeer Street lying between the west right of way of Grand Avenue and the east right of way of Washington Avenue; and those portions of Genesee and Lapeer Streets lying between the east right of way of Capitol Avenue and the west right of way of Washington Avenue;"

and

Whereas, these requests were referred to the Traffic Board, the Planning Board and the Public Service Board who have reviewed the request and recommended approval thereof subject to the construction of a service road parallel to Saginaw Street between Grand Avenue and Washington Avenue connecting with the existing service road lying between Washington Avenue and Capitol Avenue parallel to Saginaw Street; and

Whereas, the Planning Committee and the Public Service and Highways Committee of City Council to whom was referred the report of the Traffic Board, Planning Board and Public Service Board and did concur therein, now, therefore, be it

Resolved, by the City Council of the City of Lansing, that the City Clerk of the City of Lansing, within 30 days hereafter, shall forward a certified copy of this resolution to the State Treasurer's Office of the State of Michigan and a certified copy to the Register of Deeds of Ingham County for recording and, upon receipt of proof of recording by the City Clerk, that the above described portion of Washington Avenue be closed and the above portions of Lapeer and Genesee Streets be vacated, subject further, however, to the construction of the proposed and recommended service road parallel to Saginaw Street and between Grand Avenue and Washington Avenue and the deeding thereof to the City of Lansing; in the event that said service road is not constructed and deeded to the City of Lan-

sing, all rights and title to property herein granted by application of law shall terminate and shall immediately cease and be of no effect, and title therein shall revert to the City of Lansing; subject further, however, to the rights of easements in all vacated lands for the following purposes:

1. The right and privilege in the Board of Water and Light, its successors or assigns to lay, construct, maintain, operate, alter or repair pipes and pole lines for the transmission of steam heat, water and electricity, and to carry telephone lines and other public and quasi public utilities and to use and occupy such lands above described as far as the same may be necessary.
2. The right of utilities, either public or private to construct gas mains, beneath the surface of said land or any part thereof.
3. The right to lay out, extend, repair, alter or enlarge sewers in, over, across or beneath the surface of said land.
4. The right to construct communication lines either in, over or below the surface of said land.
5. The right to locate and repair telephone poles above the surface, to carry telephone lines thereon or to locate and repair telephone cables and lines beneath the surface of said line.
6. To trim or remove trees which at any time interfere or thereafter interfere with the operation or maintenance of such pipes, pole lines, gas mains, sewer or communication lines.
7. For any or all said purposes the right of ingress and egress in the employees of the Board of Water and Light and the City of Lansing, the employees of utilities, either public or private, to use the land vacated or so much as may be necessary for the uses herein contemplated.

ZONING

By Councilman Ferguson—

Whereas, by petition duly filed on the 12th day of June, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "F" Commercial District all as set forth in the Zoning Code of this City, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 6th day of August, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-34-73—2901-2905 North East Street,
621 Chilson St. and adjacent parking lot,

more particularly described as:

Lots 1, 2, and 3 of the Supervisor's Plat of Dillenbeck's Subdivision, City of Lansing, Ingham County, Michigan,

from "A" one family residential district to "F" commercial district.

Whereas, pursuant to Act 207, P.A. 1921, as amended, the Planning Board advised City Council to deny the petition as filed and; further that the property be rezoned as follows:

—the east 92 ft. of Lot 1, 2, and 3, Supervisor's Plat of Dillenbeck's Subdivision from "A-1" family residential district to "F" commercial and the balance of the property be rezoned from "A-1" family residential district to "J" parking district.

Subject to the following condition:

—that screening be provided along the west and north property lines and to consist of one of the following:

- 1) A 5 ft. high chain link fence with interwoven redwood slats.

- 2) A 3 ft. high chain link fence with dense evergreen plantings of a mature height of 5 ft. to 5 ft. 6 in. in height.

- 3) Any other type of screening that may be suggested by the applicant, with the approval of the Planning Board. Fencing and screening shall comply to the fence ordinance.

Whereas, the Planning Committee of City Council, to whom the report of the Planning Board was referred, and did concur therewith,

Now, therefore, be it resolved that the Council of the City of Lansing, ordains that the petition to rezone the above described property from "A" one family residential district to "F" commercial district be denied as filed and that the property be rezoned as follows:

—the east 92 ft. of Lot 1, 2, and 3, Supervisor's Plat of Dillenbeck's Subdivision from "A-1" family residential district to "F" commercial and the balance of the property be rezoned from "A-1" family residential district to "J" parking district.

Subject to the following condition:

—that screening be provided along the west and north property lines and to consist of one of the following:

- 1) A 5 ft. high chain link fence with interwoven redwood slats.
- 2) A 3 ft. high chain link fence with dense evergreen planting of a mature height of 5 ft. to 5 ft. 6 in. in height.
- 3) Any other type of screening that may be suggested by the applicant, with approval of the Planning Board. Fencing and screening shall comply to the fence ordinance.

Section 204.

In order to determine the suitability of alternate materials and methods of construction and to provide for reasonable interpretations of the provisions of this Code, there shall be and is hereby created a Board of Appeals, consisting of five members who are qualified by experience and training to pass upon matters pertaining to building construction. The Building Commissioner shall be an ex officio member and shall act as Secretary of the Board. The Board of Appeals shall be appointed by the Mayor and shall hold office at his pleasure. The Board shall adopt reasonable rules and regulations for conducting its investigations and shall render all decisions and findings in writing to the Building Commissioner with a duplicate copy to the appellant and may recommend to the City Council such new legislation as is consistent therewith. The Board shall also hear all appeals from decisions, rules, regulations or interpreta-

tions of the Electrical Board, the City Electrician, the Mechanical Board, the Chief Mechanical Inspector, the Plumbing Board, the Chief Plumbing Inspector, or any official or employee of the Building Department.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

Councilman Moore and Ferguson returned to session.

ORDINANCE NO. 341 (Electrical Board)

By Councilman Belen—

Resolved by the City Council of the City of Lansing, that the Ordinance providing that the Code of Ordinances, City of Lansing, Michigan, be amended by revising Sections 9-56 and 9-57 of Chapter 9 of Building Code, be placed on order of immediate passage.

Carried.

By Councilman Belen—

Resolved by the City Council of the City of Lansing, that the Ordinance providing, that the Code of Ordinances, City of Lansing, Michigan, be amended by revising sections 9-56 and 9-57 of Chapter 9 of Building Code, be now passed.

Adopted by the following vote:

Unanimously.

ORDINANCE NO. 341

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY REVISING SECTIONS 9-56 AND 9-57 OF CHAPTER 9 OF SAID CODE.

The City of Lansing Ordains:

Section 1. That Sections 9-56 and 9-57 of Chapter 9 of the Code of Ordinances of the City of Lansing, Michigan, be amended so that such section shall read as follows:

Section 9-56. Electrical Board.

There is hereby created a Electrical Board, hereinafter known as the board, composed of five (5) members appointed by the mayor with the advice and consent of the city council; one of whom shall be an electrical contractor; one of whom shall be an electrical journeyman; one of whom shall be a representative of an electrical utility, each of such members shall have had at least five (5) years of electrical ex-

perience in the group he represents; further, one member shall be a representative of a manufacturing industry employing electrical journeymen and the fifth such member shall be any resident of the City of Lansing. All members shall serve for a term of four (4) years. All vacancies thereafter to be filled by the mayor with the advice and consent of the council. The city electrician shall serve as secretary of the board.

Section 9-57. Authority of Board.

(1) The board is hereby empowered to conduct examinations for persons seeking licenses to engage in the business of electrical contractor and for persons seeking licenses to engage in the installation and/or repair of electrical equipment and/or material while in the employ of a licensed electrical contractor and by a majority vote of said board authorize the city clerk to issue such license.

(2) The Board shall consider all proposed amendments of this code, promulgated to safeguard the standards of electrical construction within the City of Lansing, and shall submit same to the City Council.

(3) If a vacancy occurs in the office of City Electrician, the Electrical Board shall submit the name(s) of a technically qualified person(s) to the Building Commissioner for his consideration.

(4) The Electrical Board shall make all necessary rules, regulations and interpretation and applications of the Code and direct the City Electrician to implement and enforce same. The Board shall direct the electrical inspectors only in the area of its technical expertise, leaving administrative direction to the Building Commissioner. Appeals from decisions, rules, regulations, and interpretations shall be submitted to the Board of Appeals.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

ORDINANCE NO. 342 (Plumbing Board)

By Councilman Belen—

Resolved by the City Council of the City of Lansing, that the Ordinance providing that the Code of Ordinances, City of Lansing, Michigan, be amended by revising Chapter 25, Sections 25-3 and 25-4 of Plumbing Code, be placed on order of immediate passage.

Carried.

By Councilman Belen—

Resolved by the City Council of the City of Lansing, that the Ordinance providing, that the Code of Ordinances, City of Lansing, Michigan, be amended by revising

Chapter 25, Sections 25-3 and 25-4 of Plumbing Board, be now passed.

Adopted by the following vote:

Unanimously.

ORDINANCE NO. 342

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY REVISING CHAPTER 25, SECTIONS 25-3 AND 25-4 OF SAID CODE.

The City of Lansing Ordains:

Section 1. That Sections 25-3 and 25-4 of Chapter 25 of the Code of Ordinances of the City of Lansing, Michigan, be amended so that such subsection shall read as follows:

Sec. 25-3. Same—Promulgation or rules and regulations.

The board of plumbing shall propose rules and regulations, including a schedule of permit and inspection fees, for the installation and alteration of plumbing. Such rules and regulations and amendments thereto shall be submitted for approval to the city council and when approved shall be known as code of rules regulating plumbing and drainage in the city, and in the metropolitan district of the city, as designated in Act 167, P. A. 1917 and Act 260, P. A. 1933, as amended. Appeals from decisions, rules, regulations, and interpretations of the board shall be submitted to the Board of Appeals as established in Chapter 9, Section 9-5 Section 204 of this Code.

Sec. 25-4. Inspector; appointment, qualifications, salary as prescribed, powers and duties.

The mayor, with the advice and consent of the Council, shall appoint an inspector or inspectors of plumbing to carry out the provisions of this chapter at a salary to be fixed by the city council. The plumbing inspector shall have the qualifications of having a journeyman's license for at least ten years prior to the time of his appointment; the board of plumbing shall direct the plumbing inspectors only in the area of its technical expertise, leaving administrative direction to the Building Commissioner. The inspector personally inspect all plumbing work that is being installed or altered and shall perform such duties as shall be required of him by the Building Commissioner.

By Councilman May—

Resolved by the City Council of the City of Lansing:

That the rule prescribed in Sec. 5.5 (g) of the Charter, relative to considering business not on the agenda, be waived.

Carried.

By Committee on Buildings and Properties and Public Safety—

Resolved by the City Council of the City of Lansing:

Whereas the Radio Laboratory Rear Building roof replacement low quote is \$525.00; and

Whereas the required appropriate security fence around the 300 foot radio tower low quote is \$718.20; and

Whereas both these building maintenance requirements are for the preservation, protection and security of the premises, and to retain the minimal insurance rate;

Therefore be it resolved that the amount of \$1,243.20 be transferred from the emergency fund account No. 101-101-926.01 to the building maintenance of City owned property account No. 101-267-931.

Adopted by the following vote:

TO: Theo Fulton, City Clerk

FROM: James W. Dowsett,
Director of Finance

SUBJECT: Submitting for Public Inspection the Actual Use of Funds Report Reflecting the Status of Federal Revenue Sharing Funds Received through June 30, 1973

In accordance with the rules and regulations pertaining to the "State and Local Fiscal Assistance Act of 1972" (Federal Revenue Sharing), I submit to you for public inspection the Actual Use of Funds report covering all Federal Revenue Sharing Funds received through June 30, 1973.

Detailed information supporting this report is available in the Controller's Office during the normal business hours.

A press release will be made shortly advising the news media that this report is available for public inspection.

JAMES W. DOWSETT,
Director of Finance.

Referred to Committee on Finance.

August 16, 1973

TO: Mayor & Members of City Council

FROM: James W. Dowsett,
Director of Finance

SUBJECT: Actual Use of Funds Report—
Federal Revenue Sharing — As
of June 30, 1973

In accordance with the rules and regulations pertaining to the "State and Local Fiscal Assistance Act of 1972" (Federal Revenue Sharing), I submit to you the Actual Use of Funds Report reflecting the status of Federal Revenue Sharing Funds received through June 30, 1973.

I have also submitted this report to the City Clerk under cover of a separate letter dated August 16, 1973 so that it might be made available for public inspection as required in the regulations.

In addition to filing this report with the City Clerk for public inspection the following steps must be taken by the City.

- 1) The news media must be advised of the date that this report will be published in the local newspaper and copies provided upon request.
- 2) The Actual Use of Funds Report must be published in a newspaper of general circulation within the geographic area of the City.
- 3) The Actual Use of Funds Report must be mailed to the Department of the Treasury, Washington, D.C., to be received by September 1, 1973.

My suggested time table is that a press release be made by August 23, 1973 and publication of the report be made in the local newspaper by August 28, 1973. I will

then release the report to the Treasury Department on August 30, 1973 so that they might receive it by September 1, 1973.

Honorable Mayor Gerald W. Graves and
Members of Lansing City Council
Tenth Floor, City Hall
Lansing, Michigan 48933

Dear Mayor and Council Members:

You have recently approved the Fourth-Year P.R.I.C.E. Contract with the Lansing School District. This Contract was funded with carry-over third-year funds which were previously allocated for the Third-Year P.R.I.C.E. and Teacher Corps Contracts.

The Policy Board, in reviewing and approving the Fourth-Year P.R.I.C.E. Contract, directed the Lansing School District to utilize unspent monies from the Third-Year P.R.I.C.E. Contract to continue both the P.R.I.C.E. program and the Teacher Corps program during the Fourth Action Year.

Since the Fourth-Year P.R.I.C.E. proposal was developed in June and the P.R.I.C.E. Contract was approved by the Policy Board in July, an actual documented figure for July expenditures was not then available. Consequently, the Lansing City Council approved a Fourth-Year P.R.I.C.E. Contract which, as a result of the July expenditures, contains a budget amount in excess of the amount of unspent monies now remaining from the Third-Year P.R.I.C.E. Contract.

I believe that it is advisable that the Lansing City Council rescind their approval of the Fourth-Year P.R.I.C.E. Contract and permit the Lansing School District to continue performing the P.R.I.C.E. program pursuant to the Letter to Proceed. A resolution to that effect is attached to this communication.

A revised Fourth-Year P.R.I.C.E. Contract, containing a revised budget, and accompanying resolution is now being written and may be available at the August 20, 1973 Committee of the Whole meeting. If said revised contract and resolution are so available, the Lansing City Council could approve said revised Contract. As a result of this action not flowing through the Liaison Committee, the Lansing City Council should suspend the rules to table action on one or both of these resolutions.

Respectfully yours,

(Mrs.) JACQUELINE WARR,
Director,
City Demonstration Agency.

Referred to Committee of the Whole.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

That the approval of the City Council on August 13, 1973 on the proposed contract by and between the City of Lansing, through the Lansing City Demonstration Agency, and the Lansing School District (P.R.I.C.E.) to provide for an Education program, be and the same is hereby rescinded.

Carried.

Members of City Council

Gentlemen:

The Planning Board, at their meeting of August 14, 1973, recommended to City Council that the request for vacation of the southwest corner of Olds Avenue and Logan Street, more particularly described as follows:

That part of Lots 1, 2 and 8, Block 1 of Albert E. Cowles Subdivision of Block 19, of Townsend's Subdivision of that part of Section 20, T4N, R2W, City of Lansing, Ingham County, Michigan, beginning on the west line of Logan Street,

33 feet West of the centerline thereof, at a point 1409.84 feet south and 1348.16 feet west of the Northeast corner of said Section 20, said point also being 210 feet Southerly of the Northeast corner of said Lot 1, running thence along the Westerly line of a parcel of land described in a conveyance of title recorded in Liber 683, page 303, Ingham County Records, the following two courses, N9°16'05"W 154.36 feet to a point of curvature, thence Northwesterly 97.0 feet along the arc of a 69.0 foot radius curve to the left whose chord bears N49°32'35"W 89.21 feet to a point of tangency on the South line of Olds Avenue, thence along said South line S89°49'05"E 63.0 feet, thence S30°54'07"E 27.60 feet, thence S4°46'30"E 187.0 feet to the point of beginning, containing 2,300.0 square feet or 0.0528 acres of land, more or less.

Be granted subject to all utility and street improvements lost being charged to the adjacent property owner (Oldsmobile).

The street vacation is that portion of the R.O.W. on the immediate southwest corner of Logan Street and Olds Avenue, now used as a right turn lane south.

A portion of the R.O.W. initially taken and used will be retained, which will provide for street alignment with that portion of Logan Street north of Olds Avenue.

The Traffic Engineer has indicated that the vacation of this street section will not seriously affect traffic movement and flow.

Other research into this matter does not reveal any need to retain the street R.O.W.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Gentlemen:

The Planning Board, at their meeting of August 14, 1973, recommended to City Council that the request by Charles Hengesback to split a lot located in the 4700 block of Bristol Street be approved.

The site in question is 103 ft. wide and 363 ft. long and contains over 37,380 square feet in area. The proposed lot split would divide the lot into two 51.5 x 363 ft. lots. The proposed lots are 8.5 ft. below the minimum width required in the subdivision regulations.

Land use in the area consists primarily of single family residential with a 12 unit

apartment complex directly south of the site in question.

There have been numerous other lot splits in the area, some of which have 45-53 feet wide lots. The lot is very deep. The proposed split is in conformance with the development of the rest of the area.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Members of City Council

Gentlemen:

The Planning Board, at their meeting of August 14, 1973, recommended to City Council that the request by the Salvation Army for a Special Use Permit located at 315-319 East North Street be approved subject to the following conditions of the Fire Marshal.

1. The building be brought up to code for its intended use. Plans for same be submitted to this office for approval.
2. Fire protection system to be inspected, tested and approved.
3. Fire alarm system to be inspected, tested and approved.

The Board would agree that the site size, location and related land development would lend itself to the proposed use of land. The general nature of the development should not have any adverse effect on existing or proposed uses.

In terms of the housing units proposed within the existing building, the Building Department has determined that minor structural alterations will be required to comply with building and fire codes.

The environment in this area is not well suited for permanent living quarters, however, and as indicated this problem is of less importance when considering the temporary occupancy by individuals with the program. Individuals housed therein receive rehabilitation services, and then return to normal living conditions.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

August 15, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board, at their August 14, 1973 meeting, recommended to City Council that the petition by General Motors Corporation to rezone the majority of the block bounded by Main Street, Logan Street, Williams Street and Birch Street from "B-1" Family Residential District to "C-2" Family Residential District, and "F" Commercial District to "I" Heavy Industrial District be approved subject to the following conditions:

1. That ingress and egress to the site from Main Street be eliminated.
2. That screening be provided around all unacquired residential parcels.

The Master Plan as amended indicates the area in question as Industrial. The proposed Zoning Map shows the area as "R-1C" Single Family Residential District and "B-2" General Business District. This was mapped in the Districts, so as to prohibit piece-meal type development.

Oldsmobile Motor Corporation is currently expanding many of its facilities in the area of its main complex, and this expansion has brought about the current proposal. The immediate proposed use of the area in question is for parking.

The rezoning of the three blocks to industrial zoning is a logical expansion of the Oldsmobile Complex, and, as stated previously, the Master Plan shows the site as Industrial.

There were 15 people at the August 14, 1973 Public Hearing. Several of these people spoke in opposition to the rezoning, and one spoke in favor of the petition.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

August 16, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board, at their August 14, 1973, meeting, recommended to City Council that the request by Gordon Long to rezone property at 6810 South Cedar Street from "A" one family residential district to "F" commercial district and "J" parking district be approved subject to the following conditions:

- that a landscaping screening, and fencing plan be submitted and approved by the Planning Board and installation to occur prior to use of the land.
- that ramps for the handicapped be installed prior to the issuance of occupancy permits.

The established land use pattern in the area is commercial and office along Cedar Street with low density residential off of Cedar. The proposal calls for expansion of an existing Banquet and Restaurant facility and a parking area to accommodate the expansion. The proposed change in zoning would be compatible with the existing zoning districts and land development in this vicinity. The site is part of the South West interchange complex which provides an excellent location of moderately intense use such as the existing commercial. Therefore,

the increased usage is acceptable when paralleled with a planned increase in parking. The 50 foot right-of-way of Just-A-Mere along with a 150 foot right-of-way on Cedar Street indicates the ability to handle greater traffic volumes according to Tri-County Regional Planning Commission statistics (1972). In review of these figures an increase of this existing use is acceptable and within the limits of these street capacities.

The development of this area has occurred based on land assemblage and has not isolated existing development in terms of its potential.

Field inspection reveals that the addition is under construction and has a completion date of 1973.

In regards to adjacent development, it is pointed out that residential development does exist and should be properly protected.

There was no one opposed to the rezoning at the August 14, 1973, public hearing.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

August 15, 1973

Honorable Mayor and
Members of City Council

Gentlemen:

The Planning Board at their August 14, 1973 meeting recommended to City Council that the petition by John Kleinere to rezone a parcel of land located at 2314 North High Street from "B" one family residential district to "J" Parking District be denied.

The site in question is a narrow lot located across North High Street from Superior Sheet Metal Company. Superior Sheet Metal Company is located on the west side of High Street which is zoned "H" light industrial district. In the "H" light industrial district on the west side of North High Street, there is a mixture of industrial commercial and residential uses.

On the east side of North High Street, the existing land use consists primarily of single family residential uses with a parking lot 4 lots north of the lot in question.

One purpose of zoning is to promote compatible land development and prevent the encroachment of unrelated uses into any one district. Having residential and commercial uses mixed along the east side of North High Street is not a desirable situation. Industry creates noise, traffic and sometimes smoke and other nuisances that have detrimental effects upon the residences.

Because of this, an attempt has been made to keep industrial and residential districts separated.

When an industrial district adjoins a residential district, and a conflict of land use is evident, the normal planning technique used is a transitional land use. A transitional land use is a use that is not seriously affected by the industrial uses and does not have a serious effect upon the residential uses. Many times it takes more than one transitional use to effectively isolate one use from the adverse impact of the other. This is generally true of industrial and residential uses.

Four lots to the north of the site in question there is a large parking lot in existence. This parking lot was originally zoned in 1949 and in essence acts as a transitional use between the industrial uses on the west side of North High Street and the residential uses fronting on Rheamont Street. The parking lot would serve as a better transition if proper screening were utilized.

At first glance, the request appears to be similar to the rezoning in 1949; however, there are several differences.

1. The present request contains only one 40 ft. x 120 ft. lot whereas the previous rezoning contained 7 lots.
2. The existing parking lot is located just south of an industrial area and has a church on the south side whereas the lot in question would have residential uses on the north and south.
3. The existing parking lot is for this industrial use to the north, whereas the proposed parking lot would be for a use across North High Street.

At the present time there are residential uses on the west side of North High Street that are in close proximity to the Sheet Metal Company that could possibly be purchased, razed, and used for parking. This approach would encourage the consolidation of the industrial development.

The proposed zoning map shows the sites as "I-2" second industrial district. The Master Plan shows the site as industrial.

Even though the projected use for the area is industrial, there must be protection for the residential uses in the interim period. Any rezoning in this area should occur only after there is an assemblage of land.

There was no one present at the August 14, 1973 public hearing.

This recommendation was approved by a vote of 6 yeas and 1 nay.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

August 16, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board at their August 14, 1973, meeting, recommended to City Council that the request by Gordon Long to rezone property on the northwest corner of the intersection of I-96 expressway and South Cedar Street from "A" one family residential district to "F" commercial district be denied.

The property in question is a pie shaped parcel that was left over following the construction of the I-96 right-of-way. This excess R.O.W. carries specific deed restrictions regarding advertising signs. Therefore, the necessary permits for construction will be required. When Kahre's farm area was rezoned in 1969, the site in question was left as the only parcel of land north of the expressway and south of Edgewood Boulevard on the west side of South Cedar Street that is not zoned commercial. The parcel of land is not of adequate size for extensive building development, but would support an advertising sign.

There was no one opposed to this request at the August 14, 1973 public hearing.

The motion for an approval of the rezoning failed for the lack of the necessary 6 votes as the vote was five yeas and two nays.

Sincerely,
ALAN E. TUBBS,

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board will hold a public hearing on Tuesday, September 4, 1973, at 7:30 p.m., in Court Room No. 1, Sixth Floor, City Hall, on the rezoning of property located in the area bounded by Kalamazoo Street, Pine Street, St. Joseph Street and Butler Boulevard from "D" and "E" apartment districts, "D-1" professional office district, "DM" multiple dwelling district, "F" commercial district, and "C-2" two family residential district to community unit plan.

The proposed rezoning will allow the construction and rehabilitation of a variety of dwelling types at an overall gross density of 32 dwelling units per acre.

This notice is in accordance with section 36-5(1d) of the Zoning Ordinance.

Sincerely,

ALAN E. TUBBS,
Secretary,

Dear Mr. Mayor Pro-Tem and
Council Members:

This is to apprise you that the Lansing C.A.M.P.S. Grant Number DOL 26-5-08M Modification 10 expires August 31, 1973. The Department of Labor has requested the City to modify the contract by a one month extension to September 30, 1973.

The funding for the extension will be completed by using the \$3,557.00 residual amount of the last year contract. This procedure is necessary to preclude turning back the \$3,557.00 to the Federal fund. The Department of Labor will increase the \$3,557.00 by \$800.00 to enable the C.A.M.P.S. Grant to function the additional month. At the termination, a new contract will be written.

Respectfully,

GERALD W. GRAVES,

August 20, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall
Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members

On Monday, August 13, you approved a contract between the City Demonstration Agency and Systems Research, Inc., in the amount of \$60,000. Though considered an "amendment" to past contracts, the contract is, in fact, a new one. The amount of dollars provided means that SRI will have received approximately one-half million dollars through Model Cities contracts during the past several years, which I believe leaves a serious question of how much "technical service" or monitoring and evaluation is necessary in a program.

In a communication to you dated September 27, 1972, I vetoed a \$99,865 contract for technical services between the City Demonstration Agency and SRI. This was based on the aforementioned question and on the basis that Model Cities had boosted in-house evaluation and monitoring to a level of \$125,477, my office was informed, to "handle the job." In spite of all these expenditures, the report of the U. S. Department of Housing and Urban Development, dated July 2, 1973, regarding the Lansing Model Cities Program discussed impact evaluation under "Finding No. 6," on page 3.

In that discussion, HUD requests that upon completion of the impact analysis their Area Office receive copies of (1) results of the attitudinal survey, (2) analysis of overall dollar impact of the program, and (3) qualitative analysis of institutional change. It is assumed that the proposed contract between the CDA and

SRI is, at least partially, designed to meet that requirement. The following comments are based on that assumption as well as the basic tenets of evaluative research design.

Scope of Services

Purposes:

The contract, as written, states that there are four objectives to the agreement, although only three are listed.

Objective 1, "to update and complete evaluation of Lansing Model Cities activities in each of the high priority program areas," does not define program areas or specify which are "high priority" although this term may be defined prior to amendment 6 of the contract. The term "update" leads one to believe that there have been previous program evaluations. Unfortunately, these were not readily available for this analysis, but if they do exist, they would provide a good indication of precisely what CDA and SRI mean by program evaluation. It is recommended that these early evaluations be thoroughly examined.

Objective 2, "To assess the current comparative status of Model Neighborhood residents in each of the high priority program areas," also suffers from lack of definition. It is unclear to what "current comparative status" refers. It could mean the relative status of residents of different Model Cities Areas, the relative status of Model Cities Residents measured early in the program and again during the contract period, the relative status of Model Cities residents and non-Model Cities residents, or it could mean all of the above. It is not at all clear what scope of services, with regard to this particular objective, is being purchased by CDA.

Objective 3, "To collect and analyze data necessary and make policy recommendations for continuation and orderly transition of needed services from Model Cities and Planned Variation to Community Development Revenue Sharing," seems to be analysis at a different level than the first two objectives. In this case, the contract talks about "needed services" and recommendations for continuation which seems to refer to projects rather than programs. The fact that services are mentioned lends support to this interpretation. If this is the case, then SRI should not have to "collect and analyze data." The CDA has had an ongoing process of project evaluation from the outset. Based on these evaluations, CDA should currently be able to provide project impact analysis and on the basis of these analysis qualitatively and quantitatively substantiate which projects, within program areas, should be continued with revenue shared funds.

A major problem with this section of the contract as it is presently written is that it does not state that it will take the program objectives articulated at the beginning of the Model Cities Program, utilize the operationalizations established

for the objectives and the operational measures of community status relative to the program objectives at the outset, and measure again to see if change has taken place in the desired and hypothesized direction. "Impact" in the HUD request can only mean "caused change" and the analysis steps outlined above, while not mentioned in the objectives section of the contract, are essential and basic to measuring change.

It seems, then, that unless it can be established that SRI has operationalized Model Cities program objectives and has taken operational measures in the previous evaluations, referenced in objectives 1, that the first two objectives will not lead to program impact evaluation. If, on the other hand, SRI has done this work and utilized all the control mechanisms necessary, program evaluation can be effected. In the latter event, it is recommended that the Scope of Services section of the contract be rewritten to reflect the actual rigor of the evaluation to be conducted. It is not at all clear why objective 3 should remain in the contract, based on the belief that it makes reference to project rather than program evaluation. If it cannot be shown that this objective deals specifically with program, then the scope of services should be limited to exclude objective 3 and the total cost of the contract diminished.

TASKS TO BE ACCOMPLISHED

TASK I—Sample Survey and Analysis

Task I has four purposes. First, it is to generate data unavailable elsewhere. If the operational measures of Model Cities Program objectives were taken through a survey instrument, then this is the logical way to proceed. Again, it should be stated that the existence of operational measures of program objectives has been questioned and, for that reason, the value of a survey for the purpose of evaluating impact is brought into question. The fact that a survey was done by SRI in 1970, is established, but the relationship, if any, between that survey and measurement of program objectives at the baseline is unclear.

It seems logical and appropriate for the survey to attempt to establish anew the problem faced and services needed by current Model Cities residents, as stated in "purpose 2" of Task I. If the survey is used to identify impact, that is change in stated problems and needs from the initial survey to the proposed survey, there would seem to be a potential problem of comparability. The survey taken of the original Model Cities related to an area much smaller than the current Model Cities unit. Only if there has been no change in boundaries of the original Model Cities areas and the original data was collected in such a manner as to make it available with the Model Cities area as the unit of analysis, will cross-time comparative analysis, essential to determining changes be possible.

"Purpose 3" calls for a comparison of Model Cities residents with residents of the City living outside Model Cities. This comparison would be very interesting and the non-Model Cities residents could be used as a control group to determine whether or not having lived in a Model Neighborhood makes any difference in individual attitudes. Unfortunately, the initial Model Cities survey apparently did not establish such a control group outside Model Cities, from what I can determine. That means it cannot be shown that living in Model Cities makes a difference with regard to citizen attitudes. It is just as plausible that the relative differences between attitudes of Model Cities and non-Model Cities residents have always been the same as those found in the proposed survey. What is missing is a frame of reference, as I see it, a baseline from which we can measure change, to help determine what, if any, impact the Model Cities Program had.

TASK II—Program Level Baseline Data Generation

The third purpose of this task is "to provide data required by program level evaluation designs," and "Activity 3" of the task is to "develop and refine program level evaluation designs." It would seem that these evaluation designs, at least insofar as their outputs can be determined, would be described in the contract rather than referenced as tasks to be accomplished. Program evaluation is the reason for the contract and it seems reasonable that the design of that evaluation should be stipulated, insofar as its products are concerned. It further seems reasonable that program evaluation designs might include survey research and it would, therefore, be desirable for the evaluation design to precede the survey design of Task I.

TASK III—Analysis of Institutional Change

Even when qualitative analysis is done, if direction of change is to be established there must be baseline information from which to move. It does not seem that a "community power" analysis or decision-making process analysis was done in the past, based on interviews with local elites and decisions-makers. Therefore, it is not clear what is meant by a member of the elite when he indicates that citizen participation influence decision-making. The latter may have always been influenced in this way, even before the advent of Model Cities. What we cannot know is whether or not the Model Cities Program can be associated with an increase or decrease in the influence of citizen participation on local decision-making. In addition, it is unclear how, via elite interviews, SRI will establish that institutional structural change, if any, is directly or indirectly attributable to Model Cities programming. It would seem that the perceived level of institutional change credited to Model Cities programming is totally dependent on the nature of the set of elites chosen to be interviewed. A glowing or grim picture could be painted,

dependent upon who is selected to be interviewed.

TASK IV—Analysis of Economic Impact

It must be stated again and again that "impact" is equivalent to "change." The dollar impact of Model Cities program is not presented by simply accounting for all the money that was spent which would not have come into the community if Model Cities had not existed. SRI would have to first determine why the dollars were spent and then, perhaps, determine unit of change, in the desired direction, per dollar spent. It is not clear from the contract how SRI will "estimate" cost-benefits of the Model Cities programs.

TASK V—Policy Analysis and Recommendations

It does not seem that the "purposes" outlined here are relevant to the problem of evaluation. The first, "to analyze and assess the existing city-wide service provision structure in light of the high priority needs of Model Neighborhood residents," does not directly address the question of transition but rather seems to involve basic data gathering that should have occurred very early in Model Cities history. After the Model Cities Task Forces defined the social, economic, and physical problems of the areas there must have been an attempt to list community resources which could be used to help overcome the problems. While it may be true that this information would be improved by an update, it is not clear what the exercise has to do with program evaluation.

It seems that this task would involve a great deal of "creative writing." Nothing in the activities outlined to accomplish the task give any insight into the questions of how programs developed in Model Cities would make the transition to City government or on what information the transition strategies would be based. Since this "TASK" is not required by HUD and since the methodology is questionable, it seems appropriate to eliminate the task and reduce the level of compensation to SRI.

Generally, I feel, the contract is too vague. Specific products should be promised by SRI and these products should deal exclusively with program evaluation. If the survey is deemed essential, it should be conducted among residents of the original Model Cities area, (this will cut the cost), and an equivalent sample of non-Model Cities residents. Any tasks which do not relate specifically to program evaluation in a clear fashion should be eliminated. The document should be tightened up so that CDA and the City government know exactly what they are buying and have a clear understanding of how close the fulfillment of contract will bring them to an impact analysis of Model Cities. I recommend that you reconsider the vote by which the aforementioned contract was approved for the purpose of achieving what is to be achieved and for the purpose of determining what the taxpayer received for the \$125,477 men-

tioned in my communication to you, dated September 27, 1972.

Respectfully,

GERALD W. GRAVES,
Mayor.

RESOLUTIONS

By Committee on Public Service and Highways—

Resolved, That the Purchasing Director be and he is hereby directed to advertise, as provided by law, for sealed proposals for Sludge Conditioning Equipment C262041, Contract No. 72-S-3; Bid No. 73-999.

Sealed Proposals will be received by the City of Lansing, Michigan in the office of the Purchasing Director up to 4:00 P.M., E.S.T. on Sept. 17, 1973, for the construction of Wastewater Treatment Plant Additions, Sludge Conditioning Equipment, Contract 72-S-3.

The work consists of furnishing and installing one thermal sludge conditioning system with a total capacity of 320 gpm, complete with all piping and appurtenances.

The drawings and specifications under which the work is to be done are on file and may be examined at the City's Engineer's Office, City Hall, Lansing, Michigan and at the office of McNamee, Porter and Seelye, Consulting Engineers, 2223 Packard Road, Ann Arbor, Michigan 48104.

Plans and specifications may be obtained from the Consulting Engineers by making a deposit of twenty-five Dollars (\$25.00) per set. The full amount of the deposit will be refunded to each bidder for the one set of documents upon which a bona fide proposal is submitted to the City. For additional sets for bidder's use and for non-bidders including all subcontractors Fifteen Dollars (\$15.00) will be refunded for each set of documents returned in good condition (unmarked) within ten (10) days after the bidding date.

Excerpts of plans and specifications for use by suppliers, manufacturers' representatives, etc., may be obtained on request from the Consulting Engineers at no charge.

A certified check or bidders bond in an amount equal to five percent (5%) of the total amount of the proposal must accompany the bid in a separate envelope attached to the outside of the bid proposal envelope to be considered for the bid opening.

The City reserves the right to reject any or all bids, waive any irregularities, and make the award in the best interests of the City.

The attention of bidders is particularly directed to the requirements as to conditions of employment to be observed and the mini-

imum wage rates to be paid under the contract.

Bidders on this work will be required to comply with the President's Executive Order No. 11246. The requirements for bidders and contractors under this order are explained in the Specifications.

No bid may be withdrawn after the above date and time for receiving bids for a period of ninety (90) days.

Adopted by the following vote:

Unanimously.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

That the low bid of Brown Brothers, Inc. for Site Preparation, New Public Service Garage and Storage Facilities, P.S. 46050, in the amount of \$19,000.00 be accepted.

An additional 15% of the amount of \$2,850.00 is hereby authorized to be encumbered by the Controller for contingencies, making the total encumbered amount under this Contract, \$21,850.00.

After the award, the successful bidder shall be required to execute the contract as specified within ten days after the prescribed forms are presented to him for signature as stipulated in Article 15 (Instruction to Bidders) of the Contract.

Be It Further Resolved That the Mayor and City Clerk be directed to execute a contract with the said Brown Brothers, Inc. on behalf of the City of Lansing according to the said bid presented and the specifications on file, upon approval of the contract, and of the bonds and insurance policies by the City Attorney, and upon certification of the City Controller as to the availability of funds.

Adopted by the following vote:

Unanimously.

By Committee on Building and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has received a Proposal to Lease Suites "A" and "C" in the North Capitol Avenue Parking Ramp, more commonly known as 316 North Capitol Avenue, which contains approximately 6,159 square feet; from Lansing Community College with its address at 419 North Capitol Avenue, Lansing, Michigan; and

Whereas, the Lease Agreement by and between the City of Lansing and Lansing Community College has been prepared and said Agreement is determined to be satisfactory;

Now, Therefore, Be It Resolved, that upon approval of the Lease Agreement by the City Attorney, the Mayor and City Clerk will hereby be authorized and directed to sign the Lease Agreement by and between the City of Lansing and Lansing Community College.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, we, the Lansing City Council, have received Housing Assistance Foundation's application for funding for "Housing Assistance Foundation"; and

Whereas, this application has been submitted for chief executive review and comment; and

Whereas, we the City of Lansing, hereby supports the proposed submission;

REPORTS OF CITY OFFICERS AND BOARDS

August 23, 1973

Honorable Mayor and Membes
of the Lansing City Council
Lansing, Michigan

Re: Thor Fabricators No. 2, Inc.,
4615 Tranter Street, Lansing, Michigan

Gentlemen:

SYNOPSIS

The Thor Fabricators problem can best be characterized in the single word noise. All other issues are subsidiary and would, in the opinion of this office, be readily solvable absent the noise.

The residents of Devonshire Street appear to have concluded that the only solution to the noise problem is to force Thor from its present location. To accomplish this objective the residents seek to have the City declare that Thor is violating the zoning ordinance by operating a heavy manufacturing operation in a Light Industrial zone. While the resolution of this subsidiary issue is important, for reasons which will become apparent hereafter, it is not the solution to the noise problem.

I recommend that Thor be given a specific time period within which to bring the noise levels at its site into conformance either with an objective standard, such as was established in the proposed noise control ordinance prepared by this office, or to the satisfaction of the neighborhood.

If the problem is satisfactorily handled it is my recommendation that, as to the zoning, either the proper steps be taken to zone the Thor site Heavy Industrial or that a variance to the Light Industrial classification be sought so that the zoning code will reflect the use to which the land has historically been put.

These recommendations are premised upon the following facts gathered by this office.

FACTS

The property on which Thor Fabricators is now located was annexed to the City of Lansing on the 8th day of November, 1949. At the time of annexation, this property was zoned "A" residential (Code of the City of Lansing Chapter 36, Sec. 36-5, and known at the time of annexation as Zoning Ordinance, Section 2). According to the provisions of the ordinance, it remained so zoned until October 30, 1950. At that time the property in question was in a large parcel of property zoned "H" Light Industrial.

A petroleum storage facility exists to the north of the Thor site. Such "tank farms" may operate under our zoning code only in Heavy Industrial areas. However, in August of 1951 a variance was granted to that property for the construction of the storage facility.

A railroad runs immediately behind Thor's property. Further east, behind the questioned property, the land is zoned Heavy Industrial. Thus, on the property immediately east and north of Thor Heavy Industry is permitted.

In 1962, Tranter Manufacturing erected the first of the present buildings on the

site. When first built, the plant was serviced with a 13,000 volt electrical service. Such a substantial electrical service is usually used only by heavy industries. Subsequently, Tranter Manufacturing added on to the base building in 1964, 1967 and 1968. The 1968 addition was the last addition and the building has remained basically the same since that time. Tranter continued its operation in the building until September of 1970 when it transferred that portion of its business that was conducted on Tranter Street to a site in the southern United States.

Tranter Manufacturing was in the business, at that location, of making cooling units for on-the-road vehicles. This required a certain amount of sheet metal press work, welding and various machining operations. It also included "pickling" operations. The maximum thickness of the stock for the press operation (blanking) was 1/16 inch. The maximum size press utilized by Tranter at this location was 160 tons. Quarter inch stock was cut for machining and sawing. This heavy stock was in no way sheared or pressed. Regardless of the size stock used in the operation, the nature of the work would have been such as to be classified as fabrication and therefore Tranter's operation was in violation of the zoning ordinance. After the departure of Tranter, this particular property remained vacant for some period of time. It has remained in the hands of Tranter and is now leased by Tranter to Thor.

Thor Fabricators, prior to locating at its present site, was located at 521 N. Cedar Street in Lansing. This is approximately halfway between Shiawassee and Saginaw Streets. The zoning at the Cedar Street location is the same as the zoning on Tranter Street. Thor Fabricators is apparently doing the same type of work at the present location as they were doing at the previous location. The workload has increased somewhat and, perhaps, the size of the overall product may have increased somewhat also, but the type of operation does not appear to have changed materially. The operation, since its move, has apparently prospered in that more orders have been received and more employees have been added to the work force.

The Cedar Street location was in what is now known as Lansing Urban Renewal Project No. 2, Michigan A-6. At that location, Thor was leasing a portion of a building from A. J. Industries. Because this was in the Urban Renewal Project area, the city did, with the aid of the federal government, offer to purchase said property from A. J. Industries in October, 1972. According to the federal regulations, once an offer has been made in an Urban Renewal area, the tenants of the buildings in such an area are eligible for relocation benefits. On the 18th day of December, 1972, the land in question on Cedar Street was purchased for \$548,500.00. The benefits to Thor for the move to their present location on Tranter Street amounted to \$120,274.77.

Because of the method by which the federal government computes various contributions of the city, the city actually was

not required to put out any cash for the purchase of the land on Cedar Street or the move of Thor from Cedar Street to Tranter Street. The 1/3 share of the cost that was to be borne by the city was made up by what is known as non-cash credits. These credits are the cost to the city of various improvements in the project area and these improvements by the city, including the Board of Water & Light, more than covered the 1/3 requirements and therefore the entire cash outlay was picked up by the federal government.

Thor Fabricators started moving on the 17th day of November, 1972 and completed the move on the 20th day of November, 1972. They have been in operation at that location since.

The primary complaint lodged against the operation of Thor is the noise that it creates. The residents of the area indicate that this problem is accentuated in the summer months when, of necessity, windows are open and people are using their yards. A significant portion of the noise comes from outside of the building. Part of it is caused by a compressor. Steel hauling trucks making deliveries leave their motors idling thus aggravating the situation. And, needless to say, the handling of stock causes some problems. Some complaints have also been registered regarding employees speeding from the lot at shift change. While the latter is a minor traffic problem, it deserves the attention of the Police Department.

The noise problem is not new at this location. It has been alleged in court that on June 27, 1963, and for several days prior thereto, Tranter Manufacturing, then located on Tranter Street, Lansing, operated their plant in such a way so as to disturb the peace. A complaint was filed by one Molly Boelio on the 20th day of June, 1963. Numerous people testified for the city, including Mr. and Mrs. Robert G. Peterson. The judge found the defendant not guilty.

I am convinced that the operation maintained by Thor Fabricators is one defined by our zoning code as heavy industry. Thor's business is, as its name says, fabrication. This is prohibited in a light industrial zone. See Sec. 36-39(32) of the Code of the City of Lansing.

The Thor operation includes the cutting of various structural shapes and certain bar stock as well as wire mesh, in some cases, to form various racks and baskets for material handling. This requires the cutting or forming to uniform dimensions of various parts necessary for building the material handling items. The orders generally are for numerous assemblies rather than just one. This means that the parts thereof are made to standardized specifications so that they are interchangeable in the construction of the whole unit.

In examining a number of other shops in light industrial zoned areas of the city, nothing of the same type was found. Basically, in the metal working operations found in light industrial areas, the type of work would best be classified as jobbing. These

operations consist of welding, manufacturing of special parts for presses, special order machining, heat treatment, machine repair, rebuilding of presses, tool and die work and stampings.

None of these other operations are involved in the complete manufacture or fabrication of any item from the basic stock as it comes into the plant to a finished product by way of assembling numerous interchangeable parts together to make a final product.

In addition to conducting a fabricating operation in "H" zoning, Thor is conducting its operation in such a manner so as to violate Sec. 36-39(65); Sec. 21-7 and Sec. 21-8(6 & 8) of the Code of the City of Lansing. These sections deal with the creation of excessive noise.

RECOMMENDATIONS

I cannot recommend prosecuting Thor criminally under any of the afore-cited sections at this time because of the extensive prior involvement of the city. Similarly, because of the city's prior acquiescence I do not believe a suit to enjoin Thor's use of the property would be well received by the courts.

However, I believe that a civil suit charging Thor with violating Secs. 21-7 and 21-8 (6 & 8) and thereby creating a public nuisance has a greater chance of success. I recommend, because I cannot guarantee an outcome favorable to the residents, and because litigation is an expensive proposition for both the city and for a defendant, and finally, because even a successful lawsuit would not be completed for approximately 18 months, that the Council allow Thor a specified period of time within which to take corrective actions to alleviate its problem.

The good offices of the City could be used to expedite an agreement between the parties. If such agreement were not satisfactorily completed we would be ready to institute action in the courts to see that any violations of the sections of our code are corrected.

PETER HOUK,
City Attorney.

John T. Anas, Chairman
Council Finance Committee
City of Lansing, Michigan
Honorable Chairman Anas:

The lowest, and only, bidder for the City of Lansing Emergency Operations Mobile Command Post submitted a bid \$5,000. over the budgeted amount.

We attempted to obtain a reasonable projected cost for budget purposes. However; it appears that in a year's time, prices have risen considerably. Further, Federal specifications have changed, necessitating additional safety type specifications.

I apologize for this inaccurate budget estimation.

Recognizing the need, I humbly request an additional \$5,000. be transferred into the Mobile Command Post account thereby enabling us to purchase this much needed apparatus.

For informational purposes, it will be, after issuance of a purchase order, nearly six months before the new Command Post can be delivered and become operational.

Thank you for your time and interest in this matter.

Re: DELMAC Tour
(Parade Permit)

Councilman Harold Moore
Chairman
City Affairs Committee
Lansing City Council

Dear Councilman Moore:

Attached is an application for a parade permit for the above-captioned organization, scheduled for August 30th, at 8:00 A.M. As you will note, this is a bicycle tour traveling from East Lansing to the Mackinaw Bridge, with a brief stop at the Capitol Building.

Our Traffic Bureau has estimated this parade will cost the City a total of \$45.35, which represents 1½ hours for two officers and two motorcycles. They will be escorting the group from the City Limits at East Lansing to the City Limits on Turner Street.

We have no objections to this parade, and wish to point out it has the approval of Mr. Hayes and Mr. Backus, including the State Highway Department.

We are submitting this application for your consideration.

Respectfully yours,

THOMAS W. O'TOOLE,
Chief of Police.

Referred to Committee on City Affairs.

REPORT OF COMMITTEE

The Committee on CITY AFFAIRS, to whom was referred the DELMAC tour parade permit for 300 to 500 bicycles to proceed from the Michigan State University campus, via Michigan Ave., to the Capitol Ave., out of town to the north, with Mackinac Bridge as their destination on Labor Day. The tour is to promote bicycle trails and safety throughout Michigan. This parade permit is for August 30, at 8:00 a.m., and will be for a period of approximately one and one-half hours, reports as follows:

The Committee recommends permission be granted under the supervision of the Police Department.

Councilman Harold Moore
Chairman
City Affairs Committee
Lansing City Council

Dear Councilman Moore:

Attached are two applications for parades for the above-captioned organization, scheduled for September 1, and September 2, 1973.

As you will note, these applications have been signed by all necessary department heads. Our Traffic Bureau estimates both parades will cost the City a total of \$30.30, which represents one officer and one motorcycle, for one hour and 15 minutes each day.

These applications are being forwarded to your committee for whatever disposition you may wish to make.

Respectfully yours,

THOMAS W. O'TOOLE,
Chief of Police.

Referred to Committee on City Affairs.

REPORT OF COMMITTEE

The Committee on CITY AFFAIRS, to whom was referred the request of the Polish Legion of American Veterans for two

parade permits for Saturday, September 1, 1973, reports as follows:

The Committee recommends permission be granted under the supervision of the Police Department.

Signed:

HAROLD A. MOORE,
JOHN T. ANAS,
JACK D. GUNTHER,
Committee on City Affairs.

By Councilman Moore—

That the report of the Committee be adopted.

Adopted by the following vote:

Unanimously.

August 22, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board meeting on August 21, 1973, was cancelled because of lack of quorum. The members did meet as a "Committee of the Whole." No business was transacted.

Respectfully submitted,

ALAN E. TUBBS,
Secretary,
Planning Board.

Received and placed on file.

August 23, 1973

Honorable Mayor and Members of the

City Council

City Hall

Lansing, Michigan

Gentlemen:

Re: Lot 24, Oakdale Addition
Clyde Street

The above described property was acquired from the State of Michigan, October 11, 1940, by the City of Lansing at the request of the Board of Water and Light.

Our Board advised the City Council, August 29, 1963, (see Council Proceedings, September 3, 1963, page 819) that this property was not being used and was no longer needed by the Board of Water and Light, and recommended the parcel be sold.

We have received an offer from Ms. Edna L. Higgins to purchase Lot 24, Oakdale Addition. Ms. Higgins' letter of August 15,

1973 is being referred to you for your consideration.

Respectfully submitted,

BOARD OF WATER AND
LIGHT,
Donna Smieska,
Secretary.

Referred to Committee on Buildings and Properties.

August 23, 1973

Honorable Mayor Pro-Tem and

Council Members

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

I am submitting to you for confirmation the appointment of Roland F. Rhead to the Board of Water and Light to fill out the unexpired term of Arnold Schuppert. The term in question ends June 30, 1977. Mr. Rhead presently is a member of the Lansing Metropolitan Development Authority and will vacate that position simultaneously with confirmation to the Board of Water and Light.

An attorney for the past 26 years with the law firm of Glassen, Parr, Rhead and McLean, Mr. Rhead received his B.A. Degree from the University of Michigan and his law degree from the same institution. He served 3 years in the U. S. Army and now holds the rank of Major in the Retired Reserves. He is a member and past instructor of the Lansing Power Squadron, a member of the Elks, City Club, Lansing Country Club, Chamber of Commerce representative on the Economic Task Force of Model Cities, and the First Presbyterian Church. He also is a past president of the Ingham County Bar Association and the Rotary Club. He resides with his wife, Louise, at 512 W. Saginaw.

More and more in the recent past, Board Members and the administrative staff of the Board of Water and Light expressed the need for an attorney to serve as a Board Member. Mr. Rhead is not only an attorney, but I am confident he will serve with great dedication and responsibility.

Respectfully submitted,

GERALD W. GRAVES,
Mayor.

By Councilman Moore—

That we concur in the recommendation of the Mayor and that the appointment be confirmed.

Carried.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

I am submitting to you for your confirmation the appointment of Jesse J. Maxie to the Lansing Metropolitan Development Authority. Mr. Maxie will complete the term of Morgan Carter, deceased. Mr. Maxie was graduated from Prairie View A & M College with a Bachelor of Science Degree in Civil Engineering. He is a veteran of three years active duty and five years active reserve in the U. S. Army Corps of Engineers and holds the rank of Captain. He presently is employed as a Design Engineer with the Michigan Department of State Highways and he has been an employee of the State of Michigan for the past 15 years.

Mr. Maxie is a member of the Friendship Baptist Church, Westside Neighborhood Association, Sexton P.T.A., Gardner Junior High School P.T.A. and the Michigan State Highway Engineering Association. He is 39 years of age and resides with his wife, Crystal, and five children at 224 West Street.

Trusting this meets your approval, I remain

Respectfully,

GERALD W. GRAVES,
Mayor.

By Councilman Moore—

That we concur in the recommendation of the Mayor and said appointment be confirmed.

Carried.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached is a copy of my most recent communication from David Hollister, Ingham County Board of Commissioners, pertaining to regional cooperation. I am advised each of you has already received a copy and I recommend you give this matter very serious consideration. Your consideration should carefully weigh the necessity on

one hand, with costs and representation being weighed on the other.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

Attached is a copy of my most recent communication to the Director of Finance, which pertains to the Model Cities Audit Report dated July 2, 1973. It is self-explanatory.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

August 23, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall
Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

In a resolution approved by you on Monday, March 19, 1973, I was "directed to deliver to the Council Office all evidence and information, written, or tape recorded" concerning charges against the CDA and Board, within two days, or by March 21, at 5:00 p.m. The materials were provided. In a communication to you, dated March 26, I detailed numerous things wrong with various contracts being administered by Model Cities, which were based not on my opinion but on various audits. Pages 10, 11, and 12 dealt with audit reports of the Citizen's Congress. The following is quoted from that report:

"... these tests combined resulted in the review of \$2,683.24 disbursements which are, in my opinion, ineligible due to lack of adequate documentation and which were paid to Policy Board members.

"On November 16, 1970, Citizen's Congress disbursed \$4,104.09 to the City Demonstration Agency as reimbursement for citizen's participation expenses paid by

the city, per the request of the C.D.A. auditor. Of the expenses paid per this transaction, \$3,148.72 was incurred prior to the contract date of October 1, 1970. Of this amount, \$2,680.81 reflected citizen participation expenses incurred before July 31, 1970. Since this expenditure is not in conformity with C.D.A. letter eight, part two, chapter four, section 12a, this \$3,148.72 seems to be an ineligible expense.

"On March 31, 1971, the Office of Economic Opportunity and Citizen's Congress, Inc., began a new contract which did not include three positions funded under their prior contract. Citizen's Congress retained these staff position, however, and in June of 1971 they verbally requested of the C.D.A. Chief Fiscal Officer that these positions be paid by C.D.A. funds. The only written record of any such budget change was a letter of April 21, 1971, written by the C.D.A. director, stating that C.C.I. could reinstate these positions without exceeding the budget figure of \$36,000, and a motion passed at the April 23, 1971, Policy Board meeting, taking \$15,000 from the Legal Aid budget and reallocating it to C.C.I. There was no formal contract amendment and no record of the City Council approval. On July 26, 1971, Citizen's Congress received a C.D.A. warrant in the amount of \$12,500 specifically to cover expenses incurred in retaining these three positions. Thus, in my opinion, due to the fact that these expenditures were not made pursuant to an approved contract and budget, \$10,133.57 of the reported cost control figure are ineligible expenses per the above-mentioned HUD financial guidelines.

"The total of ineligible expenses documented through audit tests (as of July 31, 1971) is \$17,970.67.

"There is no record of C.C.I.'s registration with the Internal Revenue Service as a non-profit corporation.

"HUD financial guidelines require that all operating agencies utilize the accrual method of accounting while C.C.I. operated on a cash basis.

"C.C.I. operated without an adequate system of internal control.

"Citizen's Congress and the Capitol Area Economic Opportunity Committee were the subject of a complaint submitted to the Michigan Civil Rights Commission. The claim stated that the employee felt that she was not promoted to the position of Chief of Technical Assistance and Training due to racial and sexual discrimination. The Michigan Civil Rights Commission in a letter to C.A.E.O.C. vice-president Thomas McClure dated September 17, 1971, read, 'The preliminary investigation has established evidence which tends to credit the allegations.' On September 30, 1971, C.A.E.O.C. approved a budget revision to their contract with C.C.I. providing \$2,353.80 to pay lost wages to this employee, per the settlement recommended by the Civil Rights Commis-

sion. Racial discrimination in hiring is a direct contract violation.

"Per reports made monthly to the C.D.A. evaluation division by Citizen's Congress, compliance with scope of service activities fell far short of project forecasts; from a projection in the contract of 1684 man-hours of training to be provided to elected citizens, only 153 man-hours of training were actually provided. Out of 5,000 man-hours of staff time for technical assistance to elected model neighborhood residents forecast in the contract, only 744 man-hours were requested and provided. It thus seems that C.C.I. did not provide contracted services in quantities sufficient to satisfy contractual requirements.

"Part two, section 15 of the contract between the City Demonstration Agency and Citizen's Congress states that no member of the governing body of the C.D.A. shall have any personal financial interest in this contract. However, audit tests disclosed that Policy Board members received on several occasions payment of stipends, including payment for attending Policy Board meetings. \$1,900 was received by Policy Board members reportedly for travel, and \$1,960 reportedly for lost wages, but the lack of supporting documentation will not allow the expression, of my opinion, that this was in fact the purpose of these payments. One Policy Board member who served as the treasurer of Citizen's Congress received \$961.00, purportedly for lost wages, for the period from January until July, 1971. I did not find any documentation supporting these disbursements.

"The procedures instituted for reimbursing citizens did not meet HUD requirements, as they allowed inadequate documentation of expenses.

"The only reasonable contribution which is apparent at this time is the payment of stipends and expenses to citizen participants."

Also, what of some of the records to date? Records for two persons, one on the Policy Board, and one who serves on a Task Force, show that one lives in Haslett, while the other resides in Eaton County. Repeatedly, Stipend Approvals have been signed by an individual not authorized to sign; stipends were intended to be paid as an assistance for attending 2 meetings per month, but I am informed that some persons have been "attending anywhere from 5 to 15 meetings in one week; and stipends are now running 800 every two weeks. For one individual, records have shown she attended Physical Task Force Meetings on December 26 and 27 of 1972, and on January 2, 3, 4, 5, 9, 10, 25 and 31; and on February 1, 7, 8, 17, 19, 20, 21, 22, 23, 26, 27 and 28; and on March 1, 2, 6 (a second on the 6th also) and 7.

On September 27, 1972, I vetoed Contract PN-3 (Citizen's Congress in the amount of \$230,057.28, plus an additional \$70,000 from O.E.O. for a total of

\$300,057.28 (if one used the figures provided by Councilman Joel Ferguson in his synopsis of need dated September 21, 1972, or, for a total of \$302,691, if one added the actual contract columns, as approved by you on Monday, September 25). My Veto Message took exception to \$12,000 in new equipment and the fact that \$3,600 was made for three staff members to attend a conference for an average of three days—MY VETO WAS OVERRIDDEN. Well, the staff apparently were happy with the generosity of the Model Cities Policy Board, the Council's Model Cities Liaison Committee and your action, THEY SPENT THE MONEY AND SO DID SOME POLICY BOARD MEMBERS—AND OH HOW THEY SPENT!!!

Records show that a suite, in the name of one individual from Citizen's Congress, at The Atkinson Hotel in Indianapolis, Indiana, cost \$85.00 per day, of which his share seems to be \$31.66 for each of three days. Breakfast costs averaged \$4.76 per—Luncheon costs averaged \$7.92 per—Dinner costs averaged another \$14.10 per. Tips totaled \$13.50, in addition.

I am advised that two members of the Citizen's Congress followed the Indianapolis trip by about 3 weeks, to attend a 2 week long conference in Marietta, Georgia. Cost to the taxpayers will approximate \$1,500, and will include payment for a leased vehicle for 2 weeks, \$31.82 for film, plus cost of this individual's laundry, extra baggage (app. \$12.00), plus a third ticket to permit one of the individuals to fly back to Lansing for a meeting.

In another instance, I am advised that a member lost his plane ticket, and cash advance—though there is no apparent record that he attended a scheduled meeting, he was reimbursed for 'lost wages' at \$7.50 per hour."

The aforementioned was completely ignored by the so-called "audit" of the U. S. Department of Housing and Urban Development, insofar as can be determined. In a meeting held between representatives of HUD and the City of Lansing this past Tuesday, August 21, the matter was brushed aside. I consider this a serious matter, and I direct your attention to the operation of Citizen's Congress. The matter is not a result of inactivity on the part of the Finance Director of the City of Lansing, but a direct result of the program management of the CDA to correct an in-house problem, which has needed attention for some time.

The aforementioned abuses have not been corrected. In fact, the situation involving fiscal discrepancies and abuses within Citizen's Congress has actually gotten worse. Attached is a communication, dated May 7, 1973, from Dennis R. Dean, Fiscal Officer, to James Reed, Assistant Director, Program Management of Model Cities, with copies being forwarded to the Director and Deputy Director of the CDA, which again shows the attempt of the Finance Department to resolve major problems on one hand, while almost non-existing cooperation exists on the other. The communication

points out that a number of individuals of Model Cities were given cash advances by Citizen's Congress for travel during one half of the Third Fiscal Year only (August 1, 1972—March 9, 1973). The list includes members of the Policy Board of Model Cities, Task Forces, Citizen's Congress staff and CDA Program Management. The listing discloses that the persons involved owed Citizen's Congress a total of \$7,126.78, due to their failure either to file an expense report or to return the unspent money from reports which were filed. The second communication attached, dated August 7, or three months later, shows that at that time nearly \$6,500.00 was yet unresolved.

Involved are cash advances given Model Cities personnel by Citizen's Congress for trips to: Indianapolis, Indiana; Houston, Texas; Atlanta, Georgia; Chicago, Illinois; Gary, Indiana; Haddenfield, New Jersey; and Benton Harbor, Flint, Grand Rapids and Detroit. The August 7, report shows that one individual, namely the former Director of the Citizen's Congress project, owes \$948.46, with part of the bill over-due one year.

Why the problem? The simple thing for the Detroit HUD representatives and CDA would be to blame the City's Finance Office. To this I take exception, because the Finance Department provided ample notice to all so that these discrepancies and abuses should not have occurred. For example:

1. All projects and project managers were notified of the standard requirements for the reporting of travel expenses through a series of informational seminars held by the Finance Department during August of 1972;
2. An Accounting Procedures Manual was published by the Finance Department in January of 1973, containing this same information; which detailed the procedures that were required to be followed by all Model Cities personnel who were the recipients of travel funds;
3. The Standard Expense Advance Authorization Form, used by the City of Lansing for years, requires (a) an immediate accounting of actual, reasonable expenses incurred upon return to the City, and (b) immediate reimbursement for the full amount of any excesses, AND all recipients of any cash advances have been required to sign such statement (see attached).

Because of the failure of certain Model Cities personnel to abide by the established rules of the Finance Department, the Fiscal Officer did on August 7, advise Citizen's Congress, and the Director and Deputy Director of Model Cities, that no more travel advances would be made until the untenable situation of Model Cities contract to Citizen's Congress is resolved.

Because of the fiscal abuse of tax dollars by certain Model Cities personnel as pointed out to you in the attached communications and in my original communication to you dated March 26, I am requesting the following:

1. That you direct the City Attorney, assigned to Model Cities, to immediately contact each individual involved for a full accounting of tax dollars used and for immediate reimbursement of all dollars owing;
2. That you authorize a halt of any expenditures involving the Citizen's Congress until the Finance Director is completely satisfied that full reimbursement and compliances of contract have been met; and
3. That any thought of continuing Citizen's Congress be halted and that the contract be ordered severed.

Also, be further advised, that copies of this communication are being forwarded to the U. S. Department of Housing and Urban Development and to the U. S. General Accounting Office.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

RESOLUTIONS

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

That the resolution adopted by the City Council on August 6, 1973, awarding a contract to the Zebra Paving Company for the construction of the 1973 Blacktop Contract, PS 86038, be rescinded, and

P-3-73

Preliminary Plat (tentative)

Span-Mar Subdivision

Whereas, the preliminary plat of Span-Mar Subdivision has been submitted for approval, and

Whereas the Planning Board pursuant to Act 285, P.A. 1931, has approved and recommended that City Council tentatively approve the preliminary plat subject to the following conditions:

1. That the final plat be developed with all public improvements as required by the Michigan State Plat Act and the Lansing Subdivision Regulations.
2. That all lots are graded so that surface water shall drain therefrom so as not to adversely effect adjacent property owners.
3. That the necessary easements be provided for the installation of utilities.
4. That underground electrical distribution be utilized in accordance with Section 37-81.1 of the Lansing Subdivision Regulations.
5. That the requirements of the Fire Marshal be complied with.
6. That all outstanding tax assessments on the property be paid prior to the approval of the final plat.
7. That an acceptable street name be given to the proposed street at the time of final preliminary approval.
8. That vehicular access be prohibited from Aurelius Road on those lots having frontage and that this condition be applied as a plat restriction appearing on the face of the final plat.
9. That a 60 ft. from center line right-of-way be provided on Aurelius Road.

Whereas, the Committee on Planning and Committee on Public Service and Highways, have reviewed the report of the Planning Board and concur therewith; and

Whereas the proprietor of said plat is hereby advised that the required improvements will require careful scheduling of the time of construction to insure the availability of funds for the city's share of any costs for the proposed improvements.

Now, therefore, be it resolved that the preliminary plat of Span-Mar Subdivision is hereby tentatively approved, subject to the conditions one through nine as set forth above, and

Be it further resolved that the City Clerk be and she is hereby directed to attach this approval to the plat and return it to the proprietor.

ZONINGS

By Councilman Ferguson—

Whereas, it is deemed desirable to amend the Classification provided for in the Zoning Code of the City of Lansing, passed on the 13th day of November, 1958, in the following particulars, viz:

That property described as:

SUP-5-73 — 315-319 East North St.,

Salvation Army Rehabilitation Program, and the "Map" be changed to indicate such transfer;

Therefore, be it resolved, that the City Clerk shall give at least fifteen days notice of a Public Hearing when all persons interested may attend and make any objections they may have to such proposed changes in said Special Use Permit.

Resolved further, that such hearing shall be held at the Council Chamber in the City Hall on the 17th day of September, 1973, at 7:30 o'clock p.m., and that notice of such hearing be published in the official publication of said city, as required by law.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Whereas, by petition duly filed on the 25th day of June, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "H" Light Industrial and "J"

Parking Districts all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 20th day of August, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-37-73 — 4404-4410 North Grand River Avenue,

more particularly described as:

That part of the NE $\frac{1}{4}$ of Section 6, T4N, R2W, City of Lansing, Ingham County, Michigan, commencing at the North $\frac{1}{4}$ corner, thereof and running thence along the $\frac{1}{4}$ line S0°31'33"E 939.95 feet to the Northerly right of way line of North Grand River Avenue, said right of way line being 50 feet from the centerline thereof, thence along said right of way line S69°13'E 70.33 feet to the point of beginning, thence along said right of way line S69°13'E 186.67 feet, thence North 120.0 feet, thence S69°13'E 85.0 feet, thence South 120.0 feet to said right of way line, thence S69°13'E 372.58 feet along said right of way line to the East line of the West $\frac{1}{2}$ of the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 6, thence along said East line N0°32'33"W 374.10 feet, thence N76°19'56"W 305.30 feet, thence S89°28'27"W 264.12 feet, thence N76°19'56"W 305.30 feet, thence S89°28'27"W 264.12 feet, thence Southwestely 62.83 feet along the arc of a 40.0 foot radius curve to the left whose chord bears S44°28'27"W 56.27 feet, thence parallel with said $\frac{1}{4}$ line S0°31'33"E 174.84 feet to the point of beginning, subject to rights and easements of record.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to rezone the above described property from "A-1" Single Family Residential District to "H" Light Industrial and "J" Parking Districts, and

Whereas, the Planning Committee of City Council to whom was referred the report of the Planning Board did concur therein,

Therefore, be it resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property be approved in accordance with the following schedule:

The northerly 50 ft. of the southerly 150 ft. lying parallel to Grand River Avenue be rezoned from "A-1" Family Residential District to "H" Light Industrial District.

The northerly 50 ft. of the southerly 100 ft. lying parallel to Grand River Avenue be rezoned from "A-1" Family Residential District to "J" Parking District.

That a screening plan be approved by the Planning Department and implemented before occupancy permits are issued.

By Councilman Ferguson, Committee on Planning—

Resolved by the City Council of the City of Lansing:

SUP-4-73 — 4700 and 4800 Blocks of Collins Road,

and more particularly described as:

A tract of land situated in the Southwest $\frac{1}{4}$ of Section 36, Township 4 North, Range 2 West, Lansing, Ingham County, Michigan, more particularly described as follows: Beginning at a point which is North $89^{\circ}41'26''$ East, along the South line of said Southwest $\frac{1}{4}$, a distance of 1003.54 feet (1003.01 feet deed) and North $30^{\circ}41'43''$ West (N $30^{\circ}41'01''$ W deed) a distance of 69.58 feet from the Southwest corner of said Southwest $\frac{1}{4}$; thence North $30^{\circ}41'43''$ West along the Easterly right-of-way of Interstate Highway I-496, 103.00 feet from the centerline of the northbound roadway of said highway, a distance of 534.13 feet (N $30^{\circ}41'01''$ W, 534.17 feet deed) to the P.C. of a curve to the right whose chord bears North $18^{\circ}30'34''$ West, a distance of 1167.52 feet (N $18^{\circ}28'49''$ W, 1167.84 feet deed); thence along said curve a distance of 1176.37 feet (1176.45 feet deed); thence South $86^{\circ}09'32''$ East, a distance of 974 feet, more or less, to the West right-of-way of Collins Road, thence South $1^{\circ}33'20''$ East along said right-of-way, 50 feet from the center line thereof, a distance of 1226.76 feet; thence South $89^{\circ}43'20''$ West a distance of 132.84 feet (S $89^{\circ}41'26''$ W 132.99 feet deed); thence South $1^{\circ}29'38''$ East a distance of 273.10 feet (S $1^{\circ}31'45''$ E 272.99 feet deed) to the North right-of-way of Jolly Road; thence south $89^{\circ}42'5''$ West along said right-of-way 60 feet from the center line thereof, a distance of 236.01 feet (S $89^{\circ}41'26''$ W 235.88 feet deed) to the point of beginning. Being a part of Lot 2 of the recorded plat of the Hospitality Motor Inn.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to approve the request subject to the following:

1. That the Special Use Permit be granted with the recommendation to City Council that Collins Road be widened to four lanes and improved at the time the postal facility is being constructed.
2. That the recommendations of the following department be complied with:

PUBLIC SERVICE

1. Storm and sanitary sewers are available in Collins Road to serve this site, however, due to the type of develop-

ment some on-site storm water retention may be required after final engineering plans are completed.

2. Standard drive openings are to be constructed to City of Lansing standards.
3. With the curb and gutter construction by the developer along this site, the City should consider completing the C & G from Jolly Road to Duncel.

BOARD OF WATER AND LIGHT

It is recommended the proposed Post Office on Collins Road north of Jolly Road be served with underground service from existing overhead lines on Collins Road. The proposed complex can be served water from the existing water main on Collins Road. The Water and Steam Division requests a 20 ft. easement along the north property line for a future water main. The existing water main on Collins Road is dead end which may require looping in the near future for adequate fire protection for the proposed Post Office complex and the Hospitality Motor Inn. We do not think the Highway Department will allow a water main to be installed across the expressway at Duncel Drive and the requested easement would give us access across the expressway.

The Planning Board also approved the location, character, and extent of the proposed postal facility according to Act 285, P.A. 1931, as amended.

Whereas, the Planning Committee of the City Council to whom was referred the report of the Planning Board did concur therein;

Therefore be it resolved that the Council of the City of Lansing ordains that the Special Use Permit for the above described property be approved subject to the requirements and recommendations of the various public agencies and departments as described above.

Miss Theo Fulton
Lansing City Clerk
9th Floor, City Hall
Lansing, Michigan

Dear Miss Fulton:

Attached is a copy of my veto message as it relates to the approval of the Contract between the City of Lansing, through the City Demonstration Agency (Model Cities), and the Michigan Indian Benefit Association, as approved by the City Council on Monday, August 27, 1973. It is submitted to you in accordance with Section 6.8 of Chapter 6 of the City Charter.

Sincerely,
GERALD W. GRAVES,
Mayor.

August 29, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall
Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

On Monday, August 27, 1973, you approved a Contract between the City of Lansing, through the City Demonstration Agency (Model Cities), and the Michigan Indian Benefit Association. From the copy of the Contract, PN-38, received by my office on August 24, the cost amounts to \$30,000.

The original Contract PN-38 was approved by you on Monday, July 19, 1971, in the amount of \$25,000. On July 21, or two days later, I vetoed that Contract on the basis of discrepancies, which to this date seem to be unanswered. You overrode that veto.

On July 19, 1972, I forwarded to you and to Model Cities a communication pertaining to this Contract, quoting from the internal audit of the Finance Department, which in part read as follows:

"The Michigan Indian Benefit Association, a pre-existing Michigan corporation, has been functioning as PN-38 since August, 1971. This audit, covering September 1, 1971, through April 25, 1972, proves PN-38 to be completely devoid of any system, organization, management or guidance . . . but other performance is desperately in need of sound guidance, e.g., setting up and maintaining an office filing system, developing beneficial projects out of what appears to be an endless maze of meetings and pot-luck suppers . . ."

The Task Force Assessment of Model Cities has since that time had the following to say:

"This project has had great difficulty over the past six months. There has been a succession of directors, interspersed with periods in which the project lacked direction, as the Acting Director was sometimes ill. The project gained unwelcome notoriety through the poor fiscal management of one ex-director although this problem is for the most part solved at this time.

"It is extremely difficult to assess this project's activity, due primarily to faulty reporting procedures. Discussion with the new Director indicated that several activities, such as the census of Native Americans in Lansing and the many local speaking engagements, are not reflected in the current reports. The project appears to have performed satisfactorily, considering factors beyond the control of present staff, however, it is unfortunate that such a controversial project should have been allowed to be so unorganized.

"Problems with reporting and forecasting have been explained adequately. The forecasts have been unrealistically optimistic, while non-recording of many legitimate client contracts distorted the figures negatively. This has been clarified through talking with the Director, and we expect that figures will reflect all activities more accurately as of next month.

We also expect more detailed and relevant narratives from the project to show progress in areas not covered elsewhere."

I am of the opinion that the program is not achieving what it was intended to achieve. Too, I am of the opinion that the taxpayer is not having his tax dollars spent efficiently.

Therefore, I evoke Section 6.8 of Chapter 6 of the City Charter, that grants veto power to the Mayor over matters adopted by the City Council. In accordance with this provision, and for the reasons heretofore mentioned, I place my veto over the Contract in question.

Sincerely,

GERALD W. GRAVES,
Mayor.

By Councilman Ferguson (Belen)—

That this be referred to Committee of the Whole.

Miss Theo Fulton
Lansing City Clerk
9th Floor, City Hall
Lansing, Michigan

Dear Miss Fulton:

Attached is my veto message suspending the operation of the Resolution approving the "Letter to Proceed" with several Model Cities Fourth Year Projects, as approved by the City Council on Monday, August 27, 1973. It is submitted to you in accordance with Section 6.8 of Chapter 6 of the City Charter.

Sincerely,

GERALD W. GRAVES,
Mayor.

August 29, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall
Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

On Monday, August 27, 1973, you approved a Resolution to permit the City of Lansing to issue another "Letter to Proceed" with Model Cities Fourth Year Projects for a 30 day period waiting the final-

zation of certain Model Cities Fourth Year Contracts. The Resolution included the following projects in the "Letter to Proceed": (1) Housing Assistance Foundation; (2) Health & Dental Services; (3) Relocation; (4) YDC-YES; (5) Teachers Corps; (6) Career Education; (7) Credit Union; (8) Continued Planning; (9) Finance Department; (10) B.I.L.D.; (11) C.C.I.; and (12) Assistant City Attorney Services.

Because of the problems and charges surrounding item (11) C.C.I., and in order not to jeopardize all the other projects, I specifically requested that you remove Citizen's Congress, Inc., from the Resolution, but Councilman Joel I. Ferguson objected to this request and the item was allowed to remain.

At the very time the Resolution dealing with the "Letter to Proceed" was being considered I presented a communication detailing various discrepancies centered around Citizen's Congress, Inc. To me that information in itself was sufficient to withhold any extension of the C.C.I. Contract. Too, in a communication dated March 26, 1973, as forwarded to you I detailed additional discrepancies which I felt deserved your immediate attention. This too apparently was ignored. Now I quote from parts of the Evaluation Report of the City Demonstration Agency (Model Cities), dated February, 1973, of Citizen's Congress, Inc. (PN-3).

"It is the intent of Citizen's Congress Incorporated to provide the expertise which will assist residents with the gathering and dissemination of information of interest to them, to provide training, technical assistance and also to eliminate financial barriers to participation for residents and provide them with services which will make them better able to attend important functions which are related to Model Cities and its programs.

"Citizen's Congress Incorporated is to make it possible for the citizens to make maximum inputs into the planning and implementation of Model cities programs

"Interviews were conducted with eleven CCI staff. Included in these interviews were the director, the bookkeeper, the secretary, the editor, the community aide, the assistant secretary, four technical assistant trainees and one technical assistant specialist.

"When asked 'What type of training they had undertaken in order to assist them on their jobs?', we received a variety of answers. They all mentioned that they are receiving training in community organization which is provided by the Urban League and the center for Urban Affairs. As far as training, the majority consider the job itself as training. Many of the staff members indicated previous work experiences as beneficial to them in their present positions.

"In response to the nature of their jobs, many of the Technical Assistant Trainees felt that they were too new on the job

to give a specific answer. We found that even though there is a difference in the title of the job, a community aide does the same type of work that the Technical Assistants do. We also found that their work load was not evenly distributed amongst staff personnel.

"From the responses to the question 'Do you have any problems with your job, with your fellow employees and employer, or with the people you assist?', there seemed to be a high degree of dissention from the majority of the staff.

"When asked 'What changes would they like to see in their specific jobs, many did not want any specific changes but rather needed clarification of their present duties. It was suggested that more time and personnel should be spent on putting out the newspaper.

"When asked 'What changes they would like to see in the program of CCI?', it was suggested that tighter office procedures be utilized. It was mentioned that there was a need to tighten up on some administrative procedures of the project.

"All the staff interviewed felt that, as of yet, they and CCI as a project really haven't impacted upon their goal of improving citizen participation; however, they all seem to believe that it is possible to insure better citizen participation but they don't have the answer . . .

"From the project records we found that the calendar year of 1972, 319 Model Neighborhood representatives received stipends for attending Model Cities meetings. This comes to approximately \$32,860 or \$10,953 in \$7 stipends and \$21,907 in \$5 stipends.

"We found that 44 representatives received out-of-town travel payments for conferences and special trips which came to a total of \$8,000.25.

"Twenty-seven representatives received cab fare reimbursements totaling the amount of \$1,190.29.

"Twenty-eight representatives received Lost Wage reimbursements totaling the amount of \$2,218.73.

"Ninety-six representatives received babysitting payments totaling \$4,025.06.

"Figures seem to indicate that a minority of Model Cities representatives are receiving the crop of the benefits provided by CCI while the majority are receiving very minimal financial assistance . . .

"According to the last compiled quarter or from October 1970 through September 1972, there was a total of 179 payments made in lost wages. There was a total of 1565 babysitting payments made.

"There were 185 payments made for other expenses of meetings.

"There were 192 payments made for conference expenses.

"There were 7,931 stipend payments made; 7,354 (\$5) stipends and 627 (\$7) stipends all totaling \$41,159 paid in stipends which is 33% of the total expenditures (\$126,955.94) as of September 1972. There was \$43,099.09 (34%) of total expenditures spent on personnel as of September, 1972; \$1625 was spent on consultants and \$2,434.59 was spent on travel. \$1,162.72 was spent on consumable supplies, \$78,274.54 was spent in the like item other. Included in this category are the expenses of the lost wage payments, transportation payments, babysitter payments, conference expenses, etc. . . ."

It is pretty obvious that the goal of CCI has not been met. The attached communication dated August 23, 1973, as signed by William H. Smith, President, Citizen's Congress, Inc. (Board of Directors) details some additional problems to be faced. Personally, I feel we are beyond that point. In dealing with one contract some time ago, a Councilman said, "They have a right to fail." That theory is fine if a Councilman is using his own money. That theory is fine if tax dollars are not involved. Unfortunately, tax dollars are, and have been involved in the amount of several hundred thousand dollars. It is my humble opinion that the program has been a mess. I am asking you to eliminate any more abuse of tax dollars, especially in this time of skyrocketing inflation, which is affecting everyone.

For these and other reasons, I am advising that I have this date placed my veto over your action. This is done in accordance with Section 6.8 of Chapter 6 of the City Charter. I am asking that you uphold my veto then re-introduce the resolution in question with item (11) CCI deleted. Further, I request that item (1) Housing Assistance Foundation also be deleted from the resolution until some of the problems involving that Contract are corrected.

Sincerely,

GERALD W. GRAVES,
Mayor.

By Councilman Ferguson (Moore)—

That we override the veto of the Mayor.

REPORTS OF CITY OFFICERS AND BOARDS

August 28, 1973

TO: Mayor & Members of City Council

FROM: James W. Dowsett,
Director of Finance

SUBJECT: Planned Use of Funds Report—
4th Entitlement Period of Federal Revenue Sharing—Year Ending 6-30-74.

In accordance with the rules and regulations pertaining to the "State and Local Fiscal Assistance Act of 1972" (Federal Revenue Sharing), I submit to you the Planned Use of Funds Report for the 4th Entitlement Period of Federal Revenue Sharing reflecting the planned use of funds to be received for year ending 6-30-74.

I have also submitted this report along with supplemental documentation to the City Clerk under cover of a separate letter dated August 28, 1973 so that it might be made available for public inspection as required in the regulations.

In addition to filing this report with the City Clerk for public inspection the following steps must be taken by the City.

- 1) The news media must be advised of the date that this report will be published in the local newspaper and copies provided upon request.
- 2) The Planned Use of Funds Report must be published in a newspaper of

general circulation within the geographic area of the City.

- 3) The Planned Use of Funds Report must be mailed to the Department of the Treasury, Washington D.C., to be received by September 14, 1973.

My suggested time table is that a press release be made by September 7, 1973 and publication of the report be made in the local newspaper by September 11, 1973. I will then release the report to the Treasury Department on September 13, 1973 so that they might receive it by September 14, 1973.

JAMES W. DOWSETT,
Director of Finance.

Referred to Committee on Finance and Mayor's Office.

Re: Min-a-Mart Food Stores

Gentlemen:

This office has been negotiating with Min-a-Mart Food Stores, Inc., concerning their past due account of \$4,354.06. This sum has been demanded by the city to cover the costs of certain alterations at the North Capitol Avenue Ramp location leased by Min-a-Mart.

After several meetings with a Min-a-Mart representatives, this office has reached a proposed settlement for the sum of \$3,000.00 payable by Min-a-Mart at \$100.00 per month over the next 30 months.

There is a distinct possibility that if this matter were brought to trial, there would be no recovery, since the agreement to make the alterations was not set down in a formal manner because of the time element involved when the parking ramp was being completed. Mr. Robert Backus has concurred in the recommendation of the settlement.

This office asks for your concurrence in the proposed settlement.

August 30, 1973

Honorable Mayor and

Members of City Council

10th Floor, City Hall

Lansing, Michigan

Gentlemen:

On August 7, 1973, the voters of Lansing approved a charter amendment which granted power to the Planning Board and Planning Department to administer and enforce the zoning ordinances of the City of Lansing.

This new responsibility proposes many administrative problems in order to insure an orderly transition from one department to another. Some of these problems include establishing a budget including the level of staff and equipment, as well as, working out procedures to insure close coordination between the new Building Department and the Planning Department which is necessary to insure effective enforcement of the City's codes.

Because the Building Division is in the process of becoming a Building Department, it has been impossible to undertake the negotiations necessary to insure an orderly transition within the 30 days as indicated in the City Charter. Because of this, the Planning Board, meeting as a Committee of the Whole on August 21, 1973, unanimously agreed to request that you grant us an additional 30 days before transferring the responsibility for zoning administration to the Planning Department.

Your attention and favorable response to this request will be appreciated.

Sincerely,

ALAN E. TUBBS,
Director,
Lansing Planning Department.

Gentlemen:

On March 12, 1973, the Lansing City Council approved a resolution establishing a municipal-citizen task force, which was to investigate policies and plans for the movement of traffic north of I-496 along the Aurelius-Clemens alignment. Attached herein, is a copy of the summary of findings and recommendations of that task force.

It must be recognized that these recommendations do not provide any simple solutions to this very complex issue. Hopefully, however, it will point out areas in which future legislative and neighborhood attention can be directed.

August 30, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

Plans for the formal dedication of the Washington Square Mall have advanced sufficiently to forecast an interesting, colorful and entertaining opening for this new city facility.

Our objective is to demonstrate how this beautiful public space can be used by the community for a variety of public activities.

The plans include a showing of the new 1974 Oldsmobiles, an art show, craft show, puppet theatre, nature display, high school band show featuring bands from throughout the Lansing area, ethnic dance presentations by dance groups in native costume, choral groups, a pops orchestra, square dancing, folk singers, and much more that we are still working on.

Due to the short lead time available to program this event, the Advisory Board recommends that the dedication be confined to a two day period September 21 and 22.

The Board also requests permission from City Council to stage a display of aerial fireworks each of the two nights as a climax to the day's activities.

Preliminary clearance has been obtained from the Fire Marshal and the Traffic Department to use the top deck of the North Grand Avenue parking structure at Grand and Ottawa as the firing platform for the aerial display, pending authorization by City Council.

Each fireworks display would last a half hour from 9 to 9:30 p.m.

Estimated total cost for the fireworks is \$2,000.

Since the dedication is a city-sponsored event for a public facility, the Advisory Board respectfully requests City Council to appropriate \$1,000 to cover half of the cost of the fireworks display and \$500 for incidental departmental labor expenses that may be required.

An additional \$1,000 to match the city's contribution for the fireworks will be secured through private subscription.

Sincerely,

August 30, 1973

The Honorable Mayor and
Members of City Council

Gentlemen:

The Redevelopment Board, at their meeting held on Tuesday, August 28, 1973, concurred in the request of Spira Mart, Inc. (100 Block Development . . . Parcel 15, Project No. 1, Mich. R-87) to relocate the tower site from the corner of Ottawa Street and Washington Square Mall (previously proposed) to the corner of Ottawa Street and Grand Avenue.

Prior to taking this action, the Redevelopment Board considered factors, such as:

1. The Traffic Engineer's position that the tower, located at the corner of Ottawa Street and Grand Avenue, would be more desirable for traffic ingress and egress.
2. Mr. Gray Graham met with the Mayor and City Council, in the Mayor's Office, on May 23, 1973, at which time there was discussion on the Ottawa Street Bridge vs. the Michigan Avenue Bridge. The results of the meeting being that City Council decided to proceed with the Michigan Avenue Bridge (based on traffic circulation and the office-hotel tower being located at Ottawa and Grand).
3. The Board of Zoning Appeals approved the height variance for the tower, located at the corner of Ottawa and Grand, with the understanding that a study would be undertaken regarding the interrelationship of the office-hotel tower and the Board of Water and Light smokestack. If the conclusion of these studies is that a revision in the height of the tower is necessary, the First Block Developer has agreed to make adjustments in the office-hotel tower.
4. Spira Mart recently began working on construction plans for the entire complex, including the tower. A meeting was held with the Spira Mart Design Team on Thursday, August 23, 1973. The Design Team consists of three architectural firms, namely: Ellis-Naeyaert Associates, Inc., Lester H. Davies, Inc. and AMS, Inc. and the construction contractors: The Christman Company of Lansing and R. E. Dailey and Company of Detroit.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,

August 30, 1973

The Honorable Mayor and
Members of City Council

Gentlemen:

The Redevelopment Board, at their meeting held on Tuesday, August 28, 1973, reviewed and approved the changes in the financing entity for the 100 Block Development, Parcel 15, Project No. 1, Mich. R-87.

The financing arrangement, originally presented, was to be with Diversified Enterprises and Leverage, Inc. and New Development Realty a subsidiary of Celanese Corporation providing the equity capital, with the intent to obtain the end commitment from Advance Mortgage.

The change in the method of financing, approved by the Board, is from the original proposed method to Spira Mart of Lansing, a Michigan Limited Partnership. This partnership will consist of two General Partners and Limited Partners providing equity capital, with the commitment for end financing being obtained from one of several financial institutions currently under consideration.

The Board reviewed several factors as a prerequisite to their approval of the changes in the financial entity, such as:

- a. A written request from Mr. Gray Graham of Spira Mart, Inc. stating that after the proposal to purchase had been approved by the Board and City Council, negotiations with Diversified Enterprises and Leverage, Inc. and the Celanese Corporation had resulted in a decision that the cost of financing through these firms was unsatisfactory.
- b. Review of the Certificate of Limited Partnership discloses the names of the General and Limited Partners and the cash contribution of the Limited Partners where by the equity capital through this method appears to be superior to the equity capital previously proposed.
- c. The Redevelopment Board recognizes that it is not necessary that they approve the financial institution selected by the redeveloper; however, being reasonably assured that the redeveloper has the capability of obtaining financing is the Board's responsibility.
- d. The Board understands that the Contract for Sale of Land to be executed between the City and the Redeveloper sets forth the condition that prior to the City conveying title to the land, the redeveloper must submit verification of a financial commitment from a financial institution.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,
Richard L. Zimmerman,
Secretary.

Referred to Committee on Redevelopment.

August 30, 1973

The Honorable Mayor and
Members of City Council
Gentlemen:

The Redevelopment Board, at their meeting held on Tuesday, August 28, 1973, concurred in the Spira Mart, Inc. request that the proposed Contract for Sale of Land (100 Block Development . . . Parcel 15, Project No. 1, Mich. R-87) be assigned to Spira-Mart of Lansing, a Michigan Limited Partnership.

The Redevelopment Board reviewed the legal opinion issued by Mr. Bruce King, Special Assistant City Attorney (copy attached hereto), and the Certificate of Limited Partnership (copy attached hereto).

Therefore, the Redevelopment Board recommends that City Council approve the request that the proposed Contract for Sale and Land for Private Redevelopment by and between the City of Lansing and Spira Mart, Inc. for Parcel 15, Project No. 1, Mich. R-87, be assigned to Spira-Mart of Lansing, a Michigan Limited Partnership.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,
Richard L. Zimmerman,
Secretary.

Referred to Committee on Redevelopment.

August 30, 1973

The Honorable Mayor and
Members of City Council
Gentlemen:

The Redevelopment Board respectfully requests an opportunity to meet with the Mayor and City Council for the purpose of reviewing Spira Mart, Inc.'s proposal to redevelop the 100 Block (Parcel 15, Project No. 1, Mich. R-87).

The Board requests that this meeting take place prior to the Public Hearing (scheduled for Monday, September 10, 1973, 7:30 p.m.).

The Board recognizes that the Mayor and City Council are aware of the impact this development will have on the total community and such a meeting may assist in bringing the Mayor and City Council up to date on matters that have taken place since the proposal was originally received, namely:

1. Request for the assignment of the Contract for Sale of Land from Spira Mart, Inc. to Spira-Mart of Lansing, a Michigan Limited Partnership and persons included in that partnership agreement.
2. Changes in the method of financing.

3. Status of the smokestack study to resolve the interrelationship of the office-hotel tower and the Board of Water and Light Smokestack.

4. Proposed construction timing.

5. Review of the Contract for Sale of Land.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,
Richard L. Zimmerman,
Secretary.

August 29, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

At their meeting on August 28, 1973, the Waterfront Development Board discussed the idea of fences along the waterfront. Two examples were cited:

- 1) The temporary "snow fence" located in Wentworth Park. It is this Board's understanding that the Parks and Recreation Department has been directed by Council to install a permanent and more pleasing fence in this park. There has been cooperation between the planner for this Board and members of the Parks and Recreation Department regarding the coordination of this fence and the docking facility for this park as proposed by this Board. This example of "fencing" the waterfront has worked out fairly well. However, the next example cited led this Board to be concerned about what might happen when this kind of cooperation does not take place.
- 2) North of Elm Street and adjacent to what used to be Scott Park is a twenty-five (25) foot pedestrian right of way adjacent to the river that has been retained by the City for access along the waterfront. However, there are two chain link fences, approximately twenty (20) feet apart, paralleling the river. One fence belongs to General Motors (Oldsmobile Division), and the other belongs to the City. These fences obviously keep people within the twenty-five (25) foot right of way. However, they also keep people from "getting in" or "getting out" of the river with a boat, if fishing, or if enjoying the waterfront in other ways. In essence, this kind of fencing severely limits the "integration" possibilities of the waterfront with the surrounding land uses which is an idea expressed in the "Policy Plan for Development of Lansing's Waterfront."

This Board would like to review the plans to place fences along the waterfront, particularly those installed by a public agency.

Therefore this Board requests that Council direct the Public Service Board, the Parks and Recreation Board, and the Board of Water and Light, to submit plans for installation of fences along the waterfront to this Board for review. Such plans should be submitted to Mr. Jon D. Bauer, in the Planning Department.

Sincerely,

RAMONA J. BRETZ,
Chairman,
Waterfront Development
Board.

Referred to Public Service Board, Park Board and Board of Water and Light.

August 29, 1973

Honorable Mayor and
Members of City Council

Gentlemen:

At their meeting on August 28, 1973, the Waterfront Development Board discussed the relationship between the existing zoning adjacent to the river and this Board's goals and policies as expressed in the "Policy Plan for Development of Lansing's Waterfront."

According to the Zoning District Map in the Planning Department, the majority of the land east of the Grand and Red Cedar Rivers between East Grand River Avenue and the Grand Trunk Railroad is zoned either "Light or Heavy" Industrial. Some uses permitted in the two zoning districts are: auto wrecking, boiler works, coke ovens, asphalt manufacturing, or refining, refining of petroleum or its products, and a stockyard or slaughtering of animals, to name a few.

This zoning is not compatible with this Board's plan to return the waterfront to use by people and also to recognize that the waterfront can be an asset to a city instead of a liability.

Furthermore, present technology enables industry to locate almost anywhere, i.e. industry does not have to be located near a river.

A policy statement from the Land Use section of the Policy Plan reads as follows:

"To encourage residential, office, business, and commercial uses to locate within the waterfront environment and to develop with special waterfront orientation. Industrial uses will be replaced by these more compatible uses."

Therefore, this Board requests that Council direct the Planning Board to amend the Zoning District Map and the zoning ordinance to comply with the goals and policies as stated above.

Sincerely,

RAMONA J. BRETZ,
Chairman,
Waterfront Development
Board.

Honorable Mayor and
Members of City Council
Gentlemen:

At their meeting on August 28, 1973, the Waterfront Development Board discussed the proposed Public Service garage and its location adjacent to the Red Cedar River and South Street.

This Board expressed concern regarding the impact of this garage on the waterfront and would like to review the plans for its construction, particularly the site plan.

Therefore, this Board requests that Council direct the Public Service Board to submit such plans to Mr. Jon D. Bauer, in the Planning Department; for the Board's review.

Honorable Mayor and
Members of City Council
Gentlemen:

At their meeting on August 28, 1973, the Waterfront Development Board expressed concern regarding the proposed reconstruction of the Michigan Avenue bridge and its integration with this Board's waterfront development plans.

This Board would like to be kept informed regarding this issue and desires to review the plans for the reconstruction.

Therefore this Board requests Council to direct the Public Service Board to submit this information and plans to Mr. Jon D. Bauer, in the Planning Department, for this Board's review.

Sincerely,

RAMONA J. BRETZ,
Chairman,
Waterfront Development
Board.

Honorable Mayor Gerald W. Graves and
Members of the Lansing City Council
City Hall
Lansing, Michigan 48933

Dear Mr. Mayor and Council Members:

It is with mixed feelings and sincere emotion that I submit my letter of retirement to you. Without fancy statements, I would like to state that my relationship with the City of Lansing has been most rewarding. Through the grace of God, Lansing has been very kind to me and my family. I wish to thank you, Mr. Mayor, and Members of the City Council, as well as the Mayors of the past and all former Council members that I have had the pleasure of serving under.

Please be advised that it is my desire to be placed on retirement effective November 1, 1973.

Sincerely,

AUSTIN L. DeFORD,
Market Master.

September 4, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall
Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

For your consideration and approval, I am placing in nomination the name of Ms. Roxanna O'Connor to fill the position of Director for the newly created Senior Citizen Coordinating and Information Department. As the head of this independent City department, which I called for in my Budget Message of March 26, 1973, Ms. O'Connor would be able to assist Senior Citizens in finding and receiving the social services that are presently offered by a number of agencies in the Lansing community. Traditionally, one of the greatest problems for Senior Citizens has been a lack of knowledge and information by these individuals of the availability of these types of services. Roxanna is presently serving as Acting Director for the Lansing Area-Wide Model Project on the Aging, a program currently under the auspices of the Lansing Planning Department.

I believe that my nominee has an excellent educational background, as she has received her Bachelor's Degree "With Honors" from the University of Kansas in 1968, and was later awarded her Master's Degree in Social Work from that institution. Most recently she has been employed as a Social Planner and, later as Acting Director, for a research grant funded by the Department of Health, Education and Welfare targeted

to assess and analyze the Senior Citizen population of the Lansing area. One of the key recommendations from that study was the call for the establishment of a Senior Citizen Office to act as a catalyst in providing social services to the various Senior Citizens that require their aid. In addition, Ms. O'Connor has worked for the Michigan School for the Blind as a consultant and coordinator of in-service training for teachers from April of 1971 to August, 1972. Before moving to Lansing, Roxanna was employed by the Western Missouri Mental Health Center as an individual and group therapist for in-patient services and she also acted as a consultant to various community agencies. Ms. O'Connor presently resides at 512 W. Saginaw Street in the City of Lansing and her birthdate is November 21, 1944.

I have great confidence in Ms. O'Connor's integrity as an individual and her past work record has demonstrated her professional ability to work with and find acceptance by the Senior Citizens of Lansing. I am sure she will find this new position very challenging and the great good that she can accomplish will certainly justify this investment by the citizens of Lansing. The new office will begin operations as soon as the City Council makes the necessary decisions regarding the allocations of office space in City Hall for the department.

Respectfully submitted,

GERALD W. GRAVES,
Mayor.

By Councilman Belen—

That we concur in the Mayor's recommendation and said appointment be confirmed.

Carried.

City Hall
Lansing, Michigan
Dear Mr. Mayor Pro-Tem and
Council Members:

Lansing's newest bank, the Bank of Commerce of Lansing, was officially opened for business on July 3. President Richard T. Coyne has advised of the following:

- That the Bank of Commerce of Lansing desires to be named a depository for the City of Lansing;
- That for the balance of the year there will be a no-service charge policy on business checking accounts;
- That the Bank of Commerce of Lansing will file to join the Lansing Clearing Bureau, in which the Office of the City Treasurer participates with American Bank & Trust, Bank of Lansing, Michigan National Bank and the Office of the State Treasurer of the State of Michigan in daily clearing of various checks.

I would request that any policy decision you might make on this matter would have input from the Finance Director and the City Treasurer.

Respectfully submitted,
GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

RESOLUTIONS

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

That the low bid of McNeilly Construction, Inc. for Sidewalk Construction Repairs, Lansing-LaSalle & Others, PS 25034 in the amount of \$21,188.00, be accepted.

An additional 15% in the amount of \$3,178.20 is hereby authorized to be encumbered by the Controller for contingencies, making the total encumbered amount under this Contract, \$24,366.20.

After the award, the successful bidder shall be required to execute the contract as specified, within ten days after the prescribed forms are presented to him for signature as stipulated in Article 15 (Instruction to Bidders) of the Contract.

Be It Further Resolved That the Mayor and City Clerk be directed to execute a contract with the said McNeilly Construction, Inc. on behalf of the City of Lansing according to the said bid presented and the specifications on file, upon approval of the contract, and of the bonds and insurance policies by the City Attorney, and upon certification of the City Controller as to the availability of funds.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, an independent audit is to be performed for each operating agency in the Model City Program, and

Whereas, the cost of this audit is to be paid from Model City funds, and

Whereas, the City of Lansing did request bid proposals from qualified certified public accountant firms, and

Whereas, an acceptable bid has been received from Seidman & Seidman, Certified Public Accountants, and

Whereas, on July 2, 1973 City Council of the City of Lansing did by resolution accept this bid and did request the City Controller and CDA Director to award the contract to Seidman & Seidman, Certified Public Accountants, and

Whereas, a contract for performance of independent audits of Model City Operating agencies between the City of Lansing and Seidman & Seidman, Certified Public Accountants, has been prepared and said contract is determined to be satisfactory.

Now, Therefore, Be It Resolved by the City Council of the City of Lansing that

the Mayor and City Clerk are hereby authorized and directed to execute the contract for performance of independent audits of the Model City operating agencies, by and between the City of Lansing and Seidman & Seidman, Certified Public Accountants.

Whereas, this "Letter to Proceed" permits both Friendship Day Care Center, Inc. and Happy Day Children's Center, Inc. to continue performing said "day care services": (1) for a period of thirty (30) days and (2) at the "level of spending" which was provided in their Third Year Contracts; and

Whereas, this "Letter to Proceed" specifically prohibits both Friendship Day Care Center, Inc. and Happy Day Children's Center, Inc. from making or incurring any expenditure, commitment, or encumbrance for: (1) the purchase of equipment and/or non-expendable property; (2) the renovation and/or replacement of any building and/or facility; and/or (3) the planning, development and/or construction of any addition to any building and/or facility, until such time as the Model Cities Fourth Year "day care services" Contract or Contracts is or are approved by the City Council of the City of Lansing and is or are executed by all parties thereto; and

Whereas, this "Letter to Proceed" is hereby approved and issued by the City

Council of the City of Lansing; now, therefore, be it

Resolved, that the Mayor and the City Clerk are hereby directed to sign said "Letter to Proceed" on behalf of the City of Lansing.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

That this Council by 3/5 vote of its members elect proposes that the charter of the City of Lansing be amended by repealing Chapter 11 thereof which reads as follows:

CHAPTER 11

COUNTY SUPERVISORS

Number of Supervisors.

Section 11. 1. The City of Lansing shall be entitled to such number of representatives on the Board of Supervisors of Ingham County, and of each county in which it may lie, as shall be provided by law.

Selection of Supervisors.

Section 11. 2. (a) The representatives of the City on the Board of Supervisors of Ingham County shall be the Assessor, the City Attorney, and the City Controller, not less than four members of the Council, to be elected by the Council at its first meeting following each regular city election, and such number of electors who possess the qualifications set forth in this charter for holding city office, as shall be required to complete the number of representatives on such Board of Supervisors to which the city is entitled. Such electors shall be appointed by the Mayor subject to confirmation by the Council immediately following each regular city election and their terms of office shall commence forthwith following their appointment and shall continue for two years.

(b) The Council shall provide by ordinance for the representation of the city on the board of supervisors of each county in which the city may lie, in addition to Ingham County.

(c) If a Supervisor who is the Assessor, City Attorney, City Controller, or a member of the Council ceases to hold such office, his office as a Supervisor shall thereupon be terminated and a vacancy shall exist.

Temporary Absences and Vacancies.

Section 11. 3. In cases of temporary absence or of the inability of any city representative on the Board of Supervisors, to serve or perform the duties of his office, the Mayor shall appoint a qualified person to serve during the absence or inability. The Council or Mayor, as the case may be, shall fill all vacancies in the office of Supervisors,

within thirty days after such vacancy occurs, in the manner provided in this charter for the election or appointment of Supervisors.

Compensation of Supervisors.

Section 11. 4. Each Supervisor shall be entitled to retain any compensation and mileage paid to him by the county.

Resolved Further, that the foregoing amendment to the city charter be presented to the electors of the City of Lansing for approval at the next general election to be held within the City of Lansing not less than sixty (60) days from date hereof, which general election will be held on Tuesday, November 6, 1973;

FORM OF BALLOT

"Shall Chapter 11 of the Charter of the City of Lansing be repealed in order to remove from the Charter any reference to the appointment of members of the County Board of Supervisors?"

YES () NO ()

Resolved Further, that the City Clerk be and she is hereby directed to prepare sufficient ballots to supply the demand for absent voters ballots, substantially in manner and form as above set forth;

Resolved Further, that the votes cast upon such question shall be counted, canvassed, and returned and the result thereof determined in like manner and by the same officials as prescribed for general municipal elections;

Resolved Further, that the City Clerk give ten (10) days notice of the submission of the said proposition to the electors, such notice to conform to the provisions of the City Charter relative to general municipal elections, and further that she cause a true copy of this resolution to be published twice in a daily newspaper published and circulated in the City of Lansing and that such publication be at least ten (10) days prior to the date upon which said proposal is to be voted upon as herein provided.

Resolved Further, that the City Clerk post the chapter to be repealed; namely, Chapter 11, in a conspicuous place in each polling place at the time of said election;

Resolved Further, that the above proposed amendment and ballot proposition wording be submitted forthwith to the offices of the Governor and Attorney General, respectively, for their action as provided by law.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

That this Council by 3/5 vote of its mem-

bers elect proposes that the charter of the City of Lansing be amended by adding a section 45 to Chapter 16 thereof, being the Policemen's and Firemen's Retirement System, to read as follows:

Section 45. The allowance being paid to retirants or beneficiaries as a result of retirement or death of a policeman or fireman, between January 1, 1944 and August 31, 1966, shall be increased by two per cent (2%) of such person's annual retirement allowance multiplied by the number of full years which have elapsed between the effective date of this amendment and the time the retirement allowance began.

Resolved Further, that the foregoing amendment to the city charter be presented to the electors of the City of Lansing for approval at the next general election to be held within the City of Lansing not less than sixty (60) days from date hereof, which general election will be held on Tuesday, November 6, 1973;

Resolved Further, that the City Clerk be and she hereby is directed to prepare or cause to be prepared the voting devices of said city for said election in manner and form as follows:

FORM OF BALLOT

"Shall Chapter 16 of the Lansing City Charter be amended to add a section 45 authorizing the City of Lansing to increase the allowance being paid to retirants or beneficiaries as a result of retirement or death of a policeman or fireman between January 1, 1944 and August 31, 1966, such increase being two per cent (2%) of such person's annual retirement allowance multiplied by the number of full years which have elapsed since the time the retirement allowance began?"

YES () NO ()

Resolved Further, that the City Clerk be and she is hereby directed to prepare sufficient ballots to supply the demand for absent voters ballots, substantially in manner and form as above set forth;

Resolved Further, that the votes cast upon such question shall be counted, canvassed, and returned and the result thereof determined in like manner and by the same officials as prescribed for general municipal elections;

Resolved by the City Council of the City of Lansing:

LS-17-73

4600 Block of Bristol Street

Whereas a request is made by Charles Hengesback to divide property located in the 4600 Block of Bristol Street described as:

Lot No. 82, Supervisors Plat of Pros-

perity Farms No. 1, City of Lansing, Ingham County, Michigan

The request consists of dividing the Lot 82 into (2) two lots equal in size and described as:

Parcel "A"

The north $\frac{1}{2}$ of Lot No. 82, Supervisors Plat of Prosperity Farms No. 1, City of Lansing, Ingham County, Michigan

Parcel "B"

The south $\frac{1}{2}$ of Lot No. 82, Supervisors Plat of Prosperity Farms No. 1, City of Lansing, Ingham County, Michigan

Whereas, the Planning Board has recommended that the request be granted, and

Whereas the Planning Committee of the City Council has reviewed the report of the Planning Board and concurs therewith;

Therefore, be it resolved that in accordance with Section 37-27 of the Subdivision Control ordinance the above described property is divided as follows:

Parcel "A"

The north $\frac{1}{2}$ of Lot No. 82, Supervisors Plat of Prosperity Farms No. 1, City of Lansing, Ingham County, Michigan

Parcel "B"

The south $\frac{1}{2}$ of Lot No. 82, Supervisors Plat of Prosperity Farms No. 1, City of Lansing, Ingham County, Michigan

Subject to utility easements as may be required by the Board of Water and Light, and Public Service Department.

The applicant, however, stipulates and understands that the lot split as granted by the City of Lansing does not necessarily mean that the applicant may proceed with the division of the property. The applicant further understands there may be some private restrictions contained in his deed, or plat restrictions, which may or may not be recorded with the Registrar of Deeds, which run with the land. The applicant further understands that the City does not have any power or authority over these restrictions.

ZONINGS

By Councilman Ferguson—

Whereas, by petition duly filed on the 12th day of June, 1967, this council was petitioned to change the following described property from "C" Two Family Residence District to "F" Commercial District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 2nd day of October, 1967, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-80-67 — 2801 N. East Street,

more particularly described as:

Commencing 33 feet west and 22 feet south of the east $\frac{1}{4}$ post, Section 4, thence south of the west line of N. East Street 90 feet, thence west 157 feet, thence north 90 feet, thence east 157 feet to point of beginning.

Whereas, pursuant to Act 207, P.A. 1921 the Planning Board advised City Council to deny the petition, and

Whereas, the Planning Committee of City Council to whom was referred the report of the Planning Board did not concur therein,

Therefore Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "C-2" Two Family Residential District to "F" Commercial District be approved.

Subject to a landscape, fencing and screening plan being submitted and approved by the Planning Department and installed prior to occupancy permit being issued for a non-residential or more intense residential use of the land.

REPORT OF THE BOARD ON SPECIAL ASSESSMENT RELIEF

The Special Assessment Relief Board, to whom was referred the letter from Spartan Oil Corporation regarding lessee William Albert's 1973 personal property assessment (No. 06660) for stock and equipment located at 1642 South Logan Street reports as follows:

The Board refers the matter back to the Committee of the Whole as jurisdiction under the Special Assessment Hardship Relief Ordinance (28-19.1) does not run to questions of equity of assessments but only to special assessments levied against a taxpayer who is unable to pay.

A report from the Assessor's office explaining the assessment procedure in detail in this instance is attached.

September 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

Attached is a position paper developed by the Planning Staff in response to Michigan House Bill No. 5055 entitled "State Land Use Act." This position paper was reviewed by the Planning Board at their September 4, 1973 meeting, and the Board unanimously recommends that the City adopt this position as the official city response to the pending legislation.

Basically this bill, if properly administered, would assist in the maintenance of

the economic base of the city. Specific recommendations are contained in pages one and two of the attached report.

Your attention is directed to recommendation No. 1, which requests that the legislation incorporate a provision that regional planning bodies be constituted on a one-man, one-vote basis. This is especially critical because of the direction being taken at State and National levels which give authority for allocation of funds to regional planning bodies. In addition, a policy paper dealing specifically with this issue is being prepared by the Planning Board and will be forwarded under separate cover.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

September 6, 1973

Honorable Mayor and Members of

City Council

Gentlemen:

Attached is the Planning Board's initial program proposal for the administration of the city zoning codes. This was approved by the Planning Board at their meeting of September 4, 1973.

It is our understanding that we will take over enforcement of the city codes on October 7, 1973. Prior to that time, the recommendations contained in this proposal must be negotiated.

The Planning Board has named Mr. Richard Gaus to serve on the negotiation team and requests that the City Council appoint a representative or representatives to meet with Mr. Gaus to negotiate an agreement on the areas of concern cited in the proposal.

Your prompt attention to this request will be greatly appreciated.

Respectfully submitted,

ALAN E. TUBBS,
Secretary,
Planning Board.

September 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their meeting of September 4, 1973, recommended approval

of the request by Oldsmobile, Division of General Motors, to vacate portions of Chestnut Street and Butler Boulevard between Main and William Streets.

Butler Boulevard and Chestnut Street no longer function as necessary public streets. Their original intent was to serve as residential collector streets. Residential development no longer exists in this area and the industrial development does not require public access.

This approval is subject to the condition that all utility easements be retained or that all utilities be relocated at the cost of the relocation be paid by the petitioner.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

September 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their September 4, 1973, meeting, recommended tentative approval of the preliminary plat of Burk's addition, subject to the following conditions:

1. That the total delinquent tax and special assessment amounts be paid in full or guaranteed.
2. That the final plat be developed with all public improvements as required by the Michigan State Plat Act and the Lansing Subdivision Regulations.
3. That all lots be graded so that surface water shall drain therefrom.
4. That the necessary easements be provided for the installation of utilities.
5. That the comments of the reviewing agencies be adhered to.
6. That lots 1 & 2 be oriented to Fisher Drive and that access be prohibited from the corner lot to Washington Avenue and that this condition be recorded on the face of the final plat.

Tentative approval of this preliminary plat is effective for a maximum period of twelve months.

This recommendation was by 6 yeas, 1 nay.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

September 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their meeting of September 4, 1973, recommended tentative approval of the preliminary plat of Tammany Hills No. 3 & 4, subject to the following conditions:

1. That the final plat be developed with all public improvements as required by the Michigan State Plat Act and the Lansing Subdivision Regulations.
2. That all lots are graded so that surface water shall drain therefrom to the street.
3. That the necessary easements be provided for the installation of public utilities.
4. That street names and street widths be shown on the face of the plat at the time of final preliminary submission.
5. That this approval be given so that the Planning Department has the option to work with the adjacent property owners to encourage them to incorporate into this plat at the time of preliminary submission to approval.
6. That the reports from all public agencies be complied with.
7. That the east boulevard entrance from Forest Road be relocated a minimum of 10 feet to the east. This condition was made to resolve the problem of vehicle lights being directed into the property to the north.

Tentative approval of this preliminary plat is effective for a maximum period of twelve months.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Nordic Group

Suite 204

27830 Orchard Lake Road

Farmington, Michigan 48024

Dear Mr. Jokinen:

The Planning Board, at their September 4, 1973, meeting, approved the site plan for

Phase II of Mill Pond Mobile Home Village. This site plan review is in accordance with the provisions of Section 36-5.1(7); approval procedures for planned developments. The proposed use, as in Phase I, is for mobile home development. This approval is subject to the following conditions:

- a) That the lots with an area less than 3500 square feet in area be brought up to minimum standards.
- b) That a landscaping, screening, and fencing plan be submitted to, and approved by, the Planning Department and further that said plan be implemented before occupancy permits are issued.
- c) That the requirements and recommendations of the various public agencies and departments are complied with.
- d) That all street names within the development be cleared with the Tri-County Regional Planning Commission to prevent duplication.
- e) That the specifications and recommendations stated in the Public Service Director's Report be complied with.
- f) That the requirements and recommendations of the Board of Water and Light be complied with.
- g) That lighting be provided in the parks and pedestrian walkways as a precaution against vandalism, assault, etc., this lighting could be accomplished in keeping with the theme suggested by the petitioner.
- h) That a revised site plan be submitted prior to the issuance of permits.

This site plan was approved by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Department.

Z-49-73

September 6, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board, at their September 4, 1973, meeting, recommended to City Council that the request by Lawrence J. Danford to rezone a portion of Lot No. 62 from "J" Parking District to "T" Commercial District to allow expansion of a business and retail use, upon the premises known as 805, 809-811 West Holmes Road be approved subject to the enforcement of the screening and lighting requirements in

the original rezoning of the property (see file Z-173-65), and further that the parking areas be drained properly, so as not to affect adjacent properties, this means the construction of catch-basins within the parking areas if necessary.

The Lansing Master Plan points out the most desirable development for this area as low density residential. The proposed zoning map indicates this parcel as "B-1" Local Business District. Research has revealed that Lots 62, 63 and 64 of Supervisors Plat of Burchfield, which includes the parcel in question, was rezoned in 1965 from Nonconforming "A-1" Commercial District on three sides. This same petitioner is now requesting a change from "J" Parking District, along the easterly portion of his property, thereby allowing the expansion of the commercial use. This commercial center presently is occupied by an Insurance office, Laundry and Carpet Sales office. The character of the surrounding residential use appears stable and does not reveal any adverse influence from the adjacent commercial development. However, it is felt that to assure this compatibility, screening should be provided to buffer these residential uses. The off-street parking schedule outlining in the proposed zoning ordinance was applied to this development and found to be adequate in terms of spaces required. Preliminary studies have found that as a result of the rezoning in 1965, this property is in nonconformance with yard requirements of the "T" Commercial District. The front yard specifications of this district call for a 20 ft. set back. Therefore, a variance may have to be applied for through the Board of Zoning Appeals, for the proposed addition.

One person was at the September 4, 1973, public hearing that asked for screening of the site.

This recommendation was by a 6 to 1 vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Z-38-73

September 6, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board, at their meeting of September 4, 1973, recommended approval of the petition to rezone property located at 201 North Howard Street from "A-1" Single Family Residential District to "H" Light Industrial District. This rezoning will allow the construction of a body shop on the premise. This petition was approved subject to the condition that an outside

storage area be fenced and screened by means of a 6 ft. high chain link fence with interwoven red-wood slats or any other screening that may be suggested by the developer with the approval of the Planning Board.

The site in question is located just north of the Bud Kouts Chevrolet complex. The proposed use for the site is an expansion of the Bud Kouts new and used car complex.

The land use in the immediate area is similar to that of the proposed use. Heatherwood Farms Dairy is a light industrial use. A portion of Bud Kouts is currently zoned "H" Light Industrial and used as new and used car sales and service, with a body shop adjacent to the site in question.

The Board of Water and Light has recently constructed an electrical substation between the site in question and the residential area to the north and west. The electrical substation does not generate any significant amount of activity and will provide a buffer between the proposed development and existing residential uses to the north and west.

To further put this request in proper perspective, refer to Z-47-73.

The petition was approved by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

September 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their September 4, 1973, meeting, recommended to City Council that the petition by the Wolverine Chevrolet Company to rezone a parcel of land located on the west side of Howard Street between East Michigan Avenue and LaSalle Gardens from "A" One Family Residential District to "H" Light Industrial District be approved subject to the following conditions:

That the outside storage area be fenced and screened by means of a 6 ft. high chain link fence with interwoven red-wood slats or any other type of screening that may be suggested by the developer with approval of the Planning Board.

The site in question is part of the Bud Kouts Chevrolet complex (Body Shop), but is a non-conforming use at the present time. The proposed rezoning would make the existing use conforming.

The portion of the Bud Kouts complex to the south and Heatherwood Farms Dairy to the west, are both zoned "H" Light Industrial. The rezoning request adjacent to the north of this site is for "H" Light Industrial zoning, with the thoughts of expanding the automobile sales and service complex.

When reviewing the site factors above, it gives one the impression that there is a very abrupt change from the active single family homes to the north and west. However, existing land development is less threatened by the active industrial complex with the developed electrical substation by the Board of Water and Light, lying between the developed areas.

The Board of Water and Light's Electrical substation creates a buffer area for the residential areas to the north and west. The minimum distance between the industrial zoning and the rear line of the houses on LaSalle Gardens is 60 feet, there will also be a fence along the north property line of the Board of Water and Light property, which will provide additional protection.

There was no one present at the September 4, 1973, Public Hearing in opposition to the petition.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

September 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their September 4, 1973, meeting, recommended to City Council that the petition by General Motors Corporation to rezone a parcel of land located west of Logan Street, north of Olds Avenue, east of Max Avenue, and south of Main Street from "B-1" Residential District to "I" Heavy Industrial District be approved subject to the following conditions:

- 1) That screening be provided on the west side of Max Avenue between Olds Avenue and William Street.

That screening, subject to Planning Department approval shall be designed in such a manner that lights from cars do not shine on adjacent properties.

- 2) The lights used to illuminate vehicle storage areas are so placed to assure that

they do not shine on adjacent residential properties.

- 3) That the ingress and egress parking areas be so designed to discourage through traffic on Max Avenue and William Street west to Max.

The Master Plan as amended indicates the area in question as Industrial. The proposed Zoning Map shows the area as "R-1C" Single Family Residential District. This was mapped in the Districts, so as to prohibit piece-meal type development.

Oldsmobile Motor Corporation is currently expanding many of its facilities in the area of its main complex, and this expansion has brought about the current proposal. The immediate proposed use of the area in question is for parking.

The rezoning of the three blocks to industrial zoning is a logical expansion of the Oldsmobile complex, and, as stated previously, the Master Plan shows the site as industrial.

Screening along the west and north property lines of the block surrounded by Williams Street, Birch Street, Olds Avenue and Max Street will insure proper development of the site and provide protection to the surrounding area, which include Residential and Industrial Development.

Attached is the Environmental Impact Analysis which was considered with this recommendation.

There were several people at the August 7, 1973, Public Hearing, some of whom were in opposition to the request.

This vote was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Z-50-73

September 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their September 4, 1973, meeting, recommended to City Council that the request by Kenneth C. Fowler to rezone a parcel of land in the 1100 block of West Miller Road from "A-1" Single Family Residential District to "DM" Multiple Dwelling District be denied.

Any change of zoning should relate directly to an overall development plan. One which takes into consideration existing and proposed land development of the area in which the change is being proposed.

It is necessary to go beyond the economic return the applicant may receive if the change were approved. This is especially true when there is the possibility of deterring the development of adjacent lands.

With this thought in mind, the following analysis is made, in relation to the following:

1. Land Supply

One of the first things to look at is the supply of land and the type of development being proposed in other parts of the City. If an applicant requests creation of a new multiple district, he should be able to prove that there is not enough multiple family residential land available for development. By issuing additional zoning variances beyond the community needs, you take from present owners of multiple land part of its value.

The Staff has completed the attached survey of residential developments proposed or under construction for Lansing as of August, 1973. The majority of these projects are located in the southern portion of Lansing, and include a variety of housing types and styles.

The initial response to this survey indicates that the housing market is satisfied and that to continue to saturate the market could adversely affect values and actually promote a vacancy rating beyond normal standards.

2. Affect on Surrounding Properties

The properties in question are narrow and deep (132 ft. x 660 ft.) and are contiguous to two other parcels similar in nature. If development of the properties occur in a piece-meal fashion, it is quite possible that full and efficient use of land will be deterred. Based on this fact, it is very important that the assemblage of land be encouraged in this immediate vicinity. In terms of land use relationships of dwelling types, it is pointed out that development east and south of this site is Single Family in character, with a medium density townhouse project adjacent to the west, (approximately 10 dwelling units per acre). It is generally considered most desirable to promote a diversity of dwelling types in planning with a more transitional type land use relationship, for instance, it would be most desirable to provide for two family units adjacent to the existing Single Family development, with the thought of reaching a higher density west and adjacent to the townhouse development.

3. Precedent

It must also be realized that any zoning change establishes a precedent making it more difficult to be entirely objective on future requests that are not in the community interest.

4. Affect on Municipal Costs

In this case the utility services are available and should not present any apparent problems.

5. Parks

In terms of public park lands and open space, the site is adequately served.

6. Schools

A public elementary school is within the immediate vicinity (Attwood Elementary). This school is over crowded and students are being bused out of the district to provide relief.

A citizen committee has been appointed by the Board of Education to study this problem.

Development of this site will be given further consideration following assemblage of land with the overall development plan at a density more compatible with existing development in the area.

There were several people present at the September 4, 1973, public hearing that were in opposition to the request mainly because of the school issue.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

I am submitting to you for confirmation of appointment to the Park Board the name of Mrs. Dixie L. Breuss to fill the unexpired term ending June, 1977, of Roy H. McFall.

Mrs. Preuss has completed two years of schooling at Lansing Community College having taken courses in Humanities, English, Speech, Theater, Music and advanced secretarial classes. She presently is employed in the Executive Office, State of Michigan; as part of the staff of the Executive Secretary to the Governor, Mrs. Preuss handles communications between this office and the public, and other State agencies and departments, schedules and records meetings

and obtains information as needed for the smooth functioning of this office. The position assumes knowledge of the organizational activities of State government, as well as the ability to assist with citizens' problems in their dealings with the State, to obtain necessary information for program and policy development, in addition to regular secretarial duties.

Mrs. Preuss has been a Majority Member and Past Worthy Advisor, International Order of Rainbow Girls; has served as a State Official (adult advisory) with the same organization; and, is a member of Arbutus Chapter No. 45, Order of the Eastern Star, and has held several offices. She has been active in singing organizations, camping, swimming and water recreational activities and in conservation and the development of trails and other appropriate facilities for motorcycling, bicycling and hiking.

Mrs. Preuss is married and resides with her husband at 414 Adams Street.

Trusting this meets your approval, I remain

Respectfully,

GERALD W. GRAVES,
Mayor.

By Councilman Moore—

That we concur in the Mayor's recommendation and said appointment be approved.

Carried.

of the Lansing City Council
City Hall
Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

This is to advise that on Wednesday, September 5, 1973, Mr. Robert Black, my executive Assistant, Mr. Peter Houk, City Attorney, and I appeared before the State Boundary Commission in the matter of Docket No. 71-AR-23-R, which is the City's proposal to annex certain territory now located in DeWitt and Watertown townships. Prior to appearing, we made every effort to comply with the State Boundary Commission's request as to re-gathering and submitting all of the data and information that was necessary to meet the criteria contained in the Boundary Commission Act.

The Commission re-examined the legality of the petition and declared the petition legally sufficient. The Public Hearing date has been established as January 22, 1974.

I will advise in the future.

Sincerely,

GERALD W. GRAVES,
Mayor.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall

Lansing, Michigan 48933

Dear Mr. Mayor Pro-Tem and
Council Members:

For the past three years, Michigan State University has provided Spartan Stadium for a so-called "Pigs v. Freaks" football game, the proceeds from which go to ALSAC (Aiding Leukemia Stricken American Children). This year's event is scheduled for Sunday, October 7, and I am advised that the Founder of ALSAC, namely Danny Thomas, will be on hand.

Members of various law enforcement agencies participate in the annual "Pigs v. Freaks" football game. Donald Christy, a member of the Committee, is requesting permission to set up a booth in the lobby of City Hall, or to have someone granted permission to be in the lobby for the purpose of selling tickets to what should be an exciting football game.

Respectfully,

GERALD W. GRAVES,
Mayor.

None of such Notes shall be valid until after the bank or trust company at which it is payable shall have signed the agreement, appearing on each Note, to act as paying agent thereof. Each such Note shall be executed in the name of the Local Issuing Agency by the manual or facsimile signature of the Mayor and countersigned by the City Clerk of the Local Issuing Agency and shall have the Corporate seal of the Local Issuing Agency impressed, imprinted or reproduced thereon and attested by the City Clerk, and said officers are hereby authorized and directed to cause said Notes to be properly executed.

Section 5. Each such Note shall be in substantially the form of HUD-9010, which is incorporated herein by reference, and shall be secured by an agreement entitled "Requisition Agreement No. 5-1973" (herein called the "Requisition Agreement"), in substantially the form of HUD-9003, which is incorporated herein by reference, to be entered into between the Local Issuing Agency and the Government.

Section 6. The Requisition Agreement shall be executed in the name of the Local Issuing Agency by the manual or facsimile signature of the Mayor of the Local Issuing Agency and shall have the corporate seal of the Local Issuing Agency impressed, imprinted or reproduced thereon and attested by the City Clerk, and said officers are hereby authorized and directed to cause the Requisition Agreement to be properly executed.

Section 7. For the punctual payment of the principal of and interest on the New Project Notes, the Local Issuing Agency hereby expressly and irrevocably promises to pay any sums which may be received from the Government pursuant to the Requisition Agreement relating to such series of Project Notes and said Agreement, when executed by the Government, is hereby declared to be and is hereby assigned by the Local Issuing Agency for the benefit of the holder or holders from time to time of the New Project Notes. All contributions, funds and amounts authorized or required by the Contract to be applied to the payment of Project Loan Notes (referred to in the Contract as "Project Temporary Loan Obligations," "Advance Notes" or "Permanent Notes") as issued in connection with the Project are hereby irrevocably pledged to secure the payment of the principal of and interest to maturity on the New Project Notes. Such pledge and the lien created thereby shall cease and terminate when monies or investment securities convertible into cash not later than the maturity date of the New Project Notes, sufficient and for the purpose of paying the principal and interest to maturity on such Notes, are deposited with the paying agent or agents for such Notes.

Section 8. The proceeds derived from the sale of the New Project Notes, together with such amount of other funds of the Local Issuing Agency as may be necessary, shall be applied, simultaneously with the receipt of said proceeds, in accordance with the provisions of the Requisition Agreement.

Section 9. The City Treasurer is hereby authorized and directed to send promptly a letter to each paying agent for the New Project Notes in substantially the form of HUD-9004, which is incorporated herein by reference, and to transmit therewith (a) the New Project Notes for which the addressee is the paying agent for delivery and payment and (b) a signature certificate and receipt, in accordance with the terms of said letter, and to take such other actions as may be required to complete the delivery transaction in accordance with the terms of the letter to the paying agent.

Section 10. This Resolution shall take effect immediately.

Requesting approval of new bus routes.

Referred to Committee on Public Safety.

By Councilman Terry J. McKane—

Resolved by the City Council of the City of Lansing:

Whereas Capital Area Transportation Authority has requested a revision in the bus route structure, considering both the central business district loops, Model Cities loops, and the regular line haul routes; and

Whereas the City of Lansing encourages the implementation of a new bus route structure which would provide better service to the Capital Area Transportation Authority service district, subject to proper formal agreements and equitable financing,

Now, Therefore, Be It Resolved that the request of the Capital Area Transportation Authority for new bus routes, to serve Lansing and the Tri-County area, be tentatively approved, subject to the following:

1. The formulation of an amended agreement between CATA and the City of Lansing, which contains statements concerning:
 - (a) The level and kinds of service in terms of headways, persons served, and hours and costs of service that will be provided.
 - (b) A map of all routes proposed within the system.
 - (c) An accountability for the research projects (central business district loop and Model Cities loop). This accountability should relate to arrangements for providing necessary information and cost control of the research projects as revised.
 - (d) A statement of the proposed uniform fare structure.
2. The development of a new funding mechanism which equitably determines the amount of money each governmental unit participating in the Cap-

ital Area Transportation Authority must pay for services rendered.

3. An outline of the advertising and promotion program to be utilized in the installation of this new service and paid for by the City's recent allocation of \$25,000 for promotion and advertising activities.

The Committee on BUILDINGS AND PROPERTIES reports as follows:

The Police Department and the Board of Police Commissioners have reviewed the various proposals for a new police facility and site. At this time, the consensus is that this facility should be located in the geographical center of the city.

Encompassed in this geographical center are two desirable properties known as the Topps Department Store and property owned by Les Foote Company in the 2500 Block of South Washington Avenue. It is recommended by the Committee on Buildings and Properties and the Chief of Police that proposals be solicited for the development of these properties.

1. The Topps property to be remodeled in conjunction with specifications outlined by the Board of Police Commissioners and the Police Department.

2. The construction of new facilities in the 2500 Block of South Washington in conjunction with the proposed specifications.

Both proposals shall detail the construction and facilities, terms and cost of the lease/purchase agreement.

These shall be presented to the Committee of the Whole, the Police Department, and the Board of Police Commissioners in a joint meeting. A final approval of one or rejection of both proposals will be made by the above parties after a full review of these presentations.

REPORTS OF CITY OFFICERS AND BOARDS

Gerald Ernst, City Assessor
9-7-73

SUBJECT: Analysis of proposed amendment to Section 29-3 of the City Code regarding Tax abatement.

Background:

Prior to passage of Public Act 20 of the State of Michigan earlier this year, Section 15a of 1966 Public Act 346 was the only potential source of tax relief for the elderly who lived in Federal or Michigan State Housing Development Authority aided projects. Localities had the option of applying Public Act 346 to their own situation and thereby providing tax abatement to the senior citizens. With the passage of Public Act 20, however, another source of tax relief was made available to senior citizens. This form of relief applies to all senior citizens, homeowners, renters, and residents in subsidized housing projects, and comes in the form of a tax rebate from the State of Michigan.

The ordinance under consideration relates to Public Act 346. Under the ordinance senior citizens living in subsidized housing would pay no property tax. They would, however, make a payment in lieu of taxes (PILOT). This payment is a service charge levied by the municipality.

In the case where Public Act 20 is ap-

plied, senior citizens living in subsidized housing would pay property taxes through their rents, but all or a portion of those taxes would be rebated by the State. The amount of the rebate is dependent upon the size of the individual senior citizen's income:

Household Income	Percentage of Income Payable	Rebate
Not over \$3,000	0%	100%
\$3,000 but not over \$4,000	1%	100% of excess
\$4,000 but not over \$5,000	2%	100% of excess
\$5,000 but not over \$6,000	3%	100% of excess
Over \$6,000	3.5%	100% of excess

(Seventeen percent of rent is considered to be property taxes. The credit is limited to a maximum of \$500.)

The question raised by Mayor and Council is whether senior citizens would benefit most from the passage of the ordinance providing tax abatement or from simple application of Public Act 20. The answer to that question is not simple, but when all variables are considered, it is apparent that senior citizens would be assisted equally by both forms of relief.

If subsidized housing projects, such as the one currently being built on Jolly Road (referred to in the City Attorney's memo to Mayor and Council of August 29, 1973) are to be feasible they must be assessed on contract rent. These assessments are such that the relief provided by the State's tax rebate is equivalent to that provided by the proposed abatement. Only at very high economic rent assessments would abatement provide greater relief, but such assessments would make the projects unfeasible in the first place. So, in all economically feasible projects, senior citizens would receive equal benefit from the proposed tax abatement ordinance and state tax rebates.

Since tax abatement and tax rebate cannot both be applied at the same time, and since it is the desire of the City to provide relief to senior citizens, some criteria other than amount of relief to individuals must be established to decide which form of relief is most desirable. A major consideration must be the cost to the City of providing the tax relief.

Under the tax abatement proposal the City of Lansing would underwrite the tax relief to the extent that the potential revenue realized to the city through the payment in lieu of taxes would be approximately \$20,000. If abatement were not enacted, however, the revenue accruing to the city would be approximately \$51,000. In both cases the senior citizen would receive the same tax relief but in the first instance the economic burden of providing relief would be carried by the City of Lansing while in the latter case it would be borne by the State of Michigan.

The City, therefore, would benefit by a revenue of \$51,000 and the senior citizens would benefit through the City's policy of assessing projects of this kind based on contract rent and the State law providing tax rebates. In order to effectuate this solution, the following recommendation is made:

Recommendation:

It is suggested; (1) That the ordinance before Council not be adopted due to the unnecessary loss of at least \$30,000 in property tax revenue without achieving the goal of tax parity between homeowners and renters or increased tax relief to senior citizens, and (2) That the City Council enact an ordinance, to be prepared by the City Assessor and City Attorney, establishing the policy of assessing all subsidized senior citizen housing based on contract rather than economic rent. In order to achieve tax parity between senior citizen homeowners and renters such an ordinance would make future development feasible in the city, guarantee senior citizens the availability of good, low-cost housing, and provide a tax revenue to the city far exceeding that which would accrue under a tax abatement ordinance.

Referred to Committee on Ordinance and Contracts.

Subject: B-73-992 Stage Curtains

Gentlemen:

Five bids for the purchase of stage curtains for the Lansing Civic Center were opened at 3:00 P.M., E.D.T. on Tuesday, August 28, 1973.

Twin City Scenic Company	\$11,529.00
Edwin Raphael Company Inc.	\$13,286.19
Northwest Studios	\$14,460.00
National Theatre Supply	\$16,160.00
Tiffin Scenic Studios	\$17,000.00

The Twin City Scenic Company's delivery date was questioned, and when the company was contacted to clarify their delivery date, they responded that delivery would be at least six to eight months and this was not definite.

Due to the present condition of the stage curtains and the need for an earlier delivery date, we recommend the acceptance of the second low bid submitted by the Edwin Raphael Company, Inc. for a total installation price of \$13,286.19 with delivery after 120 days.

Respectfully submitted,

VAUGHAN L. McKINCH,
Purchasing Agent,

GEORGE C. BAER,
Civic Center Manager.

Referred to Committee on Buildings and Properties.

REPORT OF COMMITTEE

The Committee on BUILDINGS AND PROPERTIES, to whom was referred the recommendation of the Purchasing Agent and the Civic Center Manager that the second low bid submitted by the Edwin Raphael Company, Inc., for the purchase of stage curtains for the Lansing Civic Center in the amount of \$13,286.19 for a total installation, be accepted, reports as follows:

The Committee concurs in the recommendation of the Purchasing Agent and the Civic Center Manager.

SUBJECT: HUD Letter of July 2, 1973
Actions To Be Taken On Audit
Findings With Respect To Find-
ing No. 2, Create A Fiscal Di-
vision Responsible To The CDA
Director

Statement of the Problem

The Detroit Regional Office of the Department of Housing and Urban Development has taken the following position with respect to the administrative structure of the City Demonstration Agency Department.

"In order to reconcile records of previous transactions, adequately maintain the books of account, and assure accountability to and coordination with other administrative functions of the CDA, the City must either create a fiscal division within the model cities agency which is hired by and responsible to the CDA Director or hire an independent public accounting firm reporting to the CDA Director to maintain the books of account."

Presently, the fiscal division of Model Cities reports to the CDA Director, but is hired by and responsible to the City Controller's Office. I have reviewed HUD's recommendation in light of the City's accountability under the City Charter, the Model City Grant Agreement and have considered special reports made on the Model City Program within the past year. The following statements especially deal with accountability.

The City Demonstration Agency Committee which was established by the City Council to evaluate the Model City program indicated in their report of 5-29-73 the following with regard to a weakness in the present CDA structure.

"The Mayor and City Council should continually guard against the power and control of City Demonstration Agency matters being vested in too few individuals. Proper checks and balances must be present in a governmental structure to prevent the efforts of power-grasping persons to steer that structure or unit according to their own wishes.

The present structure of the City Demonstration Agency makes it possible for a few individuals to control and direct millions of dollars for the following reasons: (1) The Policy Board is advisory only to the City Council, and, (2) City Council relies heavily on its Model Cities Liaison Committee in the approval of contracts. The root cause, however, is found in the weakness of the City Charter, which does not establish accountability."

Further, HUD states in their Report on Audit dated July 2, 1973 the following relative to the City's accountability for the Model City Grant funds.

"We remind you that under the terms of the Grant Agreement with HUD the City assumed full responsibility for assuring that all model cities funds are used in an economical and efficient manner and for determining that each operating agency meet the minimum financial management requirements prescribed by HUD. The model cities program has always emphasized local responsibility. The Planned Variations experiment further emphasized the shift to city commitment to accept greater responsibility for solving its problems and managing its affairs effectively."

I have pointed out in the past the nature of operational problems between the City Controller's Office and the CDA Department. On April 27, 1973 I indicated the following.

"I would note that there is one intangible element that cannot be written into any agreement between two parties and that is a spirit of cooperation.

I firmly believe that the Model City Program is not properly structured to handle 12 million dollars of grant funds. The Model City Program is not truly responsive to a city government which has the overall responsibility to the citizens of Lansing for administering City funds. The Model City Grant, also was the first federal grant for which the Controller's Office did not perform the accounting and monitoring function within its own facilities, but rather elected to rely on the proper performance of personnel located in the City Demonstration Agency Department and in newly formed operating agencies scattered throughout the City.

In addition, the accounting, auditing and monitoring services for the Model City Pro-

gram are fragmented. The Program Management Division reports to the CDA Director on fiscal monitoring, yet the City Controller has the final responsibility in this area. The job specifications for a program manager clearly call for fiscal monitoring in cooperation with accounting and auditing personnel. I have stressed before that the important area of fiscal monitoring was not being carried out by the Program Management Division of the City Demonstration Agency and has seriously crippled our efforts to fulfill the City of Lansing's responsibilities to HUD under the grant agreement."

At that time, I had recommended that the Program Management Division of the City Demonstration Agency be transferred to the Controller's Office to provide an effective enforcement tool for fiscal office procedures and directives.

Problem Summarized

The stated purpose of the HUD recommendation that a fiscal division be hired by and responsible to the CDA Director is to assure accountability. It is clear from the foregoing statements taken from prior letters and reports that the City of Lansing is finally accountable for the use of Grant Funds and that the present CDA structure does not achieve the desired accountability to the Mayor and City Council. However, City Council has now established a Special Task Force Committee to recommend a suitable administrative structure for the City of Lansing to use to administer the potential Special Revenue Sharing Funds to be received under the Better Communities Act.

Recommended Steps To Be Taken

At a meeting held 8-21-73, it was suggested to me by HUD regional representatives, Mr. Andrews and Ms. Jameson and by City Councilman Joel Ferguson, Chairman of the Model City Liaison Committee, that the HUD recommendation could be resolved by permitting a similar fiscal structure with the CDA Department as is presently followed with the Urban Redevelopment Department.

A comparison of the scope of services for the Urban Renewal grant as opposed to the Model Cities Grant quickly shows that they are dissimilar grants especially in volume of transactions and in fiscal monitoring and evaluation requirements.

Accordingly, in line with the HUD desire for clear accountability to the CDA Director, but keeping in mind the total accountability of the City for the use of Model City Grant funds, I recommend the following segregation of fiscal office duties.

That the present responsibilities of the fiscal office be transferred to the control of the CDA Director except that the City Controller's Office shall retain administrative control over an accountant or accountants funded by the Model City Grant who shall pre-audit and approve all disbursements from grant funds including operating agencies in Central Accounting, and who shall retain control over the general ledger

of the Model City Grant including approval of all data to be posted to the general ledger and approval of all changes made to the EDP programs used to process Model City accounting records and reports. And further, that the City shall retain administrative control over two or more program auditors to be funded by the Model City Grant to fulfill the City's fiscal monitoring and internal control responsibilities. This initial staffing does not preclude the need of either the CDA Department or the Controller's Office for additional staff to fulfill their total responsibilities. Also, the program monitoring staff under the Controller's Office does not preclude the CDA Department from exercising its own fiscal monitoring responsibilities.

The initial reallocation of fiscal office personnel would be as follows:

To the administrative control of the CDA Director.

Edward Perry, Project Liaison
Accountant VIII

James Olsen, Accountant VI

Cherilyn Mull, Accountant IV

Evelyn Oliphant, Bookkeeper IIB

To be retained under the administrative control of the City Controller's Office.

Dennis Dean, Fiscal Officer IX

Joseph Kanazeh, Accountant Monitor
VII

Diane Terry, Accountant VII

It is obvious that despite the change in administrative authority the present fiscal office must continue to operate as a basic unit until adequate time can permit an orderly restructuring of work assignments.

It is imperative that several work projects continue to an orderly completion, namely, that Mr. Perry continue his present assignment relative to computerizing the Model City accounting records and reports using the City of Lansing Data Processing Center and also that all staff mutually cooperate with Seidman & Seidman, CPA's in their performance of independent audits of various operating agencies during the months of September through December 31, 1973.

In summary, it would be necessary that I have a clear statement of acceptance from the CDA Director for the responsibilities of maintaining day to day bookkeeping, accounting and reporting requirements for the Model City Program.

It must also be clearly understood that the Controller's Office will initially retain three employees funded by Model Cities to provide final approval over all grant disbursements, final control over the Model City Grant general ledger and to maintain a program monitoring and internal control function for the City of Lansing.

It must also be clearly understood that while the CDA may exercise a right to stop funding for cause for any project or activity, that this right is also vested in the City Controller over all Model City Grant Funds.

Director of Finance.

Re: Request for Relocation Benefits for
Property Purchased on Kingsley Place
from Revenue Sharing Dollars

Gentlemen:

This is to request the allocation of \$46,000 for two homeowners and three tenants in that portion of the Kingsley Place Development being funded from Revenue Sharing dollars. At the time you allocated funds for purchase of this property, you were informed that Relocation Benefits were not included and would have to be provided under a separate allocation.

The attached letter from Mrs. Carol Husband, Relocation Supervisor, explains the need for and the present status of this acquisition. Since two of the property owners are very close to a mortgage closing on replacement housing, these funds are needed as soon as possible.

Your early response to this request will be appreciated.

Sincerely,

ALAN E. TUBBS,
Chairman,
Kingsley Place Coordinating
Committee.

Honorable Mayor and Members

of City Council

City of Lansing

Gentlemen:

The Washington Square Mall Advisory Board is in the final stages of preparation for the Dedication of the Mall September 21, 22, 1973. There are several requests and recommendations that the Board passed at their meeting September 11, 1973. The Mall Advisory Board recommends:

1. That the Sculpture Committee of the Metropolitan Fine Arts Council be permitted to set up a booth and collect donations toward the sculpture. Friday, September 21 and Saturday, September 22 following the dedication ceremony in the 100 block.
2. That Lansing Chapter of ALSAC be permitted to sell tickets to their annual Pigs vs Freaks Football game on Friday, September 21 and Saturday, September 22 from noon till 9 P.M.
3. That City Council authorize approval of permits for the fireworks on Friday and Saturday nights and that the Fire Marshall, Mayor and City Clerk be authorized to sign the necessary permits and contracts. The necessary funds for two nights of fireworks (\$2000) are available. The City's appropriation of \$1000 has been matched by donation.
4. That the public restrooms in the City Hall lobby be kept open during the hours of the dedication and that suitable building security be provided from available funds.

Enthusiasm seems high and we have every hope that this dedication ceremony and celebration will be only the first of a long series of festive occasions to be enjoyed by the people of our Lansing area.

Sincerely,

THEODORE J. HASKELL,
Chairman,
Mall Advisory Board.

1. Close Ottawa Street to vehicular traffic
from the N-S alley in the 100 block east
to Capitol Avenue and, close Ionia Street
to vehicular traffic from Capitol Avenue
to the N-S alley in the 100 block east
from 6:00 p.m. Friday, September 21,
1973 to midnight Saturday, September
22, 1973.

This is to avoid vehicular/pedestrian
conflict during the mall dedication cere-
monies and events.

2. Prohibit parking on both sides of the
Michigan Avenue bridge from 4:00 p.m.
Friday to 11:00 p.m. Saturday to avoid
damage to parked vehicles during the
fireworks displays on Friday and Satur-
day nights, September 21 and 22, at the
request of the Fire Marshall.

Respectfully submitted,

Letter (a)

September 13, 1973

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Traffic Board recommends for City
Council's consideration the following park-
ing regulations:

NO PARKING AT ANY TIME

Lewton Place, west side from Pamela Way
to end of street.

NOTE: This extends the present NO
PARKING regulation now in effect on the
west side of Lewton Place from Mt. Hope
Avenue to Pamela Way to the end of the
street and covers the City Park area.

Tranter Street, east side from Jolly to
Cavanaugh.

REASON: Parking on both sides causes
problems for vehicles using the street. All
curb cuts are on the east side and there
is adequate off-street parking provided.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Referred to Committee on Public Safety.

REPORT OF COMMITTEE

The Committee on PUBLIC SAFETY, to
whom was referred the Traffic Board's re-
commendation on a parking regulation—
NO PARKING AT ANY TIME on the west
side of Lewton Place from Pamela Way to
end of street, and NO PARKING AT ANY
TIME on the east side of Tranter Street
from Jolly to Cavanaugh, reports as fol-
lows:

The Committee concurs in the recommendation of the Traffic Board.

Letter (b)

September 13, 1973

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Traffic Board was informed of the intent of the Downtown Business Division to adjust store hours and a request for the City to provide parking at no cost evenings and Saturdays.

After discussion of the proposal and request the Board adopted the following motion to be forwarded to City Council:

"That the DBD provide incentives that will be effective to attract customers to downtown Lansing that do not originate from the tax payers money and that do not result in an adverse implication to the Traffic Department budget nor is in violation of Sec. 18 Revenue Bond Act 1933 State of Michigan, and Sec. 20K of Ordinance No. 14A of the City of Lansing, May 31, 1966, as adopted by City Council."

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Referred to Committee on Public Safety.

Letter (c)

September 13, 1973

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Traffic Board recommends for City Council's consideration the following traffic regulations:

1. Erect STOP sign on Rensen at Tranter.

REASON: Request of Safety Director, Michigan Bell Telephone Company. MBT service truck garage is the only occupant on Rensen which is a dead end street from Tranter to the east.

2. Prohibit left turns west on Jolly at Ora.

REASON: New one-way street pattern for ingress and egress to Gardner Junior High School with Ora being the one-way outbound street.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Referred to Committee on Public Safety.

REPORT OF COMMITTEE

The Committee on PUBLIC SAFETY, to whom was referred the recommendation of the Traffic Board that a STOP sign be erected on Rensen at Tranter and that left turns west on Jolly at Ora be prohibited, reports as follows:

The Committee concurs in the recommendation of the Traffic Board.

Letter (d)

September 13, 1973

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Traffic Board considered the request from Althea LaPoint, Chairwoman for Model Cities Social Task Force, 1300 Center Street, Area 2, for "1. Place a stop light at the junction of Grand River Ave. and Center, 2. To restrict parking on Grand River Ave. at least 300 feet from this junction . . .".

A check was made of this intersection and one parking space on the north side of Grand River west of Center is being signed for No Parking This Side of Sign

to improve sight distance to the west. A 5-year accident check shows: 1969—5, 1970—3, 1971—1, 1972—7 and 1973 to date —1.

None of the warrants for traffic signals would be met at this intersection. There are traffic signals at Grand River and Turner one block west of Center and Grand River and Cedar one block east of Cedar.

The Board recommends that the request for a "stop light" at this intersection be denied.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Referred to Committee on Public Safety.

REPORT OF COMMITTEE

The Committee on PUBLIC SAFETY, to whom was referred the recommendation of the Traffic Board that a NO PARKING THIS SIDE OF SIGN be placed on the north side of Grand River west of Center Street (one parking space), and that the request for a "stop light" at this intersection be denied, reports as follows:

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall
Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members :

This is to apprise you that the Lansing C.A.M.P.S. Grant Number DOL 26-5-08M modification 10 expires September 30, 1973. The Department of Labor has requested the City of Lansing to submit a proposal and contract for a new grant for fiscal 1974.

The contract has been prepared in accordance with Federal Regulations, U.S. Department of Labor, Manpower Administration.

The proposal was included in the FY-74 Comprehensive Manpower Plan and approved by the Executive Council and the City Council of Lansing, Michigan.

The Office of Manpower Planning is presently staffed with one Director of Manpower Planning, one Youth Planner and one Secretary. In accordance with the FY-74 Plan, personnel manning will be increased by one Statistical Analyst position and one Manpower Planner position. The required positions are a resultant of the increased work load and new controls required under Manpower Revenue Sharing and the need for better and in depth research of Labor Market and Universe of Need Data. The total amount of the contract to be funded federally.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

A Mr. Tom Jones, head of the Seneca District Boy Scouts of America, has advised that a membership drive will take place in various local schools on either September 20 or September 27. The definite date hinges upon the settlement of the teachers' contract with the Lansing School Board.

Following the Boy Scout membership drive, all reports will be turned into a central location. Mr. Jones requests permission for the use of the lobby of City Hall between the hours of 7:00 p.m. and 9:30 p.m. on either of the aforementioned dates. If permission is granted, Mr. Jones requests that the front doors of City Hall be left open and that a long table with several chairs be made available for use by the Seneca District Boy Scouts of America.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee on Buildings and Properties.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

Presently two matters have been brought before the City Council that warranted your action in passing a resolution of support for the adoption of House Bill No. 5055 and the newly proposed rules for the reorganization of the State Boundary Commission. My office has reviewed both of these documents and I recommend that you encourage their approval by the State Legislature through the passage of a resolution of support. An in-depth analysis has been prepared by the Planning Department for your further study.

House Bill No. 5055 will call for the enactment of a co-ordinated State Land Use Plan by designating various areas of the State for particular uses and enforcing that prescription under the provisions of the act. This bill is especially advantageous to central city areas because it will allow for concentrated growth, rather than urban sprawl. For example, by preserving present agricultural and recreational areas for those respective uses, there will be no outlet for the ever expanding suburban fringe area to continue their present trend of growth. Central cities and suburban areas will then be forced into a better conservation and utilization of their present land areas.

The proposed General Rules for the State Boundary Commission will be helpful to cities because it will allow the Boundary Commission to make determinations with finality that it cannot presently attempt. The flexibility that these new rules will impart and the deletion of former entanglements will allow for expeditious decision making under the new rules.

I hope you will give these matters your very serious consideration.

Respectfully submitted,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

Honorable Mayor Pro-Tem and
Members of the Lansing City Council
Tenth Floor
City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached please find a Designation of Voting Delegates recently received by my office from the National League of Cities regarding the Annual Congress of Cities to be held in San Juan, Puerto Rico on December 2 through December 6, 1973. After reviewing these forms, I would urge the City Council to adopt a resolution stating that no representatives of the City of Lansing should be allowed to attend this conference at city expense. I believe it is extremely hard to justify to the taxpayers of Lansing and expenditures of their tax dollars to attend meetings in such distant and plush locations. Conversely, I would have no objections if individuals desired to attend and personally pay their own expenses.

I have noted that the Annual Congress of Cities Conventions have recently been held in such locations as New Orleans, San Francisco, Hawaii and now, San Juan, Puerto Rico. I am hard pressed to believe that more centrally located geographical locations cannot be chosen for these conventions in the Continental United States. Certainly the atmosphere attendant to Conventions at these resort locations do not foster intensive attention to the business at hand. Therefore, I urge your support in adopting a policy that no representatives of the City of Lansing should attend this conference at taxpayers expense. In addition, a formal resolution should be adopted by the Council to urge the League of Cities to find centrally located cities in which to hold these conventions, in order to provide the least cost to the majority of cities.

I trust you will give this matter your serious consideration.

Respectfully,

GERALD W. GRAVES,
Mayor.

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

Attached is an opinion from the City Attorney pertaining to fiscal management and the Office of the City Controller. It was requested as a result of a communication from the U. S. Department of Housing and Urban Development.

If you have any questions regarding the matter, please advise.

Respectfully,

GERALD W. GRAVES,
Mayor.

RESOLUTIONS

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has purchased the property at 4827 Aurelius Road; and

Whereas, the former owner and resident of said property was to vacate same by September 18, 1973; and

Whereas, the former owner, Mr. Florian Novak, is unable to move into his new residence for a period of approximately two weeks; and

Whereas, Mr. Novak desires to hold over possession of said premises until he is able to make said move;

Now, Therefore, Be It Resolved that the City of Lansing enter into a lease agreement with Mr. Florian Novak providing possession of 4827 Aurelius Road to Mr. Novak for a period not to exceed one month, the consideration from Mr. Novak being \$1.00, and providing the necessary insurance and making safe the city from any and all claims whatsoever during said period, such insurance and making safe provisions to be approved by the City Attorney; and

Be It Further Resolved that the Mayor and City Clerk are hereby directed to sign said lease agreement after it has been accepted by Mr. Novak and approved by the City Attorney.

Adopted by the following vote:

Unanimously.

Councilman Ferguson returned to the session.

By Liaison Committee—

Resolved by the City Council of the City of Lansing:

Whereas, the City Demonstration Agency Director, the City Attorney and the Director of Finance have previously referred to the Liaison Committee proposed agreements between the City of Lansing and MEDCOL, and the City of Lansing and the Community Industrial Laundry; and

Whereas, said proposed agreements require the establishment of a budget to be administered by the City Demonstration Agency Director, City Attorney and Director of Finance in the amount of \$23,000; and

Whereas, said budget is to provide necessary funds for the winding up of the affairs of MEDCOL and Industrial Laundry; and

Whereas, results of this winding up of the affairs of said agencies will result in the return of their expendable property to the City of Lansing and the interest in certain notes payable in United States currency; now, therefore, be it

Resolved, that the Mayor and City Clerk are directed to sign said agreements as appended hereto.

Adopted by the following vote:

Unanimously.

By Committee on Buildings & Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has approved the concept and grant applications for the Dodge Mansion and High Street Open Space Projects; and

Whereas, it is necessary to obtain two appraisals by independent appraisers for each of the four properties involved; and

Whereas, Malcolm Milks and Emil Gallas have expressed ability and willingness to prepare these appraisals for the City of Lansing;

Now, Therefore, Be It Resolved that the Director of Parks and Recreation and City Attorney be authorized to prepare contracts with Mr. Milks and Mr. Gallas for this work; and

Be It Further Resolved that with the approval of the contracts by the City Attorney, the Mayor and City Clerk be authorized to sign on behalf of the City of Lansing.

Adopted by the following vote:

Unanimously.

By Committee on Buildings & Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the Council has approved the concept and grant applications for the Dodge Mansion and High Street Open Space Projects; and

Whereas, American Title Insurance is prepared to furnish title insurance commitments for the properties and handle the closings for the estimated sum of \$1228.00;

Now, Therefore, Be It Resolved that the Director of Parks and Recreation and the City Attorney be directed to draw up a contract with American Title Insurance for these services, and

Be It Further Resolved that with approval of the contract by the City Attorney, the Mayor and City Clerk be authorized to sign said contract on behalf of the City of Lansing.

Adopted by the following vote:

Unanimously.

By Committee on Buildings & Properties—

Resolved by the City Council of the City of Lansing:

Whereas, funds have been appropriated in the third entitlement period for the purchase of additional property adjacent to the Genesee Community Center; and

Whereas, appraisals have been completed by the City Assessor; and

Whereas, the Abood Realty Co. has expressed the ability to negotiate these purchases for the City of Lansing;

Therefore, Be It Resolved that the Director of Parks and Recreation and City Attorney be directed to draw up a suitable contract with Abood Realty Co. for this work, and

Be It Further Resolved that when the contract is approved that the Mayor and City Clerk be authorized to sign this contract on behalf of the City of Lansing.

Adopted by the following vote:

Unanimously.

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has received a Redevelopment Proposal for Parcel 15 (more commonly known as the 100 Block of Washington Square) of Project No. 1, Mich. R-87, from Spira Mart, Incorporated, and

Whereas, a Contract for Sale of Land for Private Redevelopment by and between the City of Lansing and Spira Mart, Incorporated, has been prepared and said agreement is determined to be satisfactory, and

Whereas, disposal of the land is on a basis of the competition-negotiation combination method, which has been determined to be the appropriate method of making land available for this redevelopment, and

Whereas, Spira Mart, Incorporated, has found it in the best interests of the development to assign said Contract for Sale of Land to Spira-Mart of Lansing, a Michigan Limited Partnership, and

Whereas, it has been determined that Spira Mart, Incorporated and Spira-Mart of Lansing, a Michigan Limited Partnership, possess the qualifications and financial resources necessary to acquire and develop the land in accordance with the Development Plan for Urban Renewal Project No. 1, Mich. R-87, and

Whereas, the sale price of the land is not less than the fair market value for uses in accordance with the Urban Renewal Plan, and

Whereas, the Redevelopment Proposal, the Redeveloper's Statement for Public Disclosure, the proposed Contract for Sale of Land for Private Redevelopment by and between the City of Lansing, and Spira Mart, Incorporated, and the assignment of said proposed Contract from Spira Mart, Incorporated to Spira-Mart of Lansing, a Michigan Limited Partnership, were placed on file for public examination for a period of thirty (30) days prior to the Public Hearing held by the City Council of the City of Lansing on September 10, 1973.

Now, Therefore, Be It Resolved, by the City Council of the City of Lansing that the Mayor and City Clerk are hereby authorized and directed to execute the Contract for Sale of Land for Private Redevelopment by and between the City of Lansing and Spira Mart, Incorporated, and

Be It Further Resolved, by the City Council of the City of Lansing that the assignment of said Contract from Spira Mart, Incorporated to Spira-Mart of Lansing, a Michigan Limited Partnership, be, and is hereby, approved.

Adopted by the following vote:

Unanimously.

Re: Claim of Pearl Gonzales — Tripped
over bucket of water at Model Cities
office

Gentlemen:

Your City Attorney, to whom was re-

ferred the above claim, has made an investigation thereof, and on that basis recommends that the same be allowed in the amount of \$34.50, and that said amount be paid to Mrs. Gonzales upon receipt of a Release of all Claims.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney and that the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer payable to Pearl Gonzales in the amount of \$34.50 upon her signing a release of all claims.

Carried.

Honorable Mayor and Members
of the Lansing City Council

Re: Larson v City of Lansing

Gentlemen:

On August 8, 1973, the Honorable Donald L. Reisig ruled that the City of Lansing had not served proper notice on the Larsons, owners of record of the property at 1315 W. Main before ordering its demolition. Judge Reisig specifically noted that steps set forth in the city ordinance were not followed. The court further ruled that the Larsons would be entitled to a trial on the issue of damages.

The city's assessed valuation of the property prior to the demolition was \$14,700.00. A recent appraisal places the value at less than \$2,000.00. No records exist as to the condition of the property prior to the demolition as the Building Department file on this matter was erroneously destroyed.

A recent decision in the Genesee Circuit Court awarded damages against the City of Flint in a similar case in the amount of \$15,000.00, where the assessed evaluation was less than \$2,500.00.

This suit may be settled for \$11,500.00. Considering the veritably certain judgment in excess of \$14,700.00 I recommend such a settlement.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman May—

That we concur in the recommendation of the City Attorney.

Carried.

September 20, 1973

Honorable Mayor and Members
of the Lansing City Council

Dear Mr. Mayor and Council Members:

The office of City Treasurer is herewith submitting a summary of Real and Personal Property taxes spread on the July 1973 Tax Rolls, actual amounts collected as of this date, outstanding balances, and the resulting percentages collected in each category.

Total Spread For Collection

Real Property Tax	\$7,233,394.98
Personal Property Tax	\$2,234,851.26
TOTALS	\$9,468,246.24

Taxes Collected Thru 9-18-73

Real Property Tax	\$6,762,317.51
Personal Property Tax	\$2,219,182.60
TOTALS	\$8,981,500.11

Delinquency 9-19-73

Real Property Tax	\$ 471,077.47
Personal Property Tax	\$ 15,668.66
TOTALS	\$ 486,746.13

% of Total Collected

Real Property Tax	93.4%
Personal Property Tax	99.2%
TOTALS	94.8%

Attached is a listing of 203 businesses delinquent in the payment of July 1973 Personal Property taxes as of this date. This number of delinquents represents an increase of 19% over the 170 delinquent businesses of one year ago; however, the percentage of collections is slightly ahead of a year ago and the dollar delinquency is substantially less than the \$23,812.40 delinquency of last September, due in part to a reduced July 1973 tax rate and tax levy. Vigorous collection efforts of the personal property tax collector should drastically reduce the number of Personal Property delinquents within the next two weeks.

This listing is being submitted to you and to all Department Heads because of Charter provisions which prevent the City from making a contract with anyone in default to the City.

Updated listings will be submitted to you from time to time. Please feel free to contact this office at any time relative to the delinquency status of any of the businesses appearing in the listing.

The July 1973 real property delinquency of \$471,077 represents a 9.5% decrease from the \$521,038 real property delinquency of one year ago, reflecting favorably upon real property collections when coupled with the knowledge that the July 1973 real property levy is 8.8% less than the July 1972 real property levy.

This office feels it would be remiss if it did not alert you to the fact that the 8th largest assessed taxpayer in the City of Lansing is delinquent in the amount of approximately \$45,000 in July 1973 real property taxes. According to the office of Ingham County Treasurer (September 18, 1973), this taxpayer had not yet paid July and December 1972 real property taxes, which were returned delinquent by this office last March. Since, by State Law and City Charter, the primary responsibility of this office is the collection of the Personal Property taxes, the issuance and collection of Jeopardy Tax Assessments has kept the Personal Property tax obligations of subject taxpayer current up to the present time.

Sincerely,

HUGO J. HUFNAGEL,
City Treasurer,
Lansing, Michigan.

Street Vacations

Honorable Mayor and Members

of the City Council

Gentlemen:

The Planning Board, at their meeting of September 18, 1973, recommended to City Council that the request by the Board of Directors of the Colonial Townhouses Cooperative, to vacate North Wadsworth Drive from Hillcrest Street to Calvin Drive, Bernard Street between North Wadsworth Drive and Richmond Street, Calvin Drive from the intersection of North Wadsworth Drive and Bernard Street north to the end, and Richmond Street from South Wadsworth Drive to Ferroll Street for the purpose of providing additional automobile parking within the Colonial Townhouses Complex be denied, and further requested that the City Council refer this matter to the Traffic Department for their consideration.

The Board considered several alternatives to the parking problem prior to arriving at their decision, and were of the opinion that the Traffic Engineer could provide assistance for the development of any on-street parking.

The Board did not believe that the vacating of these public streets was in the best interest of the community. This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committees on Planning and Public Service and Highways.

BP-6-73

6069 Wise Road

Honorable Mayor and Members

of City Council

Gentlemen:

The Planning Board, at their meeting of September 18, 1973, considered the request by John J. Hayduk to purchase City owned property located at 6069 Wise Road.

The Planning Board and Fire Commission are currently undertaking a study to select the best possible site for a fire station in the rapidly expanding southwest part of the city. Until such time as that site has been decided upon, the Board recommends that any City owned property in this area not be sold. As a result, this request has been tabled for further consideration. This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Buildings and Properties.

Honorable Mayor and Members

of City Council

(Attention: Buildings and Properties Committee)

Gentlemen:

The Planning Board, at their meeting of September 18, 1973, recommended that the parcel of land south of Main Street and West of Pennsylvania Avenue and lying adjacent to I-496, now owned by the State of Michigan, be purchased by the City of Lansing for the purpose of providing a mini-park adjacent to the residential development. This recommendation was by unanimous vote.

Mr. Schlucter of the Michigan State Highway Department, Excess Property Division, reveals that they are currently appraising this property and anticipate advertising for bids to sell the land sometime in December, 1973. He further states the City can have sole priority to buying this excess highway by merely writing to the division and stating their needs.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

BP-4-73

230 Bingham Street

Honorable Mayor and Members

of City Council

(Attention: Buildings and Properties Committee)

Gentlemen:

The Planning Board, at their meeting of September 18, 1973, recommended that the City owned property at 230 Bingham Street, now occupied by an outdated and abandoned fire station, be sold at a fair market value, with the condition that the existing structure on the site be demolished prior to the sale, and that the use of the property be for residential purposes in accord with the existing zoning which is "C-2" Family Residential.

This recommendation was by a vote of 6 yeas, 1 nay.

Other public agencies were consulted regarding the disposition of this property and did not express any interest.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committees on Buildings and Properties and Committee on Planning.

Z-55-73

1820 Alpha Street

Honorable Mayor and Members

of City Council

Gentlemen:

The Planning Board, at their meeting of September 18, 1973, recommended to the City Council that the petition by Min-A-

Mart Food Stores, Incorporated, to rezone property on the northwest corner of East Mt. Hope Avenue and Alpha Street, and 1820 Alpha Street, from "A-1" Family Residential District to "F" Commercial District be denied. This recommendation was by unanimous vote.

The position taken on this request was based on the content of the attached report.

There were several citizens present at the meeting in opposition to this request. A petition was presented containing 35 signatures in opposition.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

September 20, 1973

Honorable Mayor and
Members of City Council
9th Floor, City Hall
Lansing, Michigan

Gentlemen:

At the September 18, 1973 meeting of the Planning Board, the relationship between the City Planning Board and its staff and the Capital Area Transportation Authority was discussed. It was noted that an efficient and effective public transit system for the City and the region cannot be developed without adequate and thorough planning. Further, the receipt of federal and some state funds is contingent upon having developed comprehensive multimodal transportation plans. Such planning requires an expertise in the transportation area, especially in public transit, and a well-staffed organization capable of generating and developing the type of data required for planning.

Perhaps most importantly because of the fact that transportation touches upon many facets of modern urban life, it is necessary to have the capability of dealing with transportation planning with a multi-discipline approach. The Lansing Planning Board has the staff, information, expertise, and overall planning infrastructure to capably and effectively plan the City's transportation system.

With the advent of CATA hiring an Executive Director assuming a more autonomous role in operating the system and developing new service concept plans for implementation, it is necessary to address the question of the City Planning role with respect to CATA. In order for CATA to develop the type of planning capability necessary to adequately plan for transit services, it would be necessary to spend several tens of thousands of dollars to acquire additional staff and other necessary plan-

ning support. Such expenditures would not only be duplicative of currently available planning capability but would increase the cost of the CATA operations without actually providing additional transit services to the public. This would undoubtedly be reflected in requests to the City for additional funds for the CATA operation.

The Planning Board adopted the following policy statements and recommends that the City Council adopt these policy statements as their official position.

Policy Statements:

1. The City Planning Department is to play a lead or key role in the development of any public transit plans or services which effect the City of Lansing. This role includes the coordination of all such planning activities.

The Planning Department should work with CATA in a cooperative manner in the development of the plans. Before any City funds are used by CATA to implement the plans or service, the City Council must approve the plans or services. Pursuant to this approach, the Planning Department should prepare detailed recommendations to assist the Council in its decision making.

2. The City Planning Department should participate in all meetings with the state concerning the State General Transportation Fund Program. CATA should notify the City of all such meetings so that City representatives may attend. CATA use of City funds should be conditioned upon CATA cooperation with this process.
3. The City and the City Planning Department should have access to and receive all pertinent CATA operating data which detail how the system is functioning. This information is to be used by the City to evaluate the transit operation as well as plan for the transit system so that the City can assure that its resources are used in an efficient and effective manner. No City funds should be provided to CATA unless CATA agrees to provide the City with adequate information.
4. All CATA requests for City funds to operate the transit system should be reviewed and evaluated by the City Planning Board to assure that City funds are used in an efficient and effective manner. The City Planning Department is to provide its analysis to the City Council to guide the Council in its decision making process regarding the commitment of funds to CATA.

These policy statements are not put forth with the intention of interfering with CATA or causing CATA additional work effort or time delays. Rather, they are proposed as a reasonable manner in which the City, the City Planning Department and CATA should cooperate in providing the City's residents with the best transit service pos-

sible. CATA must realize that it has to cooperate with the City if it expects the City to commit its resources for the provision of transit service. With proper cooperation, the above procedures will assure the provision of transportation services by CATA in an effective and efficient manner. As such, all citizens in the City will benefit.

Attached is the full statement adopted by the Planning Board.

Thank you for your consideration of this policy.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee of the Whole.

Gentlemen:

I am pleased to send you the attached report from McClurg and Associates. The objective of their engineering study was to determine whether damage had been sustained by the roof trusses and if further measures were needed for lateral support of the south wall.

It does not appear that any work is required at this time to preserve structural adequacy. They do not feel there is need for further concern at this time.

Re: Need for Park Security Services

Gentlemen:

During the past months there has been an increasing pressure for Park Security services. I have received calls from people in many parts of our community and have had calls from concerned members of City Council.

At the present time we have five trained park security officers to cover the whole park system on a seven-day basis. We are

spread terribly thin to give the services that are requested.

At their meeting on September 19, 1973, the Park Board reviewed the attached report and cost estimate to augment our Park Security force. The Board approved the report and has directed me to forward the report for your immediate consideration. While this request requires additional budget appropriations, the events and pressures of the past summer requires that we make an effort to improve the situation.

Sincerely,

THEODORE J. HASKELL,
Director,
Parks and Recreation.

Referred to Committee on Parks and Recreation and Personnel Director.

Honorable Mayor and
Members of City Council

Subject: Cooperative Agreement with
C.D.A.

Gentlemen:

At its meeting of September 19, 1973, the Park Board reviewed the following Cooperative Agreements proposed by the Lansing City Demonstration Agency.

1. PN 56 Basic Park Facilities
2. PN 57 Kingsley Neighborhood Facilities
3. PN 58 Kingsley Open Space
4. PN 59 Dodge Mansion
5. PN 60 High Street Acquisitions
6. PN 62 Hunter Park

The Board has been working with the C.D.A. and their planners during the preliminary stages of these agreements. After final review, the Board voted to accept all six agreements with minor changes for PN 59, PN 60 and PN 62.

PN 59 Dodge Mansion: re: scope of services H: That the process shall be developed within thirty days after the acquisition of the property (rather than after the signing of the contract).

PN 60 High Street Open Space: re: scope of services—Section E thru M. Inasmuch as this agreement concerns only three lots, the Board questions the need of a completely organized Resident Advisory Board as a mandatory condition to the agreement.

PN 62 Hunter Park: re: scope of services Section M: Thirty days after signing is an unrealistic time on the basis of our earlier experiences on Kingsley Place. The

Board recommends that it gives us sixty days after the signing to initiate the process and an additional thirty days before the Board shall be seated.

I would be pleased to meet with you to discuss these agreements in more detail.

Sincerely,

THEODORE J. HASKELL,
Director,
Parks and Recreation.

Subject: Emergency Purchase Order No. X9029 dated September 20, 1973
Radio Fire Alarm System

Gentlemen:

The Purchasing Department and the Lansing Fire Department have been working together for some time researching the various radio fire alarm systems. This was brought about by the increasing costs of cable and the expense of installation. It is our conclusion that for the initial stage of this new system we are recommending the system proposed by Gamewell Company in the amount of \$40,000.00 with installation within 120 days. We feel the following reasons will justify our recommendation:

1. Price of cable and the delivery have become unreasonable.
2. Increase expense of installing cable.
3. The need to have equipment to service the southeast section of the City in the area of the Hospitality Inn and the new post office which is 2½ miles from the alarm system cable connection.
4. The compatibility of the radio alarm equipment with our present system.
5. The compactness of the system for the limited space available at the Fire Station.
6. The ability to expand the system as the need arises.
7. We have used Gamewell equipment for over 40 years and have a good working relation with them and their service is excellent.

This report is filed in accordance with Section 2-37 (1) (A) of the Code of the City of Lansing, Michigan.

Respectfully submitted,

VAUGHAN L. MCKINCH,
Purchasing Agent.

Received and placed on file.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Whereas, on June 17, 1972, the City Council of the City of Lansing approved by resolution the placing on the ballot of a proposal by the State of Michigan to purchase certain property owned by the City of Lansing, said property more particularly described as:

The South 27 feet of Lots 1 through 6, except the West 30 feet thereof, of Block 1, Cadwell's Addition to the City of Lansing, Ingham County, Michigan, as recorded in Liber 1, Page 52 of Plats, Ingham County Records; also beginning 27 feet North along lot line from Southeast corner of Lot 3, thence North 89° 34' 41" West parallel with South lot lines, 132 feet; thence North 21° 46' 10" West 110 feet more or less to edge of Grand River; thence East along edge of river 141 feet, more or less, to a point lying North 21° 46' 10" West from point of beginning; thence South 21° 46' 10" East 90 feet, more or less, to point of beginning.

Also that part of Block C, Albert E. Cowle's Subdivision of Block 19 of Townsend's Subdivision of the North part of Section 20, Town 4 North, Range 2 West, City of Lansing, Ingham County, Michigan, (as recorded in Liber 1, Page 9 of Plats, Ingham County Records) which lies between the extended right of way lines bearing North 21° 46' 10" West as described above. (The lands described above in fee contains 24,800 square feet more or less.);

and said proposal, as amended, was duly voted on and passed by the electorate at an election held on August 8, 1972; and

Whereas, it is necessary to acquire certain reversionary interests in the property as specified in the original deed of conveyance from Mr. Smith G. Young and Harriett B. Young, husband and wife, executed August 14, 1928; now, therefore, be it

Resolved, that the City Council of the City of Lansing hereby authorizes the Lansing City Attorney to make offers to purchase the interests of the holders of the reversionary interests in the property described above for the total sum of \$15,500.00; be it

Further Resolved, that according to the wills of Smith G. Young and Harriett B. Young, as found in the Probate Court Records of Ingham County, there appeared to be eighteen heirs surviving the grantors of the above described property, that each offer made to a heir at law, or his descendants per stirpes shall be the sum of \$861.11 being each legatee's proportionate share of the total fair compensation to be offered as determined by this Council; be it

Further Resolved, that all deeds executed in furtherance hereof are hereby accepted subject to the approval as to form by the City Attorney and the Controller is author-

ized and directed to pay the appropriate consideration to each party in interest.

By the Committees on Public Service and Planning—

Resolved by the City Council of the City of Lansing:

P-4-73

Whereas, the Preliminary Plat of Burks Addition has been submitted for approval; and

Whereas, the Planning Board, pursuant to Act 285, P.A. 1921, has approved and recommends that the City Council approve the Preliminary Plat subject to the following conditions:

1. That the final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.
2. That all lots shall be graded so surface water will drain therefrom so as not to adversely affect adjacent properties.
3. That this tentative approval of the preliminary plat is effective for a period of twelve (12) months.
4. That the necessary easements be provided for the installation of utilities.
5. Compliance with the requirements of all reporting agencies which include:
 - A. Street widths, and locations
 - B. Lot arrangements
 - C. And other requirements by the public agencies
6. That lots 1 and 2 be oriented to Fisher Drive and that access be prohibited from the corner lot to Washington Avenue and that this condition be recorded on the face of the final plat.
7. That the total delinquent tax and special assessment amounts be paid in full or guaranteed.

Whereas, the Planning Committee of Council reviewed the report of the Planning Board and concurs therewith;

Now Therefore Be It Resolved that the Preliminary Plat of Burks Addition is hereby tentatively approved subject to conditions 1 through 7 as set forth above; and

Be It Further Resolved that the City Clerk be and she is directed to attach this approval to the Preliminary Plat and return it to the proprietor.

Whereas, the Preliminary Plat of Tammany Hills 3 and 4 has been submitted for approval; and

Whereas, the Planning Board, pursuant to Act 285, P.A. 1921, has approved and recommends that the City Council approve

the Preliminary Plat subject to the following conditions:

1. That the final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.
2. That all lots shall be graded so surface water will drain therefrom so as not to adversely affect adjacent properties.
3. That the developer utilize an underground electrical distribution system as specified in Section 37-33.1 of the Lansing Subdivision Regulations.
4. That this tentative approval of the preliminary plat is effective for a period of twelve (12) months.
5. That the necessary easements be provided for the installation of utilities.
6. Compliance with the requirements of all reporting agencies which include:
 - A. Street widths, and locations
 - B. Lot arrangements
 - C. And other requirements by the public agencies
7. That street names and street widths be shown on the face of the Plat at the time of final preliminary submission.
8. That this approval be given so that the Planning Department has the option to work with the adjacent property owners to encourage them to incorporate into this plat at the time of preliminary submission to approval.
9. That the east boulevard entrance from Forest Road be relocated a minimum of 10 feet to the east. This condition was made to resolve the problem of vehicle lights being directed into the property to the north.

Whereas, the Planning Committee of Council reviewed the report of the Planning Board and concurs therewith,

Now Therefore Be It Resolved that the Preliminary Plat of Tammany Hills 3 and 4 is hereby tentatively approved subject to conditions 1 through 9, as set forth above; and

Be It Further Resolved that the City Clerk be and she hereby is directed to attach this approval to the Preliminary Plat and return it to the proprietor.

By Committees on Planning and Public Service and Highways—

Resolved by the City Council of the City of Lansing:

R.O.W. 9-73

Whereas, this Council has received a Petition requesting that the City Council of the City of Lansing take appropriate action to discontinue and vacate a part of the right of way for Chestnut Street and a part of the right of way for Butler Boulevard, which segments of public streets within the City of Lansing, Ingham County, Michigan are described as follows:

All that part of Chestnut Street lying between Main Street on the North and William Street on the South, the same being one block;

and also,

All that part of Butler Boulevard lying between Main Street on the North and William Street on the South, the same being one block,

which specifically described parts of Chestnut and Butler Boulevard are hereinafter referred to as "the above-described parts of Chestnut and Butler Boulevard"; and

Whereas, the aforementioned Petition requesting the vacating of the above-described parts of Chestnut Street and Butler Boulevard has been referred to the Planning Board and to the Public Service Board, both of which Boards have returned recommendations to the City Council approving the vacating of the above-described parts of Chestnut Street and Butler Boulevard; and

Whereas, the aforementioned Petition requesting the vacating of the above-described parts of Chestnut Street and Butler Boulevard was referred to the Committee on Public Service and Highways and to the Committee on Planning, both of which Committees have recommended approval of the requested vacating of the above-described parts of Chestnut Street and Butler Boulevard,

Now Therefore, Be It Resolved, that all of the above-described parts of Chestnut Street and Butler Boulevard be and the same hereby are completely and fully discontinued and vacated, subject to the necessary utility easements being retained in that portion of Chestnut Street for the Board of Water and Light.

Be It Further Resolved, that the City Clerk of the City of Lansing, within 30 days hereafter, shall forward a certified copy of this Resolution to the State Treasurer of the State of Michigan and a certified copy of this Resolution to the Register of Deeds of Ingham County, Michigan for recording.

Re: Miniature Train for Potter Park Zoo

Gentlemen:

At the Park Board meeting on September 19, 1973, the Park Board reviewed a proposal by David C. Aldrich to install and operate a miniature train at Potter Park Zoo. After consideration of the attached proposal and staff report, the Board took the following action:

"By Mr. Powers—

That staff proceed with recommendations as outlined in the report of Douglas Finley, Assistant Director, relative to the proposal of David C. Aldrich for operating a miniature train at Potter Park Zoo.

Carried.

Accordingly, we have discussed this matter in detail with Mr. Aldrich, with the City Attorney's office and with the Potter Park staff. Such a proposal would fit in very well with our Master Plan for improving the Potter Park Zoo and would add a significant enjoyable experience for visitors.

Although the construction of such a miniature train has been considered several times in the past, Mr. Aldrich's proposal offers a means of developing the attraction without requiring substantial capital investment by the City of Lansing.

From our discussion with the City Attorney and others, I believe a suitable contract can be worked out which will be mutually beneficial to both Mr. Aldrich and the City. Mr. Aldrich is presently holder of the concession operation at Potter Park and our relationship with him has been completely satisfactory.

Your prompt attention will allow planning to proceed in a timely manner.

Sincerely,

THEODORE J. HASKELL,
Director, Parks and Recreation.

Referred to Committee on Parks and Recreation, and City Attorney.

Gentlemen:

At the Council meeting of September 24, 1973, Mr. Ernie Teachout of Teachout Realty requested relief from the Subdivision Ordinance to allow building permits and construction to begin on land located on the southeast corner of south Washington Avenue and Fisher Drive, a Subdivision to be known as Burkes Addition. This Subdivision plat is being processed with the City of Lansing at this time and most recently received tentatively preliminary approval at the Council meeting of September 24, 1973.

This department would have no objections if building permits are issued at this time providing a financial security is posted with the City of Lansing for the necessary improvement cost which includes curb, gutter, sidewalks, sewer services, road improvements and monuments and further that all delinquent taxes be paid in full, prior to the issuance of any building permits. Occupancy permits will be withheld on any dwellings until the final plat is recorded and returned to the City.

We appreciate and ask your support on the above.

Sincerely,

ALAN E. TUBBS,
Director,
Lansing Planning Department.

Dear Mr. Mayor Pro-Tem and
Council Members:

Attached please find a recent communication received by my office from the Michigan Department of State Highways regarding a recently approved grant in the amount of \$400,000 to finance Preliminary Design and System Specification for "new transit technology demonstrations" in Michigan.

The letter from Mr. Erickson, is an invitation to the City to indicate its interest if it desires to submit plans and proposals for funding under this grant. Additional explanatory materials are also enclosed with the letter. Therefore, I suggest that the proper referral be made so that the desirability and feasibility of securing these funds for the City of Lansing can be determined. I believe these funds may be an invaluable asset in helping the City to maintain its transportation needs in the coming years.

Your serious investigation is directed to this matter.

Respectfully,

GERALD W. GRAVES,
Mayor.

Dear Mr. Mayor Pro-Tem and
Council Members:

Attached is a telegram I recently received from the Honorable Charles E. Chamberlain, member of Congress.

It advises that the audit of Model Cities started several months ago by the United States General Accounting Office, has been temporarily deferred, or suspended, pending the completion of the recently authorized \$160,000 audit by Seidman and Seidman.

Recently, representatives of the United States General Accounting Office visited my office for a considerable amount of time and advised of a number of things concerning Model Cities, including the fact that the Model Cities program does have a number of problems, that MEDCOL was the type of program which resulted in a waste of taxpayer's money, and that the GAO is not only in accord with the Seidman and Seidman audit, but actually requested of the United States Department of Housing and Urban Development, that such an audit take place. Further, they advised that they have a working agreement with HUD, that all results and findings will be received by the GAO, and that representatives will, at a later date, meet with my office to discuss any additional audit work which may be necessary in the future.

Sincerely yours,

GERALD W. GRAVES,
Mayor.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Whereas, on September 24, 1973, the City Council of the City of Lansing, authorized the Mayor and Clerk to sign an agreement to purchase the following described property for the consideration of the new public service plant on Sunset Avenue, to-wit:

The East 295 feet of Lot 48 Assessor's Plat No. 11 on the Northwest $\frac{1}{4}$ of Section 8, Town 4 North, Range 2 West, City of Lansing, Ingham County, Michigan, according to the recorded plat thereof as recorded in Liber 10 of Plats, Page 14, Ingham County Records.

now, therefore, be it

Resolved, that the warranty deed to the aforementioned property be accepted and that the City Clerk be directed to file said deed upon approval thereof by the City Attorney as to form; and be it

Further Resolved, that the City Controller is hereby authorized and directed to disburse to Petroff Realty Company, Twenty-Thousand One Hundred and Eighty-Six Dollars and Ninety-Six Cents (\$22,186.96) for the acquisition of said property, said sum comprised of a purchase price of Twenty Thousand Five Hundred Dollars (\$20,500.00), real estate fees of One Thousand Four Hundred and Thirty-Five Dollars (\$1,435.00), and incidental expenses of Two Hundred and Fifty-One Dollars and Ninety-Six Cents (\$251.96).

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the regional office of the Department of Housing and Urban Development has directed that the City of Lansing must create a fiscal division which is hired by and responsible to the CDA Director, and

Whereas, the City Attorney has given an opinion that a fiscal division, responsible to the CDA Director, may be legally established within the City Demonstration Agency so long as it follows the procedures presently employed by the Urban Redevelopment Department and the other City Departments, and

Whereas, the City Controller has reviewed the HUD directive in light of the City Charter and the Model City Grant Agreement and does concur in the City Attorney's opinion, and

Whereas, the City Controller has made a report dated September 13, 1973 to the Mayor and City Council recommending a division of the fiscal office responsibilities which would satisfy the HUD directive and

has further made a report dated 9-27-73 entitled Administrative Organization and Responsibilities for the Model City Fiscal Monitoring Division of the City Controller's Office. (Copy attached)

Whereas, the CDA Director has made a report dated 9-25-73 to the Mayor and City Council (copy attached) outlining the organizational structure for handling the responsibilities of a fiscal division within the CDA Department of the City of Lansing.

Now Therefore Be It Resolved, that a Model City Fiscal Division be established under the administrative control of the CDA Director and responsible for maintaining the Model City Grant books of account and record in a manner consistent with the accounting and financial reporting requirements set forth in CDA Letter No. 8, Part II.

Further Resolved, that a Model City Fiscal Division be established under the administrative control of the City Controller and responsible for maintaining a control over the Model City Grant General Ledger and over all grant disbursements so as to insure that budget appropriations are not exceeded and further for operating an ongoing fiscal monitoring responsibility over all Model City Grant Funds sufficient to fulfill the monitoring responsibilities of the City of Lansing under the Model City Grant Agreement.

Further Resolved, that the present staff of the Model City Fiscal Office be reassigned to the administrative control of the City Controller and the CDA Director in a manner to be mutually agreed upon by the City Controller and the CDA Director.

Further Resolved, that the City Demonstration Agency administrative budget and the cooperative agreement between the City Controller's Office and the CDA Department be amended to reflect the transfers of personnel and changes in related scope of services.

Further Resolved, that the City Council understands that additional appropriations of Model City funds may be necessary to adequately staff the City Controller's Office and the CDA Department in order to fulfill the full responsibilities called for in this division of the Model Cities Fiscal Office.

Further Resolved, that the City Controller and the CDA Director cooperatively maintain the Model City Fiscal Office for a minimum of 30 days in order to provide for an orderly transition of work assignments which will reflect the changed form of administrative control and related division of responsibilities.

Further Resolved, that the CDA Director may exercise a right to stop funding for cause for any project or activity and further that this right is also vested in the City Controller over all Model City Grant Funds.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the United States of America have entered into an Agreement providing the City of Lansing with a grant to plan and develop a Comprehensive City Demonstration Program; and

Whereas, the Lansing Model Cities Fourth Year Action Plan provides for day care services for children; and

Whereas, the City of Lansing, through the Lansing City Demonstration Agency, and the Community Child Care and Development Association Incorporated, Friendship Day Care Center, Inc., Happy Day Children's Center, Inc., Humpty Dumpty Nursery, and Small Folks Development Center, Inc. have developed a proposed Contract to provide day care services for children; and

Whereas, said proposed Contract is hereby approved by the City Council of the City of Lansing; now, therefore, be it

Resolved, that the Mayor and the City Clerk are hereby directed to sign said Contract on behalf of the City of Lansing.

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the United States of America have entered into an Agreement providing the City of Lansing with a grant to plan and develop a Comprehensive City Demonstration Program; and

Whereas, the Lansing Model Cities Third Year Action Plan provided for various services, activities, and projects; and

Whereas, the City of Lansing, through the Lansing City Demonstration Agency, and the various Contractors entered into a large number of contracts designed to provide such services, activities, and projects; and

Whereas, all such Model Cities Third Year Contracts terminated on July 31, 1973; and

Whereas, many Model Cities Fourth Year Contracts designed to continue providing the services, activities, and projects which were being provided by said Model Cities Third Year Contracts were not ready for submission to the City Council of the City of Lansing prior to July 31, 1973; and

Whereas, on July 30, 1973, the City Council of the City of Lansing, pursuant to a

specific HUD guideline, issued a "Letter to Proceed" with twenty (20) Model Cities Fourth Year Projects for a period of thirty (30) days (from August 1, 1973 through August 31, 1973) while said twenty (20) "Model Cities Fourth Year Contracts are finalized and submitted to the City Council of the City of Lansing"; and

Whereas, a number of Model Cities Fourth Year Contracts were not ready for submission to the City Council of the City of Lansing prior to August 31, 1973; and

Whereas, on August 27, 1973, the City Council of the City of Lansing, pursuant to a specific HUD guideline, issued a "Letter to Proceed" with twelve (12) Model Cities Fourth Year Projects for a period of thirty (30) days (from September 1, 1973 through September 30, 1973) while said twelve (12) "Model Cities Fourth Year Contracts are finalized and submitted to the City Council of the City of Lansing"; and

Whereas, on September 4, 1973, the City Council of the City of Lansing, pursuant to said HUD guideline, issued a "Letter to Proceed" which "permits both Friendship Day Care Center, Inc. and Happy Day Children's Center, Inc. to continue performing [Model Cities Fourth Year] 'day care services': (1) for a period of thirty (30) days [from September 1, 1973 through September 30, 1973] and (2) at the 'level of spending' which was provided in their Third Year Contracts . . ." but which "specifically prohibits both Friendship Day Care Center, Inc. and Happy Day Children's Center, Inc. from making or incurring any expenditure, commitment, or encumbrance for: (1) the purchase of equipment and/or non-expendable property; (2) the renovation and/or replacement of any building and/or facility; and/or (3) the planning, development and/or construction of any addition to any building and/or facility, until such time as the Model Cities Fourth Year 'day care services' Contract or Contracts is or are approved by the City Council of the City of Lansing and is or are executed by all parties thereto . . ."; and

Whereas, a number of Model Cities Fourth Year Contracts will not be ready for submission to the City Council of the City of Lansing prior to September 30, 1973; and

Whereas, a specific HUD guideline permits the City of Lansing to issue another "Letter to proceed" with Model Cities Fourth Year Projects for another period of thirty (30) days (from October 1, 1973 through October 31, 1973) while said Model Cities Fourth Year Contracts are finalized and submitted to the City Council of the City of Lansing; and

Whereas, a "Letter to Proceed" is hereby provided for the following Model Cities Fourth Year Projects: (1) Health and Dental Services; (2) YDC-YES; (3) Career Education; (4) Finance Department; (5) B.I.L.D.; (6) Relocation; (7) C.C.I.; and (8) Assistant City Attorney Services; and

Whereas, this "Letter to Proceed" is hereby approved and issued by the City

Council of the City of Lansing; now, therefore, be it

Resolved, that the Mayor and the City Clerk are hereby directed to sign said "Letter to Proceed" on behalf of the City of Lansing.

Miss Theo Fulton
Lansing City Clerk
9th Floor, City Hall
Lansing, Michigan

October 3, 1973

Dear Miss Fulton:

Attached is my veto message suspending the operation of the Resolution approving the "Letter to Proceed," of Citizen's Congress, Inc., for a period of 15 days, as approved by the City Council on Monday, October 1, 1973. It is submitted to you in accordance with Section 6.8 of Chapter 6 of the City Charter.

Respectfully,
GERALD W. GRAVES,
Mayor.

October 3, 1973

Honorable Mayor Pro-Tem and
Members of the Lansing City Council
City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

On Monday, October 1, 1973, you approved a Resolution to permit the City of

Lansing to issue another "Letter to Proceed" for the Citizen's Congress, Inc., for a 15 day period. From past reports we note that CCI has been mired in problem after problem. In my communication of September 27, 1972, I vetoed contract PN-3 (Citizen's Congress) in the amount of \$230,057.28, plus an additional \$70,000 from O.E.O. for a total of \$300,057.28 (if one used the figures provided at that time by Councilman Joel I. Ferguson in his synopsis of need dated September 21, 1972, or for a total of \$302,691, if one added the actual contract columns, as approved by you on Monday, September 25). My veto was overridden.

In a communication to you dated March 26, 1973, I pointed out that a suite, in the name of one individual from Citizen's Congress, at the Atkinson Hotel in Indianapolis, Indiana, cost \$85 per day, and that breakfast costs averaged \$4.76 per, luncheon costs averaged \$7.92 per and dinner costs averaged another \$14.10 per, not including tips. This trip was followed three weeks later by two representatives of Citizen's Congress, who attended a two-week long conference in Marietta, Georgia. Cost to the taxpayers were indicated at \$1,500. Most recent records received from the Accounting Division show that one of the individuals was still delinquent in monies owed to CCI by almost \$1,000.

In a communication dated August 23, 1973, I pointed out to you that \$6,500 given to representatives of CCI as advanced funds for trip were still unaccounted for. In a communication of August 29, 1973, I quoted from the Evaluation Report of the City Demonstration Agency (Model Cities), dated February, 1973, of Citizen's Congress, Inc., that after several years of effort "all the staff interviewed felt that, as of yet, they and CCI as a project really haven't impacted upon their goal of improving citizen participation; however, they all seem to believe that it isn't impossible to insure better citizen participation but they don't have the answer . . ."

The following is also quoted from the Evaluation Report:

"From the project records we found that for the calendar year of 1972, 319 Model Neighborhood representatives received stipends for attending Model Cities meetings. This comes to approximately \$32,860 or \$10,953 in \$7 stipends and \$21,907 in \$5 stipends.

"We found that 44 representatives received out-of-town travel payments for conferences and special trips which came to a total of \$8,000.25.

"Twenty-seven representatives received cab fare reimbursements totaling the amount of \$1,190.29.

"Twenty-eight representatives received Lost Wage reimbursements totaling the amount of \$2,213.73.

"Ninety-six representatives received babysitting payments totaling \$4,025.06.

"Figures seem to indicate that a minority of Model Cities representatives are receiving the crop of the benefits provided by CCI while the majority are receiving very minimal financial assistance . . .

"According to the last compiled quarter or from October, 1970, through September, 1972, there was a total of 179 payments made in lost wages. There was a total of 1565 babysitting payments made.

"There were 185 payments made for other expenses of meetings.

"There were 192 payments made for conference expenses.

"There were 7,931 stipend payments made; 7,354 (\$5) stipends and 627 (\$7) stipends all totaling \$41,169 paid in stipends which is 33% of the total expenditures (\$126,955.94) as of September, 1972. There was \$43,099.09 (34%) of total expenditures spent on personnel as of September, 1972; \$1,625 was spent on consultants and \$2,434.59 was spent on travel. \$1,162.72 was spent on consumable supplies, \$78,274.54 was spent in the like item other. Included in this category are the expenses of the lost wage payments, transportation payments, babysitter payments, conference expenses, etc."

It is very obvious from the limited number of individuals spending thousands and thousands of dollars that Citizen's Congress, Inc., has not done its job. In fact, it has been very obvious for the past two years that Citizen's Congress, Inc., has been abusing taxpayers dollars at a fast pace. Elected officials often question why people have little respect for government—the decisions made in regard to Citizen's Congress, Inc., is just one classic example of why the taxpayer has a right to be angry and a right to good decisions made by elected officials. In a day when tax dollars are becoming more and more difficult for the taxpayer to meet, we need Citizen's Congress, Inc., like we need a plague.

As of recent, a public dispute centered on so-called "falsified" records in Citizens Congress. The State Journal advised that a Mara L. Johnson had in her possession, as of a few days ago, this so-called ledger, which supposedly was taken from the desk of a Monica Dho. On September 24, during the Committee of the Whole session of the City Council, Model Cities Director Jacqueline Warr condemned Monica Dho for possessing the ledger and supported the "lifting" of said ledger by Mara Johnson because the ledger was "public property."

Attached please find a communication dated October 3, 1973, as signed by Mara Johnson which denies the existence of such a ledger, on one hand, while on the other, claims that such ledger was removed by Mrs. Monica Dho on September 7, 1973, and "has never been returned to the office." The communication is our response to the request made by myself to Mr. William Smith at last Monday's regular Council session for a "copy of the ledger and an analysis of the ledger as compared to the actual time cards." Too, I asked Mr. Smith for a run-

down of so-called lost wage payments made in the amount of \$11.00 per hour, \$9.00 per hour and \$7.50 per hour—I have no reply. More and more it becomes obvious that the “big spenders” are not willing to lay public records before the taxpayers.

For these and other reasons, I am advising that I have this date placed my veto over your action. This is done in accordance with Section 6.8 of Chapter 6 of the City Charter.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

Re: Duncan Investment Co. vs Board of Building Code of Appeals (File No. 15800-C)

Gentlemen:

On October 3, 1973 a judgment was issued in the above case requiring the Building Board of Appeals to immediately issue a building permit to the plaintiff even though the building involved would then be in violation of the city's building code.

Our review of this case suggests that a detrimental precedent will be set if this decision is not over-turned. It is therefore our recommendation that this office be authorized to file a request for a rehearing and, if such request is not successful, to appeal this matter to the Court of Appeals.

Respectfully submitted,

PETER HOUK,
City Attorney.

October 5, 1973

Honorable Mayor and City Council
City Hall
Lansing, MI
Gentlemen:

The Building Department has received a written request and authorization from Mrs. Mary Leeper to demolish and remove her one (1) family dwelling, which does not meet building code standards, located at 516 Norman St., Lansing, MI, and all cost applied to the property tax roll.

Therefore, I am submitting this request for the City Council to authorize the Building Commissioner to demolish this structure, and also to authorize the Purchasing Agent to accept quotes for same.

Very truly yours,

STEVEN J. ZELSKI,
Acting Building Commissioner,
City of Lansing.

Referred to Committee on Buildings and Properties.

Director of Finance

SUBJECT: Advance of Revolving Fund to
BILD Corporation

I have reviewed Councilman Ferguson's charge that an illegal advance of funds was made to BILD Corporation.

In light of Mr. Dean's letter to me dated October 4th (copy attached) and my own investigation of this matter, I have concluded that:

1. In order to keep cash reserves to a minimum (per HUD requirements), requests from projects for advance of operating funds are made weekly and sometimes several times a week. Literally thousands of these requests are processed annually.

2. Draw down requests are not normally approved by an authority at the program administration level, but come directly from the operating agency to the fiscal office.

3. There was no special communication from program administration to the fiscal office relative to freezing the BILD Corporation 4th year revolving fund.

4. Most operating agencies in the 4th action year have been operating without a contract and under a letter to proceed.

5. Effective fiscal monitoring in terms of budget and contractual obligations has been difficult due to the lack of contracts and budgets.

6. The request for funds from BILD Corporation was not unusual in itself as BILD Corporation has drawn down amounts far in excess of \$190,000 in the past year.

7. The request for funds from BILD Corporation should have received more attention from the fiscal office inasmuch as it appeared to be an anticipated request pending approval of their 4th year contract.

8. Effective fiscal monitoring will be better accomplished through the division of fiscal office responsibilities as approved by the City Council on October 1st, inasmuch as the pressure of daily accounting work will not be a deterrent to the efficiency of a true fiscal monitoring process.

Summary

The release of funds was made on August 10th. To my knowledge, the bulk of these funds have now been committed by BILD Corporation and would be difficult to recover. If this matter is to be pursued, the question would be as to whether the letter to proceed encompassed the revolving fund.

If BILD Corporation did indeed make a request that was obviously in violation of the expressed desire of CDA management,

I trust more effective lines of communication can be developed between those parties.

Director of Finance.

RE: Washington Mall Dedication

Gentlemen:

The Washington Mall Dedication ceremonies and festivities were held on September 21, 22, 1973. Although the weather on Friday became dull and we had showers through Friday evening, the Washington Mall Advisory Board is pleased with the overall results of the program.

We feel that the potential of the Mall has been confirmed as a place for public events. From the formal ribbon cutting and Bicentennial Presentations through the varied musical and dancing and other entertainment to the fireworks finale, the Mall design functioned well.

We would particularly commend the work of Curt Hanes, the coordinator named by the City Council, for his work in arranging and coordinating the various events and supporting activities. All City Departments involved, the Police, the Parks and Recreation Department, Fire Department, Traffic Department, Public Service and Emergency Operations, provided excellent, professional, timely support. There were no major problems.

The attached evaluation will give you more details of the problems and possibilities involved with future operation of the Mall. With the completion of this first assignment from the Mayor, the Advisory Board feels that such activity was successful enough to do it again. Perhaps four major events a year, tying in with seasons could form a base for year-round activity on the Mall.

Should we begin plans for Christmas. Your direction in this matter will be appreciated.

Respectfully submitted,

THEODORE J. HASKELL,
Chairman, Washington Mall
Advisory Board.

City of Lansing

City Hall

Lansing, Michigan

Gentlemen:

The Board of Water and Light has been requested by Mr. Joe D. Mosier of the firm of Miller, Canfield, Paddock and Stone, as counsel for the Michigan Association of School Boards, a release of certain easements granted the Board of Water and Light for the transmission of steam heat, water and electricity running across property recently purchased by the Michigan

Association of School Boards, Inc., and on which they are currently in the process of constructing a building. These easements are as follows:

From Harry C. Benson, recorded December 7, 1927, Liber 15 of M. R., page 298, Ingham County

From Joseph G. Bartow, recorded December 19, 1927, Liber 15 of M. R., page 324, Ingham County

From Harry W. Van Camp, et ux., recorded December 7, 1927, Liber 15 of M. R., page 296, Ingham County

Our Board has no objection to granting their request. This letter is to ask you to authorize the Board of Water and Light to execute these Release of Easement instruments.

We are enclosing a copy of the proposed Releases of Easements and also a copy of a building and grounds report proposed for adoption by our Board at its October 8th meeting.

Respectfully submitted,

P-6-73

October 4, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their October 2, 1973 meeting, recommended to City Council that the Preliminary Plat of Moore Park

Subdivision be given tentative approval subject to the following conditions:

1. That the final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.
2. That all lots be graded so surface water will drain therefrom so as not to adversely affect adjacent properties.
3. That the developer utilize an underground electrical distribution system as specified in Section 37-33.1 of the Lansing Subdivision Regulations.
4. That the necessary easements be provided for the installation of utilities.
5. That the two lots be deleted, and that the site remain one large lot.
6. That the requirements and recommendations of the other City Departments and public agencies be adhered to.

Tentative approval of the Preliminary Plat is effective for a period of twelve (12) months.

The proposed development blends well into the existing and proposed development along Edgewood Boulevard. Approximately 500 feet of Edgewood Boulevard is included in the plat.

The proposed right-of-way for Edgewood Boulevard is 100 feet in width. This is in conformance with the other right-of-way widths along Edgewood Boulevard.

The proposed lot layout does not relate to the approved Community Unit Plan. The proposed lot line would cut through one of the proposed buildings. To solve this, the petitioner is requested to leave the parcel as one lot.

There was no one present at the October 2, 1973 Public Hearing in opposition to the request.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

October 4, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board at their October 2, 1973 meeting recommended to City Council that the Preliminary Plat of Simken Vil-

lage No. 2 be given tentative approval subject to the following conditions:

1. That the final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.
2. That all lots be graded so surface water will drain therefrom so as not to adversely affect adjacent properties.
3. Compliance with the approved plan, which include:
 - a. street widths
 - b. lot arrangements
 - c. other requirements by the public agencies that were contacted.

Tentative approval of the Preliminary Plat is effective for a period of twelve (12) months.

The proposed subdivision contains approximately 2.89 acres in area. The plat is broken down into seven lots, each containing from 14,600 to 16,000 square feet in area. The net density on the smallest lot in the proposed subdivision is 11.8 units per acre.

Simken Drive has a 66 foot R.O.W. and will continue to the east property line. The Preliminary Plat for Simken Village No. 2 was given tentative approval by the Planning Board previously, but, because of changes in the Plat Act and the length of time the Plat was inactive, the approval is no longer valid. The extension of Simken Drive is in the same location as the previous plat, but the lot numbers and sizes relate to the proposed amendment to the Community Unit Plan.

A temporary turn around should be placed at the end of Simken Drive to facilitate the movement of emergency vehicles.

There were two people present at the October 2, 1973 Public Hearing that were concerned with screening on the property in question.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

4. That the necessary easements be provided for the installation of utilities.
5. That all recommendations by all City Departments and other public agencies be adhered to.

Tentative approval of the Preliminary Plat is effective for a period of twelve (12) months.

The Board and Council recently approved a Community Unit Plan zoning for the site in question. The gross density of the Community Unit Plan is 12.1 units per acre.

The lot size and layout is in accordance with the Lansing Subdivision Regulations and the approved Community Unit Plan.

There is a question as to how much of the plat that can be served with sanitary sewer. The Public Service Department will have to make that determination before the developer can build.

The street rights-of-way are as recommended at the time of the Community Unit Plan approval.

There was no one present at the October 2, 1973 Public Hearing in opposition to the request.

This recommendation was by unanimous vote.

October 4, 1973

Honorable Mayor and

Gentlemen:

The Planning Board at their October 2, 1973 meeting recommended to City Council that the request by A.M.E. Church to obtain a Special Use Permit for the purpose

of conducting the operation of a Nursery School with not more than twenty (20) children be approved.

The request meets the requirements of Section 36-42(11) of the Zoning Ordinance. The church has the facilities necessary to accommodate a nursery school.

The site in question contains over 10 acres of land, of which there is an abundance of vacant land available for play activity.

All agencies that have been contacted concerning the request have no objections to the proposal.

There was no one present at the October 2, 1973 Public Hearing in opposition to the request.

This recommendation was by unanimous decision.

SS-4-62 Amendment

October 4, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board at their October 2, 1973 meeting recommended to City Council that the petition by Colonial Townhouse Cooperative for an amendment to the Community Unit Plan known as Blueberry Hill, the proposed amendment would incorporate an additional 1.2 acres of land to the development and allow the construction of a 40 ft. x 60 ft. maintenance building, be approved subject to the following conditions:

1. That Calvin Street be extended to the north through the property and include the necessary improvements.
2. That prior to the issuance of building permits, a site plan be submitted showing the exact location of the building.

The proposed use of the site is a 40 ft. x 60 ft. maintenance building, a children's play area, and a parking area.

The proposed maintenance building would house the maintenance equipment needed for maintenance and upkeep of the Blueberry Hill Townhouse Complex.

At the present time the facilities available for housing such maintenance equipment are minimal.

The proposed change would have no adverse effects on the surrounding area. In

fact the utilization of this long narrow parcel of land for the use proposed will promote an improved lot development pattern to the north, (graphics will explain). Calvin Street stops at the south end of the property in question and should be extended through the property.

There were several people at the Public Hearing, only one of which was opposed to the request.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Department.

Referred to Committee on Planning.

October 4, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board at their October 2, 1973 meeting recommended to City Council that the petition by Roger Beebe to amend the Community Unit Plan of Simken Village be approved subject to the following conditions:

1. That a landscape and screening plan be submitted, approved, and implemented before occupancy permits are issued.
2. That the requirements and recommendations of the reviewing agencies be adhered to.
3. That the site be subdivided to correspond with the revised plan.
4. That a temporary turn-around shall be constructed at the east end of the proposed street.

The proposed zoning map shows the site as Two-Family Residential, however, there is an approved Community Unit Plan for the site containing a total of 30 dwelling units.

The proposed plan would substitute seven four-plexes in place of three duplexes and two-twelve unit apartment buildings. At the present time in Lansing, there is an abundance of twelve unit apartment buildings and duplexes, while there are very few four-plexes.

The amendment, in terms of impact on the surrounding area will be very similar to the original proposal. Instead of being confronted with 2 large buildings and three medium sized buildings, the surrounding area will be confronted with seven medium sized buildings, 1-story in height.

The proposed amendment would also be a step towards achieving one of the housing study goals: to provide for a variety of housing types. There are presently garden apartments and duplexes within the area, and the establishment of the proposed four-plexes would add an additional choice of housing types in the vicinity.

There were two people at the October 2, 1973 Public Hearing that were concerned about screening and fencing around the project.

This recommendation was by a 6 to 1 vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

October 4, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board at their meeting of October 2, 1973, recommended to City Council that the petition to rezone a parcel of land located at 1726 South Pennsylvania Avenue be approved. This request is from "B-1" Family Residential District to "F" Commercial District.

The proposed rezoning would allow an existing nonconforming printing shop to be remodeled and improved and made a conforming use.

The proposed Zoning Ordinance shows the site as "R-1C" One Family Residential District.

The printing shop has been in operation since 1920 and is in the process of being purchased by a new owner. The printing shop is currently south of Van Peenan's Shop, Office, and Sales Building, and is surrounded by the greenhouses on the west and south. Pennsylvania Avenue is to the east. Single Family housing is in the balance of the area.

The proposed rezoning is buffered from the surrounding residential uses by the Van Peenan Flower Complex (which is zoned partially in a commercial classification) and Pennsylvania Avenue. On-site parking is provided. The printing shop is not the type of use, or of significant size, to demand a lot of parking. Because of the nature of the business, and its relationship to Van Peenan's Flower Complex (which provides a land use transition) the proposed rezoning would have very little impact on the surrounding area.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Z-58-78

October 4, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board at their meeting of October 2, 1973 recommended to City Council that the petition to rezone a parcel of land located at 4108 Devonshire be denied as filed and further that the east 30 feet of Lot 61, Pennway Subdivision No. 1, be rezoned to "A-1" Family Residential District, and the remainder of the Lot remain "J" Parking District.

The Church proposes to expand their existing garage, however, a portion of the proposed building expansion would fall into the "J" Parking District. A garage is not an allowable use in the "J" Parking District therefore the Church must obtain a rezoning change.

It cannot be found where the proposed rezoning and use would have an adverse effect on the surrounding area. The entire lot is not needed for the building expansion. It is therefore recommended that the balance of the lot be retained in the "J" Parking District, so as to preserve the necessary off-street parking for the Church facility.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Z-54-73

October 4, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board at their October 2, 1973 meeting recommended to City Council that the request by Ray Perkins and Al Rice to rezone a parcel of land located on the southwest corner of Pennsylvania Ave-

nue and Armstrong Road from "A-1" Family Residential District to "F" Commercial District and "D-M" Multiple Family Residential District be denied as filed and further that the property be rezoned as follows:

That the east 150 feet be zoned "D-1" Professional Office District, and the balance of the property be zoned "C-2" Family Residential District. It is further recommended that the entire property be subdivided with access prohibited from Pennsylvania Avenue on the easterly most lot.

A brief glance at several major thoroughfares throughout Lansing discloses the unsightly results of strip development for commercial purposes. It is widely acknowledged that when automobile use intensifies on major streets for commercial reasons, traffic congestion is created by frequent exits from, and entrances to traffic flow. Secondly, the effect on adjacent residential properties is usually harmful and most often brings about a decline of property values, safety and general aesthetics. It has been a continuing policy of the Planning Board to discourage strip commercial growth along Pennsylvania Avenue and that any commercial expansion of accommodated by common business centers; such as found on the corners of Jolly and Cedar Street. A land use survey of South Cedar Street reveals a moderate to high vacancy rate of commercial structures along this strip with over 100,000 square feet of commercial buildings available within the northeast quadrant of Cedar Street and Jolly Roads. In addition to vacant commercial buildings, there is a substantial amount of vacant land zoned for commercial development.

The site in question is indicated for Low Density Residential use. However, it is felt that an alternate transitional use could take place provided that compatibility is observed. Rezoning this land to "DM" Multiple Dwelling District would allow the development of 82 units on the site, and undoubtedly would constitute over development. Residential use in the area is primarily two-family to the west with an intermixture of single family structures.

The Board believes that office zoning along Pennsylvania Avenue, with a transition up to "C-2" Family Residential will promote land use compatibility, and preserve the character of the area.

Two people were present at the October 2, 1973 Public Hearing in opposition to the request.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Members of City Council

Gentlemen:

The Planning Board at their October 2, 1973 meeting recommended to City Council that the petition by Thomas Crofts to rezone the property located at 831-833 Fayette Street from "C-2" Family Residential District to "D-1" Professional Office District be denied.

This is a small deteriorating residential neighborhood of 397 acres to the south of the Central Business District. The area north of the railroad was part of the original City plat while the remaining southern section was included in the initial incorporation. Because of its proximity to the Central Business District, this neighborhood contains a mixture of housing, wholesale and retail establishments, service stations, second hand stores, auto sales, food and clothing stores, and other small business establishments.

Almost 15% of the land area is devoted to heavy industrial uses. These industrial uses (John Bean Division of the FMC Corporation and Reo Motors Truck Division) are located in the central section. The industrial plants are old and structurally obsolete and there are no vacant areas for plant expansion. Residential areas are located north and south of these industrial areas. A few grocery stores, service stations and office buildings are scattered along these residential sections. Strip commercial developments, most of them blighted, are located along South Washington Avenue and South Cedar Street.

The major traffic arteries are South Washington, South Pennsylvania and Mt. Hope Avenues, and South Cedar Street (U.S. 27). These heavily traveled streets crossing the area, together with the blighted industrial and commercial structures adjacent to the residential areas, are the major deteriorating factors.

POPULATION

Population has slightly decreased since 1960. This is predominantly a white neighborhood (99.6%) with a few nonwhite gains since 1960. Young people are 35.7% of the total population, and there was a slight decrease in the number of elderly citizens from 1960.

Average household size is 2.84, among the smallest in the City. Medium family income of \$5,814 is low, and households with incomes under \$5,000 comprise about 38.6% of total households in the area. Households with incomes under \$3,000 increased from 237 in 1960 to 358 in 1966. Almost half of the households are renters.

About 31% of the labor force are in non-professional and non-managerial employ-

ment; 36% are operatives and unskilled workers, and 28.5% are clerks and salesmen. Professionals, technical men, managers and proprietors are 18.3% of the employed adults.

HOUSING

This area has lost 7% of its housing units since 1960. One fourth of the 1,872 housing units have deteriorated and about 65% are deteriorating. The more seriously blighted areas are located in a few blocks in the northern tip, in the central areas surrounding the Reo Motors establishments, and in a few blocks in the southeast.

A majority of the housing was over 20 years old in 1960 except a few blocks of housing near the Christiancy School. Half of the housing in this district ranges in value from \$9,000 to \$12,000 with the remaining half in the \$5,000 range, mostly in the vicinity of the industrial plants.

About 42% of the housing units are in multi-family structures which constitute almost one fifth of the residential structures. New constructions are mostly multi-family in the southeast and vary from duplexes to high-rise apartment buildings with more than 100 units per structure.

ENVIRONMENT

Residential environment suffers from the deteriorated and obsolete industrial and commercial structures in the central section and in the strip developments along South Washington Avenue and South Cedar St. Traffic congestion, industrial noise and emissions contribute to the deteriorating housing, which is located next to industry without buffer areas for protection. Industrial land is scarce. The industrial vitality rating in this area is fair to poor.

The area has poor platting. Lot sizes are inadequate; some lots are less than 25 feet wide. The street pattern is inefficient with obsolete block layouts. Traffic congestion is high, with South Washington and South Pennsylvania Avenues each carrying from 15,000 to 20,000 cars a day, South Cedar Street carrying 25,000 to 30,000 cars, and Mt. Hope carrying 10,000 to 15,000 cars a day. The strip commercial developments along the major arterials contribute to the congestion due to inadequate off-street parking and loading facilities. These developments have poor commercial vitality.

Elm street Park has inadequate facilities for community recreation. The school in the area, Moores Park, has minority group enrollments composed mostly of Mexican children.

SOCIAL CONDITIONS

Social environment in this area is blighted. The western section has concentrations of juvenile offenders. The northern and southern sections are concentrations of neglect cases reported by the Ingham County Juvenile Court and are also service areas of the Salvation Army Welfare Organization. The northern and southern areas are

caseload distribution districts of the Public Health Nurses, Ingham County Health Department. There are also residential pockets of adult felony and misdemeanor cases on probation in the northeast and southern sections. Communicable diseases were reported in a few blocks in the southeast section in 1966.

More than one fourth of the households are female headed. Of the adults 18 years and over, 3.4% are unemployed. A few families have been relocated in this neighborhood.

The following data on the next page is a summary of the 1970 census report.

The foregoing report indicates many of the neighborhood deficiencies and the undesirable qualities that detract from the residential environment.

The question at this time is, what type of program will provide overall improvement to existing conditions. There are no active Federal or State programs to provide subsidy at this time. However, we are of the opinion that a general code enforcement program would tend to upgrade the residential qualities, and place the neighborhood on a more stable basis. This might be accomplished by using revenue sharing

monies, with a demonstration program being the first attempt.

Zoning as proposed is not the answer.

The site in question is built to capacity as it relates to building and land coverage, in fact there have been 2 appeals approved to allow the existing building size.

The applicant indicates that adequate parking is available for his proposed use of land.

Off-street parking is limited. The site is

located at the intersection of two public streets, which further limits the parking area, as automobile parking is prohibited from the required front yards.

More intense use of the land such as, a doctor's office, clinic, trade association, etc., which would demand more parking areas, would place additional burdens on the adjacent residential neighborhood and compound the problems which exist.

In terms of traffic and activity, the area is now subject to only local neighborhood traffic. Zoning and land use changes will encourage additional non-local traffic into the area.

There are no substantial reasons why the property cannot be used in accord with the existing regulations. If a variance from the existing zoning classification is allowed, a precedent will be established, making it more difficult to control land development in the vicinity.

There are other sites zoned and available for the type of use proposed, most of which would provide improved public street exposure, and little or no impact on residential properties.

The Model Cities Physical Task Force has recommended denial of this request, because of the adverse affects that could occur on the existing residential development.

There was a representative of the Model Cities Physical Task Force opposed to the petition. There was a petition with over 90 signatures on it in favor of the petition.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their September 4, 1973, meeting, recommended to City Council that the petition by the Michigan Optometric Association to rezone a parcel of land located at 314-316 North Pine Street from "D-M" Multiple Family Residential District to "D-1" Professional Office District be approved subject to the following condition:

—That a 5 ft. high chain link fence along with dense evergreen growth reaching a mature height of at least 5 ft. 6 in. be placed along the north and east property lines of the site.

The site in question is to be part of a larger parcel of land located on the northeast corner of Pine and Ionia Streets. The total parcel contains approximately 32,670 square feet in area. Lansing's Central City Development Plan sets forth certain areas for all types of land development in accord with the community needs. These areas were established following a complete study of the central city structure; relating to height of structures, traffic patterns, direct land use relationship, etc.

The parcel in question is located within this plan and is shown as an office district with a maximum building height of four stories. The proposed zoning map shows the site as O-1 Professional Office District.

The Zoning Ordinance provides for one off-street parking space for every 300 square feet of usable floor area. This off-street parking requirement will have to be provided for by the applicant before a building permit is issued.

The property to the north and east is residential in character and should be protected from the office use and activity with necessary screening.

There was no one present at the September 4, 1973, public hearing in opposition to the petition.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

October 4, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board at their meeting of October 2, 1973 recommended to City Council that the petition to rezone a parcel of land located at 5204 and 5214 Wise Road be denied. This request is from "A-1" Single Family Residential District to "DM-1" Multiple Family District.

The Master Plan shows the site as low density residential in nature. The proposed Zoning Ordinance shows the site as "R-1C" Single Family Residential District.

As stated in the CRP Report, the housing in the area is in poor condition. New development in the area would improve the situation and could stimulate redevelopment in the area.

The Board believes it is necessary to look beyond this immediate neighborhood situa-

tion, with emphasis placed on an overall development plan. A plan which would consider land use compatibility.

This immediate area has many of the ingredients for a complete residential neighborhood; i.e., schools, parks, shopping, etc.

Storm and sanitary sewers are available and curb and gutter are completed along Wise Road.

The area includes large tracts of vacant land, which are sparsely developed and in several ownerships. This presents a major problem in attempting to promote full and efficient use of land.

The Planning Staff has established a conceptual land use plan for this area, with the thought of providing guide lines for growth and development.

This plan was submitted and explained to the Planning Board at their meeting of June 5, 1973.

The development of this plan includes land use relationships, public utilities and facilities, and very strongly indicates the need to encourage and direct the assemblage of land to insure complete development.

The site under consideration for zoning at this time lies within the Study Area and is projected for single family development.

It is felt that a zoning change as proposed could deter development of this area, and perpetuate uncoordinated land development.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

October 4, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board at their October 2, 1973 meeting recommended to City Council that the petition by Anthony Shano to rezone a parcel of land located in the 3800 Block of Stabler Street from "A-1" Family Residential District to "C-2" Family Residential District be denied.

The proposed Zoning Map indicates the site as "R-1C" Single Family Residential District. The Master Plan shows the site as Low Density Residential.

Because of the size of the lot, it would be possible to obtain a lot split, and build

two Single Family Residential houses on the site. If the site were zoned "C-2" Family Residential District, it would be possible to construct one (1) duplex and a single family house on the site with a lot split.

Land use and zoning in the immediate area and east of Stabler Street is for Single Family Development. There are some Multiple Family and duplex structures a block away to the northwest, and west of Stabler Street.

The proposed rezoning would establish a precedent along Stabler fostering uncontrolled development, and the Board is not in favor of the expansion of this type of zoning or land use in the area.

The Board believes that the existing zoning allows reasonable use of the land, and will maintain the character of the Residential Community.

No one was present at the October 2, 1973 Public Hearing to speak in behalf of this request.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Mr. Gerald W. Graves, Mayor

9th Floor, City Hall

Lansing, Michigan 48933

Dear Mayor:

It has come to my attention you have allowed \$194,670.50 of taxpayers money to be disbursed, unrequested and without proper authorization.

I am advised that a local organization wrote to your controller advising that they expected to enter into a contract with the City and asked that the City make arrangements to have \$194,670.50 on hand so they could make draw-down as soon as the contract was signed.

It is my further understanding that unrequested and without proper approval a check in the amount of \$194,670.50 was sent to the organization without even a covering letter telling them why you were sending them this unrequested amount.

As Mayor and in accordance with the City Charter, you appoint the City Controller and you are "responsible for the conduct of the City's executive and administrative work and services."

In accordance with this responsibility would you please report to City Council in regards to the following:

1. Did you allow \$194,670.50 to be paid out without a contract, unrequested and without proper authorization?
2. Why did you allow this illegal expenditure?
3. If you did allow this expenditure then what steps are being taken to recover the taxpayer's money?
4. Would you please give us an explanation as to how a large sum of money like this could possibly get paid out illegally, and especially, without any documentation?
5. If employees under your jurisdiction are responsible then what corrective steps are you taking?
6. Can other organizations receive city funds by simply filing an anticipatory request?
7. Have other large sums of money been illegally paid out, if so, when, in what amounts, and to whom?
8. Are changes in internal controls necessary to protect the taxpayer's money, if so, then what internal controls are you recommending?

I believe it is imperative that you report to council at once so that council can, if necessary, take steps to protect the City's \$21,000,000.00 budget allocation.

Sincerely,

JOEL I. FERGUSON,
Councilman-at-Large.

Referred to the Mayor.

October 8, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

I would like everyone to know that my criticism of Mr. Dowsett and Mr. Dean will not be sluffed off as a political attack. I do not have to resort to these tactics because I have documented evidence of their incompetence including their own statements.

Mr. Dowsett has said: "I admit it I didn't look at the Model Cities books for six months." Next he said: "I have instituted corrective measures since I removed Harlan Rowe." Then he stated: "I have asked the citizen's for documentation of their expenditures—Recently, Dowsett said: "When the CDA takes over their books, I have to review their documentation and cash disbursements."—In a resolution to the Council and in Finance Committee meetings, he has spoken of the skills of Mr. Dean and suggested that he is the man who should watch dog the CDA Fiscal Office.

The HUD officials demanded that re-audits be done of the projects audited by Dennis Dean which by the way the Mayor keeps digging out as a Bible on the Model Cities Agencies. This mandate was made because the Comptroller's people (Dennis Dean) were auditing their own work and because of the poor quality of the audits.

Dennis Dean sent a memo to people stating that my facts were wrong, then in the last sentence said B.I.L.D. requested the money. Even after the controversy started over the disbursement Dean still said the agency requested it. Either this man can't read or attempted to cover up his mistake.

All kinds of harrassment has taken place on the citizens and CCI for \$7,000 of documentation. Yet, the Mayor's Office, Controller & Dean just casually write off disbursement of \$194,000 which had no documentation provided and was not requested. Then, Dowsett turns around and says the little word "anticipatory" should have been given more attention. Dean released it and Dowsett signed the release. If something is improperly disbursed without a legal document such as a contract existing, I would assume, that it was illegally disbursed.

I want it understood, that as a Councilman, I am hereby requesting that some clear policies be established which should take place by the Council after the Mayor responds to the questions I have asked him. I have also asked the Mayor for his recommendations as to how he would correct these problems.

Sincerely,

JOEL I. FERGUSON,
Councilman-at-Large.

Referred to Mayor.

October 4, 1973

Honorable Mayor Pro-Tem and

Members of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

I am renominating and submitting for your consideration the name of Mr. William L. Mackay to serve as Lansing's representative on the Airport Authority Board in accordance with Enrolled House Bill No. 4220. The new term will run from October 14, 1973, to October 13, 1976.

Mr. Mackay, 47 years of age is a member of the law firm of Newman and Mackay. During World War II he served as an infantryman with the 2nd Marine Division and the 3rd Amphibious Corps in the Pacific area. His admiration for the United States Marine Corps has not diminished over the years for he has served as the

Commandant of the Capitol Detachment of the Marine Corps League in Lansing and as Judge Advocate of the League.

In 1950, Mr. Mackay was graduated from Hope College with a degree in Economics and in 1954, was graduated from the University of Michigan School of Law. In 1955, he was appointed as an Assistant Prosecuting Attorney for Ingham County and left the office as Chief Assistant Prosecutor in 1957, to enter private practice. Mr. Mackay, also, served as an Assistant City Attorney of Lansing for approximately 3½ years during the tenure of Mayor Ralph Crego. He is a member of the Ingham County Bar Association, the State Bar of Michigan and the American Bar Association. He is also a member of the Ingham County Conservation League, the Lansing Rod and Gun Club and Amateur Trap Shooting Association of the United States. He resides with his family at 1607 Moores River Drive.

Trusting this nomination meets with your approval, I remain

Respectfully,

GERALD W. GRAVES,
Mayor.

By Councilman Moore—

That we concur in the recommendation of the Mayor and said appointment be confirmed.

Carried.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

That the Resolution pertaining to sewer rates adopted by the City Council on June 12, 1973 is hereby rescinded.

Adopted by the following vote:

Unanimously.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Whereas, on June 4, 1973 the City Council adopted an Ordinance amending Sec. 27-35 of the Lansing City Code, providing that the sewer rate charge would be increased to 100% of the water bill; and

Whereas, this charge is computed on the basis of metered water consumption, and in accordance with the following net monthly rates:

First 500 cu. ft. @ 41.5 cents per 100 cu. ft.

Next 4500 cu. ft. @ 25.5 cents per 100 cu. ft.

All over 5000 cu. ft. @ 19.5 cents per 100 cu. ft.

Minimum charge equal to 100% of minimum water bill.

Where metered water consumption is not available due to a private water supply, sewer charge of \$3.00 per month will be made to each user of the sewer system or as may be determined in accordance with Section 27-33, 34, 35 and 36 of the Lansing City Code; and

Whereas, bills at this rate have been sent to sewer customers; and

Whereas, Council desires that said rates shall apply only to bills on the computed basis of water used on and after October 1, 1973; and

Whereas, it is necessary to adjust the rates in the Lancel Metropolitan area to assure an equitable charge to those customers; now, therefore, be it

Resolved, that the sewer charge for all users outside the City limits of Lansing connected to former Lancel Metropolitan District sewers or extensions thereto shall be computed in accordance with the following net monthly rates.

First 500 cu. ft. @ 103.75 cents per 100 cu. ft.

Next 4500 cu. ft. @ 63.75 cents per 100 cu. ft.

All over 5000 cu. ft. @ 48.75 cents per 100 cu. ft.

Minimum sewer charge to be \$3.25 per month or fraction thereof.

Where metered water consumption is not available due to a private water supply, a sewer charge of \$7.50 per month will be made to each user of the sewer system or as may be determined in accordance with Section 27-33, 34, 35 and 36 of the Lansing City Code. Discounts applied to city resident users, pursuant to Section 27-35 shall be applied to Lancel resident users; and be it further

Resolved, that persons who have been billed at the new rate during the month of September, 1973, shall receive a credit equal to the amount of the difference between the amount charged and the amount due under the old rate, to be applied to their next billing; and be it further

Resolved, that the above rates shall be used for computing the sewer charge on the basis of water used on and after October 1, 1973; and be it further

Resolved, that the City Clerk notify the Board of Water and Light and the appropriate Lansing Township officials to comply with the provisions of the ordinance and this resolution.

Adopted by the following vote:

Unanimously.

By Committee on Personnel—

Resolved by the City Council of the City of Lansing:

By Councilman Ferguson—

Whereas, by petition duly filed on the 23rd day of July, 1973, this council was petitioned to change the following described property from "B" One Family Residence District to "I" Heavy Industrial District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 1st day of October, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-44-73 — that block bounded by Olds Avenue, Max Avenue, Williams Street, and Birch Street,

and more particularly described as:

Property located in the City of Lansing, Ingham County, Michigan, described as: All of Block 3 of Stebbins-Moore Replat on Lots 1 and 2, Block 13 and Lot 2, Block 20 of Townsend's Subdivision, of the North part of Section 20, City of Lansing, Ingham County Michigan, Excepting Therefrom, Lot 3 of said Block 3,

from "B" One Family Residential District to "I" Heavy Industrial District, and

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to approve the petition subject to the following conditions:

- 1) That screening be provided on the east side of Max Avenue between Olds Avenue and Williams Street.

That screening, subject to Planning Department approval shall be designed in such a manner that lights from cars do not shine on adjacent property.

- 2) The lights used to illuminate vehicle storage areas shall be so planned to assure that they do not shine on adjacent residential properties.
- 3) That the ingress and egress to parking areas be so designed to discourage through traffic on Max Avenue, and Williams Street west of Max Avenue, and

Whereas, the Planning Committee of City Council to whom was referred the report of the Planning Board concurred therein,

Now Therefore Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "B" One Family Residential District to "I" Heavy Industrial District be approved subject to the conditions as stated above.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Whereas, by petition duly filed on the 30th day of July, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "H" Light Industrial District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 1st day of October, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-47-73 — 2801 East Michigan Ave.,

and more particularly described as:

Commencing 410 feet north of the north side of Michigan Avenue and 239.9 feet east of the north-south quarter line of Section 14, City of Lansing, thence north 230 feet, thence west 314.9 feet to point of beginning,

from "A-1" Single Family Residential District to "H" Light Industrial District, and

Whereas, pursuant to Act 207, P.A. 1921 the Planning Board advised City Council to approve the petition subject to the following condition:

That the outside storage area be fenced and screened by means of a 6 ft. high chain link fence with interwoven redwood slats or any other type of screening that may be suggested by the developer with approval of the Planning Board.

Whereas the Planning Committee of City Council to whom was referred the report of the Planning Board concurred therein,

Now Therefore Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "A-1" Single Family Residential District to "H" Light Industrial District be approved, subject to the following conditions:

That the outside storage area be fenced and screened by means of a 6 ft. high chain link fence with interwoven redwood slats or any other type of screening that may be suggested by the developer with approval of the Planning Board.

Whereas, by petition duly filed on the 6th day of August, 1973, this council was peti-

tioned to change the following described property from "J" Parking District to "F" Commercial District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 1st day of October, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-49-73 — 805, 809-811 West Holmes Road,

more particularly described as:

The north 70 feet of the east forty feet of Lot 62, Supervisors Plat of Burchfield Subdivision, City of Lansing, Ingham County, Michigan,

from "J" Parking District to "F" Commercial District, and

Whereas, pursuant to Act 207, P.A. 1921 the Planning Board advised City Council to approve the petition subject to the enforcement of the screening and lighting requirements in the original rezoning of the property (see file Z-173-65), and further that the parking areas be drained properly, so as not to affect adjacent properties, this means the construction of catch-basins within the parking areas if necessary.

Whereas the Planning Committee of City Council to whom was referred the report of the Planning Board concurred therein,

Now Therefore Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "J" Parking District to "F" Commercial District be approved subject to the installation of screening as required under rezoning request Z-173-65.

REPORTS OF CITY OFFICERS

AND BOARDS

City Treasurer submits report on condition of funds for month of September, 1973.

Received and placed on file.

October 9, 1973

Honorable Mayor and Members

of the Lansing City Council

Lansing, Michigan

Re: Claim of Randy Billmeier for damage to finish on car alleged to have been caused by water from a city street flusher.

Gentlemen:

Your City Attorney, to whom was referred the above claim, has made an investigation thereof, and is of the opinion that the city is not liable from a legal point of view. There appears to be a lack of evidence of negligence on the part of the city.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman Anas—

That we concur in the recommendation of the City Attorney.

Carried.

October 11, 1973

Honorable Mayor and Members

of the Lansing City Council

Lansing, Michigan

Re: Special Assessment—Mall and Promenades

Gentlemen:

It has been requested by Councilman May and Washington Square Coalition Committee that a proposed ordinance be prepared to provide for assessing the costs of maintaining and cleaning malls and promenades, streets and sidewalks in especially benefited districts to the properties therein. The following is, therefore, being submitted for that purpose:

Sec. 27A-4(a). Same—maintenance and cleaning.

The City Council shall have the power to provide for the regular maintenance, cleaning, sweeping, snow removal, placing and collecting from waste receptacles on sidewalks, streets, malls and promenades as provided for in this chapter. Where such activities are of such a nature so as to benefit especially any property or properties within a district, the City Council shall have the power to determine by resolution, that the whole or any part of the expense of such activity shall be defrayed by special assessment upon the property in districts especially benefited. In determining the necessity of such activity as it pertains to especially benefited property, the Council may consider any of the following: The improved safety of sidewalks; the reduction of trash and litter on public ways; the improvement of the public health, safety and welfare; the increasing of the economic vitality of the area.

Respectfully submitted,

PETER HOUK,
City Attorney.

Referred to Committee on Ordinance and Contracts.

October 9, 1973

Honorable Mayor and Members

of the Lansing City Council

Lansing, Michigan

Re: Thomas Atwater v. City of Lansing
Gentlemen:

On November 14, 1972, a workmen's compensation claim was filed by Mrs. Mattie Atwater for compensation on account of the death of her husband, Thomas Atwater. Mr. Atwater suffered a heart attack while on the job at the Lansing Asphalt Plant and died on October 30, 1972.

Maximum possible liability in this case is in excess of \$30,000 but our tentative offer of \$6,000 has been accepted by Mrs.

Atwater. It is our belief that \$6,000 represents a fair and equitable settlement of this matter and we would request Council's authority to totally redeem this claim for such amount.

Respectfully submitted,

PETER HOUK,
City Attorney.

By PATRICK KOWALESKI,
Chief Assistant City Attorney.

By Councilman Ferguson—

That we concur in the recommendation of the Chief Asst. City Attorney.

Carried.

October 11, 1973

To the Honorable Mayor

and Members of the City Council

City of Lansing

Gentlemen:

I herewith report that I have given to the City Assessor an itemized list of trees removed from private properties in the amount of \$55.00 for the year 1973, to be assessed on tax roll 17-T.

Respectfully submitted,

STEVEN J. ZELSKI,
Acting Building Commissioner,
City of Lansing.

MENT

Gentlemen:

Attached is the tabulation of four bids for the purchase of mowing equipment, which were opened at 3:00 P.M., EDT on Tuesday, September 25, 1973.

We recommend acceptance of the bids as follows: **Item I—Roseman Gang Mower** to the second low bid submitted by W. J. Holland Supply Company for a total delivered price of \$2,949.30. (The low bidder, Spartan Distributors, Inc., does not meet specifications because the mower has no roller drive.) **Item II—Blitzer Gang Mower** to W. F. Miller for a total delivered price of \$2,738.00. The low bid submitted by Spartan Distributors, does not meet specifications because of the difference in adjustment for height.) **Item III—Turf King Mower** accept the low bid of \$1,398.99 from Spartan Distributors, Inc. Although their bid is on a Toro, rather than a Jacobsen

Turf King as we specified, the machine is acceptable as "an approved equal." **Item IV—Two Walking DeVere Mowers, Model 312** to the second low bid of W. F. Miller at \$1,650.00. (Spartan Distributors low bid is a mower with a rear discharge, which may conflict with pending OSHA standard on "powered grounds maintenance equipment.") **Item V—Ryan Aerifier** to the second low bidder, Spartan Distributors, for a total delivered price of \$2,199.00. (The low bid submitted by Wm. F. Sell & Son, Inc., is for a "slicer," not an "aerator.") The total amount authorized for these purchases is \$10,935.29.

Respectfully submitted,

VAUGHAN L. MCKINCH,
Purchasing Agent,

THEODORE J. HASKELL,
Parks and Recreation Director.

Referred to Committee on Parks and Recreation.

REPORT OF COMMITTEE

The Committee on PARKS AND RECREATION, to whom was referred the recommendation of the Purchasing Agent and the Director of Parks and Recreation that the bids submitted for the purchase of mowing equipment as listed below, be accepted: **Item I—Roseman Gang Mower** to the second low bid submitted by W. Re: Extension of Kingsley Place
Project

Gentlemen:

The City Demonstration Agency has prepared a cooperative agreement which authorizes use of Model Cities funds for the Kingsley Place project. This agreement (PN-58) was approved by the Park Board and has now been referred to the Liaison Committee. The CDA has added five houses on Kingsley Place to the project. These added purchases will extend the project to Huron and will round out the west end of the project.

To keep the process moving I am asking for authority to prepare contracts with appraisers and Title Insurance Company to include these five houses.

1321, 1320, 1317, 1316, 1313 Kingsley Court.

We have obtained proposals from Richard Binder and Edward Mack to add these to their previous work on the Kingsley Project. American Title Insurance is prepared to extend their work on title search

and insurance to include these. Herbert Streukens, review appraiser, has given us a proposal for reviewing appraisals on the five Kinksley additions as well as the Dodge Mansion and High Street appraisals previously approved.

1321, 1320, 1317, 1316 and 1313 Kinksley Court Appraisals:

Richard Binder—\$325 each for \$1,625.00
Total

Edward Mack—\$325 each for \$1,625.00
Total

The Kinksley five (above), the Dodge Mansion and the High Street Review Appraisals:

H. H. Streukens

5 Kinksley\$ 600.00

3 High St. 600.00

Dodge Mansion 900.00

Total\$2,100.00

Letter (b)

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Traffic Board recommends with the letter several parking restrictions for City Council's consideration.

No Parking School Days 7 A.M.-4 P.M.

Fenton Street—North side—From Southgate to west property line of school grounds.

Maple Hill—South side—From west property line of school grounds to Southgate.

NOTE: This for Maple Hill School. Parking is permitted on other side of these streets.

Spencer Street—East side—From Michigan to Ottawa.

NOTE: To break up student parking and congregating during noon hour which results in littering and other activities objectionable to residents.

* * * * *

No Parking 7 A.M.-7 P.M. Except Sunday

Rockford Road—North side—From driveway rear of buildings on Cedar to Teel.

NOTE: Complaint of parents whose children have to cross Rockford at Maplewood going to and from Maplewood School that parking on north side of Rockford endangers them. In addition to this there is considerable vehicular traffic on Maplewood that comes from Cedar Sub Post Office which stops at Rockford and at times has difficulty seeing vehicles on Rockford. This proposed regulation would help both of these problems.

One Hour Parking 8 A.M.-6 P.M.

Drexel Road—Both sides—From 1800 block Verlinden East)

Jerome Street—South side—From Hosmer to No Parking Zone west of Pennsylvania.

NOTE: Drexel formerly One Hour Parking 6 A.M.-2 A.M. 1700 and 1800 blocks Forbes to Verlinden. Signs disappeared and when renewed the neighborhood was stirred up. The One Hour Parking 8 A.M.-6 P.M. recommendation is a compromise worked out by the residents in the 1700 and 1800 blocks.

Jerome completes the coverage of all streets in this area with either parking prohibitions or parking restrictions which are a result of complaints of residents due to parking by Eastern High School students.

Respectfully submitted,

LANSING TRAFFIC BOARD
Allen T. Hayes, Secretary.

Referred to Committee on Public Safety.

REPORT OF COMMITTEE

The Committee on PUBLIC SAFETY, to whom was referred the recommendations of the Traffic Board regarding the following parking restrictions:

No Parking School Days—7 A.M.-4 P.M. on the north side of Fenton, Southgate to west property line of school grounds, and Maple Hill, south side, from west property line of school grounds to Southgate;

No Parking—7 A.M.-7 P.M. Except Sunday, north side of Rockford, driveway rear of buildings on Cedar to Teel; and One Hour Parking—8 A.M.-6 P.M., both sides of Drexel, 1800 block of Verlinden East, and south side of Jerome, Hosmer to No Parking Zone west of Pennsylvania,

reports as follows:

The Committee concurs in the recommendation of the Traffic Board.

October 15, 1973

Honorable Mayor Pro-Tem and Members,

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

On October 10, the Finance Director presented a detailed reply to you based upon the so-called "charges" of Councilman Joel I. Ferguson that certain funds were supposedly released to BILD without authorization. Immediately following that presentation, Councilman Ferguson took considerable time to make the point that the only issue in question was the release of funds. He then proceeded to question the operation of the retirement systems (Employees Retirement System and the Policemen's and Firemen's Retirement System), and suggested that the City Council investigate both.

It is unfortunate that Councilman Ferguson has by inference and innuendo thrown rocks at the retirement systems. The retirement systems are not operated by Finance Director James Dowsett. The Policemen's and Firemen's Retirement System is a part of the City Charter—the membership of the Board of Trustees includes two policemen members, elected by the Police Department personnel; two firemen members, elected by the Fire Department personnel; a member of the City Council; the City Treasurer; the Mayor, who serves as an ex-officio member and a citizen member. The Employees Retirement System is established by Ordinance—the membership of the Board of Trustees includes the Chairman of the Finance Committee of the City Council; the City Treasurer; City Personnel Director; three members elected by the City employees; a citizen member and, the Mayor. The Finance Director serves as secretary.

Please be advised that the retirement systems are annually audited by an outside auditing firm, actually hired by the City Council. Too, the Actuary has considered the retirement systems of the City

of Lansing as two of the best in the State of Michigan. I, therefore, gather that Councilman Ferguson knows of "something" that the boards are unaware of and, that the auditors and the Actuary apparently have missed. However, because of the shadow cast by Councilman Ferguson, I am inviting each of you, including Councilman Ferguson, to attend the upcoming meetings of both retirement systems so that the Board of Trustees of each system can personally receive the detailed charges of Councilman Ferguson and his request for an investigation.

The Board of Trustees of the Employees Retirement System will meet on October 18, at 8:30 a.m., in the Office of the Finance Director; the Board of Trustees of the Policemen's and Firemen's Retirement System will meet on October 24, at 8:30 a.m., in the same office. Please advise so that arrangements may be made for all or any attendance.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

October 15, 1973

Honorable Mayor Pro-Tem and

Lansing City Council

Tenth Floor—City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

During the past year, the Lansing Police Department has operated an Investigations Coordination Unit under a Federal Grant. This operation has been very instrumental in the recent crime reduction experienced by the city and duly noted in the FBI Annual Crime Report. As you are aware, Lansing was distinguished in cities of 100,000 or more by reducing crime more than any other city in the country.

The Police Chief, and I, are convinced that this program, can and will, reduce crime even more in the future. Therefore, we are seeking second year funding for the period of April 1, 1974 through May 31, 1975. Under the guide lines of the Crime Control Act of 1973, the Federal share includes 90 percent, the state buy-in share is 5 percent, and the city is required a 5 percent hard cash match.

A breakdown of the estimated budget then will be as follows:

Federal Share	\$126,200
State Buy-in Share	7,010
City Cash Match	7,010
Total Project Budget.....	\$140,200

A grant application for second year funding is now being prepared for processing, subject to your approval. Necessary will be your authorization of the City's Cash Match from the Emergency Fund provided in my 1973-74 Recommended Budget.

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee on Finance.

October 15, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall
Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

After reviewing Councilman Joel I. Ferguson's letter addressed to me, dated October 5, 1973, together with his subsequent letter and statements issued during the Committee of the Whole meeting on October 8, as it relates to the disbursement of \$194,670.50, I am struck by the profound oversimplification of facts and misstatements leading to unsubstantiated conclusions running rampant in the communications. The City Attorney had advised that there was no criminal action involved in this disbursement.

Councilman Ferguson professes that his charges are not of a political nature and cannot be easily "sluffed off." However, given the context in which these charges were made, it is apparent that an obvious effort is underway to divert attention from the larger problem, that being the Model Cities program and its record of mismanagement and abuse of taxpayers dollars, to a personal attack upon my office and the Finance Director. The many circumstances surrounding this question are not easily reduced to as simple terms as the Councilman seems to desire. Indeed, when one looks at this current situation in a historical perspective of previous events, the only possible explanation is that the charges are aimed to promulgate verbosity in lieu of substance. To begin with, Councilman Ferguson is Chairman of the City Council's Model Cities Liaison Committee, and has been for some time, and every contract, cooperative agreement, and "Letter to Proceed," appears before the City Council upon his recommendation. Good or bad, I know of no time he has voted against a Model Cities matter. Now I suspect that some of the issues are coming back to haunt him and he is attempting to cloud-up the issue.

We need only to look to the MEDCOL laundry project as an example where my repeated warnings of failure were made known, but ignored by Councilman Ferguson. Now the City Council has found it necessary to terminate the program and sell-off the equipment at a substantial loss, and after a useless expenditure of approxi-

mately \$300,000. A great many more examples could be easily pointed out, and have been done on past occasions. However, my central point is to illustrate the constant refusal by the City Council, and in particular Councilman Ferguson, to recognize and solve the myriad problems besetting the Model Cities program. Unfortunately, the Councilman has not been equally diligent in recognizing these other problems prior to his mayoral campaign.

Returning to several months prior to the present time, the City Council adopted, upon recommendation of Councilman Ferguson, a resolution impaneling a Citizen's Committee to study the entire Model Cities program and to make recommendations that would to some extent cure the ills continually plaguing the program from its inception. Approximately eight months have elapsed since the completion of the report, but Councilman Ferguson, as Chairman of the City Council's Model Cities Liaison Committee, has made no effort to approve the recommendations. Moreover, the Citizen's Committee, I have recently learned, was not even provided with the materials and documentation contained in my detailed report to you of March 26, 1973, on Model Cities. This certainly leaves a major question of who was hiding what.

Turning our inquiries to the present problem with BILD Corporation and the transfer of \$194,670.50, a number of curious and yet unresolved questions remain to be answered.

First, why was an official Requisition for Funds form sent by BILD Corporation to the Model Cities Office at all, if the original intent was not to request funds but to simply "anticipate" their coming need? It would seem that a simple letter should have sufficed for this notice.

Second, can the intent and purpose of the Requisition for Funds form be changed simply by the addition of one word to an officially prescribed HUD form? If so, upon whose authorization can this be done?

Third, if the original Requisition for Funds form was not to be operative, why didn't the representative of BILD Corporation later seek to sign another Requisition Form after receiving the funds, since he had always done so in the past?

Fourth, why wasn't the letter forwarded to the CDA, since that was the point of contact for this project director and had been so on previous occasions.

Fifth, what budgetary allocation does this and all Fourth Year Letters to Proceed rest upon, since the Third Year Contracts for all agencies have been terminated?

A. When did the City Council approve or authorize Mrs. Warr to set the level of the expenditures in the Letters to Proceed without an approved contract?

B. What expenditure levels were stipulated by the monthly Letters to Pro-

ceed and where is it explicitly stated that one twelfth of the budget was to be expended?

Sixth, what specific quasi-contractual or other authorization is explicitly delegated by the Letter to Proceed for the expenditure of any funds?

Seventh, where are any statements or restrictions mentioned in the resolutions authorizing the Letters to Proceed concerning the revolving fund for BILD Corporation?

Eighth, why didn't the project manager assigned to monitoring this project, immediately aware of this alleged "illegal" transfer, make it known in August when the fact occurred?

Ninth, why didn't the City Demonstration Agency notify the Mayor's Office of the alleged improper transfer of funds, since it is an administrative matter?

As we begin to seek answers to these questions, an interesting pattern of events begins to emerge. It is obvious that the information concerning this disbursement was "leaked" by Model Cities officials to Councilman Ferguson for blatantly political purposes. The Requisition for Payment to the Building In Lansing's Development Corporation, as signed by Robert G. Ross, was dated August 6, 1973, and Mr. Ross testified as follows: "Amounts claimed on this voucher constitute allowable costs only, in accordance with the terms set forth in our contract, HUD regulations, and Contract Budget limitations." The disbursement followed shortly after the Requisition for Payment was received. This matter did not become an issue until October 5, or two months after the transfer. If one attempts to cut through rhetoric and unsubstantiated charges associated with the situation, it is impossible to find solid, factual documentation to review in assessing the situation. There is no consistent, coherent or rational guidelines developed by the Department of Housing and Urban Development regarding the enumerated authority of the Letters to Proceed. Upon requesting such documentation from Jacqueline Warr, CDA Director, I was unable to find the specific document that speaks to this point for the Fourth Action Year. The "specific HUD guidelines" referred to in your resolution of August 27, 1973, as authorization for the Letters to Proceed is extremely vague in the requirements and authority for such third party contracts. The Circular, in question, used as the basis states that it "is for information only"—the Circular also refers to the use of Letters to Proceed, and I quote, "while an initial contract or cooperative agreement is being worked out . . ." In short, what was designed for cities to use in the original planning years now is used to fill the breach, by some "behind the door agreement" or other method, because of the inability of the CDA (Model Cities) to prepare its regular contracts on time. Consequently, any determination as to the improper transfer of funds is impossible to make because of this lack of clear guidelines. In fact, a much stronger case can be made for the propriety of transfer; no

restrictions were set forth in the Council resolution for BILD's revolving fund, the CDA Director did not speak to the question in any of her communications, and there is no prior explicit directive or guideline that prohibits the issuance of the revolving fund upon the authority of a Letter to Proceed when the formal Requisition for Funds is presented. I would point out that the real fault lies with the Model Cities organization and staff because it allowed this haphazard procedure to persist for a three month period and not promptly completing the preparation of their yearly contracts.

Concerning the inquiry regarding the adequacy of documentation for expenditures, it is obvious that the questioner is unaware of normal accounting procedures. Documentation in fiscal matters is basically historical, in that records must be kept for the advance funds distributed to operating agencies by those agencies. That is not the case in this instance. The Requisition for Funds form is the closest article to fit that description in this situation and it was filed out in detail with the signature of the Project Director, Mr. Robert Ross, and the amount of funds sought. I do not know of any similar forms being used by any other City departments and I severely question whether the addition of a label such as "anticipatory" can alter the essential nature of the form. It is unnecessary to respond to any questions regarding the status and well-being of any regular City funds since the Finance Director has very forcefully brought the facts to the fore. However, I do find an inquiry of this nature particularly amusing in that it comes from a part-time Councilman who finds it extremely difficult to attend or stay through the extremely limited number of budget hearings scheduled by the City Council. Conversely, my office expends approximately four months in the submission and preparation of the yearly budget.

In view of all of the above facts, it is possible to come to only one conclusion concerning this matter. It appears to be another concerted effort by the Councilman to instill chaos within the operations of City Hall. During a previous meeting before the Lansing Firefighters Local on July 10, 1973, the Councilman publicly stated that upon his election he would ask all the members of the various City Boards to resign. He said he would send each member of each board, a "Nixon type letter—some board members will resign from anger, while the rest will just have to go."

As we judge this latest charge with the eye toward future intentions and past practices, little validity can be attached to them. There were no guidelines to direct the Finance Director, and in their absence, retribution can be sought. Too, I recommend that you cease using the so-called "Letters to Proceed" henceforth.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

RESOLUTIONS

By Committee on Public Service
and Highways—

Resolved, That the Purchasing Director be and he is hereby directed to advertise, as provided by law, for sealed proposals for the construction of a Pedestrian Overpass on Pleasant Grove Rd. at Pleasant View School, PS 64089, in accordance with the plans and specifications on file in the office of the City Engineer. Proposals to be received up to 4:00 P.M., E.S.T., Tuesday, November 6, 1973.

Each proposal to be accompanied with a certified check or bidder's bond in the sum of 5% of the proposal to be attached to the outside of the bid proposal envelope.

Right is hereby reserved to accept any proposal, to reject any or all proposals and to waive defects in proposals. No bids may be withdrawn after the above date and time for receiving bids for a period of forty-five (45) days.

Adopted by the following vote:

Unanimously.

By Committee on Public Service
and Highways—

Resolved by the City Council of the City of Lansing:

That the low bid of Hanel-Vance Construction Company for the Underground Work on the New Public Service Garage and Storage Facilities, Contract No. PS 46050, in the amount of \$79,850.00 be accepted.

An additional 15% in the amount of \$11,902.50 is hereby authorized to be encumbered by the Controller for contingencies, making the total encumbered amount under this Contract, \$91,252.50.

After the award, the successful bidder shall be required to execute the contract as specified within ten days after the prescribed forms are presented to him for signature as stipulated in Article 15 (Instructions to Bidders) of the Contract.

Be It Further Resolved, That the Mayor and City Clerk be directed to execute a contract with the said Hanel-Vance Construction Company on behalf of the City of Lansing according to the said bid presented and the specifications on file, upon approval of the contract, and of the bonds and insurance policies by the City Attorney, and upon certification of the City Controller as to the availability of funds.

By Councilman Moore—

That this resolution be tabled for one week.

Carried.

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

Whereas, the Board of Education is planning a future school site in the area of Washtenaw Street, Huron Street and Chelsea Street, and

Whereas, the Board of Education proposes to acquire properties in this area for the proposed school site, and

Whereas, the acquisition of those properties will cause displacement of occupants, and

Whereas, the Board of Education is desirous of providing relocation services to those occupants displaced by contracting this service to the City of Lansing Redevelopment Department (Relocation Office), and

Whereas, the Redevelopment Department and the Board of Education Representative have negotiated a contract for relocation services, and said contract has been approved by the City Attorney,

Now, Therefore, Be It Resolved that the Mayor and City Clerk are authorized and directed to execute a contract entitled, "Relocation Assistance Agreement by and between the City of Lansing and the Board of Education, Lansing School District."

By Councilman McKane—

Resolved by the City Council of the City of Lansing:

That due to CATA's monthly receipt of new monies from the State General Transportation Fund and due to CATA's hiring of an executive director, the City of Lansing invisions and welcomes a higher degree of independence on the part of the CATA board and staff in relation to the City than has been possible in the past. As relationships change, it is essential that each party keep the other party informed as to its conception of the best form of communication and coordination for an efficient and mutually beneficial public transit system. In this continuing spirit of cooperation, the Lansing City Council approves the following policy statements:

1. Sympathizing with CATA's financial inability to hire a large staff and realizing the City's current capabilities and responsibilities, the City of Lansing shall continue to provide whatever planning support and inter-governmental coordination (including Regional Planning Agency, State and Federal Governments) is necessary for effective mass transit within the City of Lansing.

2. The Federal Program Coordinator shall serve as the City's spokesman to CATA. He shall coordinate the activities of all City departments (including the CDA) as these activities relate to public transportation in the City of Lansing. The coordination role includes the transmittal of the

pertinent public transportation information and data received from CATA, the State, and the Federal Government, and others to all concerned City Departments. He shall keep the City Council informed of his activities by continued and close communication with the City Council's Mass Transit Coordinator.

3. The City Planning Department shall coordinate all planning activities as they relate to public transportation services within the City of Lansing. These activities include:

- a. Continue to represent the City as a member of the Tri-County Transportation Planning Technical Committee and participate in the committee's planning activities.
- b. Prepare public transit plans necessary to meet requirements for State and Federal grants.
- c. Review and analyze CATA service changes, prepare and propose public transit service changes, and prepare detailed recommendations to the City Council whenever the Council is called upon to approve service changes or is itself desirous of service changes.

4. All CATA requests for City funds to operate the transit system shall be reviewed and evaluated by the City Planning Board and the City Finance Department to assure that City funds are being used in an efficient and effective manner. The Federal Program Coordinator shall collect the analyses and recommendations from the Planning Board and the Director of Finance and the monitoring and evaluation information from the CDA Director. Using this information collected from these three sources, the Federal Program Coordinator shall present a recommendation to the City Council.

5. The City's Controller and Director of Finance shall insure the adequacy of internal financial controls at CATA by means of whatever examination and certification procedures he deems necessary. He shall work closely with the Federal Program Coordinator in establishing such procedures and shall report his findings to same.

6. The Federal Program Coordinator and Planning Department representatives shall participate in all meetings with the State concerning the State General Transportation Fund Program. It is requested that the State and/or CATA provide written and/or oral notification of all such meetings to the City. It is expected that CATA representatives will compose part of the team.

7. The City, through the Federal Program Coordinator, shall have access to and receive all pertinent CATA operating data which describe the functioning of the system. This information shall be coordinated by the Federal Program Coordinator and utilized by various City departments (including the CDA) to monitor

and evaluate the effective use of City resources which are an integral part of the total transit system.

8. During the effective term of the contracts between the City, the State Bureau of Transportation, and the Capital Area Transportation Authority, the contract provisions are to be followed as well as the provisions of this policy statement.

9. The traditionally fine cooperation between the Lansing City Council and the CATA Board of Directors, especially as it progresses according to the statements above, will continue to have a direct bearing upon the monetary and in-kind service to be provided by the City in the future, as has been true in the past.

Councilman Ferguson returned to session.

The Committee on CITY AFFAIRS, to whom was referred the request of U. S. Labor Party to hold a rally at intersection of Michigan and Washington, reports as follows:

Inasmuch as the pedestrian portion area requested for their rally actually is now part of the Washington Square Mall, the matter was referred to the Washington Square Mall Advisory Board. The Mall Advisory Board was polled and replied: "Since it is the policy of the Advisory Board that the Mall area be limited to use for cultural, educational, or entertainment activities, and since this is a political activity, the Advisory Board recommends that this request be denied." The Committee concurs in this recommendation.

Signed:

HAROLD A. MOORE,
JACK D. GUNTHER,
JOHN T. ANAS,
Committee on City Affairs.

By Councilman Moore—

That the report of the Committee be adopted.

October 16, 1973

Honorable Mayor Gerald W. Graves and

Members of the Lansing City Council

Tenth Floor, City Hall

Lansing, Michigan 48933

Dear Mayor and Council Members:

We are submitting an amendment to the 1974 Senior Citizens, Incorporated contract budget which constitutes an additional \$3,615 for their program operation. The original contract approved by City Council included \$82,900 in funds from the Commission on Aging which could be utilized effective July 1, 1973. Applying these funds against expenses incurred during July by Senior Citizens had the net effect of reducing CDA expenditures by \$3,615, although the resultant total monies available on a match basis from the Commission on Aging was reduced \$5,322 since the CDA contract for the Fourth Action Year did not become effective until August 1, 1973.

Consequently, by providing Senior Citizens with CDA funds in the amount of \$3,615 through the attached budget amendment, which represents additional carry-over monies from the Senior Citizens 1973 CDA budget, will bring about a net reduction of \$1,707 in total funds available for their 1974 Fiscal Year operation.

Sincerely yours,

(Mrs.) JACQUELINE WARR,
Director,
City Demonstration Agency.

Referred to Committee of the Whole.

Honorable Mayor Gerald W. Graves and

Members of the Lansing City Council

Tenth Floor, City Hall

Lansing, Michigan 48933

Dear Mayor and Council Members:

We are submitting an amendment to the 1974 Indian Center contract budget in the amount of \$1,500 to cover the cost of moving that agency from its present location and to provide funds for rent and utilities during the period from November 1, 1973 to June 30, 1974.

The Indian Center has been occupying some of the space at 720 W. Ottawa Street, sharing the building with two other CDA-funded agencies—MEDCOL and an Area Offices' Outreach Office. These two latter agencies shared the rent and utilities for the building since the Indian Center never had budget monies for such costs.

MEDCOL and Area Offices have not been funded for Fiscal Year 1974, and their office furniture and equipment has been removed from the premises. In the interim, the building has been rented to New Way In with the understanding the Indian Center might remain on a temporary basis, but only until other suitable office space was found.

Such facilities have been located and the Policy Board at its October 11, 1973 meeting approved the request for a contract budget amendment in the amount of \$1,500 to pay for the moving, rent and utilities.

Sincerely yours,

(Mrs.) JACQUELINE WARR,
Director,
City Demonstration Agency.

Referred to Committee of the Whole.

October 17, 1973

Honorable Mayor Gerald W. Graves and

Members of the Lansing City Council

Tenth Floor, City Hall

Lansing, Michigan

Dear Mayor and Council Members:

As C.D.A. Director, I hereby notify the Lansing City Council of formal action of the Board of Directors of El Renacimiento of their intent to continue operating after the expiration of their current contract with the City of Lansing which will terminate on October 31, 1973. A letter to that effect has been received from the Board of Directors of El Renacimiento.

Under paragraph (d) of Section 2-95 of the City Ordinance covering the Reversion

of Non-expendable Property, when a terminating operating agency (contractor) desires to continue using the non-expendable property acquired pursuant to said terminating contract, the C.D.A. Director shall forward to the City Council written notification of the terminating agency's desire to continue using said non-expendable property.

Further, under sub-paragraph 4 of paragraph (d) of Section 2-95 of the City Ordinance, the City Council may decide that the terminating operating agency may continue using said non-expendable property and that a contract may be entered into between the City of Lansing and the terminating operating agency may continue using said non-expendable property and that a contract may be entered into between the City of Lansing and the terminating contracting agency which contract shall provide interalia:

- (i) That the City of Lansing shall permit said operating agency (contractor) to continue using said non-expendable property;
- (ii) that the operating agency (contractor) shall continue performing the services and activities that are set forth in the Scope of Services section of the terminating contract; and (iii) that if, at any time, the operating agency (contractor) ceases to perform said services and activities, said non-expendable property shall revert to the City of Lansing.

Within the intent of the Model Cities Program, an agency willing and able to continue to provide services within the context of their previously contracted type of services should be given the opportunity to do so.

A contract to allow this continuation by retaining the use of equipment provided to the agency is being drafted by the C.D.A. administration and C.D.A. attorney. This contract will require Council approval.

Sincerely yours,

(Mrs.) JACQUELINE WARR,
Director,
City Demonstration Agency.

Referred to Committee of the Whole.

Honorable Mayor and Members of Council

c/o City Clerk's Office

City Hall

Lansing, Michigan 48933

Gentlemen:

It's been rumored that the City of Lansing is in the process of clearing and readying to build a service garage and storage plant for salt and other city supplies along the river front.

The ordinance under which the Waterfront Development Board was created pro-

vides that we are to pass on construction within 50 feet of the river front and we would assume that this applies to the city as well as private individuals.

In the past, we've required private developers to stay back 50 feet from the river front. We would expect the City should do likewise.

When these plans are officially referred to our board, be assured, we will give it prompt consideration.

May we expect an early referral of this matter?

Sincerely,

RAMONA J. BRETZ,
Chairman,
Waterfront Development
Board.

Referred to Committee on Public Service and Highways and Committee on Planning.

Honorable Mayor and Members

of City Council

Gentlemen:

The Planning Board, at their meeting on October 16, 1973, resolved to hold the November 20 meeting at the Miller Road Community Hall for the purpose of holding public hearings regarding a Master Plan amendment for the Miller-Marscott area, and regarding the alignment of Edgewood Boulevard.

Thank you.

ALAN E. TUBBS,
Planning Board Secretary.

Referred to Committee on Planning.

Z-61-73

October 17, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their October 16, 1973, meeting, recommended to City Council that the petition by the Oldsmobile Division of General Motors to rezone the recently vacated portions of Chestnut Street, and Butler Boulevard, from unzoned to "I" Heavy Industrial District be approved.

The Oldsmobile Complex surrounds the two sites in question. The portion of the two streets was vacated by City Council. The proposed zoning change is in conformance with the comprehensive plan, and is the only logical zone for the sites.

There was no one present at the October 16, 1973, public hearing in opposition to the request.

This recommendation was by unanimous decision, with one abstention.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Referred to Committee on Planning.

October 18, 1973

Z-42-73

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their October 16, 1973 meeting recommended to City Council that the petition initiated by City Council to rezone a six-block area bounded by Kalamazoo Street, Pine Street, St. Joseph Street and Butler Boulevard to "CUP" Community Unit Plan be approved subject to the following conditions:

1. That the area be platted in conformance with Lansing's Subdivision Regulations and the Michigan State Plat Act.
2. That a landscaping and lighting plan be submitted to and approved by the Planning Board, and implemented prior to issuance of building permits.
3. That the recommendations of the Fire Department, Public Service Department, Board of Water & Light, Michigan Bell Telephone Company, County Health Department, and Consumers Power Company be complied with.
4. That the parcels located on the northwest corner of Hillsdale and Pine Streets; and the northwest corner of St. Joseph and Pine Streets be exempt from the Community Unit Plan rezoning to account for the continuation of the existing uses and zoning classification.

The Planning Board Analysis is attached to this communication and provides supportive information relative to the Capitol Commons Development.

In reviewing this application, it was found that:

1. The property adjacent to the area included in the plan will not be adversely affected.
2. The plan is consistent with the intent and purpose of this chapter to promote public health, safety, morals and general welfare.

3. The buildings are used for residential occupancy and the usual accessory uses and buildings, and buildings.

4. A potential market for the B.I.L.D. Project could be created with the expansion of the State Governmental Complex, Oldsmobile, and the Downtown Business Community.

Also, the City Council is advised that a policy statement is being formulated by the Planning Board and will be recommended to City Council. Although it is not a condition for rezoning, it is necessary for the City to formulate a policy statement prior to the implementation of the Capitol Commons residential development proposal which addresses the following considerations:

1. The scheduling of sufficient capital improvements resources for public utilities and facilities.
2. The execution of the proper land use development within the context of the Capitol Complex Control Zone and local codes and ordinances.
3. The adoption of a set of transportation policies ensuring the Capitol Commons development will not be dependent on the automobile.
4. The City of Lansing's pledge for committing faith and financial support through the allocation of resources which will be available from Model Cities, general revenue sharing, special revenue sharing, Federal or State categorical funding, or other local sources.

There were several people present at the September 4, 1973 Public Hearing although very few were opposed to the proposal.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

October 18, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

It is the understanding of the Planning Board that before the City Council is a request to approve a Contract to enable the construction of footings for a new Public Service Garage Complex. The Planning Board respectfully requests that no action be taken on this Contract until the Planning Board has completed its review under Public Act 285 of 1931 as amended.

This Act requires the Planning Board to review the placement of all public buildings in the City prior to initiating construction. The Community College, Ingham Medical Hospital and the School District are among the local units of government which adhere to the requirements of the law. Lansing should set an example if we expect other local governmental units to comply.

The Planning Department received the site plans on October 4, 1973. Despite efforts on our part to complete the review process in such a short time we were unable to complete the process in time for action at our October 16, 1973 meeting. It should be pointed out that the Board has been interested in the development of this site for some time. The Planning Director, at the direction of the Board, has requested several times that the plans be submitted early so that the Board could expedite the review process. The last communication to this effect was dated August 29, 1973.

The placement of this facility also falls under the Zoning Ordinance provisions which require a Sepucial Use Permit prior to the issuance of a Building Permit. Construction prior to the issuance of such permit will be contrary to the Zoning Code.

The Planning Board has directed the Planning Staff to give priority for the review of the Public Service Garage site so that the matter will be on the Planning Board Agenda for consideration at the regular meeting of November 13, 1973.

The Planning Board appreciates your cooperation in this matter.

Respectfully submitted,

EDWARD R. REMICK,
Chairman,
Lansing Planning Board.

Referred to Committee on Public Service and Highways.

October 17, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

Approximately six weeks ago you confirmed my recommended appointment of Roxanne O'Connor as Director of the Senior Citizens Coordinating and Information Department. Since that time, the Senior Citizens Coordinating and Information Department has been opened on the first floor of City Hall. It is now my pleasure to submit to you the following for your consideration for confirmation to serve as the Advisory Committee:

TERM ENDING JUNE 30, 1977

Ms. Catherine Dettling—Ms. Dettling, 63 years of age, received her Bachelor of Arts Degree from Eastern Michigan University, and her Masters Degree in English from Michigan State University. She has been a teacher for 41 years and a teacher administrator at Walter French Junior High School. Ms. Dettling is a member of the National Retired Teachers Association, Business and Professional Women's Association, Sub-Committee of Employment with the Project on Aging, past State President of the Alpha Delta Kappa Sorority, and presently Vice-President of the Lansing Area Retired Teachers Association. She attends the Grace United Methodist Church and resides at 1601 Pattengill.

Merle D. Barnhart — Mr. Barnhart, 63 years of age, graduated from Central High School in Lansing and studied electronics for three years at Michigan State University. He was employed in the electrical department at Oldsmobile for almost 35 years. Mr. Barnhart is a member of U.A.W. Local 652 Retirees Chapter, Tuesday Night Twirlers Square Dancing Club, and the Grace Methodist Church. He has been active in community volunteer work and resides with his wife, Freda, at 1312 W. Rundle Street.

TERM ENDING JUNE 30, 1976

Mrs. Anna Hulbert — Mrs. Hulbert, 62 years of age, came to Lansing from Manistee 43 years ago. She was employed at Fisher Body for 16 years and has been active in volunteer work in the community. She is Vice-President of the U.A.W. Local 602 (Fisher Body) Retirees Chapter and the Financial Secretary of the KEEN-AGERS of the Penway Church of God. She is a member of that Church and resides at 431 S. Francis Street.

Mrs. Cleo Crisman — Mrs. Crisman, 65 years of age, graduated from Central State Teachers College in Stevens Point, Wisconsin, and taught elementary school for 12 years. She has been a resident of Lansing for the past 40 years and she and her husband, Jack, owned and operated a business here for 30 years. Mrs. Crisman is a past Matron and past Grand Representative in the Eastern Star Chapter and presently is Chairman of the Grand Sunshine Committee of the State of Michigan for the Eastern Star. She is past President of the Y.W.C.A. Social Study Club and is a member of Central United Methodist Church and active in the Women's Society of Christian Service. Mrs. Crisman resides with her husband at 820 N. Foster Avenue.

TERM ENDING JUNE 30, 1975

Ms. Edna Masseau — Ms. Masseau attended St. Mary's High School and graduated from St. Joseph Academy at Adrian. She taught elementary school for one year before studying practical nursing at what is presently known as Ingham Medical Hospital. She was a practical nurse at St. Lawrence Hospital for 23 years, and a ward clerk at St. Lawrence for 12 of those years. She is a member of the Holy Cross Charter Club, attends Holy Cross Church and resides in Oliver Towers.

Simon Nama — Mr. Nama, 65 years of age, has been a resident of Lansing for the past 37 years and was employed by Oldsmobile for 33 of those years. He was shop committeeman and district committeeman and the recording Secretary at the U.A.W. Local 652 (Oldsmobile) for the past 10 years. He attended Lansing Community College and is an excellent stenographer. He is a past member of the Traffic Board for the City of Lansing and presently is the recording secretary for the U.A.W. Local 652 Retirees Chapter. Mr. Nama attends St. Paul's Episcopal Church and resides with his wife, Minerva, at 627 E. Greenlawn Avenue.

TERM ENDING JUNE 30, 1974

Norman Philleo — Mr. Philleo, 76 years of age, graduated from Mason High School, attended the University of Michigan and Bliss Electrical School in Maryland. He served in the U.S. Navy in WW I. Mr. Philleo was the assistant Clerk of the House of Representatives for 14 years and was appointed Clerk of the House of Representatives and served in that capacity for 21 years. His responsibilities were to serve as Parliamentarian, and direct the day-to-day operations of the House of Representatives, including the record keeping of legislation. He is a member of the Michigan State Employees Retirement Association and American Association of Retired Persons, Chapter 973. He resides with his wife, Lucile, at 1221 Parkdale Avenue.

Bishop S. C. Coles — Bishop Coles, 70 years of age, received his pastoral degree from the William Institute of Cleveland and has been a pastor for 52 years. For the past 15 years he has been Pastor of the Lansing Church of God and Christ and in 1968, was elected the first chairman of the General Assembly of the National Church of God and Christ. He held that position for three years. Presently, he serves the Church in a part-time capacity. He is a charter member of the Urban League, member of the Lansing Ministerial Alliance and Trustee of Saints Junior College in Lexington, Mississippi. Bishop Coles resides with his wife, Willie, at 601 Heather Lane.

I have been advised that there are to date only three cities in the nation with official departments related to Senior Citizen affairs. I express my warm thanks to you for abiding by my budget recommendations to provide for such a department, and to Councilman Lucile Belen, and her Committee on Ordinance and Contracts, for presenting the necessary legislation to bring the matter into reality.

Trusting the above-named will meet with your approval, I remain

Respectfully,

GERALD W. GRAVES
Mayor.

Referred to Committee of the Whole.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached is a copy of another communication, pertaining to CATV, from State Representative Gerrit C. Hasper, House Committee on Public Utilities. Representative Hasper once again suggests that the Capitol Complex be included in the matters pertaining to the issuance of a cable television franchise. As in the past, he suggests that a discussion be held with Dr. Charles Ruffing of the State Education Department.

Representative Hasper has indicated that the Capitol Complex brings about a facet not before discussed to my knowledge by the CATV Committee. I recommend that the CATV Committee at least reply to Representative Hasper. The courtesy of such a reply may result in strengthening the overall CATV proposal.

Trusting that the CATV Committee will contact Representative Hasper very shortly, I remain

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to City Attorney and Committee of the Whole.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached please find a recent letter received by this office from Wilber E. Hare for Jerome C. Premo, Acting Associate Administrator of Capital Assistance for the Urban Mass Transportation Administration, regarding the current status of our electric battery-powered buses. Mr. Hare refers in his letter to the previous quarterly reports sent by the City to his department which have shown continuing mechanical and electrical difficulties with the buses, as well as, low ridership levels. In an effort to get the facts of this situation, Mr. Hare has suggested a joint meeting between representatives of the City and the Authority, the manufacturer and UMPTA in the near fu-

ture at a mutually agreeable location. In addition, he has requested that the City make available a detailed explanation of the circumstances that caused the cessation of mail service and any other documentation regarding the maintenance problems that these buses have experienced. Since this matter has been under the control of the City Council's Mass Transit Coordinator and the Program Coordinator, I am referring this letter to you for your disposition.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee on Public Safety.

RESOLUTIONS

By Committee on Buildings and
Properties—

Resolved by the City Council of the City
of Lansing:

Whereas the property at 230 Bingham Street described as: "East 7½ Rods of Lot 11, Block 9, Green Oak Addition, City of Lansing, Ingham County, Michigan" has been determined to be surplus property, and

Whereas the city assessor has estimated the assessed value to be less than \$5,000

Be it therefore resolved that the Purchasing Director be authorized to advertise for sealed bids for the sale of the property subject to the following provisions:

1. The acceptable minimum bid be \$4000.
2. The purchaser either bring the property up to the building code or raze same.
3. The property remain in its current C-2 family zoning.
4. The Consumers Power gas allotment assigned to this property be reassigned to the City of Lansing.

Adopted by the following vote:

Unanimously.

By Committee on Public Service and
Highways—

Resolved by the City Council of the City
of Lansing:

That the City reject all bids received for the underground work required for the new Public Service Garage and Storage Facilities,

And Further That the Bid deposits be returned to the bidders.

Adopted by the following vote:

ZONINGS

By Councilman Ferguson—

Whereas, it is deemed desirable to amend the Classification provided for in the Zoning Code of the City of Lansing, passed on the 13th day of November, 1958, in the following particulars, viz:

That property described as:

Z-59-73 — 3800 block Stabler Street,

be re-zoned from "A" One Family Residence District to "C" Two Family Residence District and the "Map" be changed to indicate such transfer;

Therefore, be it resolved, that the City Clerk shall give at least fifteen days notice of a Public Hearing when all persons interested may attend and make any objections they may have to such proposed changes in said Zoning Code.

Resolved further, that such hearing shall be held at the Council Chamber in the City Hall on the 13th day of November, 1973, at 7:30 o'clock p.m., and that notice of such hearing be published in the official publication of said city, as required by law.

Adopted by the following vote:

By Councilman Ferguson—

Whereas, by petition duly filed on the 16th day of July, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "F" Commercial District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 22nd day of October, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-41-73 — South Cedar at I-96,

more particularly described as:

"All that part of a parcel of land in the southeast $\frac{1}{4}$ of Section 10, T3N, R2W, City of Lansing, Ingham County, Michigan, described as beginning at a point in the center of Cedar Street (US-127) which is 521 $\frac{1}{2}$ feet southeasterly of the intersection of the center of said Cedar Street with the east-west $\frac{1}{4}$ line of said Section 10, thence southwesterly at right angles to said Cedar Street to a point 806.2 feet south and 658 feet east of the west $\frac{1}{4}$ corner of said Section 10, thence south 162.3 feet, thence northeasterly at right

angles to said Cedar Street 816 feet to the center of said Cedar Street, thence northwesterly 143 $\frac{1}{2}$ feet to the point of beginning, which lies northwesterly at a line 197 feet northwesterly of (measured at right angles) and parallel to a line described as: Beginning at a point on the west line of said Section 10 which is south 00°32'22" east a distance of 1210.90 feet from the west $\frac{1}{4}$ corner of said Section 10, thence north 68°38'48" east, a distance of 1800 feet to a point of ending excepting therefrom the northeasterly 45 feet, but subject to all restrictive covenants construed as covenants running with the land, City of Lansing, Ingham County, Michigan,

from "A-1" Family Residential District to "F" Commercial District (South Cedar St. at Interstate I-96).

From "A-1" Family Residential District to "F" Commercial District.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board recommended to City Council to deny the request, and

Whereas, the Planning Committee of City Council, to whom the report of the Planning Board was referred, did not concur therein,

Now, Therefore, Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "A-1" Family Residential District to "F" Commercial District be approved.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Whereas, by petition duly filed on the 7th day of May, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "F" Commercial District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 15th day of October, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-26-73 — 801-811 West Jolly,

more particularly described as:

Lots 1 and 2 Supervisors Plat, number 13 of Delhi Township, now City of Lansing, Ingham County, Michigan, except the south 25 feet thereof.

from "A-1" Family Residential District to "F" Commercial District.

Whereas, pursuant to Act 207, Public Act 1921, the Planning Board advised the City Council to deny the petition, and

Whereas, the Planning Committee of City Council, to whom was referred the report that the Planning Board did not concur therewith and recommended that the above described property be rezoned from "A-1" Family Residential District to "D-1" Professional Office District; subject to landscape, screening, and fencing plan being approved by the Planning Department.

Now Therefore Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "A-1" Family Residential District to "F" Commercial District be denied, and,

Be It Further Resolved that the above described property be rezoned from "A-1" Family Residential District to "D-1" Professional Office District subject to a landscape, screening and fencing plan being approved by the Planning Board, with implementation of this plan prior to occupancy permits being issued for any change in land use.

By Councilman Ferguson—

Whereas, by petition duly filed on the 9th day of October, 1962, this council was petitioned to change the following described property from "B" One Family Residence District to "C" Two Family Residence District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 16th day of July, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-63-72 — 417 West Carrier Street, more particularly described as:

"Lots 12 and 13, Ideal Homesites Subdivision, City of Lansing, Ingham County, Michigan,"

from "B-1" Family Residential District to "C-2" Family Residential District.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to deny the petition, and

Whereas, the Planning Committee of City Council, to whom the report of the Planning Board was referred, did not concur therein,

Now, Therefore, Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "B-1" Family Residential District to "C-2" Family Residential District be approved.

This approval is based on the opinion that the Council believes that one duplex dwelling, as proposed on these two narrow lots will provide an improved living environment over a Single Family dwelling on each lot.

Adopted by the following vote:

Unanimously.

By Councilman Anas—

Resolved by the City Council of the City of Lansing:

That the attached vouchers as presented by the City Controller be allowed and the City Clerk be and she is hereby authorized to draw orders on the City Treasurer for the amount allowed each claimant in the amount of \$751,100.88.

REPORTS OF CITY OFFICERS AND BOARDS

October 23, 1973

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Re: Claim of Major J. R. Rasavage of the U. S. Marine Corps for damage done to Government vehicles parked in S. Capitol Ave. ramp

Gentlemen:

Your City Attorney, to whom was referred the above claim, has made an investigation thereof, and is of the opinion that the city is not liable from a legal point of

view. There is no evidence to substantiate the amount of the claim, nor that the city was negligent.

Respectfully submitted,
PETER HOUK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney.

Carried.

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Re: Claim of Edmund A. Wolford, Special Agent in Charge of Defense Investigative Service for damage done to automobile parked in S. Capitol Ave. ramp

Gentlemen:

Your City Attorney, to whom was referred the above claim, has made an investigation thereof, and is of the opinion that the city is not liable from a legal point of view. There is no evidence to substantiate the amount of the claim, nor that the city was negligent.

Respectfully submitted,
PETER HOUK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney.

Carried.

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Re: Topps-Toeller, Inc. v. City of Lansing

Gentlemen:

I am pleased to inform you that the Supreme Court of the State of Michigan has denied leave to appeal the above entitled matter. The effect of this is to afford the City of Lansing its day in court to prove the claims it has asserted in this matter.

Respectfully submitted,
PETER HOUK,
City Attorney.

Received and placed on file.

October 24, 1973

Honorable Mayor and Members

of the Lansing City Council

Lansing, Michigan

Gentlemen:

Model Coverall Service has offered to purchase all of the equipment, machinery and inventory of the Community Industrial Laundry. In addition to the sum offered, Model Coverall would incur approximately \$4,000.00 in moving costs.

The Finance Director, Director of CDA and myself have carefully reviewed this offer of \$25,550.00, and believe that it should be accepted and that the equipment should not be placed out to bid. This conclusion is reached for the following reasons:

- (1) The lease on the premises has been terminated and the city must vacate the property by November 15, 1973.
- (2) Removal of this equipment would have to be performed by professional industrial movers, and would represent a large expenditure.
- (3) We have made diligent inquiries of governmental agencies and private individuals and are reasonably confident that the highest price for this equipment will be obtained if it is sold as an entire unit.
- (4) The offer of \$25,550.00 appears to be fair in view of the fact that the equipment is two years old, must be moved, and had an original inventory value of less than \$60,000.00.

Your immediate attention to this matter will be required if we are to vacate the premises by November 15th.

Respectfully submitted,

PETER HOUK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney if he feels that this is a legal action.

Carried.

October 23, 1973

To The Honorable Mayor and City Council

of the City of Lansing, Michigan

Gentlemen:

I present herewith the 1973 Annual Financial Report setting forth the financial condition of the City of Lansing at the close of the fiscal year ended June 30, 1973, together with pertinent statistical data relating to current and prior fiscal periods.

All debt service requirements were met promptly during the year ended June 30, 1973. Serial bonds totaling \$1,745,000 were retired during the year.

General Fund fund balance increased \$2,356,367 as a result of operations during the year ended June 30, 1973. Net revenues exceeded net expenditures by \$1,654,787 a direct result of moratoriums placed on the hiring of personnel and the purchasing of equipment and the accompanying program cost-benefit reductions as well as an excellent increase in the City Income Tax. The reserve for encumbrances decreased \$678,154 and net prior year adjustments amounted to an increase of \$23,426 resulting in the net increase of \$2,356,367.

The general financial condition of the City is good. A sound fiscal plan has allowed the City to maintain the level of services and actually effect a decrease in the property tax rate. The concept of revenue sharing has been developed on both a State and Federal level affording cities a new resource for financial planning. The improved state of the economy has benefited the City through the City Income Tax.

Lansing has the financial capability to finance those programs necessary for the welfare and well-being of all its citizens and should continue to emphasize responsible fiscal management in aligning available revenues with economical city government.

Respectfully submitted,

JAMES W. DOWSETT,
Director of Finance.

Received and placed on file.

October 23, 1973

Honorable Mayor and
City Council
Lansing, Michigan

The one (1) story, one (1) family residence located at 1811 Willard Street, Lansing, Michigan, and described as: 3301-27-426-031-6, owned by Mr. Lianne McGinty of Ann Arbor, Michigan, has been declared as "Unfit for Human Habitation" by the Building Department.

A written request and authorization from Mr. Lianne McGinty, legal owner, has been received in this office for demolishing this structure and all cost to be applied on the property tax roll.

Therefore, I am submitting this request for the City Council to authorize the Building Commissioner to demolish this structure as soon as possible and also to authorize the purchasing agent to accept quotes for same.

Very truly yours,

STEVE J. ZELSKI,
Acting Building Commissioner,
City of Lansing.

Gentlemen:

Five bids for the purchase of one (1) four wheel drive front end loader were opened at 3:00 P.M., E.D.T. on Tuesday, September 18, 1973.

All bids exceeded the budgeted figure by several thousand dollars. We recommend rejection of all bids due to insufficient funds in the Park Equipment Account. We also recommend that new bids be requested on demonstrator units, asking dealers to give an allowance on the 1960 Michigan front end loader.

Respectfully submitted,

VAUGHAN L. McKINCH,
Purchasing Agent,

THEODORE J. HASKELL,
Director of Parks and
Recreation.

Referred to Committee on Parks and Recreation.

REPORT OF COMMITTEE

The Committee on PARKS AND RECREATION, to whom was referred the recommendation of the Purchasing Agent and the Director of Parks and Recreation that all bids received for the purchase of one four wheel drive front end loader be rejected because they all exceeded budgeted figure by several thousand dollars and funds are insufficient in the Park Equipment Account, reports as follows:

The Committee concurs in the recommendation of the Purchasing Agent and the Director of Parks and Recreation, and concurs further that new bids be requested on demonstrator units, asking dealers to give an allowance on the 1960 Michigan front end loader.

October 23, 1973

Honorable Mayor and

Members of the Lansing City Council

City Hall

Lansing, Michigan

Dear Honorable Mayor and

Council Members:

As you may, or may not be aware, the Senior Citizens Department has been involved in developing a coordinated effort in the area of special and volunteer transportation services. Transportation is a major concern for older people and there are many groups which provide service, but this is done in a way which is not efficiently coordinated.

We have convened a series of meetings involving all agencies now providing special transportation (see attached list of

agencies). Our plans at present are to set up an office located in the Salvation Army building and staffed by volunteers through the Retired Senior Volunteer Program and older workers in the Operation Mainstream program.

One telephone number will be established which will be used for all calls for special transportation service for senior citizens, handicapped, and for others. Calls will then be screened and appropriate service assigned.

Information obtained through this project will be of help in documenting the need for special transportation for the whole area. We have been working with the Planning Department's Transportation Planner, and also with the Human Resources Division of the Planning Department.

We have requested and received a \$1,000 donation from Ransom Fidelity Company. This money will be used for telephone lines, the expense of outgoing calls at the newly established rate of 4½ cents per call, and supplies for record keeping. This money will also be used as matching money for federal funds related to transportation planning.

Our department is requesting approval to accept this money and to supervise its expenditure. We believe that this coordinative effort will benefit senior citizens as well as others in need of special transportation.

Sincerely,

MS. ROXANNA O'CONNOR,
Director,
Senior Citizens Coordinating
and Information Department.

Referred to Committee of the Whole.

The Honorable Mayor,

Members of City Council

and Redevelopment Board

Ladies and Gentlemen:

It is with mixed emotions that I submit my resignation as Redevelopment Director, effective January 1, 1974, to accept a new position as Vice President of Long Development, Incorporated. My decision to accept this position is not a result of any dissatisfaction with City Government . . . it is my desire to continue my chosen career in the Land Development and Land Investment Business.

I am, personally, indebted to the Mayor, City Council, the Redevelopment Board and Redevelopment Staff who, individually and collectively, contributed substantially to the success of the Redevelopment Program. I am confident that my successor will receive the same support.

Twenty-five Million Dollars of public and private investment has brought about a significant change in the makeup of downtown Lansing, the Lansing Community College, the Washington Square Mall and the imminent development of the Seventeen Million Dollar Hotel-Office-Retail Complex. More important than the bricks and mortar is the pride of the citizenry and the renewed vitality of Lansing's economy.

It is my desire that the knowledge and experience, which I have gained over the past eight and one-half years in City Government, can still be of service to my community, and I respectfully request that the Mayor and City Council give consideration to me when making future citizen Board Appointments.

Respectfully submitted,

RICHARD L. ZIMMERMAN,
Redevelopment Director.

October 25, 1973

Honorable Mayor and

Members of City Council

Subject: CERC-Application from the Lansing Police Department C-CERC-12-73—Investigations Coordination Unit.

Gentlemen:

The Grant Application Review Committee met with a representative of the Lansing Police Department on Wednesday, October 24, 1973 to review the Federal Application for Investigations Coordination Unit. The program has previously been described to you by the Police Department as a continuation existing program which was funded from federal funds during the fiscal 1973-74 year. The major thrust of the program is to reduce Part I Crimes (i.e. criminal assaults, rape, larceny, auto theft, burglary, robbery and major assaults) by 5 per cent from the 1972-73 level.

The Grant Application Review Committee unanimously recommended approval of the application. A thorough discussion of the equipment to be purchased and the manpower allocations required in the application reviewed presented no difficulties in our judgment. The Committee did express a concern that there would be no increase in the basic gas allotment for the Police Department. Therefore the additional vehicles that would be acquired under this grant would have to be operated within the same amount of gasoline quota as used last year.

When this matter completes the CERC Review Process, it will be forwarded to you for your final consideration.

Should you have any questions regarding this review, please contact the Program Coordinator.

Re: New Police Department Facility

Councilman Roge May
Chairman

Buildings and Properties Committee

Lansing City Council

Dear Councilman May:

I have previously written to you advising of my relationship with Les Foote, Inc.

It is my desire to avoid any situation which might cast suspicion upon the actions of the City Council, the Police Department, Les Foote or myself. It is for this reason that I wish to withdraw from any decision-making role while the Les Foote proposal is being considered. Accordingly, I will not attend the oral presentation by the developers before the Council, nor will I participate in the evaluation of the lease-purchase proposals.

Respectfully yours,

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

In March of 1971, I made a Public Disclosure of Finances and Status for the year 1970. At that time, I requested all elected officials of the Greater Lansing Area to do likewise. As far as I can determine, none chose to do so.

Though Public Disclosure of Finances and Status of elected officials at all levels is not presently required by State law, I am of a strong opinion it should be—I personally feel that this would add a great deal to assuring the taxpayer that his government officials have nothing to hide.

In the absence of such a law and requirement, but with a deep belief that the public has a Right to Know, I am attaching herewith a Financial Disclosure, including copies of my U.S. Individual Income Tax Returns for the years 1971 and 1972. I request that all elected officials at all levels in the Greater Lansing Area, and any candidate for public office, do likewise—Too, I request your approval of a formal Resolution memorializing the Michigan Legislature to make Financial Disclosures a requirement by State law.

Trusting my requests will meet your approval, I remain

Respectfully,

GERALD W. GRAVES,

Referred to Committee of the Whole.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the United States of America have entered into an Agreement providing the City of Lansing with a grant to plan and develop a Comprehensive City Demonstration Program; and

Whereas, the Lansing Model Cities Fourth Year Action Plan provides for a jail rehabilitation project and a comprehensive drug treatment project; and

Whereas, the Model Cities Fourth Year Contracts designed to provide said projects were not ready for submission to the City Council of the City of Lansing prior to August 1, 1973; and

Whereas, on July 30, 1973, the City Council of the City of Lansing, pursuant to a specific HUD guideline, issued a "Letter to Proceed" with, among others, said jail rehabilitation project and said comprehensive drug treatment project for a period of thirty (30) days (August 1, 1973 through August 31, 1973) while said Model Cities Fourth Year Contracts are finalized and submitted to the City Council of the City of Lansing; and

Whereas, the City of Lansing, through the Lansing City Demonstration Agency, and the County of Ingham and the Ingham County Sheriff developed a proposed Contract to provide for a jail rehabilitation program; and

Whereas, the City of Lansing, through the Lansing City Demonstration Agency, and the Community Mental Health Board developed a proposed Contract to provide for a comprehensive drug treatment program; and

Whereas, the City Council of the City of Lansing subsequently approved said Contracts; and

Whereas, said Contracts were duly signed by the Mayor and the City Clerk of the City of Lansing; and

Whereas, the proposed Jail Rehabilitation Contract was properly delivered to the County of Ingham for execution; and

Whereas, the proposed Comprehensive Drug Treatment Contract was properly delivered to the Community Mental Health Board for execution; and

Whereas, the Ingham County Board of Commissioners did not meet until the latter part of October, 1973; and

Whereas, the Community Mental Health Board will not meet until November 8, 1973; and

Whereas, certain words and phrases contained in said Contracts required some clarification; and

Whereas, on October 8, 1973, the City Council of the City of Lansing, pursuant to a specific HUD guideline, issued a "Letter to Proceed" with both the Jail Rehabilitation Contract and the Comprehensive Drug Treatment Contract for a period of two months (September 1, 1973 through October 31, 1973) until said Contracts are properly executed by the Ingham County Board of Commissioners and the Community Mental Health Board, respectively; and

Whereas, certain words and phrases contained in said Contracts require further clarification and modification; and

Whereas, the City Council of the City of Lansing, pursuant to a specific HUD guideline, may issue a "Letter to Proceed" with the Jail Rehabilitation Contract and the Comprehensive Drug Treatment Contract until the language of said Contracts can be clarified and modified; and

Whereas, a "Letter to Proceed" with said Contracts for a period of two weeks (November 1, 1973 through November 14, 1973) is hereby provided; and

Whereas, this "Letter to Proceed" is hereby approved and issued by the City Council of the City of Lansing; now, therefore, be it

Resolved, that the Mayor and the City Clerk are hereby directed to sign said "Letter to Proceed" on behalf of the City of Lansing.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the United States of America have entered into an Agreement providing the City of Lansing with a grant to plan and develop a

Comprehensive City Demonstration Program; and

Whereas, the Lansing Model Cities Fourth Year Action Plan provided for various services, activities, and projects; and

Whereas, the City of Lansing, through the Lansing City Demonstration Agency, and the various Contractors entered into a large number of contracts designed to provide such services, activities, and projects; and

Whereas, all such Model Cities Third Year Contracts terminated on July 31, 1973; and

Whereas, many Model Cities Fourth Year Contracts designed to continue providing the services, activities, and projects which were being provided by said Model Cities Third Year Contracts were not ready for submission to the City Council of the City of Lansing prior to July 31, 1973; and

Whereas, on July 30, 1973, the City Council of the City of Lansing, pursuant to a specific HUD guideline, issued a "Letter to Proceed" with twenty (20) Model Cities Fourth Year Projects for a period of thirty (30) days (from August 1, 1973 through August 31, 1973) while said twenty (20) "Model Cities Fourth Year Contracts are finalized and submitted to the City Council of the City of Lansing"; and

Whereas, a number of Model Cities Fourth Year Contracts were not ready for submission to the City Council of the City of Lansing prior to August 31, 1973; and

Whereas, on August 27, 1973, the City Council of the City of Lansing, pursuant to a specific HUD guideline, issued a "Letter to Proceed" with twelve (12) Model Cities Fourth Year Projects for a period of thirty (30) days (from September 1, 1973 through September 30, 1973) while said twelve (12) "Model Cities Fourth Year Contracts are finalized and submitted to the City Council of the City of Lansing"; and

Whereas, a number of Model Cities Fourth Year Contracts were not ready for submission to the City Council of the City of Lansing prior to September 30, 1973; and

Whereas, on October 1, 1973, the City Council of the City of Lansing, pursuant to a specific HUD guideline, issued a "Letter to Proceed" with six (6) Model Cities Projects for a period of thirty (30) days (from October 1, 1973 through October 31, 1973) while said six (6) Model Cities Fourth Year Contracts are finalized and submitted to the City Council of the City of Lansing"; and

Whereas, three (3) Model Cities Fourth Year Contracts will not be ready for submission to the City Council of the City of Lansing prior to October 31, 1973; and

Whereas, a specific HUD guideline permits the City of Lansing to issue another "Letter to Proceed" with Model Cities Fourth Year Projects for another period of thirty (30) days (from November 1, 1973

through November 30, 1973) while said Model Cities Fourth Year Contracts are finalized and submitted to the City Council of the City of Lansing; and

Whereas, a "Letter to Proceed" is hereby provided for the following Model Cities Fourth Year Projects: (1) Health and Dental Services; (2) Finance Department; and (3) Assistant City Attorney Services; and

Whereas, this "Letter to Proceed" is hereby approved and issued by the City Council of the City of Lansing; now, therefore, be it

Resolved, that the Mayor and the City Clerk are hereby directed to sign said "Letter to Proceed" on behalf of the City of Lansing.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing Model Cities Fourth Year Action Plan provides for a Spanish newspaper project; and

Whereas, the City of Lansing, through the Lansing City Demonstration Agency, and El Renacimiento developed a proposed Contract to provide for a Spanish newspaper program; and

Whereas, said proposed Contract was approved by the City Council of the City of Lansing; and

Whereas, said proposed Contract was signed by the Mayor and the City Clerk and El Renacimiento; and

Whereas, said Contract will terminate on October 31, 1973; and

Whereas, the Model Cities Policy Board does not intend to approve a succeeding contract with El Renacimiento; and

Whereas, El Renacimiento desires to continue using the non-expendable property which it acquired pursuant to said terminating Contract and prior Model Cities contracts with the City of Lansing; and

Whereas, El Renacimiento has sent written notification of such desire to the Lansing City Demonstration Agency; and

Whereas, the CDA Director has sent to the City Council of the City of Lansing written notification of El Renacimiento's desire to continue using said non-expendable property; and

Whereas, the City of Lansing and El Renacimiento have developed a proposed Contract whereby: (1) the City of Lansing shall permit El Renacimiento to continue using said non-expendable property;

(2) El Renacimiento shall continue performing the services and activities that are set forth in the Scope of Services section of the terminating Model Cities Contract; and (3) if, at any time, El Renacimiento ceases to perform said services and activities, said non-expendable property shall revert to the City of Lansing; and

Whereas, said proposed Contract shall expire on October 31, 1973; and

Whereas, said proposed Contract is hereby approved by the City Council of the City of Lansing; now, therefore, be it

Resolved, that the Mayor and the City Clerk are hereby directed to sign said proposed Contract on behalf of the City of Lansing.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing City Council was petitioned on January 15, 1973 by representatives of the Police and Fire Department retirees to consider a ballot proposal to increase retirement system benefits for those Police and Fire Department retirees who retired between January 1, 1944 and September 1, 1966, and

Whereas, the Board of Trustees of the Policemen's and Firemen's Retirement System has recommended for these retirees an increase of 2% for each full year since retirement, and

Whereas, the cost of this proposed increase can be paid from existing funds in the Policemen's and Firemen's Retirement System which have accrued as a result of prior year contributions from retirees and the City, and will be of no cost to the City of Lansing General Fund, and

Whereas, the proposed increase in retirement allowance benefits will require a charter change which must be approved by the City of Lansing citizens, and

Whereas, the City Council has caused Proposition A, Policemen's and Firemen's Pension Revision, to be placed on the November 6, 1973 election ballot.

Now Therefore Be It Resolved, that the City Council of the City of Lansing does endorse and support Proposition A to increase retirement benefits at no cost to the City of Lansing General Fund and which will provide an equitable adjustment for cost of living increases.

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

Whereas, pursuant to the Urban Renewal Plan and the Development Plan heretofore adopted by the City Council, proposals for redevelopment have been solicited by the City of Lansing on an open competitive basis, and

Whereas, a proposal was received on January 24, 1973, to purchase and redevelop Parcels 12A and 13, Project No. 1, Mich. R-87, previously known as the Senate Grill-Eagle Restaurant Site, for the construction of office and retail uses, and

Whereas, the proposal has been reviewed and evaluated by the Urban Redevelopment Board, its staff and consultants, and

Whereas, the Urban Redevelopment Board, at its meeting of February 27, 1973, did recommend to the Lansing City Council, in a letter dated February 28, 1973, that the proposal submitted by 200 Washington Square, Ltd., a Michigan Limited Partnership, be accepted provided, however, that no commission is payable to Walter Neller Company, General Partner of 200 Washington Square, Ltd., a Michigan Limited Partnership, in accordance with the determination of the Urban Redevelopment Board at its meeting of October 23, 1973, and

Whereas, the Lansing City Council, at its meeting of June 25, 1973, did adopt a resolution which concurred in the recommendation of the Urban Redevelopment Board and

accepted the proposal submitted by 200 Washington Square, Ltd., a Michigan Limited Partnership, and also authorized and directed the Redevelopment Director to negotiate the terms and conditions of a Contract for Sale of Land for Private Redevelopment with 200 Washington Square, Ltd., a Michigan Limited Partnership, and

Whereas, subject to a Public Hearing, the Lansing City Council will consider a resolution authorizing and directing the Mayor and City Clerk to sign a Contract for Sale of Land for Private Redevelopment by and between the City of Lansing and 200 Washington Square, Ltd., a Michigan Limited Partnership,

Now, Therefore, be it resolved by the City Council of the City of Lansing that a Public Hearing be held December 3, 1973, at 7:30 p.m., in the Council Chambers, 10th Floor, City Hall, on this sale of land in Urban Renewal Project No. 1, Mich. R-87.

By the Committee of the Whole—

**RESOLUTION APPROVING
AGREEMENT TO ACCELERATE
MATURITY AND SUBORDINATE
INDEBTEDNESS**

Whereas, the American Bank & Trust Company, a Michigan banking corporation of Lansing, Michigan, (hereinafter referred to as "BANK") is the holder of certain Public Utilities Revenue Notes of the City of Lansing, Ingham, Eaton and Clinton Counties, Michigan, (hereinafter referred to as "CITY"). Said Notes, being numbered in the principal amount of, dated and bearing interest and maturity as follows:

1. Note No. 2 in the principal amount of \$1,000,000 dated May 22, 1972, bearing interest at the rate of 3.60% per annum and maturing July 1, 1974.
2. Note No. 3 in the principal amount of \$1,000,000 dated May 22, 1972, bearing interest at the rate of 3.80% per annum and maturing July 1, 1975.
3. Note No. 4 in the principal amount of \$1,000,000 dated March 27, 1973, bearing interest at the rate of 5% per annum and maturing July 1, 1976; and

Whereas, said Notes were issued in anticipation of the collection of certain operating revenues of the Department of City Utilities Pursuant to Act 182 of the Public Acts of Michigan of 1971, as amended by Act 130 of the Public Acts of Michigan of 1972, subject to a prior statutory lien on said revenues for the payment of revenue bonds designated "City Utilities System Revenue Bonds," dated November 1, 1970, as provided by Ordinance No. 18A of the City of Lansing, and for the payment of "Landel Metropolitan District Michigan Water Supply and Sewage Disposal System No. 1 Revenue Bonds," dated August 1, 1947, for

which sufficient funds have been deposited in trust with the paying agent; and

Whereas, the City wishes to obtain the agreement of the Bank, as holder of such Notes, to subordinate said Notes to a prior statutory lien on said revenues which will be created for the payment of certain revenue bonds to be issued hereafter by the City, designated "City Utilities System Revenue Bonds, Series 1973" to be dated September 1, 1973, in addition to the subordination specifically set forth in said Notes and herein recited above; and

Whereas, in consideration of said subordination, the City is willing to agree to accelerate the maturity of the aforesaid Public Utilities Revenue Note No. 3 from July 1, 1975, to July 1, 1974; and

Whereas, the Bank, as holder of said Notes, in consideration of the acceleration of maturity of Note No. 3 from July 1, 1975 to July 1, 1974, is willing to agree to subordinate said Notes as requested by the City; and

Whereas, this City Council has received and reviewed a form of agreement to Accelerate Maturity and Subordinate Indebtedness, a copy of which is attached to this Resolution,

Now Therefore Be It Resolved By The City Council Of The City Of Lansing, as follows:

1. The Agreement to Accelerate Maturity and Subordinate Indebtedness is hereby approved in the form attached hereto.
2. The Mayor and City Clerk of the City are hereby authorized to execute said Agreement to Accelerate Maturity and Subordinate Indebtedness on behalf of the City.

**AGREEMENT TO ACCELERATE
MATURITY AND SUBORDINATE
INDEBTEDNESS**

Whereas, the American Bank & Trust Company, a Michigan banking corporation of Lansing, Michigan, is the holder of certain Public Utilities Revenue Notes of the City of Lansing, Ingham, Eaton and Clinton Counties, Michigan. Said Notes, being numbered in the principal amount of, dated and bearing interest and maturity as follows:

1. Note No. 2 in the principal amount of \$1,000,000 dated May 22, 1972, bearing interest at the rate of 3.60% per annum and maturing July 1, 1974.
2. Note No. 3 in the principal amount of \$1,000,000 dated May 22, 1972, bearing interest at the rate of 3.80% per annum and maturing July 1, 1975.
3. Note No. 4 in the principal amount of \$1,000,000 dated March 27, 1973, bearing interest at the rate of 5% per annum and maturing July 1, 1976; and

Whereas, said Notes were issued in anticipation of the collection of certain operating revenues of the Department of City

Utilities pursuant to Act 182 of the Public Acts of Michigan of 1971, as amended by Act 130 of the Public Acts of Michigan of 1972, subject to a prior statutory lien on said revenues for the payment of revenue bonds designated "City Utilities System Revenue Bonds," dated November 1, 1970, as provided by Ordinance No. 18A of the City of Lansing, and for the Payment of "Landel Metropolitan District Michigan Water Supply and Sewage Disposal System No. 1 Revenue Bonds," dated August 1, 1947, for which sufficient funds have been deposited in trust with the paying agent; and

Whereas, the City of Lansing wishes to obtain the agreement of the holders of such Notes to subordinate said Notes to a prior statutory lien on said revenues which will be created for the payment of certain revenue bonds to be issued hereafter by the City, designated "City Utilities System Revenue Bonds, Series 1973" to be dated September 1, 1973, in addition to the subordination specifically set forth in said notes and herein recited above; and

Whereas, in consideration of said subordination, the City of Lansing is willing to agree to accelerate the maturity of the aforesaid Public Utilities Revenue Note No. 3 from July 1, 1975 to July 1, 1974; and

Whereas, the American Bank & Trust Company, as holder of said Notes, in consideration of the acceleration of maturity of Note No. 3 from July 1, 1975, to July 1, 1974, is willing to agree to subordinate said Notes as requested by the City.

Now Therefore Be It Agreed Between The City Of Lansing And American Bank & Trust Company, as follows:

1. The undersigned American Bank & Trust Company, a Michigan banking corporation of Lansing, Michigan, the holder of Notes Nos. 2, 3 and 4 referred to in the "Whereas" clauses above, hereby agrees that the payments to be made on the same from the collection and receipt of operating revenues of the Department of City Utilities shall be subject to a prior statutory lien on said revenues for the payment of revenue bonds designated as "City Utilities System Revenue Bonds, Series 1973" to be dated September 1, 1973, as provided by Ordinance No. 18B of the City of Lansing, and "City Utilities System Revenue Bonds," dated November 1, 1970, as provided by Ordinance No. 18A of the City of Lansing, and for the payment of "Landel Metropolitan District Michigan Water Supply and Sewage Disposal System No. 1 Revenue Bonds," dated August 1, 1947, for which sufficient funds have been deposited in trust with the paying agent.

2. The undersigned City of Lansing hereby agrees that the maturity date provided for in Note No. 3 (a copy of which is attached hereto) shall be changed from July 1, 1975, to July 1, 1974.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, Community Industrial Laundry has ceased operation and certain equipment, machinery and inventory has reverted to, and become the property of the City of Lansing; and

Whereas, an offer to purchase said materials in the sum of Twenty Five Thousand Five Hundred Fifty Dollars and 00/100 (\$25,550.00) has been made by Model Cover-all Service, and

Whereas, said equipment is presently located on premises for which the lease expires November 15, 1973; and

Whereas, the city was afforded only 30 days notice of termination of the lease; now, therefore, be it

Resolved, by the City Council of the City of Lansing, that in view of the impracticability of letting bids for the purchase of said property in the time allotted, and because of the potential loss of money to the city and the fairness of the offer received, the provisions of the City Purchasing Ordinance are hereby waived for the purposes of this transaction and the offer of Twenty Five Thousand Five Hundred Fifty Dollars and 00/100 (\$25,550.00) as indicated above is hereby accepted, subject to payment of all removal and transportation costs by the purchaser.

ZONINGS

By Councilman Ferguson—

Whereas, it is deemed desirable to amend
the Classification provided for in the Zoning
Code of the City of Lansing, passed on the
13th day of November, 1958, in the follow-
ing particulars, viz:

That property described as:

Z-42-73 — block bounded by Kalama-
zoo Street, Pine Street, St. Joseph
Street and Butler Blvd.,

be re-zoned from "D" Apartment, "D-1"
Professional Office, "E" Apartment-Shop,
"D-M" Multiple Dwelling, "C" Two Family
Residence and "F" Commercial Districts to
a Community Unit Plan District and the
"Map" be changed to indicate such trans-
fer;

Therefore, be it resolved, that the City Clerk shall give at least fifteen days notice of a Public Hearing when all persons interested may attend and make any objections they may have to such proposed changes in said Zoning Code.

Resolved further, that such hearing shall be held at the Council Chamber in the City Hall on the 19th day of November, 1973, at 7:30 o'clock p.m., and that notice of such hearing be published in the official publication of said city, as required by law.

Adopted by the following vote:

By Councilman Ferguson—

Whereas, it is deemed desirable to amend the Classification provided for in the Zoning Code of the City of Lansing, passed on the 18th day of November, 1958, in the following particulars, viz:

That property described as:

Z-61-73 — Chestnut Street (between Main St. and William St.) and Butler Blvd. (between Main St. and William St.),

be re-zoned from Unzoned District to "I" Heavy Industrial District and the "Map" be changed to indicate such transfer;

Therefore, be it resolved, that the City Clerk shall give at least fifteen days notice of a Public Hearing when all persons interested may attend and make any objections they may have to such proposed changes in said Zoning Code.

Resolved further, that such hearing shall be held at the Council Chamber in the City Hall on the 19th day of November, 1973, at 7:30 o'clock p.m., and that notice of such hearing be published in the official publication of said city, as required by law.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Whereas, by petition duly filed on the 30th day of July, 1973, this council was petitioned to change the following described property from "D-M" Multiple Dwelling District to "D-1" Professional Office District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 29th day of October, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as

Z-48-73 — 314-16 N. Pine Street,

more particularly described as:

Lot 9, Block 87, Original Plat, City of Lansing, Ingham County, Michigan,

from D-M Multiple Dwelling District to "D-1" Professional Office District.

Whereas pursuant to Act 207, P.A. 1921, the Planning Board advised the City Council to approve the petition subject to the condition that a 5 ft. high chain link fence along with dense evergreen growth reaching a mature height of 5 ft. 6 in. be placed along the north and east property lines of the site.

Whereas the Planning Committee of City Council to whom was referred the report of the Planning Board concurred therein,

Now therefore be it resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "DM" Multiple Dwelling District to D-1 Professional Office District be granted subject to the fencing and screening requirements as set forth by the Planning Board.

ORDINANCES

By Councilman Gunther—

The Committee reported that it had considered an ordinance providing, that the Code of Ordinances, City of Lansing, Michigan, be amended by adding a new subsection (e) to section 2-95 of Code (Non-Expendable Property — Reversion), and recommended that the ordinance be passed.

**ORDINANCE NO. 246
(Non-Expendable Property—Reversion)**

By Councilman Gunther—

Resolved by the City Council of the City of Lansing, that the Ordinance providing that the Code of Ordinances, City of Lansing, Michigan, be amended by adding a new subsection (e) to Section 2-95 of code be placed on order of immediate passage.

Carried.

By Councilman Gunther—

Resolved by the City Council of the City of Lansing, that the Ordinance providing, that the Code of Ordinances, City of Lansing, Michigan, be amended by adding a new subsection (e) to Section 2-95 of said Code be now passed.

Adopted by the following vote:

Unanimously.

ORDINANCE NO. 246

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY ADDING A NEW SUBSECTION (e) TO SECTION 2-95 OF SAID CODE.

The City of Lansing Ordains:

Section 1. That the Code of Ordinances of the City of Lansing, Michigan, be amended by adding a subsection (e) to Section 2-95 to read as follows:

Sec. 2-95. Non-Expendable Property; Reversion.

(e) When a Model Cities Contract terminates and the Policy Board does not intend to approve a succeeding contract with the same operating agency (contractor), all non-expendable property which was acquired pursuant to said contract: (1) shall revert to the City of Lansing; (2) shall be inventoried and recorded by the City Controller's office in the "C.D.A. Agency (Model City) Record of Non-consumable (Non-expendable) Property"; and (3) shall be placed under the control of the City Purchasing Agent as "surplus stock."

- (1) Where non-expendable property will revert to the City of Lansing as a result of the termination of a contract and where the CDA Director intends to transfer such property to another operating agency (contractor), the CDA Director shall send written notification of such intention to the City Purchasing Agent, the City Council, and the Policy Board prior to the termination of the contract.
- (2) If the City Purchasing Agent does not receive such notification prior to the termination of the contract, the

disposition of such property shall be pursuant to the City Purchasing Ordinance. If the initial disposition of such property is a sale, any funds received from such sale shall be deposited in such account as the City Council shall direct.

- (3) If the City Purchasing Agent does receive such notification prior to the termination of the contract, the City Purchasing Agent shall retain control over such property for a period of two (2) months.

- (i) During this two (2) month period, the non-expendable property shall not be disposed of pursuant to the City Purchasing Ordinance.

- (ii) Within this two (2) month period, the Policy Board, through the CDA Director, shall send written notification to the City Purchasing Agent indicating the operating agency (contractor) to whom the non-expendable property should be transferred.

- (iii) If the City Purchasing Agent does not receive such notification within this two (2) month period, the disposition of the non-expendable property shall be pursuant to the City Purchasing Ordinance. If the initial disposition of such property is a sale, any funds received from such sale shall be deposited in such account as the City Council shall direct.

- (iv) If the City Purchasing Agent does receive such notification from the Policy Board within this two (2) month period and if the City Council, by affirmative resolution, concurs in said recommendation of the Policy Board, the City Purchasing Agent shall transfer the non-expendable property to said operating agency (contractor) and said non-expendable property shall thereafter again be subject to the provisions of this section (Sec. 2-95).

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

Honorable Mayor and

Members of City Council

Gentlemen:

According to directives from the Department of Housing and Urban Development

those public agencies carrying out Open Space and Neighborhood Facility projects (such as Kingsley Place) are required to submit a certificate of Proclaimer relative to the establishment of fair market value of all property to be acquired.

Two appraisals on each Kingsley parcel included in the Neighborhood Facility, Open Space and Recreation Bond areas have been made and review appraisals on all completed. From these, fair market values have been determined in accordance with the HUD guidelines.

I am respectfully requesting permission to forward to the Department of Housing and Urban Development the Certificate of Proclaimer establishing the review appraisers findings as to the fair market value for each property in the Kingsley Project area.

Thank you.

Very truly yours,

THEODORE J. HASKELL,
Director,
Parks & Recreation.

Councilman Harold Moore

Chairman

City Affairs Committee

Lansing City Council

Dear Councilman Moore:

We are requesting approval by your body for the Veterans' Day Parade, scheduled for 10:00 A.M. on November 10, 1973. We have not received the permit from the State Highway Department, however they have advised the application has been approved and the permit is on its way.

Our Traffic Bureau estimates this parade will cost the City a total of \$488, which covers 14 patrolmen, two supervisors and 15 motorcycles.

This is being forwarded to your committee for action on Monday, November 5, 1973.

Sincerely yours,

THOMAS W. O'TOOLE,
Chief of Police.

Referred to Committee on City Affairs.

REPORT OF COMMITTEE

The Committee on CITY AFFAIRS, to whom was referred the request of the Com-

mittee for permission for a Veterans' Day parade on November 10, 1973, reports as follows:

The Committee recommends permission be granted inasmuch as the permit has been signed by the Director of Public Service, the Traffic Engineer, and the Chief of Police, and the Committee further recommends the parade be under supervision of the Lansing Police Department.

Signed:

10th Floor, City Hall

Lansing, Michigan 48933

Dear Mayor Graves and Council Members:

Pursuant to the recently amended CDA Ordinance concerning the transfer of non-expendable property, I am enclosing copies of requested Personal Property Transfers for furniture and equipment which no longer is required by the CDA — funded agencies in whose name the items originally were purchased.

Several of the transfers already have been completed on a loan basis, primarily to other City departments. The other transfers being requested have been prepared in order to provide operating agencies with needed furniture and/or equipment they otherwise would purchase.

The total acquisition cost involved with these transfers is in excess of \$24,000.00, so Council approval will result in sizeable savings to the City and to the CDA. It is respectfully requested that all of the transfers be approved.

We would appreciate it if this communication and data can be referred to the appropriate Committee.

Sincerely,

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board will hold a public hearing on November 20, 1973, at 7:30 p.m., in the North Elementary School, 5906 Curry Lane, to consider an amendment to the Comprehensive Master Plan for the City of Lansing. The amendment concerns a neighborhood development plan for the area bounded by Miller Road, Aurelius Road, Interstate 96, and Pennsylvania Avenue—or

more commonly known as the Miller-Marscot Neighborhood. The Plan was developed in conjunction with the Miller-Marscot Citizens Advisory Committee and contains a statement of goals and policies for development as well as a recommended land use plan.

This public hearing is in compliance with Municipal Planning Commission Act 285 of the Public Acts of 1931.

If you have any questions, please do not hesitate to contact the Planning Department.

Respectfully,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Received and placed on file.

Dear Mr. Mayor Pro-Tem and

Council Members:

This is to inform you that the official City of Lansing Christmas Tree Lighting Program has been scheduled for Monday,

November 26, 1973, in the Lansing Civic Center from 6:15-7:15 p.m.

The list of participants who will be directly involved in the program is presently being prepared. They will include, as in prior years, representatives from various groups and segments throughout the community such as Lansing Chamber of Commerce, Boy Scouts, Greater Lansing Council of Churches, Lansing Public Schools and municipal employees.

As soon as the program is completed, you will be advised accordingly. All preliminary indications are that the Civic Center will again have a near capacity crowd.

If you have any questions or suggestions regarding this activity, please feel free to contact Mr. Robert B. Black my Executive Assistant who I have assigned to handle the details for this important civic event.

Respectfully,

GERALD W. GRAVES,
Mayor.

October 28, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall
Lansing, Michigan
Dear Mr. Mayor Pro-Tem and
Council Members:

I was literally stunned late last Thursday to learn that I was being charged by Eugene Loyd, President of the Model Cities Policy Board, with having traveled around the country on Model Cities administrative money. The next day Mr. Loyd was carrying his charge via radio, television and in The State Journal. Simultaneously, Jacqueline Warr, Model Cities Director, was being attributed by The State Journal to having pinned a \$351.00 trip to Chicago on the Mayor.

Both of these allegations are untruths—I have not been traveling around the country on Model Cities money, and I did not use Model Cities funds to go to Chicago, let alone spend \$351.00.

On August 1 and 2, 1972, I attended a Planned Variations Conference in Indianapolis, Indiana, upon the specific request of Floyd Hyde, then Assistant Secretary, and now Under-Secretary, of the United States Department of Housing and Urban Development. As you are aware, the Federal Department, which he serves, is the controlling department of all locally operated Model Cities agencies. Under-Secretary Hyde made the point that the meeting expenses were not to come from the General Fund of participating cities, but rather were to be

billed to Model Cities-Planned Variations account (administration). Note was made of this in my communication, dated August 7, 1972, to the Finance Director (see attached).

So that the record is further clarified, I point out that my total two day expense charged to Model Cities, as directed by the Under-Secretary of HUD was \$115.95. Of this total, \$76.00 was for air fare, \$35.70 covered room cost, tips were \$2.00, while total meal costs came to \$2.25. Several things are clear—ONE, I followed the instructions of the U. S. Department of Housing and Urban Development; TWO, I did not take an advance of expense funds, but paid the expenses out of my own pocket; THREE, in accordance with City of Lansing policy, I filed the Expense Report properly and within 5 days of my return; and FOUR, I did not abuse the Federal tax dollars assigned to Model Cities.

Yes, Mayor Gerald W. Graves made one trip on Model Cities expenses, BUT at the direction of the United States Department of Housing and Urban Development. As a result, Mr. Eugene Loyd decided to "throw political rocks." Well, what about Mr. Loyd? Using Federally funded Citizens Congress dollars, but not employed by that agency, Mr. Loyd has in less than 10 months traveled:

- Twice to Haddonfield, New Jersey;
- Twice to Indianapolis, Indiana;
- Twice to Benton Harbor, Michigan; and
- Once each to Flint and Detroit.

The recent communication I forwarded to you from Model Cities records showed that Mr. Eugene Loyd had not cleared up \$244.20 in advance trip money drawn, some of which was used for a trip approximately 10 months ago!! By now, it should be obvious to you, and everyone else, that it has not been the Mayor at all who has been traveling around the country on Model Cities funds, but Eugene Loyd himself. This now leaves a question of what other trips were made by Mr. Loyd, previous to the 10 month old records I have reviewed, and recently forwarded to you. This leaves a question of what other trips Mr. Loyd has made using other accounts of Model Cities. This leaves a very major and serious question as to the real motives behind the blast leveled by this man.

Now, let us analyze the communication of October 19, 1973, forwarded to you by Model Cities Director Jacqueline Warr. The communication was addressed to me, and in part read as follows:

"On October 16, 1973, I received a call from you questioning why I was researching travel expenses in my administrative budget. I indicated that I was insuring that appropriate back-up documentation was there and was determining where the greatest expenditures were occurring so I could transfer funds into other needed categories.

As I stated to you over the telephone on that date, I was not aware of any trips you had taken on behalf of Model Cities using monies from my administrative budget but I was not challenging your right to take trips for Model Cities because I was aware of the HUD Letter which said you could do so.

The questions I do have which I will welcome your assistance in answering are:

1. What documentation exists for Voucher No. 14381200 in the amount of \$351.51? We are providing you with the information that we have as to the categories, one which indicates travel by Ralph Cascarilla and Alan E. Tubbs.

2. Please indicate the authorization that allows for travel by individuals other than the Model Cities planners through the Planning Cooperative Agreement?

My specific question in this respect relates to the authorization of travel by Ralph Cascarilla through the Planning Cooperative Agreement. How is this possible?"

Why did I call Mrs. Warr in the first place, on October 16, as is mentioned in the first paragraph of her communication? On that date, my office received a telephone call from a Mr. James Miller, President of Waldo Travel Agency, advising that a Mr. Donald Hines was seeking documentation from the aforementioned business of trips made by myself—Mr. Miller was concerned, since he was unaware of any authority possessed by Mr. Hines to act for the City of Lansing. In turn, I telephoned Mr. Hines (Deputy Director of Model Cities), who reacted like the "proverbial kid caught with his hand in the cookie jar"—he stammered and then said he was only following orders—I was advised to talk to Mrs. Warr. After what seemed to me to be a real disjointed three-step waltz on the part of Mrs. Warr, she advised that she was trying to clear-up her records. It is curiously interesting that the Third Action Year, and the closing of the books could happen without appropriate Model Cities administrative personnel not noting the one travel trip on my part, upon the direction of the U. S. Department of Housing and Urban Development.

Indeed, as an administrative procedure alone one must very, very seriously question the propriety of aides to department heads calling businesses throughout the City seeking information, which is readily available from the proper source—that being the Finance Director, or members of his staff, or even my own office. The copy of the letter you received is an after the fact result of my telephone conversation with Mrs. Warr.

I am convinced that Mrs. Warr's questions are an excuse, not a reason. Presently, it will be impossible for my office to respond to her request for information and documentation relating to Voucher No. 14381200, in the amount of \$351.51, since the Finance Director advises that no such

numbering system exists for vouchers in the City. A response is also impossible because the alleged discrepancy of \$351.51 is lacking a specific reference to a particular date. However, at no time did I expend any \$351.51 as indicated by Mrs. Warr and Mr. Eugene Loyd.

Regarding the trip to Chicago of Alan E. Tubbs, Planning Director, and Ralph Cascarilla, Mayor's Administrative Assistant, it was called by the National League of Cities in conjunction with the U. S. Department of Housing and Urban Development to discuss the future of the Community Development Revenue Sharing (Block Grants), which are expected to replace Model Cities. It was called for Mayors, managers and those who were expected to be dealing in Block Grants. Dates covered were February 1 and 2, 1973. Both Mr. Cascarilla and Mr. Tubbs have been involved in Federal-City matters and are expected to continue to be; the travel of both was under the auspices of the Planning Department and paid for out of its administrative accounts contained in the CDA-Planning Department Cooperative Agreement. Airfare was arranged by Waldo Travel for both—the round trip fare of \$92.00 was charged to account No. 152-804-873 (CDA-Planning: Travel), while Conference Registration for Mr. Tubbs only (\$60.00) was charged properly to CDA-Planning—the expense report for both meals, airport to meeting costs and return, room costs and tips totaled \$59.88. These expenses then were charged to the CDA-Planning Accounts, which are administered by the Planning Director. This use of funds was permitted and sanctioned by the Planning Board, because of the Federal-City involvement of both persons, and no authorization is necessary for the administrative decision such as this by Mrs. Warr. No stipulation to the contrary exists in the contract involved. If Mrs. Warr has any qualms about the disbursement of the funds involved, I advise that she should follow the agreed upon grievance procedure established in the Cooperative Agreement entered into.

I have carefully reviewed the communication of Mrs. Warr. I cannot help but be left amazed by the hodge-podge of information incorporated into her letter. She has previously demonstrated inability to understand the accounting procedures or accurately represent factual situations. Moreover, her omission of presently known facts concerning the situation has worked to paint an inaccurate picture, on her part.

So that the taxpayers of the City of Lansing can be made fully aware of various trips costs, I am advising that I will ask for public disclosure:

- Of trip costs of all elected City Officials;
- Of trip costs of all Model Cities personnel; and
- Of trip costs of all Model Cities contract agencies.

Mr. Loyd and Mrs. Warr have attempted to pollute the waters of the present cam-

paign. The real motives are blatantly transparent. However, since they have attempted to create an issue at my expense, I will follow the matter through. I am of the opinion that the taxpayer has a right to know—and, know they will.

Respectfully,

GERALD W. GRAVES,
Mayor.

Honorable Mayor Pro-Tem and

Members of the Lansing City Council

Tenth Floor, City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached is a copy of a communication from Mr. Raymond Scodeller, Ingham County Prosecuting Attorney, regarding his investigation into allegations of illegal conduct made by an employee of Citizen's Congress, Incorporated (C.C.I.).

I request your formal approval directing the firm of Seidman & Seidman, which is now undertaking an audit of Model Cities, to cooperate with the Ingham County Prosecuting Attorney in regard to that phase of the audit dealing with C.C.I.

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

By the Committees on Planning and Buildings & Properties—

Resolved by the City Council of the City of Lansing:

BP-7-73

Whereas the Board of Water & Light has been requested by Mr. Joe D. Mosier of the firm of Miller, Canfield, Paddock and Stone, as counsel for the Michigan Association of School Boards, a release of certain easements granted the Board of Water and Light for the transmission of steam heat, water and electricity running across property recently purchased by the Michigan Association of School Board, Inc., and on which they are currently in the process of constructing a building. These easements are described as follows:

From Harry C. Benson, recorded December 7, 1927, Liber 15 of M.R., page 298, Ingham County: South 5 feet of the North 14.5 feet of the East 99 feet of Lot 11, Block 139.

From Joseph G. Bartow, recorded December 19, 1927, Liber 15 of M.R., page 324, Ingham County: South 5 feet of the North 14.5 feet of the East 49.5 feet of Lot 11, Block 139.

From Harry W. Van Camp and E. Mayne Van Camp, recorded December 7, 1927, Liber 15 of M.R., page 296, Ingham County: South 5 feet of the North 14.5 feet of the West 66 feet of Lot 11, Block 139.

Whereas the Board of Water & Light has no objection to granting their request, and is requesting that the City Council authorize the Board of Water & Light to execute the release of these easements, and

Whereas the City Council at their meeting of October 8, 1973, referred this request to the Planning Board and Public Service Board, and

Whereas the Planning Board and Public Service Board have reviewed this request and recommended that the easements be released,

Therefore be it resolved that the Council of the City of Lansing authorizes the Board of Water & Light to execute the release of the easements as described above.

Subject: B-73-043 Weigman Drain Relief
Sewer

Gentlemen:

Nine bids for the construction of the Weigman Drain Relief Sewer, Phase II, PS 76072, were opened at 4:00 P.M., E.S.T. on Monday, November 5, 1973.

We recommend acceptance of the low bid submitted by the McNamara Construction Company in the amount of \$274,305.00 and an additional 15% for contingencies in the amount of \$41,146.75 making the total amount authorized \$315,450.75.

Respectfully submitted,

VAUGHAN L. MCKINCH,
Purchasing Agent,

ROBERT R. BACKUS,
Public Service Director.

Referred to Committee on Public Service and Highways.

Honorable Mayor and
Members of the Lansing City Council
City Hall
Lansing, MI

Dear Mayor and Members of the Council:

The Senior Citizens Coordinating and Information Department wishes to request that our office be permitted to house the Greater Lansing Area Transportation Clearinghouse. Originally it was planned that the Salvation Army would provide the office space. However, they will also be handling the Christmas Clearinghouse and do not believe they can handle both programs at once.

Because the program is ready to begin and the committee does not wish to postpone its initiation, the Senior Citizens Department is willing to have the telephone installed at our office and to house the volunteers. This is a coordination of services which will benefit the elderly as well as others in need of special transportation. Given these circumstances, we are requesting permission to accept the \$1,000 grant and to begin the program immediately out of our office.

Sincerely,

ROXANNA O'CONNOR,
Director,
Senior Citizens Coordinating
and Information Department.

Referred to Committee of the Whole.

Re: Extension of Kingsley Place Project
Gentlemen:

The City Council has approved the use of revenue sharing funds for the acquisition

of six residences on the east end of the Kingsley Place project area. These six and five others to be acquired from CDA appropriations should have appraisals as well as title searches completed as was done on the major group of Kingsley homes.

To keep the process moving I am asking for authority to prepare contracts with appraisers and a title insurance company to include these six properties.

1217-1211-1207-1205 Kingsley Court

1211-1215 Washtenaw

We have obtained proposals from Richard Binder and Edward Mack to add these to the proposals submitted that covers the five CDA properties. The American Title Insurance Company is prepared to extend their work on title search and insurance to include these. Herbert Struckens, review appraiser, has given us a proposal for a review on the six Kingsley additions. Appraisers:

Richard Binder—\$325.00 each for \$1,950.00 total

Edward Mack—\$325.00 each for \$1,950.00 total

H. H. Struckens—\$120.00 each for \$720.00 total

Title Search & Insurance:

American Title Insurance Company—
\$600.00.

Sincerely,

DOUGLAS FINLEY,
Assistant Director,
Parks & Recreation.

Referred to Committee on Parks and Recreation.

November 8, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

After review of the budget available for ice skating rinks, the recommendation was made to the Park Board that we prepare facilities at Everett, Comstock, Sycamore and Quentin Parks for this winter.

The \$16,800.00 appropriated will allow us to start rinks at those four sites, but if the weather remains consistently cold for an extended period of time, it will be insufficient to meet the demand for continued rink maintenance.

In previous years we have had as many as 15 rinks with Bancroft, St. Joseph, Pleasant View, Wainwright and Gier, the next most popular after the four listed above. To operate all nine skating rinks for the winter of 1973-74 an additional \$8,700.00 is needed.

The following action was taken by the Park Board at its meeting held on November 7, 1973:

"By Mr. Powers—

That the Park Board inform City Council that there are insufficient funds to operate a sufficient skating rink program and therefore no rinks should be offered unless additional appropriations become available.

Carried."

Sincerely,

DOUGLAS FINLEY,
Assistant Director,
Parks and Recreation.

Referred to Committee on Parks and Recreation and Committee on Finance.

November 8, 1973

Honorable Mayor and Members

of the Lansing City Council:

This letter is to notify you that I have accepted the position of Director of the Real Property Division for Arlington County, Virginia. It is presently my plan to report to work there on December 3, 1973 if I am able to close my obligations here by that date.

Working for the City of Lansing for the past nineteen and one half years has been for me very fruitful and has enhanced my professional experience. It has given me the opportunity to serve in various capacities in the assessing field due to our location as the Capital City.

Among the various opportunities I have recently explored I am hopeful that this particular position will offer me an opportunity to be of service as well as expand my professional experience.

You can be assured that the internal operations and experienced staff of the Assessor's office will perpetuate the quality of service that you have been accustomed to extending to the Lansing Citizenry.

The City of Lansing has been fortunate over the years to retain a high level of talented and capable employees however, I would advise that you investigate the salary standing for these professional employees since it has not been my experience that you are at this time in a competitive position.

Sincerely,

GERALD E. ERNST,
City Assessor.

Received and placed on file and a resolution be prepared by the Mayor's Office for services extended during the past years.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall
Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

To fill the position of Market Master which was vacated by the retirement of Mr. Austin DeFord, I am appointing Mr. Wesley D. Dunham. Mr. Dunham has seven years of experience with the City of Lansing, combining his time as Assistant Market Master and Inspector in the Department of City Weights and Measures. He is a graduate of Grayling High School and has held positions as a riveter and journeyman meat cutter before coming to the City.

I have watched the activities of Mr. Dunham over the past years and I am confident that he will benefit the taxpayers of Lansing by offering the highest degree of service to the vendors and patrons of our City Market.

The City Attorney has advised that Council confirmation of this appointment will not be necessary, under our City Charter or Ordinances.

Respectfully,

GERALD W. GRAVES,
Mayor.

Received and placed on file.

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached please find a recent letter received by my office from Ms. Patricia Jameson of the Detroit Area Office of the Department of Housing and Urban Development, containing the necessary forms for the execution of the amended Grant Budget for the Model Cities program in Lansing, amounting to \$1,416,000. Before a Letter of Credit can be issued for these additional funds, the City must execute the amended Grant Budget in accordance with the procedures outlined in the attached instruction sheet. Apparently, these requirements and procedures have not been completed to the present time.

Respectfully,

GERALD W. GRAVES,
Mayor.

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

Attached please find a copy of a recent letter dated November 2, 1973, that I have forwarded to the Michigan State Liquor Control Commission requesting their assistance and concurrence in an effort to adopt a rule to prohibit topless dancing and coin operated machine movies in all establishments which sell alcoholic beverages. In addition, I have requested that the Commission investigate the recently publicized events that occurred at the Lansing Press Club on October 25, 1973, to ascertain if any violations have taken place.

I trust that you will find these materials self-explanatory and they are forwarded for your information.

Respectfully,

GERALD W. GRAVES,
Mayor.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

This office has been advised by Mr. Peter Houk, Lansing City Attorney, that the State statute authorizing the creation of the Airport Authority directs that each Board member's term of office be for a period of four years. The original term of William Mackay was for a three year period but the State statute requires four year terms upon reappointment of the various individuals for a second term. Therefore, this discrepancy can be easily remedied by your concurrence in my recommendation that Mr. Mackay's term be extended from three to four years in length. This will mean his appointment will run from October 14, 1973, to October 14, 1977.

Your prompt action in this regard would be greatly appreciated.

Respectfully,

GERALD W. GRAVES,
Mayor.

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached please find a copy of a letter received by this office on November 5, 1973, from Mr. Paul D. Speer, inviting all City officials to attend the bid opening of \$14 million in City Utilities System Revenue Bonds, Series 1973. I am extremely proud to advise that this bond issue has again received a triple A rating by Moody's Investors Service and Standard & Poor's Corporation. The opening is scheduled for 2:00 p.m. on November 15, in the offices of the Board of Water and Light. The occasion is open to the public and I hope that all department heads and Councilmen who can make the necessary arrangements, will be in attendance.

Respectfully,

GERALD W. GRAVES,
Mayor.

November 9, 1973

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached please find a recent telegram received by this office from Mr. Richard M. Nixon, President of the United States, regarding his recent message to the Nation on the rapidly developing energy crisis for our country. The President has advised me of his anticipated requests to the U.S. Congress for authority to enact emergency powers which will grant him authority to take decisive action during the coming months. We have not been unaware of this problem in the City of Lansing, and I took steps on February 16, 1973, to appoint Mr. James Holcomb, Director of the Office of Emergency Operations for the City of Lansing as the coordinator for the City during any present or future energy crisis problems.

In an effort to comply with the President's general admonition of preparedness by all individuals and levels of government, I have scheduled a meeting on November 20, 1973, with concerned department heads

of the City of Lansing, the Board of Water and Light, the Lansing School District and the local Red Cross Chapter to make preliminary assessment of our City with respect to fuel oil, electric power and other sources of energy that we may need to call upon during the winter months. The purpose of this meeting will be to gather all relevant information concerning the City of Lansing and attempt to alleviate or forestall any possible problems in the coming months. As further information becomes available to my office on this problem, I will be sure to inform the Council at a later date. I believe that through proper planning and leadership by the City government of Lansing, the possible impact of our Nation's energy crisis can be mitigated and softened within the City for all the citizens of Lansing.

Respectfully,

GERALD W. GRAVES,
Mayor.

Received and placed on file.

RESOLUTIONS

By Committee on Public Service and
Highways—Resolved by the City Council of the City
of Lansing:

Sealed proposals marked "B-73-051" will be received by the City of Lansing, Michigan in the office of the City Purchasing Agent, 8th Floor, City Hall, up to 4:00 P.M., E.S.T. on December 18, 1973, for the construction of Wastewater Treatment Plant Additions, Contract 72-S-2.

The work consists of the construction of Aeration Tank No. 4 with pipe gallery and return sludge pump room, Chemical Building, Blower Building, Two Final Settling Tanks (No. 9 and No. 10), Filter Building, Chlorine Contact Tank, Plant Effluent Pumping Station, Sewage Pumping Station, Electrical Switchgear Building, modifications to Final Settling Tanks No. 1 and No. 3 and plant site storm and sanitary sewers and new roadway, together with furnishing and erecting equipment, general construction, piping, plumbing, heating, ventilating and electrical and instrumentation work, complete. The work also includes the demolition of the existing sludge beds.

The drawings and specifications under which the work is to be done are on file and may be examined at the City Engineer's Office, City Hall, Lansing, Michigan, Dodge Reports and/or Builders and Traders Exchange at Detroit, Grand Rapids, Flint, Saginaw and Lansing, and at the office of McNamee, Porter and Seelye, Consulting Engineers, 2223 Packard Road, Ann Arbor, Michigan 48104.

Plans and specifications may be obtained from the Consulting Engineers by making a deposit of Two Hundred Dollars (\$200.00) per set. A complete set of plans shall consist of three volumes of plans as follows:

Volume I—General Architectural, Structural

Volume II—Mechanical

Volume III—Electrical, Instrumentation

The full amount of the deposit will be refunded to each bidder for the one set of documents upon which a bona fide proposal is submitted to the City. For additional sets for bidders' use and for nonbidders, including all subcontractors, One Hundred Dollars (\$100.00) will be refunded for each set of documents returned in good condition (unmarked) within ten (10) days after the bidding date.

Excerpts of plans and specifications for use by suppliers, manufacturers' representatives, etc., may be obtained on request from the Consulting Engineers at no charge.

A certified check or bidders bond in an amount equal to five percent (5%) of the total amount of the proposal must accompany the bid in a separate envelope attached to the outside of the bid proposal envelope to be considered for the bid opening.

The City reserves the right to accept any proposal, to reject any or all proposals, to waive irregularities in proposal, and make the award in the best interests of the City.

The attention of bidders is particularly directed to the requirements as to conditions of employment to be observed and the minimum wage rates to be paid under the contract.

Bidders on this work will be required to comply with the President's Executive Order No. 11246. The requirements for bidders and contractors under this order are explained in the Specifications.

No bid may be withdrawn after the above date and time for receiving bids for a period of one hundred thirty (130) days.

VAUGHAN L. MCKINCH,
Purchasing Agent.

Adopted by the following vote:

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

RESOLUTION AUTHORIZING THE SALE, ISSUANCE AND DELIVERY OF PROJECT NOTES IN THE AGGREGATE PRINCIPAL AMOUNT OF \$3,785,000 AND THE EXECUTION OF REQUISITION AGREEMENT NO. 6—1973

Whereas, The City of Lansing (herein called the "Local Issuing Agency") has entered into one or more contracts (which together with any supplements thereto or amendments or waivers of any, provisions thereof, are herein called the "contract") with the United States of America (herein called the "Government") providing for a loan by the Government to the Local Issuing Agency for financing the urban renewal, low-rent housing or redevelopment project described in the contract and herein called the "Project"; and

Whereas, pursuant to advertisement for the receipt of proposals for the purchase of the Sixth Series 1973 of Project Notes (herein sometimes called "New Project Notes") of the Local Issuing Agency aggregating \$3,785,000, which appeared in a Notice of Sale published on October 19, 1973, in The State Journal in the City of Lansing, Michigan and The Daily Bond Buyer in the City of New York, New York, proposals for the purchase of the New Project Notes in the form approved by the local issuing agency were received, opened and canvassed at the time and place men-

tioned in said advertisement, to wit: at the Office of the City Clerk, 9th Floor, City Hall, in the City of Lansing, Michigan 48933, at one o'clock P.M., E.S.T. on November 7, 1973, which proposals are as follows:

National Bank of Detroit	4.93%	3,785,000	25.00

Now, Therefore, Be It Resolved by the Local Issuing Agency as follows:

Section 1. The aforesaid publication of the Notice of Sale and the form and contents thereof as so published are hereby, in all respects, approved, ratified and confirmed.

Section 2. In order to provide funds to pay expenses incurred or to be incurred in the development of the Project, or to refund, renew or extend its outstanding Notes issued in connection therewith, the Local Issuing Agency hereby determines to borrow the sum of Three Million Seven Hundred Eight Five Thousand (\$3,785,000.00) Dollars and issue its negotiable Project Notes therefor.

Section 3. The Local Issuing Agency hereby ratifies and approves the form of each proposal hereinafter in this Section 3 enumerated for the purchase of the designated principal amount of Notes and determines that each such proposal offers to purchase such Notes at the lowest interest rate and is therefore accepted, and said Notes are hereby awarded to the purchaser, as follows:

Bankers Trust
New York, New York

None of such Notes shall be valid until after the bank or trust company at which it is payable shall have signed the agreement, appearing on each Note, to act as paying agent thereof. Each such Note shall be executed in the name of the Local Issuing Agency by the manual or facsimile signature of the Mayor and countersigned by the City Clerk of the Local Issuing Agency and shall have the Corporate seal of the Local Issuing Agency impressed, imprinted or reproduced thereon and attested by the City Clerk, and said officers are hereby authorized and directed to cause said Notes to be properly executed.

Section 5. Each such Note shall be in substantially the form of HUD-9010, which is incorporated herein by reference, and shall be secured by an agreement entitled "Requisition Agreement No. 6 — 1973" (herein called the "Requisition Agreement"), in substantially the form of HUD-9003, which is incorporated herein by reference, to be entered into between the Local Issuing Agency and the Government.

Section 6. The Requisition Agreement shall be executed in the name of the Local Issuing Agency by the manual or facsimile signature of the Mayor of the Local Issuing Agency and shall have the corporate seal of the Local Issuing Agency impressed, imprinted or reproduced thereon and attested by the City Clerk, and said officers are hereby authorized and directed to cause the Requisition Agreement to be properly executed.

Section 7. For the punctual payment of the principal of and interest on the New Project Notes, the Local Issuing Agency hereby expressly and irrevocably promises

to pay any sums which may be received from the Government pursuant to the Requisition Agreement relating to such series of Project Notes and said Agreement, when executed by the Government, is hereby declared to be and is hereby assigned by the Local Issuing Agency for the benefit of the holder or holders from time to time of the New Project Notes. All contributions, funds and amounts authorized or required by the Contract to be applied to the payment of Project Loan Notes (referred to in the Contract as "Project Temporary Loan Obligations," "Advance Notes" or "Permanent Notes") as issued in connection with the Project are hereby irrevocably pledged to secure the payment of the principal of and interest to maturity on the New Project Notes. Such pledge and the lien created thereby shall cease and terminate when monies or investment securities convertible into cash not later than the maturity date of the New Project Notes, sufficient and for the purpose of paying the principal and interest to maturity on such Notes, are deposited with the paying agent or agents for such Notes.

Section 8. The proceeds derived from the sale of the New Project Notes, together with such amount of other funds of the Local Issuing Agency as may be necessary, shall be applied, simultaneously with the receipt of said proceeds, in accordance with the provisions of the Requisition Agreement.

Section 9. The City Treasurer is hereby authorized and directed to send promptly a letter to each paying agent for the New Project Notes in substantially the form of HUD-9004, which is incorporated herein by reference, and to transmit therewith (a) the New Project Notes for which the addressee is the paying agent for delivery and payment and (b) a signature certificate and receipt, in accordance with the terms of said letter, and to take such other actions as may be required to complete the delivery transaction in accordance with the terms of the letter to the paying agent.

Section 10. This Resolution shall take effect immediately.

Adopted by the following vote:

Unanimously.

By Councilman McKane—

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing Police Department has prepared a program for renewal an Investigation Coordination Unit to be funded through a federal grant application under the Omnibus Crime Control and Safe Streets Act of 1968; and

Whereas, the proposed impact of this project will be to reduce Part I (major) crimes by 5% in the city in two (2) years;

Now, Therefore, Be It Resolved, by the City Council of the City of Lansing:

That this application be approved and that \$7,010.00 be allocated as the city's hard-

match share of the \$140,200.00 program cost; and

That the Office of Criminal Justice Programs and the Law Enforcement Assistance Administration (LEAA) be assured of full compliance by the City of Lansing with the regulations of said agencies in regard to the activities to be carried out as assisted by said grant; and

Be It Further Resolved, that the Mayor and Project Director are hereby authorized and directed to sign this grant application and all related documents necessary to carry out this program.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the development of policies and a plan which will determine the appropriate administrative organization and overall strategy to implement the new federalism and special revenue sharing block grants, such as the Better Communities Act, is an urgent necessity; and

Whereas, the Lansing City Council finds it imperative that an administrative structure and an overall strategy to implement community development type block grants be established; and

Whereas, this Council has previously approved a contract with Systems Research, Incorporated and the City Demonstration Agency which included among the Scope of Services a specific task (Task V) to identify and analyze alternative strategies and recommend policies for orderly transition from Model Cities and Planned Variation to Community Development Revenue Sharing.

Now, Therefore, Be It Resolved, that the Better Communities Act Council Task Force be revised to formally consist of Personnel Director, a representative of the Mayor's Office, the City Controller, a representative of the City Council staff, the City Attorney and the Planning Director;

Be It Further Resolved that this Committee is to consider financial allocation, citizen participation, administrative responsibilities—including monitoring and evaluation, and administrative organization for carrying out overall programs of the new federalism; and

Be It Further Resolved that the various departments of the City such as Redevelopment Department, the Model Cities Department, Housing Authority and similar agencies are authorized and directed to provide information, recommendations and cooperate with the Committee at the Committee's request.

Be It Further Resolved that the Committee be and is hereby directed to meet with

representatives of Systems Research, Incorporated to initiate an amendment, if necessary, to the existing agreement with Systems Research Incorporated to provide that the technical services to be provided in Task V will be provided directly to the Committee.

By Councilman May—

That the resolution be amended by adding the Human Relations Director in paragraph four after the Planning Director.

Adopted by the following vote:

Unanimously.

The Resolution as amended was adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, transportation is one of the most serious problems of the elderly,

Whereas, many volunteer groups and agencies provide special transportation,

Whereas, these various agencies and groups do not now coordinate their efforts to the most efficient use,

Whereas, a transportation committee consisting of all special transportation groups has developed a system of coordinating services,

Whereas, money is available through a private foundation for telephone costs,

Whereas, the Salvation Army is unable to house the program at the present time because of their Christmas Clearinghouse,

Whereas, the role of the Senior Citizens Coordinating and Information Department is to coordinate agencies serving the elderly,

Therefore, Be It Resolved that the Senior Citizens Coordinating and Information Department be given permission to accept the \$1,000 foundation grant and to have the telephone installed in their office for the purpose of initiating this coordination of services.

Adopted by the following vote:

Unanimously.

By Councilman Moore—

That the following resolution tabled on November 5, 1973 be taken from the table.

Carried.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing Redevelopment Department has purchased a parcel of land from the R. E. Olds Company, referred to as Parcel 66-2 (420 North Grand Avenue), Project No. 2, Mich. A-6, and

Whereas, prior to the time of purchase by the Redevelopment Department, the R. E. Olds Company had entered into a Lease Agreement with Lansing Community College for the purpose of providing additional temporary parking space for the college, and

Whereas, at the time of purchase, R. E. Olds Company assigned said Lease Agreement to the Lansing Redevelopment Department, and

Whereas, the previously assigned lease is being terminated, and

Whereas, the City of Lansing desires to continue use of this land as temporary parking, and

Whereas, City owned property that is to be utilized for public parking must be handled through the Traffic Department,

Whereas, a new rental agreement has been prepared for execution by and between the City of Lansing Redevelopment Department and the City of Lansing Traffic Department;

Now, Therefore, Be It Resolved that the Redevelopment Director and the Traffic Director are hereby authorized and directed to enter into said Rental Agreement.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the proposal submitted by Ramp Consulting Services, Inc. for the bi-annual inspection of the Municipal Parking System, at a cost of \$3,000.00, be approved, and

That upon approval of the City Attorney as to form of contract, the Mayor and City Clerk be and they are hereby directed to sign the document on behalf of the City of Lansing.

Adopted by the following vote:

Unanimously.

By Councilman May—

Resolved by the City Council of the City of Lansing:

Whereas, the City Council approved the use of Revenue Sharing funds for the acquisition of six Kingsley Place Project homes; and

Whereas, acceptable proposals have been received for the appraisals, review appraisal and title search and insurance for the six properties, and for the five Kingsley Place homes to be purchased with Model Cities funds, and review appraisals for the Dodge Mansion and High Street properties; and

Whereas, the Parks and Recreation Director has requested authorization to proceed with the project by entering into contracts with Appraiser Richard Binder, Appraiser Edward Mack, Appraiser H. H. Struckens, and the American Title Insurance Company;

Now, Therefore, Be It Resolved that the Director of Parks and Recreation and the City Attorney prepare the necessary contracts, and with the approval of the City Attorney, the Mayor and City Clerk be authorized to sign on behalf of the City of Lansing.

Adopted by the following vote:

Unanimously,

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

That transfers be made as follows:

REPORTS OF CITY OFFICERS AND BOARDS

November 7, 1973

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Re: Claim of David E. Hendricks—
Accident with city owned truck

Gentlemen:

Mr. Hendricks made claim directly to Auto-Owners Insurance Company, the city's insurance carrier, and they agreed to pay his claim.

Respectfully submitted,

PETER HOUK,
City Attorney.

Received and placed on file.

November 14, 1973

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Re: Claim of Mrs. Lou Hancock

Gentlemen:

This office has reviewed the claim of Mrs. Hancock alleging injuries caused when she fell on a city sidewalk. The review of the area by the Public Service Department revealed that there does not appear to be a defect present that would justify negligence on the part of the city. We, therefore, recommend this claim be denied.

Respectfully submitted,
PETER HOUK,
City Attorney.

By Councilman Ferguson—

That we concur in the recommendation of the City Attorney and said claim be denied.

Carried.

November 14, 1973

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Re: Claim of Richard Welch

Gentlemen:

This office has reviewed the claim of Mr. Welch in the amount of \$11.91. After discussing the matter with Mr. Baer, we have determined that the gate did malfunction and that this is a justifiable claim. We would recommend that this claim be paid in the amount of \$11.91 after the execution of an appropriate release by Mr. Welch.

Respectfully submitted,
PETER HOUK,
City Attorney.

By Councilman Ferguson—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of \$11.91 payable to Richard Welch.

Carried.

November 15, 1973

To the Honorable Mayor
and Members of the Council

Gentlemen:

I am hereby submitting special assessment Roll No. 18-T, actual cost, for the

cutting and removal of trees from 223 S. Logan Street and 1725 Robertson as per Mayor's orders.

To Be Assessed—100%\$578.50

Respectfully submitted,

GERALD E. ERNST,
City Assessor.

Received and placed on file.

Re: Xerox Reproducing Costs
Assessor's Office

Gentlemen:

During both the mayor and the council budget hearings cost of copying appraisal record information for the public was discussed. Suggested increases from the current 20 cents per copy ranged to as much as \$1 per copy.

Checks of numerous other governmental agencies providing copies of documents and records shows a range of from 50 cents per page to \$2.00 per page.

Because our appraisal records are frequently revised pencil is used to record data. This does not lend itself to the best copy. Also the field record sheets are larger than the copy pages and in some instances some of the copy has to be omitted. Newer record sheets do correspond in size with the Xerox paper however. Therefore the copy charge has been considered realistic at 20 cents.

Actual costs for April and May 1973 are 37¢ per copy and show that copies sold are not offsetting rental and materials costs for all copy reproduced for the public, our department and other city departments. No estimate is made nor included as to clerical cost in locating the proper field record and running it.

It is requested that you consider increasing copy cost to 50 cents per page.

Previous attempts to increase the service charge have been discouraged because of the Federal price freeze program.

Sincerely,

GERALD E. ERNST,
City Assessor.

November 14, 1973

To the Honorable Mayor
and Members of the City Council

City of Lansing

Gentlemen:

I herewith report that I have given to the City Assessor an itemized list of a tree removed from a private property in the amount of \$56.00 for the year 1973, to be assessed on Tax Roll 18-T.

Respectfully submitted,

STEVEN J. ZELSKI,
Acting Building Commissioner,
City of Lansing.

Received and placed on file.

November 14, 1973

Councilman Roger May, Chairman

Buildings and Properties Committee

Lansing City Council

Dear Councilman May:

When the Lansing Police Department moved to the present Police Building, it was larger than needed at that time. Consequently, one large room on the Fifth Floor was not occupied, and has since become a storage area for City Hall.

As you know, we have now outgrown this building and are looking for any usable space in which to expand. The Fifth Floor room would fulfill one of our most important needs. The present Communications Center is inadequate in size for our operations. The Complaint Desk/Communications Center is physically inappropriate for efficient operations, and the security of this area would rate about two on a ten scale.

We have three new radio consoles approved in the C.I.P. budget. With these consoles we can combine our complaint receiving and dispatch operations. The room

mentioned above would provide maximum security and greatly improve our response time and efficiency, as well as eliminate a source of many citizen complaints. Further, we have been contacted by the Chairman of the CAPACOG, and other area police agencies, in regard to the 911 emergency telephone system. CAPACOG has since approved proceeding with 911, and it is our understanding that City Council has voiced its approval in the past.

The storage room on the Fifth Floor is air-conditioned, secure and adequate in size to fulfill the immediate communication needs of the Lansing Police Department, pending acquisition of a new building. With the high priority on usable space in the City Hall/Police Building complex, we question the allocation of this area for storage. We respectfully request that the Fifth Floor storage area be assigned to the Police Department for the above-stated reasons, and solicitously await your answer.

Respectfully yours,

THOMAS W. O'TOOLE,
Chief of Police.

Honorable Gerald W. Graves and

Members of the City Council

10th Floor, City Hall

Lansing, Michigan 48933

Dear Mayor Graves and Council Members:

Pursuant to the recently amended CDA Ordinance concerning the transfers of non-expendable property, I am enclosing copies of requested Personal Property Transfers for vehicles which are no longer required by the CDA-funded agencies in whose name the items originally were purchased, namely:

1. Transfer No. 41—Ford Econoline Van to the Housing Assistance Foundation.
2. Transfer No. 42—Ford Pick-Up Truck to the Community Design Center.
3. Transfer No. 43—1½ Ton Ford Van Truck to the Youth Development Corporation.

These transfers have been formally approved by action of the Model Cities Policy Board.

In order for the agencies to operate and maintain the vehicles during the balance of the contract year, budget amendments have been prepared to provide necessary funds for normal repair and maintenance, insurance coverage and license fees. The attached budget amendments for these agencies are attached for your approval.

We would appreciate it if this communication, transfers, and budget amendments can be referred to the appropriate Committee.

Sincerely,

JACQUELINE WARR,
Director.

Letter (a)

November 15, 1973

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Traffic Board recommends for City Council's consideration the following no parking at any time regulations:

Hill, west side from Michigan to south end of street.

Maple, south side from Pine to Capitol.

Mersey, east side, entire street.

Sandhurst, north side from Averill to Waverly.

Schoolcraft, both sides from Grand to Washington.

REASONS:

Hill is 18 feet in width with parking prohibited on east. Complaints about difficulty getting in and out of driveways with parking permitted on west side.

Mersey—See Sandhurst below.

Maple is 30 feet in width. Ingress and egress to Walnut Street School on south side of Maple. Many types of vehicles with handicapped children. Parking would still be permitted on north side of Maple.

Sandhurst — Apartment and townhouse area with ample off-street parking. Streets 30 feet in width. Request of manager and agreed to by a owner of units.

Schoolcraft a new roadway westbound roadway from Grand to Washington just south of and parallel with Saginaw. Completes way of getting from Grand to Capitol west-bound without having to cross Saginaw. Part of Lansing Community College campus project.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Referred to Committee on Public Safety.

REPORT OF COMMITTEE

The Committee on PUBLIC SAFETY, to whom was referred the recommendation of the Traffic Board that the parking regulation be changed to No Parking At Any Time on the following streets:

Hill, west side from Michigan to south end of street.

Maple, south side from Pine to Capitol.

Mersey, east side, entire street.

Sandhurst, north side from Averill to Waverly.

Letter (b)

November 15, 1973

To the Honorable Mayor and
Members of the City Council

Honorable Members:

The Traffic Board recommends for City Council's consideration the following:

ONE-WAY STREET

Schoolcraft, direction—west from Grand to Washington.

NOTE: This street is a new street located just south of and parallel with Saginaw Street and completes the second part of the project which started with westbound Schoolcraft from Washington to Capitol which was completed about two years ago.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Letter (c)

November 15, 1973

To the Honorable Mayor and
Members of the City Council

Honorable Members:

The Traffic Board, in considering two petitions which were referred to it by City Council, took the following action:

1. Petitioned request for: 1. Put red lights on stop signs; 2. Put a blinker light; 3. Put up a traffic light. Intersection of Cavanaugh and Stabler.

Considered the accident rate which is low, the conditions at the intersection which are good, and determined that the existing STOP signs which were augmented by a STOP AHEAD sign for southbound traffic and an additional STOP sign erected for northbound traffic on Stabler at Cavanaugh were adequate and visible and that there was no need for additional control.

2. Petitioned request: "That the speed limit on Kalamazoo Street from Clemens east to the expressway be changed to 25 miles per hour and so posted."

SLOW CHILDREN signs were erected immediately upon receipt of the petition on Kalamazoo Street east and west of Hayford. A request was sent to the Police Department for radar speed checks on Kalamazoo Street in this area the results of which indicated the 30 MPH was reasonable. The Board is of the opinion that this unfortunate accident would have occurred even with a 25 MPH speed limit.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes,
Secretary.

Referred to Committee on Public Safety.

Letter (d)

November 15, 1973

To the Honorable Mayor and
Members of the City Council

Honorable Members:

On June 27, 1966, a resolution was adopted by City Council that all traffic signals in the City be operated stop and go 24-hours per day. All traffic signals under City jurisdiction have been so operated. 27 of the 66 fixed time traffic signals under State Highway jurisdiction in the City are put on flashing from 10 P.M. to 6 A.M. or 12 Midnite to 6 A.M. as the Highway Department saw no need to operate these traffic signals 24-hours per day.

In order to:

1. Save gasoline by eliminating unnecessary stops and waiting;
2. Save electricity;
3. Provide for safety of motorists driving at late hours.

The Traffic Board recommends that the traffic signals at the following intersections be flashed from Midnite to 6 A.M.:

PROPOSAL TO FLASH TRAFFIC SIGNALS 12 MIDNITE TO 6 A.M.

NOTE: First street name flashing yellow signal indication. Intersecting streets flashing red signal indication—stop required.

Capitol and Ionia, Ottawa, Allegan and Kalamazoo.

Grand and Washtenaw/River, Allegan.

Pine and Ionia, Ottawa, Allegan, Washtenaw.

Walnut and Washtenaw, Allegan, Ottawa, Ionia.

Kalamazoo and Shepard, Clemens.

Pennsylvania and Hazel, Kalamazoo, Jerome.

Mt. Hope and Boston Blvd.

Main and Pine, Walnut, Capitol.

St. Joseph and Capitol, Walnut, Pine.

Washington and Elm, South, Baker.

Also, that the traffic signals at the following intersections be removed:

Barnes and Washington.

Lenawee and Washington.

Pennsylvania and Shiawassee.*

Saginaw and Washington.**

*Out of service since July 19, 1973.

**Removed October 26, 1973, due to construction of Schoolcraft Drive.

Respectfully submitted,

Letter (e)

November 15, 1973

To the Honorable Mayor and

Members of the City Council

Honorable Members:

We submit in the communication attached very important proposals concerning the Municipal Parking System.

We request that you read this communication carefully.

We feel we have made reasonable proposals which expand and augment some of which are already in effect.

The Traffic Board is unanimous in its support of these proposals and has authorized their submission for your prompt consideration as the implementation of some of the proposals is imminent.

Respectfully submitted,

BP-7-73

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their November 13, 1973, meeting, recommended to City

Council that the steam easements controlled by the Board of Water and Light be released.

The easements are described as follows:

From Harry C. Benson, recorded December 7, 1927, Liber 15 of M.R., Page 298, Ingham County: South 5 feet of the North 14.5 feet of the East 99 feet of Lot 11, Block 139.

From Joseph G. Bartow, recorded December 19, 1927, Liber 15 of M.R., Page 324, Ingham County: South 5 feet of the North 14.5 feet of the East 49.5 feet of Lot 11, Block 139.

From Harry W. Van Camp and E. Mayme Van Camp, recorded December 7, 1927, Liber 15 of M.R., Page 296, Ingham County: South 5 feet of the North 14.5 feet of the West 66 feet of Lot 11, Block 139.

This vote was by unanimous decision.

Sincerely,

ALLEN E. TUBBS,
Secretary,
Planning Board.

By Councilman Moore—

That we concur in the recommendation of the Board of Water and Light and the easements be released.

Carried.

LS-25-73

November 15, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their November 13, 1973, meeting, recommended to City Council that the request by Calvin C. Brooks, Jr. to split Lot 159, Frandora Hills No. 1 Subdivision into thirds and attached to Lots 160, 167 and 168 of Frandora Hills No. 1 Subdivision be approved, subject to curb cuts and vehicle access being prohibited from Hillgate Circle and the necessary land surveys and legal descriptions being provided for City Council consideration.

The purpose of the split is to enlarge the size of the three lots. The lot is to be kept as open space.

The three property owners requesting to split the lot intend to utilize the property for open space and enlargement of their existing property. There is no public open space available in this area, therefore the owners are attempting to provide additional private open space. The proposed lot split would make the lot unbuildable, and would not have an adverse effect upon the surrounding area in terms of promoting sub-standard lot development.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Referred to Committee on Planning.

SUP-8-73

November 15, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their November 13, 1973, meeting, recommended to City Council that the petition by George Ruffin for a Special Use Permit to allow an addition to an existing Day Care Center upon the premises known as 1321 West Kalamazoo Street. This addition, in conjunction with the existing facility is proposed to accommodate 59 children, be approved in accord with Plan A, on file with the Planning Department, which indicates a loop drive with angle parking.

The site under consideration measures 111 feet by 118 feet and contains 13,098 square feet. The total building area coverage of this lot is 2,532 square feet, leaving a total open space area of 10,566 square feet, which includes the area for off-street parking.

The plan submitted indicates a service entrance and parking area which will accommodate approximately four (4) cars. Using a figure of 400 square feet per parking space, the open space remaining, excluding parking drives and building area, will be approximately 9,000 square feet.

In relating the open space figures to the requirements of the zoning code, the existing and proposed facilities would allow 59 children. The ordinance further states that all outside play area shall be screened from any adjoining residential districts.

The Board has made several field inspections of existing facilities and cannot find where there is any adverse effect on adjacent residential properties in terms of noise, traffic and activity.

It is further felt that the type of use provides a necessary neighborhood service and is in keeping with the community interest.

One person spoke in favor of petition at the November 13, 1973, public hearing.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Referred to Committee on Planning.

Z-60-73

November 15, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their November 13, 1973, meeting, recommended to City Council that the petition by Ferdinand Barberio to rezone a parcel of land located on the southeast corner of North East Street and Orchard Glen Street from "A" One Family Residential District to "F" Commercial District be approved subject to the following:

That a 5-foot high chain link fence with interwoven red wood slats be placed along the east property line; and further that the parking areas around the building be improved and maintained.

The present use of the site is commercial in nature (Michigan Soft Water and a Karate School). The site has been used for commercial purposes for more than 20 years. When the area was annexed the zoning of the land became "A-1" Family Residential District.

The proposed zoning ordinance shows the site as "RM-1" multiple family residential district. The North East Street Plan shows the site as low density residential. The North East Street Citizens Advisory Committee has decided that, with non-conforming commercial uses, it would be better to rezone the areas, to encourage up-grading and maintenance, with screening for the surrounding residential areas. The petition before the Board could provide for the necessary up-grading.

Parking could be a problem, the building is located on a sizeable portion of the lot, and there are limited parking spaces on the site. The existing land use does not demand a large amount of parking, however, land use changes could present problems. This is why it becomes necessary to control building occupancy as it relates to parking requirements.

Improved on site features, and screening along the east property line would improve the existing living environment for the residents to the east.

There was no one present at the November 13, 1973, public hearing in opposition to the request.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Referred to Committee on Planning.

Members of City Council
Gentlemen:

The Planning Board, at their November 13, 1973, meeting, recommended to City Council that the petition by Lansing City Council to rezone three blocks in Urban Renewal No. 1 and No. 2 from "D" Apartment District, "D-1" Professional Office District, "DM" Multiple Family Residential District, "E-2" Drive-in-Shop District, "E" Apartment Shop District, "J" Parking District and "F" Commercial District to "G" Business District be approved.

The proposed zoning map shows the site as "O-1" Office Building District. The Central City Development Plans shows the three blocks as part of Lansing Community College Complex. The property is presently being used by Lansing Community College and is in conformance with the Central City Plan.

At the present time, there is an intermixture of unrelated zoning districts on the three blocks, each with different setback requirements and restrictions. In order to promote continuity in development, it was felt that zoning on the Lansing Community College property should be consistent. Several months ago the land east of these blocks was rezoned to provide for the expansion of the Community College. This change will complete the rezoning district to be occupied by the college.

The change is consistent with the overall city plans and will promote development consistent with those plans, (Urban Renewal, Central City Plan).

The Planning Board further indicated that this change was to facilitate the development of the Community College and is not intended to encourage commercial expansion in this area of North Capitol Avenue.

There was no one present at the November 13, 1973, public hearing in opposition to the request.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

November 15, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board, at their November 13, 1973, meeting, recommended to City

Council that the petition by the John Wilson Company to rezone a parcel of land located at 4100 South Cedar Street from "J" Parking District to "F" Commercial District be approved subject to substantial compliance with the screening requirements along the west property line that were required on the initial rezoning in 1959.

The lot in question was rezoned to "F" Commercial District and "J" Parking District in December of 1959, and is located within the established strip commercial development along South Cedar Street.

The proposed rezoning would allow for the expansion of the existing building. The present use on the site is an awning company.

The rear portion of the site is presently undeveloped. Parking for the use is on the side of the building. The proposed zoning ordinance indicates that the use should have one space for every 800 square feet of useable floor area. The petitioner has not submitted a site plan, however the survey submitted indicates a total building coverage of approximately 2400 square feet, and therefore could require as many as four parking spaces.

At the present time, there appears to be an adequate amount of parking for the use, and there is a significant portion of land that has not been developed for expansion.

If the proposed rezoning were approved, allowing the addition there would be land to the rear for parking expansion.

The land being considered for rezoning consists of the east 20 feet of the west 64 feet of Lot 26 Jessop's Home Garden Subdivision.

There was no one present at the November 13, 1973, public hearing in opposition to the request.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Referred to Committee on Planning.

November 15, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board, at their November 13, 1973, meeting recommended to City Council that the petition by the Maple Grove Baptist Church to rezone a parcel of land located at 5907 South Logan Street from "A-1" Family Residential District to "F"

Commercial District; "B-1" Family Residential District; and "J" Parking District be denied as filed and further that the property be rezoned as follows:

That lots 1, 2, 3, 4, of Valleau City Subdivision be rezoned from "A-1" Family Residential District to "B-1" Family Residential District and that lots 1 and 2 DeKau Heights Subdivision be rezoned from "A-1" Family Residential District to "J" Parking District, subject to the following condition:

That landscape, screening and fencing plans be submitted to, and approved by the Planning Board within thirty (30) days following City Council approval of the zoning change. Implementation of the plan to be decided at the time of plan approval.

The Logan Street Policy Plan indicates the site as Quasi-Public which includes churches. The proposed Zoning Ordinance shows the site as "R-1C" One Family Residential District, which would allow the church to be located on the site subject to certain specified conditions of the proposed Zoning Ordinance.

The Maple Grove Baptist Church is presently located on the site and is a nonconforming use. The existing church facility has a holding capacity of approximately two hundred (200) persons. The church organization would like to expand and remodel the church facilities to accommodate a total of three hundred (300) persons. Under the present nonconforming status expansion or alterations are limited.

The proposed site plan shows approximately 29,000 square feet of parking area including driveways. It would be possible to park in excess of fifty (50) cars on the site. According to the parking regulations in the proposed Zoning Ordinance, there would be enough parking for a church with room for over three hundred (300) people in the main place of worship. Indications are that the church in question will be able to seat between two and three hundred people. Therefore, according to the above land areas there is enough parking for the existing church and proposed expansion.

The church has also requested that a 25 ft. x 25 ft. area be rezoned from "A-1" Family Residential District to "F" Commercial District to allow the construction of a 35 ft. high sign. Signs are allowed in the "B-1" Family Residential District in conjunction to a church use, however the size of sign that is proposed would not be allowed in a "B-1" Family Residential Zone. The Board believes that size of the sign proposed would be out of scale with the development and the area in which it is located. The Board would have no objection to an identification sign and would suggest that the City Council advise the applicant to scale down the size of the sign to be erected prior to City Council approval.

There were two people present at the November 13, 1973, public hearing in opposition to the request.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

November 15, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their November 13, 1973, meeting, recommended to City Council that the petition by the Ernest Spagnuolo Company to rezone a parcel of land located at 3621 West Jolly Road from "A-1" Family Residential District to "D-1" Professional Office District be denied.

The site in question is shown as Low Density Residential on the Master Plan. The proposed Zoning Map shows the site as R-1C Multiple Family Residential District.

In the early part of 1972, the Planning Board acted upon a rezoning just south of the intersection of Jolly and Waverly Roads. The petition was for "D-1" Professional Office and was denied by the Planning Board and City Council. This rezoning was comparable to the rezoning under consideration. At the present time, Commercial service for the area are contained in the small shopping center to the west. It is considered good planning practice to establish Commercial facilities in integrated centers as opposed to allowing ribbon or strip commercial development to occur along major streets. The Commercial Center concept will be destroyed if zoning and land use development is not in accord with an overall development plan. Pressures for strip commercial development will increase along Jolly and Waverly Roads and bring with it a deterrent to traffic flow and additional traffic and activity to the adjacent residential areas. In terms of area needs there is an abundance of land within the vicinity of the site in question already zoned for Commercial purposes. Some of these are as follows:

1. The southwest corner of Holmes Road and Waverly Road is zoned "F" Commercial for the purpose of providing neighborhood Commercial facilities which include professional offices. The site contains ten (10) acres.
2. The southwest corner of Waverly Road and Glenburne Road is also zoned "F" Commercial for the purpose of providing neighborhood Commercial facilities which include professional offices, (2½ acres).
3. The northeast corner of Waverly and Miller Roads is zoned for Commercial

development which is designed into the residential neighborhood for providing the necessary services. This tract of land contains eight (8) acres.

At the time or rezoning change on South Waverly (Z-13-72), the Planning Board designated certain areas around the Commercial Center located on the corner of Jolly and Waverly for potential Multiple Family Residential use. The site in question is part of the area which was considered. The presence of Multiple Family Residential around the Commercial Center is an example of the node concept. The Commercial Center and the church are focal points of activity and it is more desirable to allow increased residential densities close to activity generators such as these. If done properly the concept of unrelated land use can be achieved so as not to adversely affect existing or potential land development. Any rezoning of the property in question for Multiple Family Residential purposes should occur only if the land is assembled with the land to the west. The assemblage of land will provide for complete and efficient land development of the area. The staff has conceptual land use plans of this area for review.

The proposed facility site is currently zoned residential. To allow an exception in this case would provide the input for strip commercial development in the area. The detrimental effects of strip commercial development can be witnessed on South Cedar and West Saginaw.

The proposed medical and dental service facility would increase the supply of available doctors and dentists in the area. Currently, there is neither a medical or dental center within a 10 block radius of the proposed site. The fact that a similar facility is needed in the area is documented. However, the community's best interest would be served by locating the facility in an adjacent area already zoned commercial. If the facility were to be located in a pre-existing shopping center serving the other needs, it would facilitate central location.

There was no one present at the November, 13, 1973, public hearing in opposition to the request.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Referred to Committee on Planning.

November 15, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their November 13, 1973, meeting, recommended to City

Council that the petition by Herbert and Clover Wolford to rezone a parcel of land located at 2805 East Mt. Hope Avenue from "A" One Family Residential District to "D-1" Professional Office District be denied.

The site in question is located on the northeast corner of East Mt. Hope Road and Fidelity Street. The Forest View Plan shows the site as low density residential. The proposed zoning ordinance shows the site as "R-1A" Single Family Residential District.

The closest commercial or professional office zoning in the area is in the 2500 block of East Mt. Hope, which is to the west of this site.

There is a small animal hospital three lots to the east of the site in question, which is also zoned "A" Residential District. According to Section 36-42 of the Zoning Ordinance, a small animal hospital is allowed in an "A" One Family Residential Zone under a Special Use Permit. City Council granted the Special Use Permit for the small animal clinic on July 28, 1969.

The proposed rezoning is obviously a spot zone, which if rezoned, would establish precedent for future requests, and would eventually change the character of this area. The area in question has no public improvements at the present time, and no public improvements are scheduled for the area in the Capitol Improvements Program.

The proposed use would place pressures for more intensive use in the area, and because of the public improvement situation, more intensive developments in the area would not be in the public interest.

The following is the analysis relating to a parcel of land just west of this site, (Lot 34, Supervisors Plat of Fidelity Farms) and sent to Dr. Wolford March 19, 1971.

"The subject site is just outside the flood plain and is within an area designated for development of a regional park. The City of Lansing has been awarded an open space grant by the federal government for development of the Red Cedar Basin regional park. Acquisition procedures are in process.

This site is within the boundaries of the Forest View Community Master Plan revision which has been adopted by the City Council. This plan designates this area for park use, however, the actual acquisition of park land lies north of the north line of your property, therefore, it would be logical to retain the residential character of this area, unless amendments are made to the Forest View Master Plan.

There have been many inquiries and petitions to rezone property in this area to a higher density than single family. The staff believes that any land use other than single family will require extensive public expenditures to provide a safe level of public services including sewers, police and fire protection. Indiscriminate spot zonings would affect the development potential of surrounding areas, in accord

with the existing zoning, and actually encourage more intensive use of the land, placing higher demands for public sewer facilities.

Discussion with the Ingham County Health Department reveal that soil types in this area vary considerably and that extensive use of private sewer systems (septic tanks) should be discouraged.

Based on the foregoing analysis, the Board would not encourage zoning amendments in this area."

A representative of the Forest View Area was present at the November 13, 1973, public hearing that spoke in favor of the proposal.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Referred to Committee on Planning.

November 15, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their November 13, 1973, meeting, recommended to City Council that the petition by Clement Lounion, G. Dallas Rhodes and John W. Honey to rezone a parcel of land located at 1815 South Pennsylvania Avenue from "A" Residential District to "D-1" Professional Office District be denied.

The site in question is directly north of the Union 76 service station on the northeast corner of Mt. Hope and South Pennsylvania Avenue.

The proposed Zoning Map shows the site at R-1C Single Family Residential District. The Master Plan shows the site as Low Density Residential.

The petitioners propose to place an Insurance Office in the already existing residential structure.

Field inspection reveals that the area in question is a stable residential community and contains the necessary ingredients for retaining its stability. The median in Pennsylvania Avenue discourages mixed traffic movements and sets forth a more pleasant approach to the area. Building set backs along with the mature growth provide additional protection and amenities.

The encroachment of non-residential uses have been limited to the immediate major street intersection, (Pennsylvania Avenue, Mt. Hope).

Vehicle access to the site can only be reached from a southerly approach. Access to the site from the north is severely limited by the median on Pennsylvania Avenue and would increase traffic throughout the adjacent residential neighborhood, because of the necessity to use the residential streets for maneuvering into re-direction.

It has been the policy of the Planning Board to discourage strip commercial development along South Pennsylvania Avenue. Uses along South Pennsylvania Avenue are primarily residential in nature. The proposed rezoning would place additional pressures on surrounding properties for future strip commercial development and actually foster uncontrolled land development.

Since an insurance office is not a neighborhood serving operation, substantial drive-in traffic would have to be anticipated. Accessibility is, therefore, a prime concern here.

The accessibility of this particular site is severely limited by the median strip in the center of Pennsylvania. If southbound Pennsylvania traffic is to reach the site either a residential neighborhood or a business parking lot has to be entered. There is no U turn on Pennsylvania.

In any case, it appears as if a traffic hazard would be created. If cars enter residential areas there would be danger to children walking. The number of school children 3-11 in the 10 block area (nursery school through 6th grade) is 1867 (U.S. Census 1970). If cars make maneuvers into business parking lots there is an increased danger to other motorists.

The 1967 Community Renewal Program Neighborhood Analysis indicate that this site and the surrounding area contains substantially sound middle age homes with relatively stable value. The CRP analysis also indicates that the area should be conserved as residential. The site under consideration contains a house which contains two apartments. It is anticipated that there will be a substantial demand in this city for rental units if present interest rates continue to cut the number of persons able to buy homes. Demand may be greater than the anticipated 15,816 units reported in the CRP Housing Market Analysis published in October of 1972.

It is felt that the existing zoning classification allow reasonable use of the site.

There was one person present at the November 13, 1973, public hearing in opposition to the request.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

RESOLUTIONS

By Committee on Public Service and
Highways—

Resolved by the City Council of the City of Lansing:

That the attached map showing the boundaries of the sanitary sewer service area for the City of Lansing is hereby approved, and

Be It Further Resolved That the following Sanitary Sewer Service Agreement outlining the terms under which sanitary sewer service will be extended outside the corporate city limits is hereby approved, and

Be It Further Resolved That certified copies of this Resolution be submitted to each of the Governmental units involved in the sanitary sewer service area.

SANITARY SEWER SERVICE AGREEMENT

This Agreement, entered into as of this _____ day of _____ A.D., 1973 by and between the City of Lansing by its City Council, Hereinafter referred to as the "City" and _____ hereinafter referred to as the "Township."

WITNESSETH:

Whereas, on April 30, 1973, the Lansing City Council did adopt a Resolution regarding the extension of sanitary sewer service outside of its corporate limits and,

Whereas it is the intent of the City of Lansing to provide said service to the areas contained within the boundaries of the Official Pollution Control Plan and,

Whereas it appears to the Lansing City Council that the extension of such service will benefit all parties, and in the consideration of the mutual covenants hereinafter contained it is agreed as follows:

- 1) This Agreement shall continue in force for a period of twenty (20) years.
- 2) The provisions of Sec. 27 of the Lansing City Code as are existing, or as may be amended, are hereby incorporated and made a part of this Agreement, and where inconsistent with the terms of this Agreement the terms of this Agreement shall rule. Where used herein, "may" is permissive and "shall" is mandatory.
- 3) The Township, when requesting service, shall submit their request to the City Council including the following data: Legal description of area to be served, maximum population in area, name of owner(s) and/or developer, the land use plan for the area, including street layout and existing and proposed utilities, and preliminary cost estimates detailing cost participation by each of the parties concerned. The request must demonstrate that it is in conformance with the overall land use and zoning plan approved by both governmental units, and the request must be submitted to the City Planning Board for their review and recommendation to the City Council.
- 4) The City agrees to treat the sanitary sewage generated by approved areas on the same basis and at the same rates as charged to users within the City.
- 5) After approval of the request by the City Council, and prior to the award of any construction contracts or issuance of required permits, the Township shall submit to the City a "Utility Equity Investment Fee" in the amount as has been determined by the Department of Public Service, and approved by the City Council. Said Fee shall be revised on July 1st of each year, and shall represent the Capital Investment in the sanitary sewer system computed on an acreage basis. In the case of annexation within five (5) years of payment of said Fee, a pro-rated amount of said Fee may be refunded as determined by the Council.
- 6) The City of Lansing will not participate in any costs for the extension of any sanitary sewers or appurtenances, right-of-way required, pumping stations, or legal, engineering and inspection fees except the City may participate in the construction cost of sanitary sewers over 10" in diameter if deemed necessary to provide adequate capacity for the area to be served, or for adjacent areas. Such size shall be as determined by the City Engineer. Such participation shall be subject to

the availability of funds as may be authorized by the City Council, and as are generated from the sewer rate charge.

- 7) The City is not responsible for any costs of construction or maintenance of the individual house leads from the users building to, and including the connection with the main in the street.
- 8) In the case of borderline streets where the City has previously constructed a sanitary sewer, connections will be allowed subject to the payment of the Utility Equity Investment Fee and payment of the assessment cost as paid by the residences of the City and subject to all other provisions of this Agreement.
- 9) No changes in the population density of approved areas will be made by the Township until approved by the City Council.
- 10) A permit from the Department of Public Service will be required prior to any construction work. Detailed plans and specifications prepared by a Registered Engineer, shall be submitted to the Lansing City Engineer for review and approval prior to issuing the construction permit.
- 11) Where practical, all lines shall be constructed in existing or proposed streets. Proposed street locations must be compatible with the City's Street System.
- 12) If easements across private property are required, the Township shall acquire same in the name of the City of Lansing, and have said documents properly recorded.
- 13) Upon completion of construction, and prior to placing in use, satisfactory evidence shall be submitted to the City Engineer that the plans and specifications have been fully complied with, and that the sewers may be placed in service. Upon submitting such evidence, as may be required by the City Engineer, he shall issue a letter of acceptance to the Township, and the City will then accept the system for maintenance and the sewerage for treatment.
- 14) Permits for all connections to the main sewer will be required to assure that adequate records are maintained. Permits will be issued by the Department of Public Service.
- 15) The Department of Public Service shall maintain all records pertaining to the extension of services provided for in this Agreement. The department shall also provide all necessary forms and permits, and shall adopt such rules and procedures as may be required for the implication of this Agreement.
- 16) This Agreement may be amended at any time in writing by the mutual agreement of both parties.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing Redevelopment Department has purchased a parcel of land from J & J Masonry Company, referred to as Parcel 245-11 (221-227 North Cedar Street), Project No. 2, Mich. A-6, and

Whereas, prior to the time of purchase by the Redevelopment Department, the City of Lansing had entered into a Lease Agreement with J & J Masonry Company for the purpose of providing additional temporary parking space for the City Market, and

Whereas, at the time of purchase, J & J Masonry Company assigned said Lease Agreement to the Lansing Redevelopment Department, and

Whereas, the previously assigned Lease Agreement became null and void on October 31, 1973, and

Whereas, the City of Lansing desires to continue use of this land as temporary parking for the City Market, and

Whereas, a new rental agreement has been prepared (which contains the same terms and conditions as the previously agreed upon Lease) by and between the City of Lansing Redevelopment Department and the City of Lansing Finance Department.

Now, Therefore, Be It Resolved that the Redevelopment Director and the Finance Director are hereby authorized and directed to enter into said Rental Agreement.

ZONINGS

By Councilman Ferguson—

Whereas, it is deemed desirable to amend the Classification provided for in the Zoning Code of the City of Lansing, passed on the 13th day of November, 1958, in the following particulars, viz:

That property described as:

Z-62-78 — 400-500-600 blocks North Capitol Avenue,

be re-zoned from "D" Apartment, "D-1" Professional Office, "DM" Multiple Dwelling, "E-2" Drive-In Shop, "E" Apartment Shop, "J" Parking and "F" Commercial Districts to "G" Business District and the "Map" be changed to indicate such transfer;

Therefore, be it resolved, that the City Clerk shall give at least fifteen days notice of a Public Hearing when all persons interested may attend and make any objections they may have to such proposed changes in said Zoning Code.

Resolved further, that such hearing shall be held at the Council Chamber in the City Hall on the 10th day of December, 1973, at 7:30 o'clock p.m., and that notice of such hearing be published in the official publication of said city, as required by law.

By Councilman Ferguson—

Whereas, by petition duly filed on the 27th day of August, 1973, this council was petitioned to change the following described property from "B" One Family Residence District to "F" Commercial District all as set forth in the Zoning Code of this City, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 29th day of October, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-57-73 — 1726 South Pennsylvania Avenue,

more particularly described as:

"Lot 14, Block 7, Assessor's Plat No. 28, City of Lansing, Ingham County, Michigan,"

from "B-1" Family Residential District to "F" Commercial District.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to approve the petition, and

Whereas, the Planning Committee of City Council, to whom the report of the Planning Board was referred, did concur therein,

Now, Therefore, Be It Resolved, that the Council of the City of Lansing ordains that the petition to rezone the above described

property from "B-1" Family Residential District to "F" Commercial District be approved.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Whereas, by petition duly filed on the 17th day of September, 1973, this council was petitioned to change the following described property from "J" Parking District to "A" One Family Residence District all as set forth in the Zoning Code of this City, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 5th day of November, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-58-73 — 4108 Devonshire,

more particularly described as:

"Lot 61, Penway Subdivision No. 1, City of Lansing, Ingham County, Michigan,"

from "J" Parking District to "A-1" Family Residential District.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to deny the petition as filed, and further that the east 30 feet of Lot 61, Penway Subdivision No. 1, be rezoned to "A-1" Family Residential District, and the remainder of the lot remains "J" Parking District, and

Whereas, the Planning Committee of City Council to whom was referred the report of the Planning Board, did concur therein,

Now, Therefore Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "J" Parking District to "A-1" Family Residential District be denied as filed, and further that the east 30 feet of Lot No. 61, Penway Subdivision No. 1, be rezoned from "J" Parking District to "A-1" Family Residential District with the remainder of the lot remaining in a "J" Parking District.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has adopted a Cable Television Ordinance and has received numerous applications pursuant thereto, and

Whereas, the City Council has conducted individual interviews of each of the applicants at which applicants were allowed to present such materials pertinent to their applications as they desired and at which the Council questioned each applicant regarding their application; and

Whereas, the City Council thereafter caused to be held a public hearing after public notice by publication at which each of the applicants was allowed to publicly support their application and were permitted to answer all questions presented by the Council and other interested persons; and

Whereas, thereafter members of the City Council visited installations of each of the applicants selected by such applicants of Cable Television facilities operated by such applicant; and

Whereas, the City Council has received before and during the past twelve month

period voluminous material relating to Cable Television generally and to the applications filed from various of the applicants; and

Whereas, the City Council appointed a technical committee to review all applications, proposals and materials submitted by applicants, has received a written report from such Committee, and has discussed that report with that Committee; and

Whereas, the City Council has caused a copy of such written report of the technical committee to be furnished to affected applicants and has received further and additional information from some of the affected applicants in response to said written report; and

Whereas, after due deliberation, consideration and careful review of the applications and proposals contained therein, the individual interviews, public hearing, visitations, technical committee report and all other materials submitted by applicants, and considering the suitability of applicants, financial responsibility of applicants, ability of applicants to perform a cable television service efficiently and the prior experiences of applicants, it is the opinion of the City Council that Continental Cablevision of Michigan, Inc. is the applicant adjudged most qualified to provide the City of Lansing with Cable Television as set forth in its application and proposal for Cable Television service; and

Whereas, Continental Cablevision, Inc., possesses the necessary qualifications, legal, financial, technical and otherwise, to reasonably assure applicant's ability to satisfactorily install, construct, maintain or operate a cable television system or to furnish a cable television service to the public in the City of Lansing;

Now, Therefore, Be It Resolved, that Continental Cablevision of Michigan, Inc. be awarded a non-exclusive revocable franchise pursuant to the Cable Television Ordinance, upon the preparation of the franchise agreement, its execution by Continental cablevision of Michigan, Inc., its approval by the City Attorney, its having been made public in the office of the City Clerk for a period of thirty days thereafter and its adoption by the City Council.

By Councilman Ferguson (Belen)—

On page 2 of the resolution in paragraph 3 in line 4 after the word maintain the word "or" be changed to "and" and after the word system the word "or" be changed to "and."

Carried.

The resolution as amended was adopted by the following vote:

By Councilman Belen—

That the report of the Committee be adopted.

Adopted by the following vote:

Unanimously.

The Committee on FINANCE, to whom was referred the proposed L.A.L.E.S. Police System:

City of Lansing Police Dept.
System of Computerized
Crime Files—"L.A.L.E.S."

L.A.L.E.S. — Lansing Area Law Enforcement System

I. Project Objectives

A. Priority Objective

1. Crime files are edited in a manner prescribed and approved by the Lansing Police Department.
2. Edited information in the initial file generation will be in a "Batch Process" mode.
3. Visual tubes (hard copy options) will retrieve matter file information randomly and will be "on line" with computer.
4. Front end processor will have dedicated channel to "secure" Police information.
5. Additions, corrections, and deletions will be maintained "on line" from visual display unit, once initial file generation is accomplished.

B. Secondary Objective—That out-put as described in the L.A.L.E.S. manual of Honeywell Corporation.

II. Project Requirements

A. Hardware

The project will require a 24 hour utilization of the City H-2015 computer as currently leased and shall also require the following additional gear:

Equipment Item	Monthly Lease Costs
1 Central Processor (Additional Memory)	\$2,440
2 204D-1 Tape Drives	606
2 277 Disc Drives	930
1 775-1 Vip Terminal	191
1 775-2 Dual Vip	326
1 2600N Front End Processor	768
1 2605 BMLC (Controller)	93
1 2607 SIM (Interface)	209
1 2615 Fixed Head Disc	465
	\$6,028/ Mo. Added.

B. Start-up Costs—The City must negotiate an "Implementation" contract with a professional services firm which will provide:

1. Instruction and training in the maintenance and use of the L.A. L.E.S. system, as well as the expertise in adjusting current Police procedures.
2. O.J.T. and leadership in the communications programming area for the City staff.
3. The overall responsibility for program management so the implementation may be complete and the system working in the time frame contracted. Proposals for this implementation have been offered to the City by the following firms; Honeywell, ECCO, PRC, and Compulink.
4. The EDP staff will state the alternatives of these proposals to the EDP steering committee, who will make a selection after reviewing recommendations.

C. Personnel

1. **Operational** — At this time there does not seem to be a definite need for additional operational personnel in the Data Processing area. This assumption is based on the information from Honeywell that the supervisory program used in this system functions with a minimum of manual assistance from the operations staff. When the need does arise for manual assistance, a message will be communicated to Police personnel operating terminals that the system is not working and a technician is needed. The City and/or Honeywell would have to provide for such person "on call."
2. **System-Administration** — No additional personnel contemplated. However,

- a. The Police Department would have to assign at least one member of the department to monitor this system. That is, one person, responsible to the Police Department, must be assigned to learn enough about the system to understand the consequences of any future program changes affecting the Police system.
- b. The Data Processing Division would have to assign at least one person to the project who would learn and understand the system well enough to maintain and modify the system once it is accepted by the City.
- c. The Police Department would have to assume the responsibility of authorizing any additional program changes made to the Data Processing programmer assigned to the Police Project.

In summarization; there seems to be no immediate need for additional personnel funds to implement the Police project. The proper allocation and assignment of current staff appears sufficient.

III. Additional Benefits

To implement the Police system on a 24 hour basis aside from the "start-up" costs involves an additional hardware rental appropriation of \$6028.00 per month, which is a significant amount. However, this communications hardware is capable of accomplishing much more than the demands of the Police system. It is hoped by the Data Processing steering committee that the following requests may be fulfilled within the present and the following fiscal period.

A. Communications

1. **Finance Department** — Computerized accounting system with terminal inquiry as to budget status position (to all departments—department would budget minimal terminal lease costs)
2. **Income Tax Division** — Enhance income tax system to have visual retrieval of information on those persons filing final returns as well as information on those employer's withholding taxes. Also, visual retrieval of those taxpayer's we bill based on estimated taxes.
3. **Assessor/Treasurer** — Establish communication program that would offer visual display of tax status of all properties in City, as well as a display of cumulative tax collection and the allocation of such collection (annual basis)
4. **Municipal Court** — Would like implementation of moving violation system and on-line communication interfaced to the Police system as well as with a master "outstanding warrant" file.

5. **Planning Department** — Would like visual on-line retrieval of information drawn from a master "parcel file."

But even if the communication systems mentioned above were implemented, further projects could be added as long as the computer would not have to answer more than five at any particular instant. This new hardware has the capability of storing inquiries and then answering them as soon as priority inquiries are reduced.

B. Batch-Processing

Memory for the computer is leased or a "block" basis to obtain the additional memory needed to add a 24 hour Police system, the memoryblock proposed has additional capacity for use by the non-police Data Processing programs.

C. Expanded Computer Use

With expanded communications use as requested in III A, the City may wish to assign "batch-processing" to a second or third shift. This would lead to a more efficient use of the cities EDP dollar and could even lead to a revenue creation operation, depending on the policy decisions of the administration and council.

D. Other

Because of the capabilities of the proposed hardware and the proposed Police project, other Police agencies have indicated an interest in participating in the use of the information and would be willing to "pay their own way" if they were allowed to do so.

IV. Financing

The financing of this project's implementation is approximately \$35,000 for the implementation, and with the earliest projection as to a possible hardware delivery date (1 March 1974) \$24,000 for the additional hardware rental to carry through to the majority of this estimated \$59,000 has been previously budgeted. About fifty five thousand would come from account 101-915-814 and the remainder is already in the machine rental account due to lease equipment acquisition delays. These monies in the main were provided for this specific application two years previous and have been "carried-over" with the present implementation in mind.

V. Proposals

Requests for quotations for the implementation of the police system were prepared and mailed to five vendors. Four of the five vendors returned proposals to the city with the fifth indicating they could not allocate sufficient resources to the project at this time. The proposals returned are summarized as follows:

1. Ecco Consulting Inc.\$26,000
(Low Cash Bid)

2. Honeywell Inc.\$27,593
(\$33,621 less free rental \$6,028)
3. PRC-Public Management
Services Inc.\$30,000
4. Compulink Corporation\$38,400

The Data Processing staff was assigned to evaluate the proposals from a technical aspect. They met with the vendors who submitted proposals and discussed the implications of the project and the technical problems to be faced by the chosen vendor. It was the opinion of the Data Processing staff that "PRC-PMIS" and Honeywell were significantly ahead of the other vendors in their technical knowledge relating to the police system. This conclusion is not surprising, as personnel of both Honeywell and PRC-PMIS were contributors to the original S.A.L.E.S. package. Both of these organizations have also implemented "on line" systems for a number of police agencies, and have had experience working closely with police agencies.

VI. Recommendation

The Data Processing Steering Committee consisting of Mr. Black, Mr. Hopkins, Mr. Dowsett, Mr. Anas and Mr. Guernsey, has reviewed the proposals and is making the following recommendation:

That Honeywell Inc. be selected to perform the implementation, because:

- A. of the two vendors deemed capable by the Data Processing staff, Honeywell is low bid when considering free rental.
- B. Honeywell has a vested interest in the success of the City of Lansing projects, as they do not wish the city to change hardware.
- C. Lansing's EDP staff is familiar with and have been continually working with the Honeywell staff.
- D. the mini-computer (DATA-NET 2000) is a new piece of equipment and Honeywell has more expertise implementing this type of hardware.
- E. the branch manager of sales being located in Lansing provides a second channel to the Honeywell executive offices in case of problems or circumstances that need additional support not foreseen in the contract with the software services division.

Subject: B-73-047 Pedestrian Overpass

Gentlemen:

One bid for the furnishing and installing of a pedestrian overpass on Pleasant Grove at Pleasant View School, PS 64089, was opened at 3:00 P.M., E.S.T. on Tuesday, November 6, 1973.

We recommend acceptance of the alternate bid proposal submitted by Spartan Sign, Inc. in the amount of \$24,548.00. The alternate bid meets the approval of the Public Service Department.

Respectfully submitted,

VAUGHAN L. McKINCH,
Purchasing Agent,

ROBERT R. BACKUS,
Public Service Director.

Referred to Committee on Public Service and Highways.

Honorable Mayor and

Members of the City Council

City Hall

Lansing, Michigan

Gentlemen:

The Grant Application Review Committee met with the Lansing Police Department to review the application under Title I of the Omnibus Crime Control and Safe States Act of 1968 for the continuation and second year funding of the Crime Prevention Unit Program. In reviewing this particular grant, the Committee was not in unanimous accord with the application.

The dissenting report is attached concerning that part of the grant dealing with the purchase of an additional vehicle. An objection is raised that the additional vehicle is not needed for reasons listed in the minority report.

The impact of this project is intended to reduce burglaries, robberies, shoplifting, and auto theft in the city by 5% in the next year. The total amount of Federal support requested is \$109,436. This will require a city's hard-match share of \$6,104. The Grant Review Committee recommends approval of this application subject to the availability of gasoline and the Vehicle Committee's purchase approval.

Our normal memorandums of understanding for continuation of program and personnel costs are a part of this recommendation.

Sincerely,

RAYMOND C. GUERNSEY,
Program Coordinator,

JAMES W. DOWSETT,
Finance Director,

LESTER D. HOPKINS,
Internal Auditor,

ALAN E. TUBBS,
Planning Director,

ROBERT B. BLACK,
Executive Asst. to the Mayor.

Referred to Committee on Public Safety.

Dear Mayor Graves and City Council:

The Social Task Force has spent approximately five months negotiating the Health Proposal. We have been and always will be, concerned about the health services provided not only to Model Neighborhood Residents, but residents of the City of Lansing. We did not deliberately hold up approval of the proposal. We wanted a program that would be agreeable to us as well as the County Commissioners.

Both the Ingham County Health Department and City Demonstration Agency have guidelines for proposals and programs. It was imperative that the mandates were satisfied. Therefore we had several meetings to negotiate the proposals.

On Wednesday, October 31, 1973 Ingham County Commissioners, Mr. Rolland Baumann (City Attorney's Office), Staff of the Health Services Program and Staff of the City Demonstration Agency met to negotiate the fourth year contract. Agreement was reached and everyone left the meeting thinking the contract would be written. At this meeting the amendments submitted by the Social Task Force were agreed upon and it was understood that the amendments would be included in the contract.

If you select a committee of Councilmen and County Commissioners to rewrite the proposal and/or contract; you will usurp the rights of the citizens to review, discuss and make changes where necessary.

We have the expertise to review and critique proposals. We do not want to be overlooked.

Sincerely,

ALTHA LaPOINT,
Chairman,
Social Task Force.

Referred to Committee of the Whole.

Dear Mayor Graves and City Council:

Mrs. Jacqueline Warr is a capable person. Her endless striving to improve the quality of life for Model Neighborhood residents as well as residents of the City of Lansing is an asset commendable of her.

She has assisted us in developing programs, has assisted us in developing alternative solutions to problems and has been a friend.

Without a doubt, we stand behind her. We just wish there were more persons like Mrs. Jacqueline Warr.

Sincerely,

ALTHA LaPOINT,
Chairman,
Social Task Force.

November 21, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their meeting on November 20, 1973, approved the attached Development Plan for the Miller-Marscot area. This is an amendment to the Master Plan of the City and was advertised for public hearing, per the requirements of Public Act 285. All residents of the area, and affected utilities were sent copies of the proposed plan and an announcement of the hearing.

At the North School, approximately 16 people spoke concerning the plan and offered their comments. The Miller-Marscot Citizens Advisory Committee, with whom this plan was developed, has concurred in approval of the plan. This group went house to house in the neighborhood discussing the plan and seeking resident approval.

The Planning Board recommends the concurrence of the City Council in approving this amendment to the Master Plan.

Respectfully submitted,

ALAN E. TUBBS,
Secretary,
Planning Board.

Referred to Committee on Planning.

Honorable Mayor Pro-Tem and Members of
the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

To fill the position vacated by the death of Mr. Edward Roe on the Lansing Fire Board, I am submitting for your confirmation the name of Mr. Simon Chapple, for the term ending June, 1974. Mr. Chapple was born on April 12, 1916, and he is a graduate of Highland Park High School where he worked in industrial plants in the early 1930's. He has served 22 years on the Highland Park Fire Department, retiring as a Fire Lieutenant. He was Local Union President 6 years and brought about the first real negotiations with the City in the history of the Fire Department. Becoming active in local and State union activities, he has served as a State Firefighters District Vice-President 4 years, and President for 6 years. He was the Legislative Representative for 5 years for the Michigan State Firefighters Union and he is presently Legislative Representative for the Michigan State AFL-CIO. Mr. Chapple was a Charter Commissioner for the rewriting of the Charter of the City of Highland Park. At present, he is serving as a member of the Michigan Employment Security Advisory Council, appointed by Governor Milliken in May, 1971. He is a registered voter in the City of Lansing and his residence is 500 S. Capitol Avenue.

Trusting this recommendation meets your approval, I remain

Respectfully,

GERALD W. GRAVES,
Mayor.

By Councilman Moore—

This be referred to Committee of the Whole.

Adopted by the following vote:

Yeas: Councilmen Anas, Belen, Brenke, McKane, Moore—5.

Nays: Councilmen Ferguson, Gunther, May—3.

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

To replace Mr. Roland Rhead, who I appointed to fill the position on the Lansing

Board of Water and Light, I am nominating Mr. Raul M. Arizpe for the term ending June, 1975, on the Lansing Metropolitan Development Authority Board. Mr. Arizpe holds a B.A. Degree in Psychology from Texas A & I University and an M.A. in Counseling from Michigan State University conferred in 1971. He has served as a Research Assistant in the Center for Urban Affairs and later as a Graduate Assistant in the Counseling Center of Michigan State University while pursuing his studies. Mr. Arizpe has worked in the Lansing School District as a Counselor Aide, as well as, a Counselor and Financial Aide Coordinator for Michigan State University upon his graduation. More recently, he has assumed a position as Counselor with Lansing Community College to assist disadvantaged persons to complete either a Certificate or Associate Degree program in their chosen field. A native of Del Rio, Texas, Raul M. Arizpe now resides at 1436 New York Street in the City of Lansing, with his wife.

I believe Mr. Arizpe will become an outstanding appointee to this very important board. The Lansing Metropolitan Development Authority, as a metropolitan area oriented board, requires representatives of the City of Lansing who are knowledgeable and dedicated toward improving the economic and business climate of our community.

Trusting this recommendation meets your approval, I remain

Respectfully,

GERALD W. GRAVES,
Mayor.

November 26, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

We have just been notified by the Michigan Department of Social Services of its intentions to set up Planning and Service Regions for Title III funds of the Older Americans Act. These regions will be based on the Governor's Planning Regions, which in our case will include the counties of Ingham, Eaton and Clinton. One agency in each region will be designated to do planning and setting of priorities for the aging in that region; planning funds of a limited nature will be given to the designated agency to carry out this responsibility. During the second year of this program, the area agency is expected to be responsible for the distribution of Title III funds for the aging in the region.

Our present program, being carried out by the Senior Citizen Coordinating and Information Department for the City of Lansing, carries out a process which is identical to what is being asked of the area planning agency. The only difference is that our present project is limited to the City of Lansing, rather than to the tri-county region. Our Senior Citizen Coordinating and Information Department has already gathered much information about the region and it has worked closely with all of the agencies in the region now serving the elderly.

For your information, I have included one page of the lengthy memorandum received from the Michigan Department of Social Services—this chart shows how the area agency fits into the federal and state program and what functions it is expected to handle. Our department is already involved in all of the activities listed in the chart—planning, coordinating of service and citizen involvement. Because we are already carrying out most of these functions and because the City of Lansing has already begun the process of planning for Senior Citizens, I believe it is extremely important for the City of Lansing to continue its leadership position in this area and insure that the Senior Citizens receive a fair and equitable role in any new organizational initiatives. I would deem it unfortunate if another agency or political subdivision were to take over our important role, since the designation of another agency for the tri-county area would be a duplication of service. Therefore, I am asking your concurrence in adopting the attached resolution which will allow the Senior Citizen Coordinating and Information Department of the City of Lansing to file an application for this area agency designation. The authorization to submit an application for the designation is not determinative of the issue at this stage of the proceedings. At a later date your concurrence will be required before the final acceptance of the Grant or designation and subsequent to the furnishing of more detailed data concerning the proposal.

I sincerely believe that the Senior Citizen Coordinating and Information Department of the City of Lansing could do an excellent job of carrying out the functions of the area agency and that it would benefit Senior Citizens in the tri-county region. I am confident that the Ingham County Board of Commissioners will be acceptable to the idea. Approval, too, from the counties of Eaton and Clinton will eventually be necessary.

Your expeditious and prompt attention to this matter is urgently requested, in view of the time constraints in which we must operate. I do not hesitate to recommend this course of action to the City Council since it is a logical and sensible expansion of the present role our Department is serving for the City of Lansing. In no way will the pursuit of this Grant and designation impinge upon the ability of the Department to fulfill the requirements of its enabling

ordinance or to meet the expectations of our City's Senior Citizens.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

November 23, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

On January 25, 1973, I named Mr. James Holcomb, Director of the Office of Emergency Operations for the City of Lansing, as the Coordinator of Energy Crisis Affairs. Mr. Holcomb has, since that time, been facilitating communications and coordination in the matter of energy crisis, the intention being to minimize the problems if possible.

The most recent meeting of the Mayor's Energy Crisis Committee was held on Tuesday, November 20, upon the request of Mr. Holcomb. In attendance were representatives of the American Red Cross, Lansing School District, Capitol Area Transit Authority, and the major departments of the City. I am submitting the following highlights:

—The energy crisis now before us has been forthcoming for several years, and long before the recent major problem in the Midwest; some officials moved early to meet the problems, while others are still hesitating, at the National level.

—Approximately one year ago, at the State level, Governor William Milliken established a Task Force on Fuel Supply Emergencies to assist home owners, businesses and educational institutions facing energy crisis. The Task Force is operating in close cooperation with the Emergency Operations Office of the Michigan State Police.

—The City of Lansing followed suit. As a result, Mr. Holcomb has been in contact with a number of agencies. The American Red Cross has advised that it is ready in the event of major emergencies; the Lansing School District is in the process of establishing an Energy Conservation Committee, which is expected to consider a variety of matters, ranging from proper school temperatures to steps to be taken should proper fuel allocations not be available at all, and to eliminating any unnecessary bus operation movements; the Capitol Area Transit Authority, which was out of diesel fuel on October 22, has been given a reassignment of allocation and now expects to operate on this basis for at least two months, with other priorities to follow; the Greater Lansing Chamber of Commerce will be providing up-to-date information to

all businesses and industries, the thought being that those readily informed will better know what to expect, and how to best cope with problems as they arise; and, the Lansing Board of Water and Light has already been in contact with its major users, assuring that we expect no local electric energy crisis.

—The Lansing Board of Water and Light is confident that it can avert any local energy crisis in the foreseeable future. Basically, the Board's generators are coal fired, which puts Lansing in a much better position to provide electrical energy to businesses and homeowners, than say the Northeast and Southeast portion of the Nation, which relies heavily on oil to operate generators. Presently, the Board has a 90-day supply of coal "on the ground," with additional coal being ordered to supplement regular allotments. Presently, the Board is in the excellent position of being able to provide excess electrical power, which is being sold to the Consumer Power Company for purposes of supplying their customers in need. In relation to other utilities, the City of Lansing is indeed fortunate. This is not to say there will be no problem. There will, and they can be major—BUT, we are very hopeful of meeting them, though the Air Quality Standards of the Federal Government may have to be relaxed slightly, sometime in the future.

—The Central Business District of the City of Lansing should be in much better condition to remain in operation heat wise than those of most other cities and of general shopping area, thanks to our forefathers. Though most people do not realize it, our forefathers were way ahead of the ecologists of today, when they installed the steam heating system now in use in the area bounded by Saginaw, Chestnut, Larch and Lenawee Streets; with the exception of the stacks of the Ottawa Street Power Plant, there are no stacks, generally speaking, in the CBD, and steam serves 494 customers in that main area of the City, including the mammoth State Capitol Complex. As long as electrical energy can be provided, steam will be a by-product, and heat in the Central Business District will be available.

The aforementioned is not to say that "all is well." Far from it; gasoline, oil and natural gas are already in short supply. And, Federal Officials are advising that supplies will dwindle still further before our own Nation, and many other parts of the world see any substantial improvement. For the present, the City is within 100 gallons of its allocation of one year ago, in regard to diesel fuel and heating oil. It is doubtful this standard can be maintained. In regard to gasoline, the City does face a crisis during the next 30-45 days. The use of 49,000 gallons of gasoline per month by all City vehicles—through more than 75 percent of the total is consumed by operations of the Lansing Police Department—must be curtailed.

Therefore, it behooves us to abide by the requests of the President of the United States, to the effect that passenger vehicle highway speeds shall not exceed 50 miles

per hour, that week-end trips should be limited, that thermostats be turned down, and that, generally speaking energies should be conserved wherever possible. To this end, I wish to advise:

—That, though security lights and street lights will be maintained, the decorative lights on the outside of City owned buildings are being ordered "turned off," hallway lights in City owned buildings are to be reduced, and a determination will soon be made as to what office lights can be reduced without hindering eye-sight and efficiency.

—That, the operators of City owned vehicles on out-of-city trips are being instructed to keep speeds at a level not to exceed 50 miles per hour, and to at all times avoid hard stops and speedy take-offs, when involved in City driving;

—That, the City's Vehicle Committee is being instructed to research the approach of purchasing smaller sized automobiles for the year 1974-75, and in general research means of conserving on the use of gasoline, where possible;

That, governmental units, major businesses, industries, churches and hospitals are being encouraged to establish an "energy conservation committee," and to encourage voluntary car-pooling;

—That, everyone is being encouraged, reminded and re-reminded to lower the thermostat, put on storm windows and dress properly for the situation;

—That, businesses and residences alike are being encouraged to be reasonable with lighted Christmas decorations, and are being reminded to have such lighted decorations turned-off each night by 9:30 p.m.;

—That, those using television are asked to limit the use where possible, and to turn-off lights not being used; and

—That, the Capitol Area Transit Authority is researching the park and ride program, and is encouraging the substitution of busses for automobiles.

—That, those individuals or businesses caught in an oil or natural gas heating crisis are to call the Governor's Task Force (Ph: 373-8250), those in a natural gas crisis are to call Consumers Power Company (Ph: 373-6121), those in an electrical, water or steam crisis can call the Board of Water and Light (Ph: 372-1885), while general information will be provided by the Lansing Office of Emergency Operations (Ph: 372-5000, ext. 233), or the Greater Lansing Chamber of Commerce (Ph: 485-9441).

Certainly, these are only a few steps. But if people respond, they can be major ones. For example, the Consumer Power Company expects to provide sufficient natural gas to its customers in the City of Lansing, pending a "normal winter"—the job could more easily be assured, if thermostats were turned down slightly—we may be a bit uncomfortable at times, but this will be better in the long run for all concerned,

and can help to assure that we will not be uncomfortable for a long period.

The problems before us will take a co-operative effort. I am confident that if all will sacrifice some, together we will succeed.

Respectfully,

GERALD W. GRAVES,
Mayor.

Received and placed on file.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

On June 18, 1973, you did in accordance with State Law (P.A. 8 of 1972) approve Ordinance No. 319, which established an Elected Officers Compensation Commission, of seven members to serve for seven years. Accordingly, the membership was named on September 20.

The Elected Officers Compensation Commission has held a series of meetings in accordance with P.A. 8 of 1972 and Ordinance No. 319 of the City of Lansing and that Commission's recommendations are attached. I am advising that the recommendations will be binding unless you reject them, by a formal resolution adopted by a two-thirds vote. Further be advised, that the determinations of the Commission shall be effective 30 days following their filing with the City Clerk unless rejected in the manner already described.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

Honorable Mayor Gerald W. Graves
and Members of City Council
City of Lansing
Lansing, Michigan 48933
Gentlemen:

The Human Relations Committee has directed the staff to inform you of the 1973 employment survey of City of Lansing Departments.

The employment sub-committee has had the opportunity to review the survey requested from the Personnel Director, by the Federal Equal Employment Opportunity Commission. It was determined that this survey was not indicative of the City of Lansing employment picture. Therefore, the committee feels the necessity of developing a comprehensive survey to reveal the total equal opportunity employment image of the City of Lansing.

The Committee recognizes that this is a mandate of the City of Lansing Affirmative Action Plan and plans to pursue this responsibility.

The survey will be concluded by the first of the year, and all information will be compiled and forwarded to you.

Sincerely,

RICHARD D. LETTS,
Director,
Lansing Human Relations
Committee,
Equal Opportunity Officer.

Referred to Committee on Personnel.

Gentlemen:

The Redevelopment Board, at its meeting held on Tuesday, November 27, 1973, unanimously adopted the attached "Rules of Administrative Procedure."

Pursuant to the City Ordinance, the Redevelopment Board is submitting these "Rules of Administrative Procedure" for City Council approval.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,
Richard L. Zimmerman,
Secretary.

Referred to Committee on Redevelopment.

November 29, 1973

The Honorable Mayor and

Members of City Council

Gentlemen:

The Redevelopment Board, at its meeting held on Tuesday, November 27, 1973, recommended that City Council consider changing Ordinance No. 83, Section 36-57, Meetings of Board; Rules, Quorum, which pertains to the requirements for a quorum. Currently, this Section reads as follows:

Five board members shall constitute a quorum and all administrative actions and recommendations shall be by a concurring vote of at least five members of the board.

The requirement of "five members for a quorum" and that "recommendations shall be by a concurring vote of at least five members of the Board" may have been appropriate when the Board had eight members; however, on November 8, 1971, due to State Law, the composition of the Board was changed from eight to seven members. Therefore, the Redevelopment Board feels that it would be more workable to have the requirements for a quorum changed to four members and action by the Board shall be by a concurring vote of at least four members.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,
Richard L. Zimmerman,
Secretary.

Referred to Committee on Redevelopment.

November 29, 1973

The Honorable Mayor and

Members of City Council

Gentlemen:

Please be advised that the Redevelopment Board, at its meeting held on Tuesday, November 27, 1973, changed the date of the December Board Meeting from Tuesday, December 25, 1973 to Tuesday, December 11, 1973.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,
Richard L. Zimmerman,
Secretary.

Received and placed on file.

November 29, 1973

The Honorable Mayor and

Members of City Council

Gentlemen:

The Redevelopment Board, at its meeting held on Tuesday, November 27, 1973, recommended to the City Council that the Mayor and City Clerk be authorized and directed to execute Amendment No. 2, to the Original Contract, dated September 15, 1971, by and between Bruce S. King, Special Assistant City Attorney, and the City of Lansing, Project No. 2, Mich. A-6.

This amendment is for an amount not to exceed \$5,500.00 and is being requested to cover anticipated Project Legal Services.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,
Richard L. Zimmerman,
Secretary.

Referred to Committee on Redevelopment.

November 29, 1973

The Honorable Mayor and

Members of City Council

Gentlemen:

The Urban Redevelopment Board, at its meeting held on Tuesday, November 27, 1973, recommended to City Council that a resolution, "Authorizing and Providing for the Filing of a Financial Amendatory Application to the Loan and Grant Contract, Project No. 1, Mich. R-87; including a Commitment of City Funds in the amount of \$57,997.50" be approved.

This resolution is necessary to effectuate the "Project Closeout Procedure," as re-

quired by the Department of Housing and Urban Development.

Project activities have been completed, except for disposition of assembled project land (79.6% sold or under contract), and Project Closeout is in the best financial interest of both the Federal and Local Government (termination of interest and ongoing administrative charges).

Closeout of Project No. 1, Mich. R-87 has been scheduled for May 22, 1974.

To facilitate Project Closeout, it is necessary for the City of Lansing to advance City Funds in the amount of \$57,997.50, which are to cover the disposition value of land under contract for sale to a developer (Parcels 12A and 13, Neller-Mayotte). These advanced funds will be repaid to City Account upon consummation of the sale of disposition parcels 12A and 13.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,
Richard L. Zimmerman,
Secretary.

Referred to Committee on Redevelopment.

November 29, 1973

The Honorable Mayor and

Members of City Council

Gentlemen:

The Urban Redevelopment Board, at its meeting held on Tuesday, November 27, 1973, recommended to City Council that a resolution "Authorizing an Urban Renewal Marketing Program," Project No. 1, Mich. R-87, be approved.

This resolution is required by the Department of Housing and Urban Development, as a condition of Project Closeout, and is to assure the Federal Government that the City of Lansing will continue an aggressive Land Marketing Program during the post Project Closeout Period, to dispose of unsold project land in a timely and proper manner.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,
Richard L. Zimmerman,
Secretary.

Referred to Committee on Redevelopment.

November 29, 1973

The Honorable Mayor and

Members of City Council

Gentlemen:

The Redevelopment Board, at its meeting on Tuesday, November 27, 1973, reviewed

the Relocation/City Demonstration Agency 4th Action Year Contract (Cooperative Agreement) and unanimously agreed that various sections of the contract do not delineate the responsibility of the Redevelopment Board and were not applicable functions of the Redevelopment Department.

Due to their concerns, the Redevelopment Board recommended that City Council rescind their action taken on November 13, 1973, approving the Relocation/City Demonstration Agency 4th Action Year Contract; and that the contract be redrafted so that the terms and conditions of the contract are consistent with, and applicable to, the functions and services of the Relocation Office; and, further, that the Redevelopment Board have an opportunity to review the contents of the redrafted Contract.

Simultaneously, while the contract is being prepared, that City Council adopt a letter to proceed which would provide for the Relocation Office to continue relocation services and process relocation payments to Model Cities residents.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD,
Richard L. Zimmerman,
Secretary.

Referred to Committee on Redevelopment
and City Attorney.

Dear Mr. Mayor Pro-Tem and
Council Members:

Attached please find a recent letter received by this office and dated November 28, 1973, from Mr. Delmar C. Nagel, Chairman of the Elected Officers Compensation Commission, regarding certain statements contained in the November 27, issue of the State Journal. Mr. Nagel has requested that this information be made available to the Lansing City Council and I am, therefore, forwarding it to you for your attention.

Respectfully,

GERALD W. GRAVES,
Mayor.

December 3, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council

Tenth Floor—City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

On Thursday, November 29, The State Journal carried the following headlines: "Mayor 'Busts' Out Of Model Cities Meet—Absence Angers Policy Board." The article itself would have been factual had The State Journal taken a few moments to talk to me. For example:

—The article states that I attended a post-season awards banquet for the Michigan State University football team "rather than a meeting of the Model Cities Policy Board, called by the City Council and the Mayor's Office to air differences over the controversial City program." Yes, I did attend the awards banquet, BUT, the Model Cities' meeting was not called by my office. It was in fact called by Councilman Joel I. Ferguson, and apparently Jacqueline Warr, I was notified after the meeting date was established. This is the second time in two years that this approach has been taken and I do not appreciate it. The proper way to call a meeting, if Councilman Ferguson and Jacqueline Warr truly desire to have the Mayor present, would be to give him an opportunity to provide input regarding a date, or dates, for such a meeting.

—The State Journal article attributes to Councilman Ferguson a statement to the effect that he had only learned just prior to the meeting "that Graves' had a prior commitment and would not show up." The fact of the matter is that Councilman Ferguson was advised on Tuesday, November 20, or eight (8) full days before the meeting was held.

—The State Journal articles states that "Graves" event started with a hospital-ity hour at 6:00 and dinner at 7:30 p.m." The fact of the matter is that I did not leave the office until after 6:15 p.m., as I was in conference with a reporter from the State News of Michigan State University. Following my departure, I went home, I showered and dressed, and then spent a short time with my family before going to the Civic Center. I arrived a couple of minutes before the banquet commenced.

I take very strong exception to meeting being called, at which I am to attend, without me having an opportunity to provide input. I also take exception to such Policy Board members, as Harold Emmons lashing out at my Executive Assistant, who in fact did make the meeting. I would say that Mr. Emmons is a Policy Board member, as a result of fewer than 100 votes, and he is the same individual who used the Citizens Congress, Incorporated, for travel purposes. Certainly, he is the last person who should be overly boisterous.

During the meeting of Wednesday, November 28, 1973, I am advised that you were informed that all activities of Model Cities, "are now in order." If so, why did my offices receive the attached invoice, billed to Citizens Congress, Incorporated, for a payment 6-months overdue? Too, please note the attached communication from Jacqueline Warr, which is a response to my letter of November 15, 1973,—it points out that M.E.D.C.O.L., a Model Cities agency until recently, purchased \$4,116.59 in office equipment—items not accounted for at M.E.D.C.O.L., and identified as "stolen," amount to approximately one-fifth of the total and include such items as—2-Panasonic Tape Recorders, 1—Victor Adder, 1—Typewriter Stand, and etc. As one point of information, I wish to advise that it was not myself who championed for M.E.D.C.O.L.—it was Councilman Joel I. Ferguson and Jacqueline Warr. The record will show that I clearly pointed out the problems in that organization, many, many, months ago.

In regards to the future of Model Cities, please note my communication to you on May 29, 1973, which was attached to the Fourth Year Action Plan of Model Cities as submitted to the United States Department of Housing and Urban Development. Basically, it spells out the role of Model Cities'. Further, in keeping with my recommendations and policy statements, you did on November 13, 1973, unanimously approve a Better Communities Act Council Task Force, one of the steps I had originally recommended. Last Friday, in a meeting with Mr. Eugene Loyd of the Policy Board of Model Cities, he did express the thought that Model Cities probably was negligent by not sending my communication of May 29, 1973, to the Policy Board and Task Forces members. I wish to advise that I will shortly be setting up a meeting between myself and the members of the Policy Board, so that the Policy Board members will be made aware of the direction I had proposed for Model Cities more than six (6) months ago.

Respectfully,

GERALD W. GRAVES,
Mayor.

Received and placed on file.

RESOLUTIONS

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

That the low bid submitted by Spartan Sign Company in the amount of \$24,548.00 for the construction of a Pedestrian Overpass on Pleasant Grove Rd. at Pleasant View School, contract No. PS 64089, and to include the voluntary alternate for "one-piece construction," be accepted, and

Be It Further Resolved that the Mayor and City Clerk be directed to execute a contract with said Spartan Sign Company on behalf of the City of Lansing according to the said bid presented and the specifications on file, upon approval of the contract, and of the bonds and insurance policies by the City Attorney, and upon certification of the City Controller as to the availability of funds.

Councilman Moore left the session.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing fire insurance policy expires on December 1, 1973, and

Whereas, the City of Lansing desires to place its fire insurance policy on a fiscal year basis beginning July 1, 1974, and

Whereas, the Finance Director and Purchasing Agent have recommended that the fire insurance policy with the Michigan Millers Mutual Insurance Company be renewed December 1, 1973 through June 30, 1974, and

Whereas, the Lansing Mutual Agency has submitted a proposal to renew Michigan Millers Mutual Insurance Company policy No. 10643348 for a three year period ending December 1, 1976 with the option of canceling said policy June 30, 1974 at no penalty to the City.

Now Therefore Be It Resolved, that the City of Lansing renew the fire insurance policy with Michigan Millers Mutual Insurance Company (Lansing Mutual Agency) effective December 1, 1973 for the three

year period ending December 1, 1976 as recommended by the Finance Director and Purchasing Agent. The letter from the Finance Director and Purchasing Agent and the proposal from Lansing Mutual Agency are attached.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing is desirous of implementing a system of computerized crime files referred to as LALES (Lansing Area Law Enforcement System) for the Lansing Police Department, and

Whereas, the City of Lansing has requested bid proposals from qualified vendors to implement the LALES system, and

Whereas, the City of Lansing Finance Committee has reviewed said bids and has submitted a committee report to the City Council on November 26, 1973, (copy attached), and

Whereas, the Lansing Police Board and Police Chief have submitted a recommendation relative to the LALES system and do concur with the recommendation of the Finance Committee.

Now Therefore Be It Resolved, that the City Council accepts the recommendation of the Finance Committee to award a contract to implement the LALES system to Honeywell, Incorporated as the best bid in an amount not to exceed \$33,621 which includes rental of the communications equipment for 30 days.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

That, Whereas, the Department of Social Services is designating area agencies to plan for and to distribute Title III funds of the Older Americans Act;

Whereas, applications for such designation must be submitted prior to December 10, 1973, to the Michigan Department of Social Services;

Whereas, the Senior Citizen Coordinating and Information Department (formerly the Lansing Areawide Model Project on Aging) is carrying out a process identical to what is being required of the proposed area planning agencies;

Whereas, designation of another agency

to carry out these activities would constitute a duplication of services;

Whereas, the City of Lansing has continually encouraged the growth and development of regional governmental and service agencies;

Therefore Be It Resolved, that the Senior Citizens Coordinating and Information Department receive the approval of the Mayor and City Council in making application for preliminary consideration as the designated area agency on aging for the Tri-County Region.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing, being desirous of selling certain Bingham Street property; and

Whereas, bids were duly requested and received one from Nicholas Prass, being accepted; and

Whereas, certain conditions of the bid are to be met by the purchaser; and

Whereas, the conditions are best controlled by the city during an option period; and

Whereas, when those conditions are met, the city will deed the property to Nicholas Prass; now, therefore, be it

Resolved, that the Mayor and City Clerk are hereby authorized and directed to execute an option agreement with Nicholas Prass for the purchase by Nicholas Prass of the Bingham Street property; and be it

Further Resolved, that the Mayor and City Clerk are hereby authorized and directed to execute a deed to said property upon certification by the Building Department that all Code requirements are met.

Adopted by the following vote:

REPORTS OF CITY OFFICERS AND BOARDS

November 28, 1973

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Gentlemen:

I have been appointed to the Michigan Municipal League's Special Committee on Property Tax Revision. I would appreciate any comments that members of the Council, the Mayor or other interested persons have regarding this topic.

Respectfully submitted,

PETER HOUK,
City Attorney.

Lansing, Michigan

Re: Platsis v City of Lansing

Gentlemen:

In an opinion issued December 4, 1973, Judge Marvin Salmon of the Ingham County Circuit Court granted the Motions for Accelerated Judgment which had been filed by the city in the above case, and dismissed two counts of Mr. Platsis' Complaint.

The Court ruled that since the city is presently levying 10.70 mills in property tax that the question of whether it may levy in excess of 10.88 mills, the limit established by ordinance at one time, is not ripe for Court determination. Judge Salmon also ruled that the city was not required to return approximately \$2,500,000 which Mr. Platsis had alleged was illegally collected in 1971 and 1972.

This office did not challenge Mr. Platsis' right to contest, in his third count, the equalization procedure mandated by state statute, but the Court did suggest that if the challenge were pursued, the county and the state be joined as parties to defend the equalization statute.

Respectfully submitted,

PETER HOUK,
City Attorney.

TO: Honorable Mayor and City Council

FROM: James W. Dowsett, Director of
Finance and Vaughan McKinch,
Purchasing Agent

SUBJECT: 14 Foot Van Truck Transferred
From Project Aid PN15 By
Council Action of Dec. 3

On December 3, 1973, the City Council approved a transfer of a 14 foot van truck to the Youth Development Corporation PN-31R project of Model Cities. However, the City was in need of this truck to carry out the transfers of equipment made necessary by the CDA Property Reversion Ordinance approved by Council.

Under the circumstances we are in the position now of going one of 2 ways to transfer CDA equipment. One would be to establish a budget to contract with outside sources for transfers and removals or secondly, to budget immediately an estimated \$8,000 and put out the bid for one such identical van with anticipated delivery of approximately six months.

In our judgment this transfer to the Youth Development Corporation makes it impossible to continue our responsibility as set down by the CDA Ordinance. Hopefully the Council will take this into consideration and reverse the prior approval.

JAMES W. DOWSETT,
Director of Finance,

VAUGHAN L. McKINCH,
Purchasing Agent.

Subject: Grant Review Committee Recommendations—Request for Temporary Sergeant

Gentlemen:

The present Crime Prevention Unit Grant Program, which has approximately four more months to operate, requires the establishment of a supervisory position (temporary rank of sergeant). The temporary position of sergeant has been requested in the extension of this grant which was recently approved by the Council and is now pending before the State of Michigan, Office of Criminal Justice Programs.

All of the staff in this program are on a temporary basis—related directly to the duration of the grant. The additional funds for this supervisory position are being provided by the grant through the Office of Criminal Justice Programs. There are no additional city funds involved in this request.

The Grant Review Committee unanimously recommended the Grant be amended and would encourage the Personnel Committee to review this request in the affirmative.

THE GRANT REVIEW
COMMITTEE,

Daniel J. Bodwin,
Personnel Director,

Lester D. Hopkins,
Internal Auditor,

James W. Dowsett,

FROM: Board of Trustees—Policemen's &
Firemen's Retirement System

SUBJECT: Appreciation of efforts to In-
crease Retirement Benefits

Certain of our Police & Fire Department retirees will receive an increase in their existing pension benefits as a result of a favorable vote for Proposition A at the November 6th general election.

On behalf of these retirees, the Board of Trustees of the Policemen's and Firemen's Retirement System wishes to thank the Mayor and City Council for their support in placing Proposition A on the ballot and for publicly explaining the net effect that voter approval would have on the financing of the Retirement System.

As a result of the approval of Proposition A certain pension benefits will be increased effective December 1st.

Received and placed on file.

Gentlemen:

Inasmuch as Mr. Kurth R. Peterson's contract with the city for wood waste disposal terminates December 31, 1973, Mr. Peterson appeared at the Park Board meeting held December 5, 1973, and requested a re-

newal of his contract. The Park Board took the following actions:

"By Mr. Fletcher—

That the contract with Mr. Peterson be renewed.

Carried."

"By Mr. Swathwood—

That we agree with the changes proposed by Mr. Kurth R. Peterson with the following exceptions: That the contract shall be for one year only and that suitable language be inserted for termination of the contract upon proper notice, and that these contract details be discussed with the City Attorney in preparation of a proper and satisfactory contract with the City.

Carried."

In view of the upcoming expiration date of the present contract, (12-31-73), we would appreciate your prompt attention.

Sincerely,

THEODORE J. HASKELL,
Director,
Parks and Recreation.

December 6, 1973

Honorable Mayor Gerald W. Graves and

Members of the City Council

Lansing City Hall

Lansing, Michigan

Gentlemen:

In the spring of 1974, the Activity Center/Corridor Project Advisory Committee will be making recommendations on the future mass transit needs of the central city. The Federal Aid Highway Act of 1973 included provisions that monies coming to local areas under the Urban Systems Program could be utilized for transit and transit-related facilities such as peripheral parking.

It is the Committee's recommendation that a substantial portion of the presently unallocated Urban Systems Funds should be set aside to insure that funding will be available to implement the recommendations of this Committee for the central city. Pursuant to this, the Committee unanimously supports the attached resolution and urges the City Council to adopt this as the City's policy regarding the unallocated Urban Systems Funds.

This does not rule out the use of some of these funds for street and highway programs, but preserves our options until we are in a position to make our final recommendations.

Sincerely,

ERIC GENTILE,
Acting Chairman,
Activity Center/Corridor
Project Advisory Committee.

Referred to Committee on Public Safety.

December 6, 1973

Honorable Mayor Gerald W. Graves and

Members of the City Council

Lansing City Hall

Lansing, Michigan

Gentlemen:

The Activity Center/Corridor Project Advisory Committee appointed by you on June

18, 1973, to determine the transit needs and to recommend future transportation goals and policies for Lansing's central city has been concerned with the lack of adequate transit facilities to serve handicapped persons.

It has come to our attention that the City is submitting a request to the Urban Mass Transit Administration for additional busses. The Committee, at its meeting on December 5, 1973, unanimously adopted a recommendation that this grant be amended to insure that the new equipment being purchased by the City will be usable by all the public and this shall include the physically handicapped. We therefore recommend that the City take whatever steps are necessary to insure that this goal is accomplished.

Further recommendations concerning transit facilities for the handicapped will be forthcoming as a part of our study of the transportation needs of the total community.

Sincerely,

ERIC GENTILE,
Acting Chairman,
Activity Center/Corridor
Project Advisory Committee.

The Planning Board will hold a public hearing on the rezoning of property lo-

cated at the southwest corner of Midwood and Pleasant Grove Road extended. This rezoning is from "A-1" single family residential district to community unit plan district.

The applicant proposes to construct (10) ten-four family structures at a density of 8 units per acre. Parking will be provided for at 2 spaces per unit and vehicular access from Midwood Street is indicated.

This public hearing will be on Tuesday, December 18, 1973, at 7:30 p.m. in Court Room No. 1, Sixth Floor, City Hall.

If you have any interest in this matter, please contact the Planning Office, where plans are on file, or attend the public hearing.

Sincerely,

VERNON C. FOUNTAIN,
Zoning Administration
Coordinator,

ALAN E. TUBBS,
Planning Director.

December 6, 1973

Honorable Mayor and
Members of City Council
Gentlemen:

The Planning Board, at their December 4, 1973 meeting, adopted the proposed alignment of Edgewood Boulevard as an amendment of the Major Street Plan of the Master Plan. And, recommends the approved Master Plan Amendment to the City Council for their adoption to include the following:

1. That the official Master Plan Map be amended to reflect the change as defined in Exhibit A;
2. That the Planning Board be involved in the planning and design of the Roadway alignments;
3. That in developing the design of this road system that adequate environmental safeguards are included; and
4. That the Planning Board prepare the Environmental Impact Statement and hold the design hearing on the roadway prior to any formal commitment of funds by the City;
5. That there be controlled access through the entire length of Edgewood Boulevard;
6. That there be a revised land use plan for the areas being affected by the new plan.

In accordance with Municipal Planning Commission, Act 285 of the Public Acts

of 1931, State of Michigan, the Lansing Planning Board advertised and held a Public Hearing to consider an amendment to the Major Street Plan of the Comprehensive Master Plan for the City of Lansing. Upon closing the Hearing and taking under advisement all testimony and evidence, the following recommendation is made:

The City of Lansing is currently experiencing a high degree of urbanization in the south and southwest sections of the City.

According to the 1970 U.S. Census information, the area bounded by Jolly Road, the east and west City limits, and I-96 Expressway, contains 3,881 dwelling units with a total population of 12,555. Also proposed for this area are approximately 5,000 new dwelling units which are either in the planning stage or are under construction. This new residential development is especially heavy around the Miller Road area. It is south of Miller Road that the majority of the proposed Edgewood Corridor is located.

Some of the primary reasons for the creation of the Edgewood Corridor are:

1. It will improve access to, and circulation within, the existing and proposed residential neighborhoods south of Miller Road between Logan and Cedar Streets.
2. It will relieve some of the vehicular congestion currently being experienced on Miller Road. (Vehicular flow ranges from 1,600 to 8,900 cars per day—TCRPC, 1972 data).
3. The corridor will directly link up with the extension of Pleasant Grove Road to improve north and south bound traffic movements and thereby relieve congestion on Logan Street and Waverly Road.
4. It will improve more efficient and safe access for the residential area south of Miller Road to the I-96 interchanges on Logan and Cedar Streets.

Edgewood Road will serve as an arterial collector which limits access to intersecting streets and major development projects. The proposed alignment of the route is divided into the following four sections:

Section A (Miller Road to Logan Street) — This route will connect the Pleasant Grove Extension with the westerly beginning of the Edgewood Corridor at the intersection of Logan Street and Annetta Street.

Section B (Logan Street to Grovenberg Road) — This represents a difficult stretch of the route because it proceeds through an established residential area and links up with the existing Edgewood Boulevard east of Grovenberg Road.

Section C (Grovenberg Road to Washington) — A portion of the boulevard within this section is already con-

structed and lies within the Wood Glen Subdivision. The proposed alignment proceeds southeast to cross West Edgewood Road and abuts the north right-of-way line of Interstate 96 and intersects with Washington Avenue in close proximity to the Washington/I-96 overpass.

Section D (Washington to South Cedar Street)—The proposed corridor proceeds easterly between the existing Edgewood Boulevard and Interstate 96 and swings northward to connect with the newly constructed Edgewood Boulevard in the Kahres Farm Subdivision. It proceeds primarily across vacant land and lightly developed residential properties and has its easterly terminus at South Cedar Street. Existing Edgewood Boulevard will be retained as a local street to serve the residential development currently located along Edgewood.

This Master Plan amendment was adopted by unanimous vote.

Respectfully submitted,

ALAN E. TUBBS,
Planning Board Secretary.

Referred to Committee on Planning.

December 6, 1973

Honorable Mayor Gerald W. Graves and
Members of the City Council
Lansing City Hall
Lansing, Michigan

Gentlemen:

The Planning Board, at its regular meeting of December 4, 1973, reviewed and unanimously recommends the attached resolution regarding the earmarking of Urban Systems Funds for transit and transit-related projects such as peripheral parking.

The Board is working very closely with the Activity Center/Corridor Project Advisory Committee and has also been charged by the City Council to address the needs of public transit facilities in the City of Lansing as outlined in a resolution dated October 15, 1973.

Because of the apparent energy crisis, the Board believes the earmarking of \$1,000,000 of unallocated Urban Systems Funds on transit and transit-related facilities is a sound approach to insuring that the City of Lansing will be in a position to insure adequate funds for mass transportation facilities.

We urge City Council to adopt this resolution as City policy.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Public Safety.

December 5, 1973

Honorable Mayor Gerald W. Graves and

Members of City Council

Lansing City Hall

Lansing, Michigan

Gentlemen:

The Planning Board, at their meeting on December 4, 1973, approved the following recommendations regarding the new Public Service Garage Site on South Street.

The recommendations are twofold in that the City must take the lead in promoting community development through application of appropriate ordinance procedures and the implementation or coordination of programs of the numerous City Boards and agencies.

A. RECOMMENDATION CONCERNING PRECEDURES:

In compliance with the City of Lansing Zoning Code, Chapter 36 of the Code of Ordinances and to satisfy the Flood Plain Ordinance, the Public Service Board should request City Council to grant a Special Use Permit to construct a garage on the site. This process is required for anyone in the private sector and will substantially boost the City's position in implementing the Code of Ordinances.

B. RECOMMENDATION CONCERNING DEVELOPMENT:

The Public Service garage site is compatible with the surrounding land uses and is readily accessible from the community. The zoning and land uses are warehousing and industrial in nature; therefore, the development will not be detrimental to the neighboring uses. Access is gained from both Lyons and South Streets and the truck traffic will not conflict with adjacent land uses.

The site is adjacent the City's asphalt plant; therefore, the project establishes a desirable functional relationship for public works activities. The site is located in the 100 year frequency flood plain. Flooding under this situation would inundate the salt storage bin and cause considerable pollution.

The Planning Board generally agrees with the location of the Public Service Garage Site and the proposed uses. It is suggested that the Public Service Department site be developed in line with the following elements:

1. Improve the visual impact of the site as it relates to the river.
2. Set the example for others to follow, especially the private sector where they own river frontage.

3. Promote the development of the "Continuous Waterfront Circulation System" proposed by the Waterfront Development Board. In addition, the capacity to develop a segment of the city-wide bike path system along the riverbank will be established with the Public Service Site providing the initial step along the south bank.

To achieve the proposed waterfront development, the following specific actions are recommended:

1. A new site plan be prepared in accordance with the recommendation contained herein and submitted with the request for a Special Use Permit.
2. A minimum of fifty (50) feet in horizontal distance, from the normal water's edge, with a minimum of twenty-five (25) feet set back in width from the top of the river bank to permit maintenance shall be designated as City Parkland. Due to changes in topography, especially along the bank, the exact location of the fifty (50) foot or twenty-five (25) foot dimension shall be determined in the "field" by members of the Public Service Department, Parks and Recreation Department, and the Planning Department. The location of the horizontal setback for parkland may require the relocation of the buildings as shown on the site plan, particularly the "vehicle storage" structure.
3. The Public Service Department or the Parks Department shall be designated to maintain this parkland.
4. Funds to develop this parkland can be obtained from the Capital Improvements Fund under "Riverfront Improvement."
5. This parkland, referred to as "bank" below, shall be developed in the following manner:
 - a. The bank shall be cleared of all debris, including any tree stumps, and shall not be used as a disposal area for debris.
 - b. Scrub growth along the bank shall be removed while maintaining protective soil conservation in accordance with the "planting plan" described in item "d" below.
 - c. The existing trees along the bank should be inspected by the Parks Department to determine what trees are to be saved.
 - d. The bank shall then be graded according to plans developed by the Parks Department including a "planting plan" indicating ground cover and other appropriate plant material. This plan

shall be approved by the Water-front Development Board, the Parks and Recreation Board and the Planning Board. The bank shall be planted in accordance with the plan.

- e. The old machinery (spreaders, rollers, dragline scoops, etc.) as well as the abandoned truck, and the weathered propane gas tanks shall be removed from the bank and either disposed of or placed in an area less visible from the river.
 - f. Any fencing shall be so located as to not physically interfere with the designated parkland.
 - g. The City shall request the railroad to continue the clearing of its property.
6. The problem of flooding should be considered by placing the grade of the salt storage shed above the 100 year frequency flood crest elevation of 832.5 feet.

These recommendations were approved by a unanimous vote.

Respectfully submitted,

ALAN E. TUBBS,
Planning Board Secretary.

Referred to Committee on Buildings and Properties and Committee on Public Service and Highways.

December 7, 1973

Honorable Mayor and Members
of the City Council

Gentlemen:

The City Council approved the Community Unit Plan of Hunter's Ridge on June 26, 1972. One condition of approval was the provision for a 35 foot public easement along the Grand River. The City Attorney's office is in the process of drafting the necessary document for city acceptance of this easement, and is in need of the necessary land descriptions.

The Public Service Department has indicated that they are unable to provide man hours for the necessary line descriptions for this document. Therefore, this office is requesting outside services and will need the necessary monies for payment.

Your immediate attention is requested, as the Grantor has requested that the transaction occur prior to January 1, 1974.

Thank you for your cooperation.

Sincerely,

ALAN E. TUBBS,
Director,
Lansing Planning Department.

Referred to Committee on Planning.

December 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their meeting of December 4, 1973, recommended to City Council that a parcel of land described as Lot 24, Oakdale Addition be sold subject to a fair market value, being established by the City Assessor.

Lot 24, Oakdale Addition was acquired by the Board of Water and Light, from the State of Michigan, October 11, 1940. The Board of Water and Light informed City Council on August 29, 1963, that this property was no longer needed and recommended that it be sold.

The Board of Water and Light has received an offer to purchase this property from Ms. Edna L. Higgins, who owns the adjacent property at 818 Clyde Street.

The Board of Water and Light desires to sell the property, the Fire Marshall has no requirements and no other departments or utilities have expressed any requirements or recommendations regarding the sale of this property.

The Board would recommend the sale of this property as it can see no further need for it by the City.

This decision was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Referred to Committee on Planning.

BP-9-73

December 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their meeting of December 4, 1973, recommended to City Council that City Council Action No. 419, August 26, 1957, be changed to eliminate the screening requirements on the east side of Lot 1, and require that the screening on the north be provided, with no access to the residential properties to the north.

The subject property Lot 1, Assessor's Plat of Saginaw Park, was zoned "F" and "J" on August 26, 1957, with the stipulation providing for a properly treated redwood or cedar fence of the louvered type with board running perpendicular to the ground five feet six inches in height on the

east and north lines of the "J" parking area.

Subsequent to the rezoning of this property Lot 2, Assessor's Plat of Saginaw Park and located on the northwest corner of West Saginaw and Cawood, was zoned "F" and "J" and is now developed in off-street parking.

At the present time, there is only a partial fence on Lot 1 and no fencing on Lot 2 between the "J" Parking District and the "B-1" Residence District to the immediate north. One to the partial fence there is an existing drive between the "J" Parking and the residential property to the north. Both of the properties are owned by Mr. Leo Smith.

At the time of rezoning, a fence was required along both the north and east lines of Lot 1, 1804 West Saginaw. In that the parking is now developed on both Lots 1 and 2, it is felt by the Board, that the fencing required between Lots 1 and 2 is no longer needed, but the required fencing on the north property line of Lot 1 should be completed full length without any opening which would allow vehicle access between the residential and commercial development.

This vote was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Referred to Committee on Planning.

December 5, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

On December 4, 1973, the Planning Board recommended to City Council that the parcel of land owned by Noel Maxam be accepted by the city for the purpose of extending Holmes Road.

The site in question lies directly west of Holmes Road. In order to extend Holmes Road to the west to connect with the River Drive concept, the property in question would have to be acquired in some manner. Because of its importance to the extension of Holmes Road, it would only seem logical to accept the gift from Mr. Maxam. The value Mr. Maxam has placed on the property should be determined with the City Assessor for its validity.

This vote was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

December 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their December 4, 1973, meeting, recommended to City Council that the petition by John F. and Olivia Brisbin for tentative approval of the preliminary plat of Brisbin Farms Subdivision be approved subject to the following conditions:

1. That the final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.
2. That all lots shall be graded so surface water will drain therefrom so as not to adversely affect adjacent properties.
3. That the developer utilize an underground electrical distribution system as specified in Section 37-33.1 of the Lansing Subdivision Regulation.
4. That this tentative approval of the preliminary plat is effective for a period of twelve (12) months.
5. That the necessary easements be provided for the installation of utilities.
6. Compliance with the requirements of all reporting agencies which include:
 - A. Street widths and locations
 - B. Lot arrangements
 - C. And other requirements by public agencies
7. That land along the river be developed in accord with the Waterfront Development Master Plan.
8. That natural tree growth be retained wherever possible.

The proposed subdivision by John and Olivia Brisbin consists of four (4) lots, three of which average 30,000 square feet in size and will be used for office development. The larger lot of ten acres is proposed to be used for Multi-family development, at a proposed density of 10 units per acre.

There were ten people present at the December 4, 1973, Public Hearing and three of these people spoke in opposition to the proposal.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,

December 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their December 4, 1973 meeting, recommended to City Council that the request by Norma Graham for approval of a Special Use Permit for property located at 6300 Marywood Avenue be denied.

The Board found, based on testimony and evidence, that the change would allow development out of character with the area and would not be in keeping with the general intent of the zoning code.

The proposal would allow a three-bedroom Nursing Home for mentally ill adults. The request is made in accord with Section 36-42 (12) of the Zoning Code.

The Planning Office is charged with coordinating this request with other agencies to assure that necessary code requirements can be complied with.

Two of the agencies (Building Department and Fire Department) have indicated that they have not inspected this site (see attached memo), and ask that the application be held until further notice.

There was no one present at the December 4, 1973 Public Hearing in opposition to the request. Several communications were received by letter and over the phone, in opposition to the request.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,

December 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their December 4, 1973, meeting, recommended to City Council that the petition by John F and Olivia Brisbin to rezone a parcel of land located in the 2000 Block of North Grand River Avenue be approved.

The site in question is adjacent to the Grand River leaving approximately the south 200 feet in the flood plain. The flood area is partially wooded and provides an

excellent area for both active and passive recreation.

The property north of the flood line continues to rise 25 feet in a distance of approximately 150-200 feet until it reaches the top elevation which is at near grade with Grand River Avenue. This area is open at the crest of the hill, however, north of this crest the site is wooded out to Grand River Avenue.

It will be necessary to concentrate all development on the north 2/3 of this site. The City Engineer has indicated that the southerly 1/3 of the site cannot be served with a sanitary sewer because of the extreme drop in topography toward the river which is far below the established utility grade.

By concentrating development on 2/3 of the land, many economics could accrue to the developer. He could compute density of the entire parcel and yet maximize his investment by virtue of short utility runs and short or concentrated circulation patterns.

The structures which are located on this site are included in the Historic District Report prepared by the Historic District Study Committee.

This report provides the following analysis of this structure:

"Shown in an 1895 Atlas of Ingham County as being part of the C.G. Burlingame property, this large farm with its ornate Victorian brick and stone house has been owned by the Brisbin family for generations. The house is an excellent example of late Victorian styling and the extensive land area offers a park-like setting close in to more industrial areas of Lansing. There is also another old farm house with its own carriage house on the same property, at 2025 North Grand River Avenue."

Land use in the vicinity of this site is mixed. North of Grand River Avenue the area consists of older development with residential homes, commercial and industrial uses intermixed. Directly east, the area is partially developed with wholesale and industrial uses. The area adjacent to the west is developed with single family homes, several of which were built within the past 15 years, others date back to the mid 1940's.

The southern portion of this site lies west and adjacent to publicly owned land, formerly known as the Detrich property.

The city accepted this land for park purposes with the intent of protecting the river bank and to provide facilities for public access and unobstructed informal use for passive recreation and picnicking. To continue this open space park land concept would be in keeping with the intent of the Master Land Use Plan and the most recent development concept proposed by the Waterfront Development Board. The Waterfront Development Board is considering design concepts along the river would include recreational activity nodes. For instance, the area around the North Logan Street bridge

could be one such node, with another at the existing Bible College site. We would think in terms of linking these nodes with river frontage such as herein described.

In terms of proposed land use development for this area, the Master Land Use Plan indicated this area as residential, with a continued park system along the river. The staff is of the opinion that residential development will provide the necessary strength and stability for the residential development west of this site, and further identify the area as a residential community.

This is especially critical if we should think in terms of allowing further encroachment of either commercial or industrial uses into this area. This type of land use development could detract from the existing residential area and tend to reduce its size to the point where it will no longer be self-sustaining.

In terms of the professional office zoning and development proposed in this project, the staff believes that the applicant has taken steps to integrate the development property so as not to affect existing or proposed development.

Ingress and egress to the proposed office sites are limited so as not to affect traffic flow along Grand River Avenue. The applicant proposes to retain existing natural tree growth which provides protection to adjacent residential properties, as well as on site amenities.

Planned office development of this type may also provide the necessary ingredients for completion of the neighborhood unit and actually deter further strip type development along Grand River Avenue.

In terms of location for multi-family development, the site meets the basic criteria. In general, the criteria that should apply to outlying apartment development is:

1. On or close to an intersection of major thoroughfares.
2. On or close to a major thoroughfare and abutting a parkway, river or like-open space of a passive nature.
3. Within easy walking distance of a shopping center.
4. Within easy walking distance of amenities such as parks, and recreation, both public and commercial.
5. Strategically located in relation to centers of employment and C.B.D.
6. Utility capacity that can handle not only the increase of density of one particular lot, but would have capacity to handle the increase if all other similar lots were to be allowed the same privilege.
7. In event that the apartments are designed to accommodate children, the local school situation is to be considered, both proximity and capacity.

8. Available mass transportation facility.

In terms of environmental air pollution, the site receives little or no affect since prevailing winds are from the west, and development west of this site is predominantly residential. It is also pointed out that existing vegetation gives added protection to visual pollution of adjacent industrial and commercial development.

The Board believes that the residential density proposed is in keeping with the overall planning concepts in the form of land development and with final site plan revision, steps can be taken to ensure good land use transitions.

There were ten people present at the December 4, 1973, Public Hearing of which 3 spoke in opposition to the request.

The recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Gentlemen:

The Planning Board, at their meeting of November 20, 1973, recommended to City Council that the petition by William Warner to rezone property in the 1700 Block of East Miller Road, (south side), be denied.

The Board believes that any development of this area should be in accord with the overall development plan, known as the "Miller-Marscot Development Plan."

There was a substantial amount of opposition to this request in the form of verbal testimony at the Public Hearing and written objections.

Sincerely,

ALAN E. TUBBS,

Z-72-69

December 6, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their December 4, 1973, meeting, recommended to City Council

oil that the petition by Marguerite Moore to rezone property located at 321 North Pine Street from "D" Apartment District to "D-1" Professional Office District be denied.

The site under consideration is located within the boundaries of the revised and proposed Central City Development Plan, and is within the district proposed for Multiple Dwellings (4 story maximum). The revised plan shows the south $\frac{1}{2}$ of the block in question as Professional Office. The site in question is located in the north $\frac{1}{2}$ of the block.

A letter from the petitioner dated July 9, 1969, indicates that she will support the Planning Board in any decision they make as long as all petitioners are treated equally and no favoritism is shown in rezonings. A site just south of the subject proposed and only a few hundred feet to the north, have been recently rezoned to "D-1" Professional Office District. The property to the south, as stated previously, is shown on the revised Central City Plan as office use and was approved by both the Planning Board and City Council. The rezonings change to the north was recommended for denial by the Planning Board, but was approved by the City Council.

The Planning Board receives numerous inquiries concerning possible Professional Office sites in the Central City area. If these were allowed to locate, there would be offices spotted throughout the Central City. Logical land use patterns would be destroyed and the Central City will continue to develop in a sprawl fashion.

Development of the site in question by itself would also be an example of piecemeal development. In order to promote good development in the Central City in accord with the overall plan, it will be necessary to assemble larger tracts of land.

"Office development, professional and business, along with business services, are related primarily to non-residential uses. The concentration of major office facilities within the urban renewal project area represents a functional relationship to commercial activities and other office facilities in the north end of the C.B.D. Improved environmental and parking facilities within the area strengthen its potential and development will be realized if the potential is promoted. Several smaller areas are indicated north of the Capitol Complex and west and south of the C.B.D. These areas reflect existing and/or logical development potentials. At the present time, a number of uncoordinated office uses are occurring within the residential areas of the Central City. While this provides an economic benefit to the owner of such properties it is creating a liability to the City as a whole. Indiscriminate spot zoning of residential property generally creates parking and incompatible land use relationships; stimulating further requests for marginal development, declining values in adjacent residential properties and weakens the market potential of logical and desirable office areas."

There were two people present at the September 2, 1969, Public Hearing in favor of the petition.

The recommendation of denial lacked the required 6 votes, so the petition is being sent to Council without a recommendation. This vote for denial was 5 yeas, 0 nays, 1 abstention.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

of the Lansing City Council

Tenth Floor, City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

In a communication to you dated November 9, 1973, I attached the following:

—A copy of news story titled, "Hardly a Typical Night," the State Journal, (October 31, 1973); it pertains to an apparent "Stag Party" held in the Lansing Press Club, 410 South Grand.

—A copy of my communication, dated November 2, 1973, addressed to the Michigan Liquor Control Commission pertaining to the aforementioned article and to my original presentation before that Michigan Agency on December 12, 1972.

—A copy of my remarks made on December 12, 1972, before the Michigan Liquor Control Commission; it pertained to the need of that Government Agency to adopt rules and regulations which would prohibit topless dancers, etc., in any establishment selling alcoholic beverages.

For your information and action, please find attached a communication from Chief Thomas O'Toole, it pertains to the Lansing Press Club. Chief O'Toole requested that action be taken to revoke the liquor license of the Lansing Press Club. He advises that an investigation by the Lansing Police Department has revealed what he feels are the full infractions of the Michigan Liquor Control Act:

—Having entertainment without a license.
—Not being self-supporting as specified in the Liquor Control Act.
—Violation of Improper Conduct Rule.

Please be advised that I am in accordance with the recommendation of Thomas O'Toole, Chief of Police for the City of Lansing. Should you be in accordance, and I most sincerely trust that you will be, the following action should be taken by you:

You should advise the officers of the Lansing Press Club, that an official hearing on the matter will be held before the City Council; after due notice and proper hearing before you, and if you determine that the charges that are levied by the Lansing Police Department are accurate, your official request for the revocation can be made of that license before March 30, 1974, to the Michigan Liquor Control Commission.

The above is based on the contents of the Michigan Liquor Control Act, the relative sections which are attached.

Holding a State issued license to sell alcoholic beverages is to me a privilege granted by the people. I feel that privilege should not be abused or in any way misused. I am of the personal opinion that this has happened.

Sincerely yours,
GERALD W. GRAVES,
Mayor.

Dear Mr. Mayor Pro-Tem and

Attached is a copy of my most recent report from Jacqueline Warr, C.D.A. Director relative to an invoice of the office equipment of Citizens Congress, Incorporated. Mrs. Warr advises, if you will note, that all of "the items are accounted for except one (1) double pedestal desk and the tape recorder." The tape recorder had a unit cost of \$123.90, while the double pedestal desk apparently had a unit cost of \$155.00.

As to the office equipment listed as "stolen" from M.E.D.C.O.L. per Mrs. Jacqueline Warr, C.D.A. Director, I have requested Police Chief, Thomas O'Toole to investigate this matter.

Dear Mr. Mayor Pro-Tem and
Council Members:

Attached please find a recent communication received by this office from Mr. Terry R. Black representing PRD II, Incorporated requesting the city's permission to encroach temporarily on city property at the southwest corner of Capitol Avenue and Allegan Street. The time period should not exceed six months to begin from the start of construction on January 1, 1974.

It should also be pointed out that this request is in addition to a prior petition for a permanent encroachment on the same site received by the City Council on December 3, 1973. Your prompt consideration of the above-referenced request would be greatly appreciated since the firm desires to begin construction in the very near future.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
Tenth Floor, City Hall
Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

City Clerk Theo Fulton and I completed, on December 6, the signing of \$14,000,000 in revenue bonds for electrical and water improvements by the Board of Water and Light. The Triple A Credit Rating of the City's utility operation has given Lansing an extra low interest rate of 4.7% for these bonds, which will be maturing between 1975 and 1992. The receipts from the revenue bond issue are immediately being invested, until need for cash payout, at interest rates ranging between 7.5% and 9.5%.

It is anticipated that close to \$6,000,000 of the total \$14,000,000 will be used for environmental improvement, or ecology, and will include the modifying of three electrostatic precipitators for improved dirt or particulate removal; to improve the waste water treatment program; cooling water modifications; and improvements in coal handling to increase burning efficiency.

An estimated \$2,000,000 is earmarked for reclamation of all lime used in the water conditioning process at the Wise Road and Cedar Street Water Conditioning Plants; another \$258,000 is scheduled for Water treatment modifications at the Moores Park Steam Plant.

Other capital improvements planned include doubling the capacity of the Wise Road Water Conditioning Plant from 5 to 10 million gallons daily at a cost of more than one million dollars and a similar amount for completion of the Delhi Water Distribution system.

Almost \$3,500,000 is programmed for the electric transmission system being constructed around the perimeter of our electric service area. Another \$1,200,000 will be used to improve electric distribution substation water treatment pumps and for engineering, financial work, legal work and contingencies.

Respectfully,

GERALD W. GRAVES,
Mayor.

Received and placed on file.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council

Tenth Floor, City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and
Council Members:

This office has been presented with the following letter from Mr. Rex A. Bradley of TeleCable Corporation, dated November 21, 1973, with an accompanying attachment from Mr. Karl Gotting representing the same corporation as legal counsel. They are being transmitted as part of the official City record and for your general information on the topic contained therein.

At this juncture of the Council's CATV deliberations, I believe it would be a wise and judicious decision to entertain a discussion and airing of legal options toward the idea of designating an alternate or second choice for the franchise in Lansing. If at some future date and time Continental is unable to fulfill the terms of its contractual arrangement with the City, a designated alternate may forestall the possibility of re-applying by applicants and a new selection process by the City. I hope that the City Council will consider this suggestion in its future deliberations on the subject area.

Respectfully,

GERALD W. GRAVES,
Mayor.

Referred to City Attorney and Committee of the Whole.

RESOLUTIONS

By Committee on Public Service and
Highways—

Resolved by the City Council of the City of Lansing:

That the proposed contractual Agreement between the City of Lansing and the Michigan State Highway Commission for

Urban Project M-7996 (001) (002), Job Number 05844, 06775, Control Section 33530, Contract No. 73-1363, for the removal and replacement of the structure carrying Michigan Avenue in the City of Lansing over the Grand River, be approved, and

Be It Further Resolved That the Mayor and City Clerk be authorized to sign said Agreement upon certification of the City Controller as to the availability of funds, and after approval as to form by the City Attorney.

Adopted by the following vote:

Unanimously.

Councilman Moore left the session.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, on August 17, 1970, the City Council passed a resolution authorizing and directing the City Attorney to institute condemnation proceedings to acquire certain lands located in the Red Cedar Basin, being part of Section 23, T4N, R2W, City of Lansing, Ingham County, Michigan, owned and/or leased by Wilbur C. Wright, and

Whereas, the City of Lansing made numerous good faith efforts to purchase the property and participated in lengthy negotiations with the owner, and

Whereas, federal moneys were to be used, in part, to acquire said property, which funds are not available any more.

Therefore, be it resolved that the authority given to the City Attorney to condemn said property be and the same is hereby withdrawn.

Adopted by the following vote:

Unanimously.

Councilman Moore returned to session.

By Committee on Public Service and
Highways—

Resolved by the City Council of the City of Lansing:

That the Resolution pertaining to sewer rates adopted by the City Council on October 8, 1973 is hereby rescinded.

Whereas, on June 4, 1973 the City Council adopted an Ordinance amending Sec. 27-35 of the Lansing City Code, providing that the sewer rate charge would be increased to 100% of the water bill for all users within the City limits of Lansing and,

Where metered water consumption is not available due to a private water supply, a sewer charge of \$3.00 net per month will be made to each user of the sewer system or as may be determined in accordance with Section 27-33, 34, 35 and 36 of the Lansing City Code; and

Whereas said rates shall apply only to bills for water used for the entire billing period on and after October 1, 1973; and,

Whereas, it is also necessary to adjust the rates to users outside the City limits of Lansing to assure an equitable charge to those customers; now, therefore, be it

Resolved that the sewer charge for all users outside the City limits of Lansing connected to former Lanel Metropolitan District sewers or extensions thereto, and current suburban customers shall be computed in accordance with the following net monthly rates;

First 500 cu. ft. @ 72.63 cents per 100 cu. ft.

Next 4500 cu. ft. @ 44.63 cents per 100 cu. ft.

All over 5000 cu. ft. @ 34.13 cents per 100 cu. ft.

Minimum sewer charge to be \$2.28 per month or fraction thereof.

Where metered water consumption is not available due to a private water supply, a sewer charge of \$5.25 net per month will be made to each user of the sewer system or as may be determined in accordance with Section 27-33, 34, 35 and 36 of the Lansing City Code. Discounts applied to city resident users, pursuant to Section 27-35 shall be applied to all resident users billed for water and be it further

Resolved, that persons who have been billed on the basis of Ordinances covering sewer charges adopted June 4, 1973 and October 8, 1973 shall receive a credit equal to the amount of the difference between the amount charged and the rate as now adopted or previous rate if applicable which credit will be applied to their next bill rendered; and be it further

Resolved, that the above rates shall be used for computing the sewer charge on the basis of water used for the entire billing period on and after October 1, 1973; and be it further

Resolved, that the sewer rates for all bills rendered to the above named customers after July 1, 1977 shall be the same as the then current rates for the residents of the City of Lansing, and be it further

Resolved, that the City Clerk notify the Board of Water & Light, the Lanel Commission and the appropriate Lansing Township officials to comply with the provisions of the Ordinance and this Resolution.

Adopted by the following vote:

Unanimously.

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has received a Redevelopment Proposal for Parcels 12A and 13 (generally described as the northeast corner of the intersection of Ottawa Street and the Washington Square Mall, and formerly the site of the Senate Grill and Eagle Restaurant) of Project No. 1, Mich. R-87, from 200 Washington Square, Ltd., a Michigan Limited Partnership, and

Whereas, a Contract for Sale of Land for Private Redevelopment by and between the City of Lansing and 200 Washington Square, Ltd., a Michigan Limited Partnership, has been prepared and said agreement is determined to be satisfactory, and

Whereas, disposal of the land is on a basis of the competition-negotiation combination method, which has been determined to be the appropriate method of making land available for this redevelopment, and

Whereas, it has been determined that 200 Washington Square, Ltd., a Michigan Limited Partnership, possesses the qualifications and financial resources necessary to acquire and develop the land in accordance with the Development Plan for Urban Renewal Project No. 1, Mich. R-87, and

Whereas, the sale price of the land is not less than the fair market value for uses in accordance with the Urban Renewal Plan, and

Whereas, the Redevelopment Proposal, the Redeveloper's Statement for Public Disclosure, and the proposed Contract for Sale of Land for Private Redevelopment by and between the City of Lansing and 200 Washington Square, Ltd., a Michigan Limited Partnership, were placed on file for public examination for a period of thirty (30) days prior to the Public Hearing held by the City Council of the City of Lansing on December 3, 1973.

Now, Therefore, Be It Resolved, by the City Council of the City of Lansing that the Mayor and City Clerk are hereby authorized and directed to execute the Contract for Sale of Land for Private Redevelopment by and between the City of Lansing and 200 Washington Square, Ltd., a Michigan Limited Partnership.

Adopted by the following vote:

Unanimously.

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

Resolution Authorizing and Providing for the Filing of a Financial Amendatory Application to the Loan and Grant Contract, Project No. 1, Mich. R-87; including a Commitment of City Funds in the amount of \$57,997.50.

Whereas Urban Renewal Project No. 1, Mich. R-87 is essentially complete in all respects, except for disposition of land for private redevelopment; and

Whereas Closeout of this Project would be in the best financial interest of both the Federal Government and the City of Lansing; and

Whereas under Section 106 (i) of the Housing Act of 1949, as amended by Section 213 of the Housing Act of 1970, an additional grant is made available to the City of Lansing, to cover the cost of land acquired and not disposed of for redevelopment; and

Whereas to facilitate the closeout of this Project, it is necessary for the City of Lansing to advance funds in the amount of \$57,997.50, to temporarily cover the disposition value of Project land which is under contract for sale to a Developer (Parcels 12A and 13, Neller-Mayotte).

Now, Therefore, Be It Resolved by the City Council of the City of Lansing as follows:

1. That a financial amendatory application to the Loan and Grant contract be filed on behalf of the City of Lansing, to instigate closeout of Project No. 1, Mich. R-87; and that the Redevelopment Director is hereby authorized and directed to execute and to file such application with the Department of Housing and Urban Development, to provide such additional information and to furnish such documentation as may be required in behalf of said Department, and to act as the authorized correspondent of the City of Lansing.

2. That an advance of City Funds is hereby authorized, in the amount of \$57,997.50, to be deposited into Project account at a time designated by the Department of Housing and Urban Development. These advanced funds will be redeposited to City account upon consummation of the sale of disposition parcels 12A and 13.

This resolution shall take effect immediately.

Adopted by the following vote:

Unanimously.

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

Resolution Authorizing Urban Renewal Marketing Program, Project No. 1, Mich. R-87.

Whereas, the United States Department of Housing and Urban Development is expected to make an additional grant to the City of Lansing to cover the City's portion of the Project Cost of real estate acquired through the Urban Renewal Program known as Mich. R-87; and

Whereas, the City is obligated to sell said real estate and account for the proceeds of said sales;

Now, Therefore, Be It Resolved by the City Council of the City of Lansing as follows:

The City of Lansing shall carry out a sales program relative to the unsold land acquired in conjunction with Urban Renewal Program, Mich. R-87, and shall implement the program and report to the Department of Housing and Urban Development, the results of said program as follows:

The City shall maintain the property in presentable condition to promote its sale.

The City shall request HUD's concurrence in any interim uses of the property.

The City shall make all land sales in accordance with outstanding HUD land marketing requirements in effect during the period in which the sales are made.

The Redevelopment Director shall supervise the sale of the land, maintain the records relative to the sales and stay familiar with HUD operating requirements.

The Redevelopment Director shall file a semiannual report and shall meet with HUD personnel to review sales progress and inspect the land on a semiannual basis.

The report shall set forth the steps to be taken during the next 6-month period to dispose of any remaining land, shall identify the method to be used to overcome any obstacles that exist, and shall identify the following reuse:

- (a) All parcels conveyed and prices received during the reporting period.
- (b) All parcels under contract of sale and the contract price.
- (c) All parcels not yet sold with an estimate of value of each.

The City shall pay to HUD the net sales proceeds less eligible disposition expenses at the time of submission of the semi-annual report.

This resolution shall take effect immediately.

By Committee on Redevelopment—

Resolved by the City Council of the City of Lansing:

That the Mayor and City Clerk are hereby authorized and directed to execute Amendment No. 2 to a Contract, dated September 15, 1971, by and between Bruce S.

King, Special Assistant City Attorney, and the City of Lansing, Project No. 2, Mich. A-6.

The additional compensation under this amendment No. 2 is for an amount not to exceed \$5,500.

Adopted by the following vote:

Unanimously.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has ordered Scott Marble, 5005 Eastlawn Drive, Lansing, Michigan, to correct a septic tank nuisance at said address and to connect to the City sewer, and

Whereas, Mr. Marble has claimed financial "hardship" circumstances and has requested that the City install the required sewer connection and to place all costs on his taxes, and

Whereas, the City Council has determined that this sewer construction is a matter of public health and necessity and has authorized the Public Service Department to make the necessary arrangements for construction, and

Whereas, the Department of Public Service, having received three bids for said construction, has determined that Homer Spencer, Drainlayer, is the successful low bidder and has recommended that his bid of \$700.00 be accepted, and

Further, that the sum of \$700.00 for the sewer construction and the sum of \$558.73 for the sewer connection fee, making a total amount of \$1,258.73, be levied against said property at 5005 Eastlawn Drive and placed on Assessment Roll No. 243, and

Be It Further Resolved that Assessment Roll No. 243 for said sanitary sewer lead construction costs and connection fee, as returned by the City Assessor, be and the same is hereby ratified and confirmed and the Mayor be and hereby is directed to affix within ten days, his warrant directing the City Treasurer to collect said tax on or before the 10th day of March, 1974.

Adopted by the following vote:

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the United States of America have entered into an Agreement providing the City of Lansing with a grant to plan and develop a Comprehensive City Demonstration Program; and

Whereas, the Lansing Model Cities Fourth Year Action Plan provides for a Housing Assistance and Community Resources project; and

Whereas, the City of Lansing, through the City Demonstration Agency, and the Lansing Model Cities Housing Assistance Foundation/Community Resources Center developed a proposed Contract to provide for a Housing Assistance and Community Resources program; and

Whereas, said proposed Contract was approved by the City Council of the City of Lansing; and

Whereas, said proposed Contract was signed by the Mayor and the City Clerk on behalf of the City of Lansing; and

Whereas, said proposed Contract was signed by the Lansing Model Cities Housing Assistance/Community Resources Center; and

Whereas, the City of Lansing, through the Lansing City Demonstration Agency, and the Lansing Model Cities Housing Assistance Foundation/Community Resources Center: (1) have agreed to amend said Contract and (2) have developed a proposed Amendment to said Contract; and

Whereas, said Amendment to said contract is hereby approved by the City Council of the City of Lansing; now, therefore, be it

Resolved, that the Mayor and the City Clerk are hereby directed to sign said proposed Amendment to said Contract on behalf of the City of Lansing.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the Committee on Buildings and Properties has received two proposals for property and a building for the possible use of the Lansing Police Department; and

Whereas, it is necessary to have these two proposals evaluated in detail by a competent architect; and

Whereas, the Committee on Buildings and Properties has received from Hartwick Associates a proposal for such an evaluation;

Now, Therefore, Be it Resolved that the City of Lansing engage the firm of Hartwick Associates to review and evaluate the building proposals in accordance with the attached letter; and

Be It Further Resolved that the cost for this architectural service will not exceed \$4,250.00 and that the firm of Hartwick Associates will submit a report to the City Council no more than three weeks after the

signing of an agreement by the Mayor and City Clerk. Said agreement to be subject to approval by the City Attorney as to form and approval by the City Controller as to the availability of funds.

By Councilman May—

That this be referred back to the Committee on Buildings and Properties.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem and

Council Members:

Attached please find a resolution formulated by the City Attorney's office, at the request of the Energy Crisis Coordinating Committee for the City of Lansing, regarding certain recommended actions the City of Lansing should take as precautionary measures to effectively deal with possible fuel shortages that may affect City operations. This resolution which was adopted by the Committee unanimously, effectively outlines a two-pronged course of action for City administrative personnel to undertake as a short term solution to the problem. They are:

First, the formal designation by the City Council of a 3,000 gallon fuel supply reserve is hereby prescribed in the resolution to be the point at which an emergency will be said to occur in the City's fuel storage capacity. This designation will allow the City departments to implement an alternative method of procuring gasoline under an emergency purchase order on the open market. Our research has shown that this is the lowest level we can allow our fuel supply to reach, while still maintaining a viable reserve capacity for emergency situations. At the present time, an in-house procedure is being developed by the Purchasing Department, Central Garage, Police Department and private gasoline retailers to plan for such a contingency.

Second, the Committee is requesting that the City Council set aside a total of \$100,000 to be used for the purchase and installation of two additional fuel storage tanks, and to provide a contingency fund to meet increased fuel costs incurred by the purchase of gasoline or other fuels by the City. For example, in the last two months the price of gasoline has increased approximately 60%, or from 14 cents to 22 cents per gallon. Future increases are expected and we can only estimate the ultimate price per gallon that gasoline may reach. Our preliminary estimates show \$25,000 will be necessary for the placement of the storage tanks and the remaining \$75,000 will be used to meet increased gasoline and fuel

prices, purchase additional fuel that may become fortuitously available at various times and to set up an account from which the purchase of fuel on the market can be charged.

The Committee believes these matters are of the highest priority and your prompt and expeditious attention would be greatly appreciated.

Respectfully,

GERALD W. GRAVES,
Mayor.

REPORTS OF CITY OFFICERS AND BOARDS

City Treasurer submits report on condition of funds in the Treasury and the standing funds for Month of November, 1973.

Received and placed on file.

December 12, 1973

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Re: Claim of Mrs. Noemi Bishop

Gentlemen:

The aforesaid claim was referred to the City Attorney's Office for investigation. We have diligently looked into and reviewed the facts surrounding this claim and the damages requested. It is our determination that the claim is justified. We would, therefore, recommend this claim be paid in the amount of \$35.00.

Respectfully submitted,

PETER HOUCK,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby authorized to draw a warrant on the City Treasurer in the amount of \$35.00 payable to Mrs. Noemi Bishop.

Carried.

November 27, 1973

Honorable Mayor and Members
of the Lansing City Council
Lansing, Michigan

Re: Claim of Ronald Wangerow

Gentlemen:

The aforesaid claim was referred to the City Attorney's Office for evaluation. We have diligently investigated the facts surrounding this claim. The road defect, which is the basis of this claim, appears to have been caused by a private construction company. The defect was not in existence 30 days prior to the incident. This fact has been made known to the claimant and it has been suggested that he pursue the matter with them. We, therefore, would recommend this claim be denied.

Respectfully submitted,

PETER HOUC,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney.

Carried.

Re: Claim of Fireman's Fund insurance
for Accident of Grace Ainsley

Gentlemen:

After a full investigation, it is the recommendation of this office that this claim be allowed in the amount of \$317.08. This sum covers the property damage paid by Fireman's Fund Insurance and does not include, nor authorize, any amount to pay for any alleged personal injury claim filed on behalf of Grace Ainsley.

Respectfully submitted,

PETER HOUC,
City Attorney.

By Councilman Moore—

That we concur in the recommendation of the City Attorney.

Carried.

Re: Local Officers Compensation Commission

Gentlemen:

You have asked questions concerning the Local Officers Compensation Commission which, for purposes of clarity, will be treated in one response. These questions may be summarized:

- (1) Is an employee of the Michigan State Department of Highways and Transportation eligible to be a member of the Commission?
- (2) If an ineligible person is a member of the Compensation Commission, what effect, if any, does such ineligible person's participation and vote have upon the findings of the Commission?
- (3) Must the Commission's salary recommendations be treated as one set of recommendations and voted upon in their entirety, or may the City Council reject some, but not necessarily all, of the recommendations?

- (4) May the Mayor veto any action which the Council may take concerning the recommendations

Is an employee of the Michigan State Department of Highways and Transportation eligible to be a member of the Commission?

The 1963 Michigan Constitution provides in Article 5 for the executive branch of government. Section 2 of Article 5 provides that the executive branch is to be divided into not more than twenty (20) principal departments. The State Highway Commission, which administers the State Highway Department is one of the two commissions which are specifically provided for in Article 5 of the Constitution. See Article 5, §28.

The statute which authorizes the creation of local officers compensation commissions, 1972 PA 8, provides in part:

"... No member or employee of the legislative, judicial or executive branch of any level of government or members of the immediate family of such member or employee shall be eligible to be a member of the commission." (Emphasis added.) MCLA 117.5c; MSA 5.2084(3).

Without going into the wisdom of such a restriction, it is clear that the above-quoted provision makes an employee of the State Department of Highways and Transportation ineligible to serve as a member of the Local Officers Compensation Commission.

If an ineligible person was a member of the Compensation Commission, what effect, if any, does such ineligible person's participation and vote have upon findings of the Commission?

As stated in 63 Am Jur 2d §134:

"... (A) failure to qualify does not in itself work a forfeiture of the party's right to the office, but simply authorizes the proper authority to declare such forfeiture and fill the office by appointment. But unless the statute so prescribes, failure to qualify for office or to accept the office within the time prescribed may not, of itself, cause a vacancy in the office. . . ."

Since it has been determined that an ineligible party has been appointed to office, the Council should declare a forfeiture and the Mayor should appoint a replacement (1).

As to the vote of an ineligible member, Mason's Manual of Legislative Procedure provides at §517:

"... 2. When illegal votes have been cast but those votes could not have changed the result of the vote, as when two illegal votes were cast but the winning candidate won by eleven votes, an election or other vote is not invalidated by the illegal votes. When illegal votes

may have changed the result of the vote, the vote is void."

Since the vote of the ineligible member was not determinative in the acceptance of the report, the findings of the Commission stand as adopted.

Must the Commission's salary recommendations be treated as one set of recommendations and voted upon in their entirety, or may the City Council reject some, but not necessarily all, of the recommendations?

The language to be interpreted is the following:

"The commission shall determine the salaries of such local elected officials which determination shall be the salaries unless the legislative body by resolution adopted by 2/3 of the members elected to and serving on the legislative body reject them. The determinations of the commission

- (1) It is suggested by this office that at such time as the ineligible member is replaced, the Council use that opportunity to ratify the terms established by law for each of the Commission members. While not necessary, such action would remove any question concerning the validity of the terms of the appointments.

shall be effective 30 days following their filing with the city clerk unless rejected by the legislative body. In case of rejection, the existing salary shall prevail. Any expense allowance or reimbursement paid to elected officials in addition to salary shall be for expenses incurred in the course of city business and accounted for to the city." MCLA §117.5c(b); MSA 5.2084(3) (b).

The operative language above is very similar to that of a constitutional amendment adopted by the people in 1968, and a study of this amendment, which undoubtedly influenced the language of the statute allowing for a local officers compensation commission, is informative.

The language adopted by the people in 1968 is contained at Article 4, §12 of the Constitution:

"The state officers compensation commission is created which shall determine the salaries and expense allowances of the members of the legislature, the governor, the lieutenant governor and the justices of the supreme court. The commission shall consist of 7 members appointed by the governor. The commission shall determine the salaries and expense allowances of the members of the legislature, the governor, the lieutenant governor and the justices of the supreme court which determinations shall be the salaries and expense allowances unless the legislature by concurrent resolution adopted by 2/3 of the members elected to and serving in each house of the legislature reject them. The commission

shall meet each 2 years for no more than 15 session days. The legislature shall implement this section by law." Article 4, Section 12.

The language embodied in the Constitution is in all pertinent respects identical to the language used in the statute authorizing Local Officers Compensation Commissions.

In following the mandate to implement the constitutional provisions, the legislature passed 1968 PA 357, being MCLA 15.211 et seq; MSA 3.255(51) et seq. That act specifically provides that the determinations of the commission may be accepted in part or in whole.

"The determinations of the commission shall be effective January 1 of the year following their filing and shall be the compensation and expense allowances of the governor, lieutenant governor, justices of the supreme court and members of the legislature unless the legislature, by concurrent resolution adopted by a 2/3 vote of the members elected to and serving prior to February 1 of the year following the filing of the determinations, rejects either the entire determinations or specific determinations for specific positions. In case of rejection the existing salary and expense allowances shall prevail retroactive to January 1." (Emphasis supplied) MCLA 15.217; MSA 3.255(57).

Senator Jack Faxon, in voting against the act objected to "tak(ing) the same procedure that was adopted by our constitutional change and institut(ing) it in for local units of government. . ." 11 SJ 199 (Jan. 28, 1972).

While not necessarily dispositive of the present issue, this interpretation, by the legislature, of the constitution is compelling evidence that the public policy to be furthered by the act should allow for rejection or acceptance of the whole or part.

May the Mayor veto any action which the Council may take concerning the recommendation

Under the procedure established by 1972 PA 8, salaries as determined by commissions became effective unless rejected by the City Council. Thus, a resolution to reject any salary increase would not pass unless it had the support of the requisite six (6) members of the Council.

In determining whether the Mayor could exercise his charter authority to veto a resolution of the Council, it must be recalled that charter rights and obligations must be construed in light of the statutes of the State. *Maier v. City of Jackson* 191 Mich 266 (1916). Another relevant legal maxim is that a statute covering an entire subject matter pre-empts and supercedes previous inconsistent provisions. *Spillman v. Weimaster* 275 Mich 93 (1936).

No provision is made in the statute for any executive veto and to allow a veto

would be inconsistent with the provision that the determinations are effective "30 days following their filing with the city clerk unless rejected by the legislative body." Charter provision 6.8 allowing a mayoral veto is thus not permissible in connection with the determinations of the Commission.

To summarize:

- (1) An employee of the State Department of Highways is ineligible to serve on the Local Officers Compensation Commission and the ineligible appointment should be declared forfeited and a new member appointed.
- (2) The recommendations of the Commission, as formulated, are legally valid and will become effective unless rejected by Council.
- (3) Council may, if it chooses, reject some of the recommendations, the entire recommendations or specific determinations for specific positions.
- (4) In the event any or all the recommendations are rejected by Council resolution, a mayoral veto would not be legally permissible or binding.

Respectfully submitted,

PETER HOUK,
City Attorney.

Referred to Mayor's Office and Committee of the Whole.

TO: Roger T. May, Mayor Pro Tem
FROM: Paul S. Creevy, Deputy Assessor
SUBJECT: Special Assessment on 422 Fairfield

The attached letter from Mrs. Hannah A. Spooner, formerly of 422 Fairfield, has

asked for installment payment of a special assessment charge of \$260 for removal of a "hazardous garage". In March of 1973 her home was condemned and determined to be uninhabitable. She is now residing at 40 West Conroad Road, RFD No. 1—Box 208, Standish, Michigan. The charge of razing \$260, was included in a weed cutting assessment order and consequently levied in full amount on the December 1973 tax roll. It is recommended by this office that Mrs. Spooner be granted extended payment plan for 5 years.

TO: City Council—Committee of the Whole

FROM: Theo. Fulton—City Clerk, Peter Houk, City Atty. Election Commission.

SUBJECT: City Canvassing Board (P.A. 1963, 2nd Ex. Sess., No. 65).

Mr. Roger Busfield who was on the City Canvassing Board has resigned due to the fact he has accepted a position in Conway, Arkansas. For his replacement we are asking the appointment of: Mrs. Jane Weirman, 2014 Sunnyside, a republican member for four (4) year term ending December 31, 1977.

The four (4) year term of Mrs. Esther Niver, 805 N. Chestnut Street ends December 31, 1973 and we are asking the re-appointment of Mrs. Niver as democrat member for four (4) year term ending December 31, 1977.

I am attaching the resolution relative to this.

Referred to Committee of the Whole.

December 14, 1973

Mayor and Members of

City Council

Gentlemen:

It is with regret and satisfaction that I submit to you my resignation. Regret in that leaving the City of Lansing, after having worked with you for the past eleven (11) years does gender mixed feelings. My resignation will be effective some time during the last week in January, 1974. The satisfaction comes from seeing the construction and development of projects in which I had a part in planning in the early sixties. Particularly, the Washington Square Mall, Lansing Community

College site, the Urban Renewal Project, the development of the Capital Improvements process, and many other projects throughout the City of Lansing.

I have been offered, and have accepted, a position with Johnson, Johnson and Roy, a private Landscape Architecture and Community Planning Firm. The offer permits me to expand my professional career, to work with many communities throughout the nation, and to improve the financial support of my family.

I have sincerely enjoyed working with each of you and with my fellow workers in City Hall. I wish the best of success in improving the governmental, particularly the administrative process in City Hall. I firmly believe that improvement in the organization and administrative structure in city government will bring the greatest rewards to all the citizens of Lansing. I urge each of you to work towards this goal.

Sincerely,

RAYMOND C. GUERNSEY,
A.I.P.

Received and placed on file.

By the Mayor—

That we accept the above resignation with regret.

December 12, 1973

Honorable Mayor Gerald W. Graves

and Members of the City Council

City Hall Lansing, Michigan

Gentlemen:

The Lansing Fire Board and the Lansing Planning Board are pleased to recommend

to City Council the study entitled "Analysis of the Fire Station Sites, August, 1973", the general fire station location criteria developed as part of the study and the station priority program. The Lansing Planning Board and Staff have worked jointly with the Lansing Fire Board and Staff to examine criteria and site locations for new stations and for combining existing stations. This latter situation is to better utilize manpower and provide more complete fire service and protection.

The Insurance Services Office of the American Insurance Association has reviewed the recommendations of the Planning and Fire Boards and has indicated that indeed fire protection and emergency services will be enhanced by the implementing of these proposals. It has also been pointed out by the Insurance Services Office that, although an insurance reclassification rating for Lansing is not due until 1977, the local insurance rates for individual properties will not be affected by this plan for combining stations since the community's overall fire zone classification determines the individual insurance rates. It is further noted that these actions are compatible with the 1967 recommendations of the Insurance Services Office Fire Protection grading of Lansing, Michigan for fire insurance classification.

The Fire Board has reviewed the sites' study and concurs with the Planning Board on the recommended locations. The nature of the recommendations are in the form of setting priorities. These priorities indicate the degree of urgency in the matter of stations to serve specific geographic areas.

In the matter of geographic areas, the following priorities are recommended:

First Priority:

A three company station to replace existing stations 6 and 8, temporarily designated as Northeast Station.

Second Priority:

A three company station to replace existing stations 3 and 7, temporarily designated as Northwest Station.

Third Priority:

A two company station to serve the developing southwest area of the City, temporarily designated as Southwest Station.

As to the sites, the following priority ratings are suggested:

Northeast Station:

1st Choice—

The site between Oakland and Saginaw immediately west of Fairview School with immediate access to both Oakland and Saginaw. Appropriate signing to prevent public use of the roadway such as a one-way signing, or do not enter, or fire apparatus only, etc. should be installed.

2nd Choice—

The site at the southwest corner of Marshall and Oakland.

3rd Choice—

The site at Marshall and Saginaw.

Northwest Station:

1st Choice—

The triangular area between Logan and Birch Streets to become available in the development of the Logan-Birch Corridor.

2nd Choice—

Butler and Allegan.

Southwest Station:

1st Choice—

"B" Waverly Road, east side, approximately the 5500 block.

2nd Choice

Somewhere in the vicinity of Waverly and Jolly.

Therefore, the Fire Board and Planning Board recommends to City Council the adoption of the "Analysis of Fire Station Sites" study and approval of these assigned priorities for Fire Station facilities development.

Respectfully submitted,

RALPH KAUFFMAN,
Chairman
Lansing Fire Board

DR. EDWARD REMICK,
Chairman
Lansing Planning Board.

Tenth Floor, City Hall

Lansing, Michigan 48933

Dear Mayor and Council Members:

On November 1, 1973, I sent a letter to you stating the C.D.A.'s intent to transfer all non-expendable properties acquired pursuant to all of the Model Cities contracts with Citizens Congress, Inc. These transfers were to be made to various other Model Cities operating agencies (Contractors). I have recently been advised by the City Attorney that the aforementioned letter should have been placed on the City Council agenda.

In light of this advice recently provided by the City Attorney, I hereby notify the Mayor and the Lansing City Council of our intent to transfer all of the non-expendable properties acquired pursuant to the provisions of the Model Cities contract with Citizens Congress, Inc. to other Model Cities operating agencies (Contractors).

Sincerely,

(Mrs.) Jacqueline Warr,
Director,

The Honorable Mayor and

Members of City Council

Gentlemen:

Please be advised that the Redevelopment Board, at its meeting held on Tuesday, December 11, 1973, appointed Mr. Ronald G. Stonehouse as Acting Redevelopment Director, effective Monday, December 17, 1973.

This appointment will be in effect for a period of six months to give the Redevelopment Board Personnel Committee the opportunity to advertise, nationally, for the position of Director of the Urban Redevelopment Department.

The Board further recommends that the starting pay be that of Redevelopment Director X as Mr. Stonehouse will assume the responsibilities of Director as well as continuing some of his current duties.

Respectfully submitted,

Respectfully,

URBAN REDEVELOPMENT
BOARD
Richard L. Zimmerman,
Secretary.

Referred to Committee on Redevelopment.

December 13, 1973

The Honorable Mayor and

Members of City Council

Gentlemen:

The Redevelopment Board, at its meeting held on Tuesday, December 11, 1973, reviewed the proposed land use changes for Urban Renewal Project No. 2, Mich. A-6 as presented by the Planning Department. After considerable discussion, the Redevelopment Board felt they were handicapped in evaluating the new proposed land use plan due to the uncertainty on the future of the City Market. The Board feels that the unclear direction of whether or not the City Market will be rehabilitated or relocated has a substantial effect on their decision on the total land use plan for Project No. 2.

Therefore, before the Board can intelligently evaluate the proposed land use plan for Project No. 2, it is necessary that City Council arrive at a decision on the future of the City Market as soon as possible.

Respectfully submitted,

URBAN REDEVELOPMENT
BOARD
Richard L. Zimmerman,
Secretary.

Letter (a)

To the Honorable Mayor and

Members of the City Council

Honorable Members:

The Traffic Board wishes to advise City Council that representatives of the Downtown Business Division of the Chamber of Commerce met with the Board at its

regular meeting Wednesday, December 12, 1973.

The status of the parking proposal for the Central Business District being put together by the DBD was discussed and it was indicated that the proposals were to be ready for submission in the near future. With this information before it the Board agreed to hold up on pressing for the changes in 5 of the 7 proposals submitted to City Council on November 15, 1973, until April 1, 1974.

As there was no objection by the DBD representatives to the two proposals regarding increases in monthly permit parking rates and 10-hour parking meter rates, the Board requests that these two proposals be reported out for City Council action by the two Council Committees to which they were referred.

Respectfully submitted,

LANSING TRAFFIC BOARD
Allen T. Hayes,
Secretary.

Referred to Committee on Buildings and Properties and Committee on Public Safety.

Letter (b)

To the Honorable Mayor and
Members of the City Council
Honorable Members:

At its meeting on December 12, 1973, the Traffic Board reviewed the petition filed by Oldsmobile Division, General Motors Corporation, to discontinue and permanently vacate certain portions of Olds Avenue, Pine Street and Division Street in the Oldsmobile main plant area.

The Traffic Board voted unanimously to recommend that City Council approve the petition as filed.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Allen T. Hayes, Secretary.

Referred to Committee on Planning and Committee on Public Service and Highways.

December 18, 1973

Letter (c)

To the Honorable Mayor and
members of the City Council
Honorable Members:

On November 19, 1973, the report of the Aurelius Road Task Force Committee, which was submitted to City Council on

September 4, 1973, was referred to the Board of Public Service, the Planning Board, and the Traffic Board.

The Traffic Board reaffirms its recommendation made under date of March 15, 1973, to the Mayor and City Council (Council Proceedings March 19, 1973, pages 203 & 204), which was

"The Traffic Board recommends that Phase I of the extension of Clemens Avenue be considered, studied and implemented.

Phase I involves:

1. Widening of Clemens from the north end of the bridge over I-496 to Kalamazoo Street, and,
2. Construction of a connection between Grand River Avenue and Saginaw Street on the Wood Street alignment."

Respectfully submitted,

LANSING TRAFFIC BOARD
Allen T. Hayes, Secretary

Referred to Committee on Planning and Committee on Public Service and Highways.

December 13, 1973

Letter (d)

To the Honorable Mayor and
Members of the City Council
Honorable Members:

Subject: Miscellaneous traffic and parking regulations recommended by the Traffic Board.

1. Reactivation of Traffic Signal at Intersection of Pennsylvania & Shiawassee.

Due to greatly increased vehicular activity by State vehicles using a building in the old BTS compound, State officials requested that traffic signal be reactivated. An arrangement was worked out to do this without causing unnecessary disruption to traffic on Pennsylvania Avenue and at no expense to the City.

2. Stop Sign on Rosamond Southeast Corner of Eureka.

The Board approved the installation of this stop sign which had been done under the Experimental & Emergency provisions of the Traffic Code.

3. Switch stop signs from Stop on Clemens at Jerome to Stop on Jerome at Clemens.

This switch is to try to correct the "running of the stop signs" on Clemens due to what is considered a psychological factor in the actions of some vehicle

operators who seem to think, due to the location of traffic signals a block south of this intersection and other street characteristics of Clemens, that a stop on Clemens at Jerome is not or should not be required.

4. Intersection of W. Grand River/N. Grand River/& Seymour.

When US-16 traffic formerly traversed Grand River Ave. thru North Lansing this was an important intersection which was designed control-wise to expedite and permit US-16 traffic to flow thru without stopping. It has always been considered a confusing intersection by those not following the State trunkline but trying to get thru the intersection by out-guessing the southbound traffic turning left to go east. Stops are required by east and west thru traffic on W. Grand River with a "free flowing" right turn west to north, and northbound traffic on Seymour or a 3-way stop.

To correct this condition the Traffic Board recommends that the stop for northbound traffic on Seymour be removed at Grand River. That east and west traffic on W. Grand River continue to stop including right turning traffic west to north.

Further, that left turns east to north and north to west be prohibited at all times.

5. One Hour Parking 8AM-6PM Herbert Street.

One hour parking 8AM-6PM both sides Herbert between Norman & Isbell.

Change two hour parking to one hour parking 8AM-6PM on east side of Herbert from Norman to Baker.

6. N-S Alley rear North Capital parking ramp Ionia to Shiawassee

Change No Parking At any Time to No Parking 7AM-7PM on west side of alley.

7. Intersection of Donald & Fenton

Change YIELD signs on Fenton at Donald to STOP signs on Fenton at Donald.

Respectfully submitted,

LANSING TRAFFIC BOARD
Allen T. Hayes,
Secretary.

Referred to Committee on Public Safety.

December 17, 1973

Mayor and Members of the City Council
City Hall

Lansing, Michigan

Gentlemen:

It has been apparent that Model Cities and the City Council have wanted a

Health and Dental Project because of the continued recontracting with the County. At this time, it is vital to inform the full Council of the problems so that you can have an explanation as to why only one contract has a Two-Week Letter to Proceed.

On December 6, 1973, the Liaison Committee met to discuss the Ingham County Health Department Proposals which was to continue to provide Health and Dental Services.

The CDA Director pointed out that once again, the CDA had found that the County had not reported their costs properly for the Third Year. Consequently, they had again submitted a proposal which could not be contracted because of the budgetary problem. When this had occurred previously the scope of services of the contracts had to be modified. It could be that since they are still incurring costs, that there isn't enough money to run the Dental Program.

The more the County Staff defended themselves and attempted to blame the Model Cities staff, the more it became apparent to the Liaison Committee members and other Council members present that the County had failed to run a responsible program. The elected County officials had accused the CDA staff of being a major problem to them and had imposed a number of conditions which kept their program from going to contract.

It should be clarified that the CDA had imposed a number of stipulations and conditions to force compliance of accurate and timely reporting; also, to attempt to correct mismanagement problems and other inefficiencies in the operation.

As of December 14, 1973, the County had failed to provide an accurate report of their Third Year funding which makes it impossible to determine the Fourth Year. The primary problem appears to be the Dental Program but the problem obviously exists for the Health as well. It is understandable why the problem exists because the accounting function was being maintained in three locations. They also appear to have co-mingled the funds. While their dentist employed in the Third Year resigned in July, the County had failed to hire another and had been paying a consultant dentist \$1,000.00 a week for services. The CA was aware that the County was contracting out for services but certainly not paying one dentist \$1,000.00 per week.

Instead of the County Commissioners criticizing the CDA (Model Cities Director and staff) for monitoring and evaluating and constantly reacting to the misuse of Model Cities Funds, they should have been more closely supervising their own administrators. The CDA (Model Cities staff) are paid to help agencies solve problems and stop them from recurring. When they attempted to do this, they were called uncooperative for trying to force better management.

Since the County officials failed to have an answer and since the Letter to Proceed expired December 15, 1973, the Dental Program is now in a phase down period.

It is my hope that the County can give to the CDA an accurate accounting in the next two weeks as we can still contract with them for Health and Dental Services.

Sincerely,

JOEL I. FERGUSON,
Chairman,
Model Cities Liaison
Committee.

Received and placed on file.

245	10	205 N. Cedar St. 411 E. Ottawa St.
245	3	221 Depot St.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the "Federal Aid Highway Act of 1973" provides for the option of using a portion of the Urban Systems funds for transit and transit related purposes for fiscal years 1975 and 1976; and

Whereas the total amount of diversion for the nation is limited to \$200,000,000 of a total of \$800,000,000 in Urban Systems Funds in both fiscal year 1975 and fiscal year 1976 and local areas must act quickly if they expect to divert funds for transit and transit-related purposes; and

Whereas, we are currently facing a serious energy crisis including the distinct possibility of gas rationing and/or increased gas cost which will result in increased public demand for mass transit services and require additional transit equipment; and

Whereas, the City currently faces a growing shortage of parking spaces and has expressed interest in peripheral parking for all day parkers because of the availability of federal funds to pay for part of the cost of the parking facilities; and

Whereas, the Capitol Area Transit Authority has passed a formal resolution requesting that a substantial amount of the Urban Systems Funds available be reserved for transit and transit-related purposes; and

Whereas, the regional planning committees and task forces are currently considering how to allocate the remaining 1.32 million dollars of a total 3.47 million dollars in Urban Systems Funds for fiscal years 1974, 1975, and 1976 and assign priorities to various projects; and

Whereas, the Activity Center/Corridor Project Citizens' Advisory Committee is currently developing and evaluating various alternatives for Central City access and circulation and will be making recommendations on a transportation program to the City Council before the end of the current fiscal year; and

Whereas, the Capital Area Regional Transportation Study Technical Committee has appointed a subcommittee for the purpose of defining the functions, responsibilities, and membership of the Regional Urban Systems Task Force;

Now, Therefore, Be It Resolved, that it is the policy recommendation of the Lansing City Council that a minimum of not less than \$1,000,000 should be reserved until the end of the current fiscal year (June 30, 1974) for transit and transit-related projects such as peripheral parking and that such projects be given a high priority; and

Be It Further Resolved, that all Lansing representatives to the regional planning committees and task forces are directed to actively support and pursue the reservation of a minimum of \$1,000,000 for transit and transit-related projects; and

Be It Further Resolved, that the Planning Board undertake a complete re-evaluation of all street and highway improvement projects to determine if, due to the energy crisis and other factors, such improvements are actually needed at this time and specify alternative uses for the funds which will assist the City in meeting the energy crisis and overall transportation problems; and

Be It Further Resolved that the Lansing City Council highly recommends that

the membership of the Regional Urban Systems Task Force be changed to include transit advocates and those with an overall approach to transportation as well as street and highway advocates in order to assure a balanced approach to the use of the Urban Systems Funds.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

In accordance with P.A. 1963, 2nd Ex. Sess., (No. 65) we submit for appointment and re-appointment on City Board of Canvassers.

Mrs. Jane Weirman, 2014 Sunnyside St. to replace Roger Busfield who resigned, for four (4) year term ending December 31, 1977.

Mrs. Esther Niver, 805 N. Chestnut St. for reappointment for four (4) year term ending December 31, 1977.

Adopted by the following vote:

Unanimously.

The Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the United States of America have entered into an Agreement providing the City of Lansing with a grant to plan and develop a Comprehensive City Demonstration Program; and

Whereas, the Lansing Model Cities Fourth Year Action Plan provides for a fiscal monitoring program; and

Whereas, the City of Lansing, through the City Demonstration Agency, and the Finance Department of the City of Lansing have developed a proposed Contract (Co-operative Agreement) to provide for a fiscal monitoring program; and

Whereas, said proposed Contract (Co-operative Agreement) is hereby approved by the City Council of the City of Lansing; now, therefore, be it

Resolved, that the Mayor and the City Clerk are hereby directed to sign said proposed Contract on behalf of the City of Lansing.

Adopted by the following vote:

ZONINGS

By Councilman Ferguson—

Whereas, it is deemed desirable to amend the Classification provided for in the Zoning Code of the City of Lansing, passed on the 13th day of November, 1958, in the following particulars, viz:

That property described as:

SS-4-62—2200 block S. Wadsworth St.
and 3900 block Pleasant Grove Rd.

(For an amendment to the Community Unit Plan)

Therefore, be it resolved, that the City Clerk shall give at least fifteen days notice of a Public Hearing when all persons interested may attend and make any objections they may have to such proposed changes in said Zoning Code.

Resolved further, that such hearing shall be held at the Council Chamber in the City Hall on the 7th day of January, 1974, at 7:30 o'clock p.m., and that notice of such hearing be published in the official publication of said city, as required by law.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Whereas, by petition duly filed on 29th day of October, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "D-1" Professional Office District all as set forth in the Zoning Code of this city:

Whereas, the property involved is described as:

Z-66-73 — 3621 W. Jolly Road

more particularly described as:

Lot 38, Maple Grove Farms No. 1
Subdivision, City of Lansing, Ingham
County, Michigan,

from "A" one family residential district to "D-1" professional office district.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to deny the request, and

Whereas, the Planning Committee of the City Council, to whom the report of the Planning Board was referred, did concur therewith

Now, therefore, be it resolved, that the Council of the City of Lansing ordains that the petition to rezone the above described property from "A" one family residential district to "D-1" professional office district be denied.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Whereas, by petition duly filed on the 22nd day of October, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "D-1" Professional Office District all as set forth in the Zoning Code of this city:

Whereas, the property involved is described as:

Z-64-73 — 1815 S. Pennsylvania
Ave.

more particularly described as:

Lots 3 & 4 Parkdale Subdivision,
City of Lansing, Ingham County,
Michigan,

from "A" one family residential district to "D-1" professional office district.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to deny the request, and

Whereas, the Planning Committee of the City Council, to whom the request of the Planning Board was referred, did concur therewith

Now, therefore, be it resolved, that the Council of the City of Lansing ordains that the petition to rezone the above described property from "A" one family residential district to "D-1" professional office district be denied.

By Councilman Ferguson—

That this be referred back to the Committee on Planning.

Carried.

By Councilman Ferguson—

Whereas, by petition duly filed on the 29th day of October, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "F" Commercial, "B" One Family Residence and "J" Parking Districts all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 10th day of December, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-65-73 — 5907 S. Logan Street,

more particularly described as:

Lots 1,2,3,4 Valleau City Subdivision and Lots 1 7 of DeKau Heights Sub-Division, City of Lansing, Michigan,

from "A-1" Family Residential District to "B-1" Family Residential District, "J" Parking District and "F" Commercial District.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board recommended to City Council that the petition be denied as filed, and further that the property be rezoned as follows:

that lots 1, 2, 3, 4, of Valleau City Subdivision be rezoned from "A-1" Family Residential District to "B-1" Family Residential District and that lots 1 and 2 DeKau Heights Subdivision be rezoned from "A-1" Family Residential District to "J" Parking District, subject to the following condition:

that landscape, screening and fencing plans be submitted to, and approved by the Planning Board within thirty (30) days following City Council approval of the zoning change. Implementation of the plan to be decided at the time of plan approval, and

Whereas, the Planning Committee of the City Council, to whom the report of the Planning Board was referred, did concur therewith

Now, therefore, be it resolved, that the Council of the City of Lansing, ordains that the petition to rezone the above described property from "A" one family residential district to "B-1" Family Residential District, "J" Parking District and "F" Commercial District be denied as filed and further that the property be rezoned as follows:

that lots 1, 2, 3, 4, of Valleau City Subdivision be rezoned from "A-1" Family Residential District to "B-1" Family Residential District and that lots

from "A" One Family Residential District to "F" Commercial District.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to approve the request subject to the following:

That a five (5) foot high chain link fence with interwoven redwood slats be placed along the east property line; and further that the parking areas around the building be improved and maintained; and

Whereas, the Planning Committee of the City Council, to whom the report of the Planning Board was referred, did concur therewith

Now, Therefore Be It Resolved, that the Council of the City of Lansing ordains that the petition to rezone the above described property from "A" One Family Residential District to "F" Commercial District be granted subject to the following:

That a five (5) foot high chain link fence with interwoven redwood slats be placed along the east property line; and further that the parking areas around the building be improved and maintained.

Adopted by the following vote:

Unanimously.

By Councilman Ferguson—

Whereas, by petition duly filed on the 27th day of August, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "F" Commercial District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 22nd day of October, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-55-73 — N.W. Corner of Mt. Hope

Avenue and Alpha and 1820 Alpha St.

more particularly described as:

Lots 57, 58, 59 and 60 Parkdale Subdivision, City of Lansing, Ingham County, Michigan,

from "A" one family residential district to "F" commercial district.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to deny the request,

Whereas, the Planning Committee of City Council, to whom the report of the Planning Board was referred, did not concur therewith, but recommended that the request be approved.

Now, therefore, be it resolved, that the Council of the City of Lansing ordains that the above described property from "A" one family residential district to "F" commercial district be approved.

On site automobile parking shall be provided at a minimum of (1) space for each 150 square feet of useable floor area.

A screening, fencing and landscape plan to be submitted and approved by the Planning Department, with installation of the requirements to occur prior to the issuance of occupancy.

By Councilman Moore—

That this be referred back to the Committee on Planning.

Carried.

Councilman May arrived at meeting.

By Councilman Ferguson—

Whereas, by petition duly filed on the 27th day of August, 1973, this council was petitioned to change the following described property from "A" One Family Residence District to "F" Commercial and "D-M" Multiple Family Dwelling District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 13th day of November, 1973, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-54-73 — S.W. Corner of Pennsylvania Avenue and Armstrong Road

more particularly described as:

"Commencing on West Line of Pennsylvania Avenue, 825 feet North and 57.75 feet West of S $\frac{1}{4}$ post of NW $\frac{1}{4}$, then N to S line Armstrong Road, S 89 degrees 35 minutes W, 467.95 feet to E line Pennsylvania—Cedar Subdivision, S 0 degrees, 41 minutes E to a point 825 feet N of E W line, E to beginning; Section 3 T3N R2W."

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised City Council to deny the petition as filed and further that the property be rezoned as follows:

"The east 150 feet be zoned "D-1" Professional Office District, and the balance of the property be zoned "C-2" Family Residential District. It is further recommended that the entire property be subdivided with access prohibited from Pennsylvania Avenue on the easterly most lot.

Whereas, the Planning Committee of City Council, to whom the report of the Planning Board was referred, did not concur therein, and recommend:

That the east $\frac{1}{2}$ of the above described property be rezoned from "A-1" Family Residential District to "F" Commercial District, and that the west $\frac{1}{2}$ be rezoned from "A-1" Family Residential District to "DM-1" Multiple Family District.

Now, Therefore, Be It Resolved, that the Council of the City of Lansing ordains that the petition to rezone the above described property be denied, and

Be It Further Resolved, that the east 200 ft. of the property be rezoned from "A-1" Family Residential District to "F" Commercial District, and the balance of the property be rezoned from "A-1" Family Residential District to "DM-1" Multiple Family District.

The following shall apply to the commercial area:

—On site automobile parking shall be provided at a minimum of (1) space for each 150 square feet of useable floor area.

—A screening, fencing and landscaping plan to be submitted and approved by the Planning Department, with installation of the requirements to occur prior to the issuance of occupancy.

December 21, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Grant Review Committee met on December 20, 1973 to review the renewal of a grant to the Office of Criminal Justice Planning for the New Way In, Inc. a Community Re-entry Program. The amount of the federal grant requested is \$129,600. The State of Michigan is supplying \$7,200 and the City of Lansing, through the Model Cities Program, is providing \$7,200 for a total program cost of \$144,000. After considerable discussion, the Committee recommended approval of the grant application with one dissenting vote.

The dissenting vote was concerned with the impact of bringing persons out of incarceration into the Lansing Community.

Respectfully submitted,

December 20, 1973

Honorable Mayor Gerald W. Graves

and Members of City Council

Lansing, Michigan 48933

Gentlemen:

The Human Relations Committee is in receipt of a letter for resignation from the chairman, Pat Kelley.

We are referring this matter of concern, for your consideration.

Human Relations Committee

RICHARD D. LETTS,
Director
Equal Opportunity Officer.

Referred to Mayor's Office.

December 20, 1973

Honorable Mayor Gerald W. Graves

and Members of City Council

Lansing, Michigan 48933

Gentlemen:

The 1973 December meeting of the Human Relations Committee has been permanently cancelled.

The scheduled date of December 13, 1973 had to be postponed because of the difficult snowstorm that blanketed our city.

The rescheduled date of December 20, 1973 also met with the same fate,—too much snowfall.

Therefore, the committee, by telephone, decided not to convene their next meeting until the scheduled date, January 10, 1974.

Sincerely,

RICHARD D. LETTS,
Director
Human Relations Committee
Equal Opportunity Officer.

Received and placed on file.

December 19, 1973

TO: Honorable Mayor and Members of the
Lansing City Council

FROM: The Board of Trustees—Police-
men's & Firemen's Retirement
System

SUBJECT: Proposal to Increase Widow
Benefits for Retirees in the
Policemen's & Firemen's
Service Retirement System

Certain of the Police and Fire Department retirees will receive an increase in their existing pension benefits as a result of the favorable vote for proposition A at the November 6th General Election. This increase in benefits will apply to certain retirees who were members of the Policemen's & Firemen's Retirement System as currently established under Chapter 16 of the Lansing City Charter.

The Board of Trustees of the Policemen's & Firemen's Retirement System would now respectfully call your attention to Section 42 of Chapter 16 which deals with the original pension system prior to January 1, 1944. "The pensions, annuities and other benefits being paid retired policemen and firemen of the city, who retired prior to January 1, 1944, and to the widows and children of such retired policemen and firemen shall be continued without change according to the provisions of Chapter 27 of the city charter in force December 31, 1943. The necessary funds to make payment of such annuities, pensions and other benefits, shall continue to be an obligation of the city."

The widow benefits referred to under Chapter 27 of the former Lansing City Charter is a monthly payment of \$50 to be paid to a widow for the rest of her life unless she remarries in which case all payments would cease. This benefit is an obligation of the City of Lansing and is presently budgeted under account No. 101-205-715 "Employee Fringe Benefits" in an amount estimated at \$9,000 per year. The average age of the 15 widows presently receiving the benefit is 80 years.

The Board of Trustees of the Policemen's & Firemen's Retirement System has reviewed this benefit and believes an equitable adjustment should be made to increase the monthly benefit from \$50 per month to \$100 per month. The cost of this benefit

increase would be initially \$9,000 per year to be paid from the City of Lansing General Fund. The annual cost of the benefit in future years would, of course, be reduced.

We believe that this benefit is sorely needed by these retirees and could be favorably acted upon in lieu of the recent rejection by the Mayor and City Council of a proposed increase in their own salary structure.

Favorable consideration of this request would permit the necessary charter change to be placed on the ballot at the next General Election.

Honorable Mayor and

Members of City Council

Gentlemen:

At their meeting on November 13, 1973, the Waterfront Development Board decided to request clarification of its responsibilities. According to Section 34 A-3 of the Waterfront Development Ordinance, "... the board will be concerned with development of a land use master plan for the city's waterfront, the planning and execution of development programs on city owned waterfront land not specifically controlled by other city agencies under provision of the City Charter. ..." (emphasis added).

The emphasized phrase raises two questions:

- 1) Is this Board to assume that all "City agencies" will encourage and promote the city's waterfront development program and that this Board has no authority to review the waterfront development proposals of other city agencies, or
- 2) Is this Board charged with developing a "... land use master plan for the city's waterfront. ..." and then trying to guide waterfront development proposals, both public and private, to make that plan a reality?

If this Board assumes that all city agencies will encourage and promote the city's waterfront development program, and that this Board has no authority to review these proposals, then of what value, other than a guide for private development, is the land use master plan as developed by this Board?

This concern is emphasized by the fact that there is a considerable amount of waterfront land in the city that is, "... controlled by other city agencies. ..." particularly the Public Service Department, the Board of Water and Light, and the Parks Department.

Your prompt clarification of this matter will be appreciated.

Respectively submitted,
RAMONA J. BRETZ,
 Chairman,
 Waterfront Development Board

Referred to Committee on Ordinance and Contracts.

December 19, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

At their meeting on December 18, 1973, the Waterfront Development Board reviewed the request by Mr. Taylor Blocker to construct a church in the flood plain of the Red Cedar River (SUP-10-73).

It was determined that this site does not have an impact on the waterfront because it is located north of the I-496 Expressway and the river is located south of that expressway. Also, because of that location, the waterfront plans for the area are not affected.

Because the site is in the flood plain, however, the conditions of the Flood Plain Ordinance should be fulfilled.

Respectfully submitted,
RAMONA J. BRETZ,
 Chairman,
 Waterfront Development Board.

Referred to Committee of the Whole.

December 19, 1973

Honorable Mayor and
 Members of City Council

Gentlemen:

At the meeting of the Waterfront Development Board on December 18, 1973, the easement along the waterfront at Hunter's Ridge Subdivision was discussed. The Board was informed that the easement was requested to promote public access along the waterfront and provide linkage with future development to the north and south of the subdivision.

We were also informed that the easement was requested by the Planning Board back in 1970 and substantiated by Council resolution in 1972. Therefore, when the action was initiated, the Waterfront Development Board was not in existence.

This Board would like to express its appreciation to the Planning Department and to City Council for promoting this waterfront development. Also our appreciation

extends to the developer and his agreeing to provide such an easement. If this kind of cooperation continues in the future, the City of Lansing will have no difficulty in making its waterfront development plans become a reality.

Respectfully submitted,
RAMONA J. BRETZ,
 Chairman,
 Waterfront Development Board

Referred to Committee of the Whole.

R.O.W.-11-73

December 20, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their December 18, 1973, meeting, recommended to City Council that the request by the Lansing School District to vacate the existing Curry Lane easement which crosses the present North School District be approved subject to the following conditions:

- That necessary utility easement rights be maintained.
- That the eastern portion of Curry Lane be widened and improved at the cost of the Board of Education.
- that Curry Lane be retained as a fire lane until the new facility is completed.
- That the Board of Education work out an agreement with the Parks Department concerning access to the Miller Road Community Hall, and that
- The City Attorney be consulted regarding the access rights.
- That the redevelopment of this area as proposed be programmed so as not to adversely affect existing development in the area.

As it presently exists, Curry Lane is a narrow one-way street that runs from Kay-north Road to Miller Road. It's primary function is to serve the existing school and the Miller Road Community Hall, which are both public facilities. Curry Lane also serves some housing east of the school site. The proposed street vacation extends through the North School site and includes all but the portion east of the school site and the southern 200 feet.

Curry Lane is presently too narrow to handle two-way traffic. If the proposed vacation is approved, Curry Lane east of the school will have to be widened to accommodate two-way traffic. A cul-de-sac would also have to be constructed on the west end of the remaining road. The citizens living along Curry Lane would have

to incur the cost of this road widening and cul-de-sac.

The only easement to the existing Curry Lane is for a two inch gas main that extends north 317 feet from the centerline of Miller Road, 117 feet of which is in the portion to be vacated. An easement must be provided for this gas line.

Fire Marshall Adsit has asked that the existing Curry Lane be retained as a fire lane. The reasoning behind this is that, while the new school is being constructed, a firelane will be necessary to protect the existing buildings as well as the new building. After the building is constructed, Curry Lane will no longer be necessary for an easement.

Parks Department is interested in keeping all easements to the Miller Road Community Hall.

The Board of Education should work with the Parks Department to agree upon a suitable alternative to Curry Lane for access to the Miller Road Community Hall.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Planning Board Secretary.

Referred to Committee of the Whole.

R.O.W.-12-73

December 20, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board, at their December 18, 1973, meeting, recommended to City Council that the request by the General Motors Corporation to vacate that portion of Olds Avenue lying between Pine Street and Logan Street; that portion of Division Street lying between Williams Street and Olds Avenue; and that portion of Pine Street lying south of Olds Avenue be approved subject to the following conditions:

- That utility easements be retained wherever feasible. Where relocation of utilities is not feasible, Oldsmobile shall pay to have them relocated.
- That the streets be retained as fire lanes as long as possible before construction begins on the vacated R.O.W.'s representatives of Oldsmobile shall meet with the Fire Marshall in an effort to provide proper fire protection.

This is a proposal by the Oldsmobile Division of General Motors to vacate that portion of Olds Avenue lying between Pine and Logan Streets. The primary function

of Olds Avenue, at this time, is to serve the Oldsmobile complex. That portion of Division Street lying between Olds Avenue are also included in the petition. These streets primarily serve the Oldsmobile complex.

The Master Plan shows the area as industrial. As this is a large industrial complex that has grown into old residential areas, the grid street pattern does not relate to the overall development of the area. Several streets have already been vacated, and more streets will most likely be vacated in the future. There are several public utilities located in the streets that must be considered. Virtually all the public utility companies and the Public Service Department have expressed a desire to retain easements if the streets are vacated as proposed. If it is impossible to keep certain easements, the contacted utilities and the Public Service Department stated that Oldsmobile should have to pay for relocation of these utilities.

The streets that are proposed to be vacated should be utilized as fire lanes as long as possible during the construction period. When it is necessary to construct over the present street right-of-way, Oldsmobile officials should meet with the Fire Marshall to determine how best to achieve fire protection.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Planning Board Secretary.

Referred to Committee on Planning.

SUP-10-73

December 20, 1973

Honorable Mayor and

Members of City Council

Gentlemen:

The Planning Board at their December 18, 1973, meeting, recommended to City Council that the request by Taylor Blocker for a Special Use Permit that would allow the construction of a church and its related facilities in the flood plain of the Red Cedar River be denied.

The petitioner proposed to construct a church and its related functions in the flood plain. The site is located between the south end of Foster Street and the North R.O.W. line of I-496 Expressway.

The current elevation of the site in question is approximately 822. The 50 year flood frequency plain level in the area is 832. The flood plain ordinance requires the main floor of the structure to be located 3 feet above the 50 year frequency

flood. In order to do this on the property in question, the main floor would have to be at an elevation of 835, 13 feet above the present site elevation. This creates problems to the developer in terms of building design and function. The petitioner should be made aware of this situation.

The most important factor about this site is that it is land locked and therefore undevelopable. Even if the Special Use Permit were granted, the petitioner could not obtain a building permit.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Planning Board Secretary.

Referred to Committee on Planning.

SUP-11-73

December 20, 1973

Honorable Mayor and
Members of City Council

Gentlemen:

The Planning Board, at their December 18, 1973, meeting, recommended to City Council that the request by John Stump to obtain a Special Use Permit on the property located at 6040 South Logan Street be approved subject to a fencing, landscape, screening, and off-street parking plans, to be submitted and approved by the Planning Department.

A portion of this site could still be used for commercial purposes as it is non-conforming use. The other portion of the site was used as a gas station previously, but has since lost its non-conforming status.

There are other non-conforming and zoned commercial uses along Logan Street. The proposed use is not really out of character with the surrounding uses along South Logan.

One of the conditions that must be met before a permit can be granted is as follows:

The building shall be set back from all yard lines a distance of not less than two feet for each foot of height. The present structure cannot meet this requirement for the northeast property line. If the Special Use Permit were granted, the petitioner would still have to obtain a variance from the Board of Zoning Appeals before the property could be utilized for the desired purpose (this variance has been applied for).

The land use development plan for South Logan Street indicated this section of land

along Logan Street as a potential residential area. This was taken with the thought of eliminating existing strip commercial development along Logan Street and encouraging redevelopment of compatible land uses. The approach was to be through acquisitions of non-conforming uses, however, the City of Lansing has not taken any positive steps toward this method of land development, and are now faced with problems of deteriorating land development.

The Board believes that the change requested would stabilize an existing situation, and be in keeping with the general intent of the overall plan.

The proposed use it compatible with the land uses in the area and it is believed that the use would not adversely affect surrounding property.

There was no one present at the December 18, 1973, Public Hearing in opposition to the request.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Planning Board Secretary.

Referred to Committee on Planning.

Z-68-73

December 20, 1973

Honorable Mayor and
Members of City Council

Gentlemen:

The Planning Board, at their December 18, 1973, meeting, recommended to City Council that the petition by the Grand Valley Swamp Development Company to rezone property at 722 Center Street from "C-2" Family Residential District to "H" Light Industrial District be approved and further that procedures be continued immediately with the developers to insure land use compatibility.

The site in question is located within an area which is undergoing extensive study for the purpose of directing future redevelopment. The study known as, the Cedar-Larch Corridor Study, attempts to take into consideration land use relationships and needs, traffic flow, waterfront, etc.

This report is progressing well and should provide the necessary guidelines for development in the very near future.

On December 4, 1973, the Planning Board held a public hearing on this proposed zoning change, at which time the matter was tabled. The Board requested further information regarding the relationship of

the applicant's plans, to the overall plans covering Urban Renewal No. 2 and the Cedar-Larch Corridor.

The Grand Valley Swamp Company submitted a development report at the meeting of December 4, 1973, which indicates their desire to construct approximately 70,000 square feet of office space in three stages.

This total development will consume approximately 2/3 of the entire block bound by Saginaw, Center, Monroe, and Cedar Streets. The largest percent of land within this block is zoned and will accommodate development as proposed Flood plain restrictions will require close review.

Therefore to deny the request as proposed would be unreasonable since land acquisition and development plans have been based on a development plan which identified the area as an area for industrial expansion.

The proposed development plan for this area indicates the preservation of existing residential development in this area, with plans for more intense residential development in the future. Closing of existing streets is possible to discourage through traffic from the existing and proposed residential development. Existing commercial and office facilities are well established, and should be integrated into new development.

The above gives a brief summary of the situation as it exists in regards to this requested zoning change. To resolve the conflict it is suggested that the following occur:

That the Planning Board set a meeting date as soon as possible to review the plans for this area and establish policy and procedure for zoning and development of this area.

If this is not done the City Administration will continue to be faced with problems of policy decisions relating to all areas of development, land use, streets, sewers, etc.

More important are the existing zoning districts in this area and their relationship to land development. They tend to encourage an intermixture of unrelated uses, ranging from medium density residential to heavy industrial development.

There was no one present at the December 4, 1973, Public Hearing in opposition to the request.

This recommendation was by unanimous decision.

Sincerely,

ALAN E. TUBBS,
Planning Board Secretary.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem
and Council Members:

This is to advise that James D. Blair, Councilman-elect, has submitted his resignation effective December 31, 1973, as President of the Lansing Housing Commission.

In the not too distant future, I will be submitting to you a recommended appointment to fill the unexpired term being vacated by Councilman-elect James D. Blair.

Respectfully,

GERALD W. GRAVES,
Mayor.

Received and placed on file.

December 21, 1973

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem
and Council Members:

I am herewith submitting to you for your most serious consideration the appointment of Paul S. Creevy to the position of City Assessor for the City of Lansing. I am confident that Mr. Creevy will ably fill the position of City Assessor left vacant as the result of the resignation of Gerald E. Ernst.

Mr. Creevy presently serves as Deputy Assessor. In my search for a replacement of Mr. Ernst, one important requirement was that the applicant hold a level IV Certification from the State of Michigan in the field of assessing; Mr. Creevy has fulfilled the requirements of the State Assessor's Board for a level IV Certification in Assessment Administration.

Mr. Creevy joined the Residential Appraisers staff in the Lansing Assessor's Office in early 1962. After three years in the Residential Section he was promoted to Commercial Appraiser. Two years later he was advanced to the head of the Commercial Industrial Division. Mr. Creevy served as Chief Appraiser for three years and then was promoted to his present position as Deputy Assessor.

The in-service training of Mr. Creevy includes attending the Michigan Assessor's

Association Annual Short Course School held at the University of Michigan during the past ten years, five years of which he served as an Instructor. He has attended courses in Narrative Appraisal Writing sponsored by the International Association of Assessing Officers, and has completed a number of extension courses given by the University of Michigan in the fields of Real Estate Business, Appraising, Real Estate Law, Finance and Management and Right-of-Way Acquisition.

Mr. Creevy is a veteran of World War II having served for three and one half years in the U. S. Marine Corps, 18 months of that service having been in the South Pacific. He was graduated from Michigan State University in 1949, with a Bachelor of Arts Degree in Education. He also attended Western Michigan University.

His professional affiliations include; member of the International Association of Assessing Officers; Michigan Assessor's Association; Mid-Michigan Chapter I.A.A.O. (2 years on the Board of Directors); and the Ingham County Assessing Association.

Mr. Creevy is 50 years of age and has been a resident of the City for more than 20 years. He resides at 2017 Alpha Street with his wife, Shirley, and one daughter who is attending Lansing Community College.

Mr. Creevy has the formal education, the training and experience and has held positions of responsibility with the City of Lansing. I am confident that he will handle a most difficult job in an excellent manner.

Trusting this meets your approval, I remain

Respectfully,

GERALD W. GRAVES,
Mayor.

December 24, 1973

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mr. Mayor Pro-Tem
and Council Members:

On Monday, December 17, you were provided a communication from Councilman Joel I. Ferguson which literally "blasted" the Ingham County Health Department and the Ingham County Commissioners on one hand, while giving affection and protection to the City Demonstration Agency (Model Cities) on the other hand. At issue was the Health and Dental Project. I am advising that the problems, the difficulties and the faults are not as clear cut as you have been lead to believe. Attached is a position Paper, regarding Model Cities Health and Dental Program, PN 17 A & B, as received by this office from Philip A. Moskal and G. Dellaportas, M.D., Ingham County Health Department. The Position Paper presents another view, which certainly shows that there are "two sides to every coin". The Position Paper certainly does not absolve the Ingham County Health Department from the blame of some of the problems, but if it is factual, and I must assume at this time that it is, it certainly does not make the City Demonstration Agency (Model Cities) a shining example of knowledge and ability.

On Tuesday, December 18, Councilman Roger May and Terry McKane and I met with the Chairman and three other members of the Ingham County Board of Commissioners. The Commissioners expressed great concern about the program and about the contents of the letter received by you from Councilman Joel I. Ferguson. We were advised that the bookkeeper selected to handle the project at the County level was rejected by Model Cities, and instead one was selected and approved by Model Cities for the County of Ingham. Under the Sign-Off Committee procedure of Model Cities the Ingham County Board of Commissioners were notified that no other person would be approved apparently, the situation went from "bad to worse", and as of recently \$4,600 in checks and bills of receivables, I am advised, were located in that employee's desk drawer.

We were also advised that Model Cities was requiring several additional employees under the program which the Ingham County Board of Commissioners felt were unneeded and can be likened to "excess baggage".

In an attempt to study the contract between Model Cities and the Ingham County Board of Commissioners prior to February 28, 1973, this office has had difficulty in trying to locate that contract. Conceivably the County Commissioners, at this point, are being criticized for a contract which they did not sign.

The Commissioners have requested a meeting of representatives of the County, the City Council and Model Cities to get the matter fully on record where it belongs. It is their hope that the program can continue so that the needy can be served, rather than be the victims of bureaucratic approaches. Indications are that the County of Ingham intends to serve the needy with or without Model Cities, but preferably they would like to cooperate.

From the aforementioned, I think it is very obvious that such a meeting is in order.

RESPECTFULLY,

GERALD W. GRAVES,
Mayor.

Received and placed on file.

RESOLUTIONS

By Committee on Public Service and
Highways—

Resolved by the City Council of the City
of Lansing:

That the Purchasing Director be and he is hereby directed to advertise, as provided by law, for sealed proposals for the construction of a Pedestrian Overpass on Pleasant Grove Road at Newark Avenue, P.S. 74037, in accordance with the plans and specifications on file in the office of the City Engineer. Proposals to be received up to 3:00 P.M., E.S.T., Tuesday, January 22, 1974.

Each proposal to be accompanied with a certified check or bidder's bond in the sum of 5% of the proposal to be attached to the outside of the bid proposal envelope.

Right is hereby reserved to accept any proposal, to reject any or all proposals and to waive defects in proposals. No bids may be withdrawn after the above date and time for receiving bids for a period of forty-five (45) days.

Resolved by the City Council of the City of Lansing:

P-9-73

Whereas, the preliminary plat of ~~Brisbin Farms~~ Subdivision has been submitted for tentative approval and

Whereas, the Planning Board, pursuant to Act 285, P.A. 1921, has approved and recommended that City Council approve the preliminary plat subject to the following conditions:

1. That the final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.
2. That all lots shall be graded so surface water will drain therefrom so as not to adversely affect adjacent properties.
3. That the developer utilize an underground electrical distribution system as specified in Section 37-33.1 of the Lansing Subdivision Regulation.
4. That this tentative approval of the preliminary plat is effective for a period of twelve (12) months.
5. That the necessary easements be provided for the installation of utilities.
6. Compliance with the requirements of all reporting agencies which include:
 - a. Street widths and locations
 - b. Lot arrangements
 - c. and other requirements by public agencies
7. That land along the river be developed in accord with the Waterfront Development Master Plan.
8. That natural tree growth be retained wherever possible.

Whereas, the Planning Committee of Council reviewed the report of the Planning Board and concurs therewith

Now, therefore, be it resolved that the preliminary plat of Brisbin Farms Subdivision is hereby tentatively approved subject to conditions 1 through 8 as set forth above. Tentative approval of the preliminary plat is effective for a period of twelve (12) months.

Be it further resolved that the City Clerk be and she hereby is directed to attach the approval to the plat and return it to the proprietor.

December 24, 1973

Honorable Mayor

and City Council

City Hall

Lansing, Michigan

Subject: Snow Damage—Capitol Bedding Emergency Purchase Order No. X9360 dated December 24, 1973

Gentlemen:

On December 24, 1973 the Redevelopment Department notified this office of an emergency from snow damage done at Capitol Bedding located at 420 East Saginaw resulting in the western two stories of the building being badly damaged. The Lansing Building Department has told the Redevelopment Department that due to the badly damaged exterior walls of the building, immediate action should be taken to demolish the west section of the building and temporary dividing walls be installed to eliminate extreme hazard.

The Redevelopment Department and the Purchasing Department contacted Brown Brothers for an estimate for the demolition and renovation of the building, and the estimated cost is not to exceed \$20,000.00.

Attached is the letter from Ivan E. Christian, Building Inspector.

This is filed in accordance with Section 2-37(1) (A) of the Code of the City of Lansing, Michigan.

Respectfully submitted,

VAUGHN L. McKINCH,
PURCHASING AGENT.

Received and placed on file.

The members of the council paid tribute to Councilman Moore for his dedication to the City during his tenure in office.

Councilman Moore responded with remarks.

Council adjourned at 8:15 P.M.

THEO FULTON,
CITY CLERK
